## EDITORIAL.

"The chap about to wed was nervous;  
To the young best man he cried:  
Tell me, is it customary  
For the groom to kiss the bride?"

Don't worry about the future,  
The present is all thou hast.  
The future will soon be present,  
And the present will soon be past

Quit your kicking—get a grip;  
Push with all your might,  
Start things at a merry clip.  
Then keep them going—fight.  
Put some ginger in your words,  
Tackle something big;  
Cast your worries to the birds,  
Get right down and dig.

Wet feet will kill anybody, even a  
little chick.

A persistent use of hair-dye will  
make the hair die, all right.

Some short noses are stuck a good  
long way into what is other folks' business.

The policy and purpose of this  
paper is to "ever help and never harm  
its readers."

Let no day pass that you do not put  
on a pretty dress and do up the hair  
nicely for husband and the little ones.  
If you have no little ones, it makes  
very little difference how you look,  
because the husband—things you are  
sweet enough any way.

You are fooling away your time  
when you are trying to learn an old  
dog new tricks.

The picture shows prevent many  
married couples from separating.  
This is one good result they do. Let  
the good work go on.

Pity the gossip. The gossip is dam-  
aged more than by gossip than the one  
talked about. Shame on the gossip.

The best asset a man can possibly  
have is a good wife, but as a rule  
when you find a good wife, there is  
also a good husband.

Simply because a church member  
does not do what is right, is no reason  
why you should cast reflections on re-  
ligion.

If the doctor had been as slow in  
relieving some people's sufferings as  
they are about paying him, they'd  
have been in misery a good while!

The person who lets his chickens  
run at large, is one who is hunting  
trouble on the sly. Chickens some-  
times make enemies out of neighbors  
forever.

So many persons go to picture  
shows and see so much hugging and  
kissing, that they swear that when  
they arrive home, there will be some  
of it going on there, but its all over  
by time home is reached.

Give thanks daily that you are liv-  
ing in a peaceable land, and then do  
your part toward keeping it so by  
being on friendly terms with all your  
neighbors.

The Japanese government has per-  
mitted the opening in its building at  
the Panama Pacific International Ex-  
position of an information bureau, de-  
signed to facilitate the purposes of  
tourists to extend their tour to won-  
derful Japan itself. The bureau af-  
fords every facility for laying out a  
tour of the eastern empire.

Calculations of the United States  
census bureau on the population of  
Ohio cities give Cincinnati 416,119 for  
1910. The figures are not estimated  
on the metropolitan district, which in-  
cludes the Kentucky towns considered  
an integral part of Cincinnati and  
which, if included, would give Cincin-  
nati a population of more than 600,000.  
The estimate is unofficial.

**COBB'S WAR STORY.**  
Mr. Irvin S. Cobb, of New York, will  
deliver his famous war story lecture  
Friday night at the Kentucky Opera  
House, and the prices will be \$1.00  
for the main auditorium and 75 cents  
for the balcony. No doubt there will  
be quite a number of people from  
Mayfield that will attend this lecture  
which will probably be the only time  
they will ever have this opportunity.

Mr. Cobb is one of our home boys  
and Paducah is entertaining him in  
royal style. Now is the time to get  
ready and go to hear a lecture the like  
of which we will probably never have  
the opportunity to hear again.

**ANNOUNCES FOR COUNCILMAN.**  
Mr. Ben F. Briggs, has finally yield-  
ed to the solicitations of his friends  
and he today announces in the Mes-  
senger, his candidacy for the demo-  
cratic nomination for councilman in  
the First ward.

Mr. Briggs is well known to every  
man, woman and child in Mayfield  
and no man stands higher as a good  
business man and a honorable moral  
citizen.

And we take it that he will be one  
of the next councilman from that  
ward. He will make a safe man on  
the board and will stand for the good  
of Mayfield and will act fearlessly for  
everybody free from favoritism and  
for the general good and prosperity of  
the entire city. So far, he is the first  
to make the announcement for a place  
on the council board.

speeding his automobile, was de-  
clared guilty by a jury and fined \$10

## VILLA'S FORCES GAIN VICTORY IN MEXICO

**Obregon Reported Surrounded  
and Retreat is Cut Off.**

## OPEN WAY TO THE CAPITAL

**Victims of Villa Would Make  
Communication Easier—Bat-  
tle Rages at Celaya.**

Washington, April 15.—Gen. Villa  
appears to have gained the upper  
hand in the first day of the battle  
with the forces of Gen. Obregon near  
Celaya, according to consular ad-  
vice to the State Department today  
from San Luis Potosi. From other  
points, as well, it was reported that  
in the struggle in which official's es-  
timate 45,000 men are engaged, the  
first fruits of victory are with the  
army of Gen. Villa.

Gen. Obregon is declared to have  
been surrounded and his retreat cut  
off from all directions, according to  
one report. As the fighting line is ex-  
tensive, detailed advice have not  
reached here from Gen. Villa's head-  
quarters and the final outcome of the  
fighting is still doubtful. Victory for  
Villa would mean the resumption of  
communication by rail and wire be-  
tween Mexico City and the American  
border, while success by Gen. Ore-  
gon would divide the Villa-Zapata  
forces and destroy their communica-  
tion between the northern and south-  
ern sections of the country. In many  
quarters here it is believed the result  
of the struggle will have an im-  
portant bearing on the general polit-  
ical situation in Mexico, indicating  
which of the major factions is to  
dominate.

The State Department's advice  
were summarized in the following  
statement:

"The department is in receipt of  
advice dated April 13 from San  
Luis Potosi, stating that heavy fight-  
ing around Celaya favors the Villa  
forces, which have surrounded Ore-  
gon and two of his subordinate com-  
manders. The lines extend from  
Celaya through Queretaro to La  
Griega. It is estimated that 45,000  
troops are engaged. Obregon's re-  
treat is said to be cut off at La  
Griega by Gen. de las Argu-  
medo. The San Luis Potosi district  
is quiet and in undisputed Villa con-  
trol. Trains are in operation from  
San Luis Potosi to Las Palmas and  
south to San Felipe. Trains also ar-  
rive occasionally from Saltillo."

## BROADWAY CROSSING

Is Receiving Attention of Rail-  
road Company in Extensive  
Improvements This Week.

The Broadway crossing, which  
caused the city council no little  
worry for the past year and then pos-  
sibly some, is being fixed up by the  
railroad company in a manner that  
will meet the approval of the city  
officials and all citizens of Mayfield.  
A force of hands were put to work  
there this week and it will require  
them about two weeks to complete  
the task. It will be of concrete and  
brick, the entire portion to be cov-  
ered is measured at 75 by 55 feet  
and the concrete to be 18 inches  
deep. The railroad men in charge of  
the work say that they intend to do  
such a good job of it that no more  
repairs will be needed at the cross-  
ing for many years hence.

## AT THE PRINCESS.

"The Eagle's Mate" is a tale of the  
hill's, of men who make their living  
outside of the law; primitive men in  
whom rebellion at restraint seems  
the concomitant of the rarefied air  
they breathe—men inclined to make  
love in the same direct and brutal  
manner as they make their money  
war, either on revenue officers or on  
their unneighborly neighbors. Miss  
Pickford has the role of a gently  
reared girl who is taken from her  
home in the valley and thrown in  
with moonshiners. There are many  
charming backgrounds, of mountain  
and valley. The director plainly has  
given much attention to the artistic  
side of this production. Miss Pick-  
ford does not wear flimsy clothes in  
this picture, in fact we do not recall  
a production in which she does; she  
is not that character of actress who  
must be dressed in the height of  
fashion to be popular with the gen-  
eral public.

versity Men Into Serious

few weeks ago. The trouble occurred  
at a dance at the home of Bill Evans,  
several miles north of the city. Fiske  
gave bond in the sum of \$200 for his

Authorizes Messenger to  
announce Him a Candidate  
for City Council.

Editor Messenger:

In your Tuesday's issue I read with  
great pleasure a call on me from  
eighty of the good citizens of ward  
No. 1 to become a candidate for coun-  
cilman from said ward, pledging me,  
in said call, their enthusiastic support.  
Since the call was printed I have re-  
ceived great encouragement from a  
large number of other residents of the  
ward, all of whom pledged their votes  
and influence should I become a can-  
didate. Were I so disposed I could not  
well ignore the wishes of these good  
people, and therefore authorize you  
to announce me a candidate for this  
important place. I wish to say that I  
have only one promise to make, and  
that is, if I am so fortunate as to be  
elected, I will serve the good people  
of Mayfield to the best of my ability.

With best wishes for all, whether  
signers of the petition or not, and  
with a hope that the different wards  
may elect good men to the positions of  
councilmen, I am

Yours truly,

B. F. B.

## IRVIN S. COBB TO

### LECTURE ON WAR

Will Tell Paducah Friends for Benefit of the Associated Charities.

Paducah, Ky., April 15.—Irvin S. Cobb has consented to give his famed lecture on the European war at the Kentucky Theatre Friday night for the benefit of the Associated Charities. A great crowd of Paducahans is expected to attend to hear the noted Paducahan recount his experiences and observations while at the German front, which have thrilled and held the interest of thousands of persons throughout the country since his return from Europe. Mr. Cobb readily consented to give the lecture yesterday, when Mrs. James A. Rudy, leader of the work of the Associated Charities, asked him if he would not give the people of his native town a chance to hear it. He agreed with the provision that the proceeds realized be devoted entirely to charity.

Tickets to the lecture go on sale this morning at the box office of the Kentucky. They are to be sold at the following prices: Main auditorium, \$1.00; 75c for balcony. The lecture will begin promptly at 8:15 o'clock.

## FULTON MAN IN

### TROUBLE IN PADUCAH

Paducah, April 14.—An opium pipe and a little clay bowl, in which the opium pill is cooked before being dropped in the metal end of the pipe for smoking, were found in the possession of Aubrey See, a young man of Fulton, Ky., when he and three companions were being searched at police headquarters yesterday afternoon, following their arrest on the charge of sleeping out on the street in an automobile. The little bowl had a sediment of opium in the bottom and had evidently been recently used, though the "iron" pipe looked brand new. The three young men with See were A. W. McDaniel, Walter Oliver and Cleveland Tucker. The arrest was made by Patrolman Henry Sinsery near the Union station, following the receipt over the phone at police headquarters of several complaints against them from persons residing on South Tenth street. One complaint was from Neil Fields, a woman who claimed See passed a lead dollar while in her house. Before they drove to Union station they were run off of Tenth street by Patrolman John Heenan, who had noticed them dozing in the machine.

Undertaking to explain their tendency to sink into moribundity one of the quartette stated they spent the entire night before driving to Paducah from their homes in Fulton owing to the balking of their automobile. All three were locked in cells in the city jail.

Corroboration. Of interest to Mayfield Readers. For months Mayfield citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Mayfield residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Mayfield reader.

Mrs. I. L. Jones, N. Thirteenth St., Mayfield, says: "I was troubled to quite an extent by kidney complaint. The kidney secretions were in bad shape and I felt miserable. Doan's Kidney Pills soon regulated the kidney action and restored my kidneys to a normal condition. I know of several other people who have used Doan's Kidney Pills—the same—and all speak of them in the highest terms."

OVER EIGHT YEARS LATER, Mrs. Jones said: "We still use Doan's Kidney Pills occasionally and find them an excellent kidney medicine."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster-Wilburn Co., Props., Buffalo, N. Y.—(Adv.)

### REFUSE TO ACT ON

#### JITNEY REGULATION

City Fathers at Paducah Hold Back and More Accidents Occur.

Paducah, Ky., April 15.—The city commissioners refused to take action on the regulation of "jitney" cars by a vote of 4 to 1, when the city solicitor urged placing all lines under bond and licensing chauffeurs, on the ground that the payment of bond premiums would put them out of business.

Close on the heels of their decision yesterday followed two accidents. Byers Staten, a bookkeeper, was run down from behind and severely injured internally, and a "jitney" full of passengers hurtled into a curb, throwing out its load and bruising them severely. The accidents made the fourth mishap in three days.

## OBSERVANCE OF LINCOLN'S ANNIVERSARY ORDERED

Washington, April 15.—President Wilson's last night signed the following executive order providing that fitting observance be given to the anniversary of the death of Abraham Lincoln, who died fifty years ago next Thursday.

"As an evidence of the profound affection of the American people for the memory of Abraham Lincoln it is hereby ordered that the executive offices of the United States shall be closed and that the national flag be displayed at half-mast upon all federal buildings and at all forts and military posts and naval stations and on all vessels of the United States, and that the representatives of the United States in foreign countries shall in like manner pay appropriate tribute to his memory on Thursday, April 15, 1915, the fiftieth anniversary of his death."

"The owners and masters of all merchant ships of the United States are requested similarly to display the national flag at half-mast."

## LETTER FROM PARKER

Sister of Officer on Fat Receives Note Written Day Craft Sank.

Murray, Ky., April 15.—Miss Elizabeth Parker, sister of Ensign T. Al. East Parker, second officer on the ill-fated submarine F-4, which went to the bottom off Honolulu harbor about three weeks ago, received a letter from him Sunday. The handwriting of young Parker being recognized, a faint gleam of hope went out that he was yet alive, but on opening the letter it revealed the fact that it was written the day the craft went to the bottom with young Parker aboard.

In the letter, Ensign Parker gave a detail of the working of the craft, and said that as soon as U. S. S. Maryland, which was due in port in a few days, arrived, he intended asking to be transferred to it, he having served about two years on it previously.

Joe T. Parker, of this place, brother of Ensign Parker, left here about a week ago for Honolulu where he will remain until the craft is discovered and brought to the surface.

## BORING FOR OIL

Pittsburg Crew and Machinery on Reelfoot Lake, in Fulton County.

Hickman, Ky., April 15.—It is reported that a Pittsburg crew and machinery have arrived on Reelfoot Lake and will immediately begin boring for oil. If a pencil is put on the Beaumont-oil fields and a curved line drawn to the great Pittsburg oil fields, that line will pass in the vicinity of Reelfoot Lake and also intersect several other oil fields between Beaumont and Pittsburg.

Capitalists of Obion county are backing the project as they believe there is oil there. Oil has been reported to have been found in different parts of the Reelfoot Lake vicinity for many years.

## WILL SELL ARMS TO ALL

Responsibility for Delivery Rests With the Buyer.

Washington, April 14.—State department officials were considering today the recent memorandum of the German ambassador, Count von Bernstorff, on the question of the shipment of foodstuffs and the exportation of arms, but no intimation was given as to the character of the reply to be made.

The attitude of the Washington government on the exportation of arms has been set forth in various statements from the state department since the outbreak of the war. The position assumed is that citizens of the United States sell on an equality to all belligerents—foodstuffs, arms, ammunition and all classes of contraband, but do not undertake to deliver these products. Responsibility for delivery or failure to deliver rests with the naval forces of the belligerents.

The proposal to forbid the exportation of arms is viewed by the Washington government as likely to embarrass the United States in the future, for in the event of war it might find the market for arms barred in other lands because of any action taken by the United States during the present struggle.

Officials feel, too, that if the United States takes the lead in forbidding the exportation of arms and ammunition weak countries would feel under necessity of maintaining themselves in time of peace on a war footing, and therefore arguments would be greatly increased.

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

### COME ON EVERYBODY CLEAN UP THE CITY

"Clean up and paint up." Exterminate the mosquito. Swat the fly. Clean streets and alleys. Clean basements and cellars. Eliminate weeds. Make yards beautiful. Paint houses, garages, barns and fences.

This is a matter for your attention, Mr. Householder, and Mrs. Householder. It isn't just a thing to be left to the Civic League and the council. These two organizations were the starters, but it's up to every other organization and to every individual to get behind the movement and push.

How fine this city might be. It wouldn't take a great deal of effort if everybody joined in.

Let every man and woman get busy in this "Clean Up and Paint Up" campaign.

### WAR NEWS AT A GLANCE.

Germany has come strongly to the aid of Austria in the Carpathian Mountains, particularly in the region of the Uzsok Pass, the key to Hungary, by means of which the Russians hoped to open the door to the vast territory lying to the south, and as a consequence the Russian advance, which a few days ago seemed to be making marked progress, has been checked.

To the northwest of Uzsok, according to the Austrian War Office, the entire position occupied by the Russians has been captured. The Russian War Office, however, still lays claim to continued, though slight progress, and declares that all counter attacks have been repulsed and that a thousand new prisoners have been added to those already taken.

In the western war zone, while there is little of interest in the land campaign, the tension among the British people has been maintained by the visit of a German Zeppelin airship, which has raided the Tyne district of Northumberland. The Zeppelin crossed the North Sea and dropped bombs on a number of small towns and villages, but no reports have been received as to the extent of the damage done, if any.

An official report from Field Marshal Sir John French, in command of the British forces on the continent, placed the British forces in the fighting, which ended in the occupation

of Neuve Chapelle, at 12,811, of whom 2,527 officers and men were killed and 8,533 officers and men were wounded. The German losses were originally estimated at about 18,000, and the British commander's figures approximate these.
