DEMOCRATIC

EDITORIAL TRY THE CREW

GRAVEL ON OUR

To keep the gravel repair and at less expense money, the fiscal court should change its present system. The work that is necessary after the roads and keep them pair must be done more system and more effective, but this cannot be done under the present system of road working. It has been tried too long.

Under the present way which has been in use for years, it is a continued waste of money, with very little improvements in the roads, and the court should get out of the old ruts and begin to do some good and effective work, which cannot be done under the present antiquated system. This waste of money should be stopped.

When the fiscal court meets next Thursday, we suggest that it employ six crews of hands, two men and one team and wagon, with the proper tools to each crew and that these men be employed for 17 weeks beginning August 23, and ending December 18, and pay the men \$1.50 a day and the team \$2.50, making each crew cost not more than \$6.50 a day. Let them be under the road engineer and the court, and let them begin work at 7 a. m. and work until 5 p. m. and let the court appoint one of each crew to keep the time and direct the work.

Let each crew be put on a certain gravel road leading out from Mayfield and never stop until all of the holes and bad places in the roads are repaired and that each bridge and culvert be examined and repaired from one end of the road to the other.

These six crews can do more work and keep the roads in better condition than any other system and at less expense.

\$1,000 spent in this way between now and Christmas will do more good than \$3,000 expended the old way, besides the roads will be in good condition for the winter travel.

This plan should be adopted, and the work begin on August 23, and repair these gravel roads and stop wasting the people's money and allowing the gravel roads to wear out and do but little good.

The road engineer should be at his office as much as possible and as soon as one of these crews complete a road, let him go over it and see if the work is done right and if not have it done over.

Give this plan a trial to January 1, 1916.

WON HIS RACE.

Hon. L. C. Littrell, editor of the Owen Democrat and a former student at State University, won the democratic nomination for state senator in the Owen-Boone-Gallatin district over Representative John W. Douglas, familiarly known as the "Big Bay Horse of Sweet Owen." Mr. Littrell, who is well known in Lexington, has served his county in the legislature, was county school superintendent of Owen county and is an all-round good fellow, as capable as he is genial. Mr. Douglas, the defeated candidate, has already announced that he is ready to take off his coat, roll up his sleeves and help elect the ticket.

The progressives will hold their convention in Louisville on August 30th. Graves county will be entitled to three votes. That party received nearly 1,000 votes and therefore is entitled to three delegates and McCracken four delegates, but the First congressional district is entitled to 18 delegates. Of course this convention will be a kind of prayer meeting affair.

MUSICAL VISITOR.

Misses Maude and Virginia Cunningham, of North Sixth street entertained with an informal musical to compliment Misses Hylah Stokes, of Mayfield, Ky., and Miss Myra Cunningham, of Princeton, Ky. The color scheme, white and gold, was carried out effectively in the refreshments served. Golden glow was used to decorate the rooms.—Paducah News-Democrat.

In the democratic state convention which assembles on August 31st Graves county will be entitled to 38 delegates. Only two counties in the state have as strong delegation as Graves; Jefferson and Kenton. This shows that Graves is third in her democratic vote and is entitled to a car load of delegates.

The democrats, it seems, in all parts of the state are well pleased with the state ticket, and all are very sure of its election by a large majority by the people at the November election. This is a very fine ticket and the democrats are not sore on account of it, but are universally in and will vote the ticket straight.

are sorry to record the death of Rev. John Frahllich as he was an honorable, clever, christian gentleman. He had many friends here as well elsewhere, who will regret to learn of his demise.

WHY NOT A CAMPBELLITE?

The above subject will be discussed tonight at the meetings, by Rev. Dallas Smith, who has been conducting a series of meetings at this place for the past two weeks.

Rev. Dallas Smith is a minister of the Christian church and is far above the average in intelligence and as an able exponent of the faith.

He has preached various live subjects, which have been very interesting to those who have heard them. The largest crowd yet was at his last night and it is expected that the crowd will be still larger tonight, as everybody not only members of his church, but of other churches desire to hear the reason "Why He is Not a Campbellite."

Rev. Smith is not abusive of other denominations or doctrines, but is an able plain preacher, one who adheres strictly to the teaching of the Bible without any playing to the galleries. Tonight will be a good time to learn "Why He is Not a Campbellite." The services begin strictly at 8 o'clock.

KREBS OPERATOR ROBBED BY NEGRO

W. P. Williams, operator at Krebs, a station on the Illinois Central four miles outside of Paducah, was copying a train order about midnight Friday night when a burly negro shoved his head through a window near the operator's key and asked the time. When Williams looked up, watch in hand, the highwayman had a revolver on a level with his heart.

"Give me your watch, that ring on your finger and your money," commanded the negro. William without a moment's hesitation, obeyed.

The watch taken by the negro is valued at \$50 and the ring, solid gold, is worth more than \$5. Williams had no money at the time.

DEMOCRATIC CONVENTION.

A democratic mass convention will be held in Mayfield at 2 p. m. on Saturday, August 28, for the purpose of selecting delegates to the state convention which will convene in Louisville August 31 to adopt a platform. A large attendance is desired and doubtless there will be many attend.

FRIDAY THE 13TH DIDN'T WORRY THEM

Of course Fred Howard and G. O. Duncan were not superstitious of the 13th and Friday, but they are now. Last Friday was the 13th day of the month and when they started for a trip to Calloway county in Mr. Howard's machine they proved that they were not frightened on account of the day and had thirteen gallons of gasoline put in the auto. Mr. Howard had never experienced any ill luck in making auto trips, but he cannot say it now. He had two punctures and a blow out in the one day.

MASS CONVENTIONS SATURDAY AUGUST 28

Delegates Will Be Selected to Attend State Convention.

LOUISVILLE AUGUST 31

Formal Call for Platform Convention Made in Louisville Late Saturday by Committee.

Louisville, Aug. 16.—The formal call, as issued by the committees in joint session Saturday for mass conventions and the state convention, follows:

Be it resolved by the state central and executive committees of the democratic party of the state of Kentucky, in joint session assembled in Louisville, Ky., on August 14, 1915, (a quorum of each of said committees being present in person). That democratic delegate state convention be held in the city of Louisville on August 31, 1915, at 1 o'clock p. m. for the purpose of adopting and promulgating a platform of principles for the guidance of democratic officers and of the party in Kentucky and for the consideration thereof by the people in the approaching campaign, to be followed by the November election of 1915, at which the state ticket and members of the next general assembly are to be elected.

Second—Delegates shall be selected to said convention on the basis of one delegate for every 100 votes and every fraction of 100 over fifty votes cast by the democratic party of Kentucky at the presidential election of 1912, which delegates shall be elected in mass conventions held in each and every county in the state; provided that in case of counties having two or more legislative districts separate conventions shall be held in each of said districts as aforesaid, beginning at 1 o'clock p. m. on Saturday, August 21, 1915, and said conventions shall be called to order and held in the manner provided by the party laws.

Third—All known democrats, all independent voters and all minors who will be legal voters at the November election, 1915, and all voters who declare a purpose to affiliate with the democratic party in the next state election of 1916 are declared eligible to participate in said mass conventions, and to be elected delegates to said state conventions.

Fourth—Said mass conventions shall be held at the court houses in the various counties constituting one or not more than two legislative districts; in all other counties the chairman shall designate the places of meeting.

Naming of Judge Hager. The resolution naming Judge Hager chairman of the democratic campaign committee was offered by Dr. J. A. Goodson, of Dixon, member of the democratic state executive committee, and follows:

"Resolved by the democratic state central and executive committees that the Hon. S. W. Hager be and is hereby named as chairman of the democratic campaign committee for the ensuing campaign, and that he be empowered to appoint executive and advisory committees, a secretary and all other assistants necessary, and to select headquarters and do all other things necessary to the proper and successful conduct of this campaign."

The selection of Judge Hager as campaign chairman was looked upon as a fitting recognition of his splendid work in conducting the successful campaign of Mr. Stanley for the democratic nomination for governor. Judge Hager who is one of the best posted men in Kentucky regarding conditions politically throughout the state, worked tirelessly in the interest of Mr. Stanley, building up an organization that can be used to advantage in the coming clash with the republicans.

There will be 2,196 delegates in the convention, the representation from the various counties being as follows: Adair 14; Allen 14; Anderson 14; Ballard 17; Barron 30; Bath 15; Bell 10; Boone 17; Bourbon 24; Boyd 18; Boyle 18; Bracken 13; Breathitt 17; Breckenridge 20; Bullitt 13; Butler 9; Caldwell 12; Calloway 24; Campbell 47; Carlisle 14; Carroll 16; Carter 15; Casey 12; Christian 28; Clark 23; Clay 8; Clinton 3; Crittenden 12; Cumberland 6; Davies 48; Edmonson 8; Elliott 10; Estill 9; Fayette 53; Fleming 19; Floyd 15; Franklin 30; Fulton 16; Gallatin 9; Garrard 12; Grant 16; Graves 35; Grayson 17;

EDGAR SLAYDEN DIED AT FOLSOMDALE

Coroner's Jury Gives a Verdict of Cause Unknown and With No Blame.

PROBABLY HEART FAILURE

Body Growing Stiff so Quickly May Have Been Caused by Taking Strychnine for His Heart.

Edgar Slayden, a prominent young man living about one mile from Folsomdale, died suddenly Sunday afternoon at the home of Dr. M. E. Thomas, at Folsomdale. He leaves a wife and four children and was a son of Andrew Slayden, one of the good citizens of that section of the county. Edgar Slayden was 36 years of age, popular and highly respected. His death was not only unexpected, but rather mysterious.

SCHOOL RALLY AT CUBA.

There will be a great school rally at Cuba on August 28th. It will probably be the largest and most interesting gathering they have ever had at that place. The people there are thoroughly aroused to good schools and they are not leaving a stone unturned to bring about good results of schools.

Several prominent school men will be present on that day to address the people. Among them will be: R. P. Green, of Bowling Green; A. W. Barkley, of Paducah; Judge Voris Gregory, of Mayfield; F. B. Martin, of Mayfield; J. T. Roach, of the county; Miss Beulah Morgan, Prof. Emerson, Miss Myna Beck, M. B. Hollifield, Bunk Gardner, and County School Superintendent J. E. Coleman.

Everybody is invited to attend this rally, but they are requested to bring a basket of something to eat, so dinner will be on the grounds and in order that everybody may be able to stay all day, it is best to bring their dinners and lunches.

EDGAR SLAYDEN DIED AT FOLSOMDALE

Coroner's Jury Gives a Verdict of Cause Unknown and With No Blame.

PROBABLY HEART FAILURE

Body Growing Stiff so Quickly May Have Been Caused by Taking Strychnine for His Heart.

Edgar Slayden, a prominent young man living about one mile from Folsomdale, died suddenly Sunday afternoon at the home of Dr. M. E. Thomas, at Folsomdale. He leaves a wife and four children and was a son of Andrew Slayden, one of the good citizens of that section of the county. Edgar Slayden was 36 years of age, popular and highly respected. His death was not only unexpected, but rather mysterious.

Coroner Draffen and Assistant County Attorney A. L. Gilbert were notified and arrived there about 7 p. m. They held an inquest and the jury returned a verdict that the cause of the young man's death was unknown and with no one to blame.

Dr. G. T. Fuller, of Mayfield, was summoned to examine the body and he stated that from the fact that the body of Slayden became stiff so quickly after death that he might have taken strychnine tablets. The deceased had a short time previous to his death visited the office of Dr. Thomas alone and, having some knowledge from having studied medicine in the west several years ago, might have taken some of the medicine, not with suicidal intent, but to bring about relief from imbibing too freely in intoxicants.

Slayden went to Paducah Saturday evening on business and returned

late in the night with Dr. Thomas and Mr. Redden. He spent the night at the home of Jim Davenport, and Sunday morning went to the home of Dr. Thomas. He and Dr. Thomas laid down on a bed together and spent most of the time sleeping.

During the afternoon Mrs. Thomas had asked the mother of Edgar Slayden to come there and remain while she attended a baptizing. Later in the day when the women went into the room they observed that Slayden had every appearance of being dead, and on examination life was extinct, yet his body was limp and warm. The alarm was given and soon a large crowd had congregated and Coroner W. H. Draffen sent for.

Dr. Fuller did not state positively that Slayden had taken any kind of poison, but there were symptoms that he had.

The burial of Slayden occurred Monday afternoon.

PADUCAH MAN IS KILLED BY TRAIN

Leslie R. Rawlings Killed by a Switch Engine.

Paducah, Ky., Aug. 16.—Leslie R. Rawlings, 48 years of age, a well known cigarmaker of this city, was killed by an Illinois Central switch engine early Sunday morning on the right-of-way leading from the boat yards.

The body was found about 3:30 a. m., both legs being severed, and he was otherwise badly mangled. The presumption was that Rawlings was walking on the right-of-way to reach some place to which he was en route and did not hear the engine, which was pulling a string of cars. Blood and part of a coat found on one of the cars led to the discovery of the body. The coroner's jury returned a non-committal verdict.

DEATH SUMMONS FOR REV. JOHN FRAHLICH

Well Known Citizen and Expert Carriage Painter Laid to Rest Monday Afternoon.

Rev. John Frahllich, after a serious illness of several weeks, passed into final and everlasting sleep Sunday night at 9:15 o'clock at his home on South Seventh street.

Mr. Frahllich was 68 years of age and had been married twice. His first wife was Mrs. Sadie Beachtold, who came to this country at the age of 5 years, while Mr. Frahllich moved to this country at the age of 7, both living in Switzerland, near the River Rhine. To this union were born six children—three boys and three girls—Mrs. L. M. Saunders of Chicago, Mrs. L. Thomson of Louisville, Mrs. I. Iversen of Auburn, Wash., Marvin Frahllich of Cincinnati and Robert Frahllich of Indianapolis, several of whom are in the city to attend the funeral. He also leaves two sisters, Mrs. Addie Schuler and Mrs. Carrie Truchwald, both of Tell City, Ind.

He was a Methodist minister and a member of the Odd Fellows lodge of this city. He has made Mayfield and Princeton, Ky., his home for many years and has many friends, together with his relatives, who will mourn his loss.

He was an expert carriage painter and for the past several years had been in business in the room under the city hall. He was a good, conscientious man and left many friends to mourn over his demise.

The funeral was preached this afternoon at the Methodist church by Revs. Brooks and Peoples. The funeral services and burial were under the direction of the Odd Fellows of this city. Burial at Maplewood cemetery.

Misses Lizzie Aisman and Pauline Leonard, accompanied Will Johnson and daughter, Ruby, in their car over to West Plains Saturday evening to spend Sunday in the latter's home.

KENNEDY'S WEEKLY MARKET REPORT

Shows Firm Market and Few Good Tobacco Sales.

Ky., Aug. 16.—The Associated a total of 57 hhd. last week, the greater part of this being common grades of leaf selling at 8 cents and medium to good leaf selling at 8 1/2 to 12 cents. The independent warehouse at Paducah sold 11 hhd. leaf at 9 to 11 1/2 cents.

There were a few sales made in the market of common and medium leaf as well as several hhd. of better leaf, but the market was not active.

There have been some sales of leaf over the district from private houses at prices ranging from 10 to 12 cents. Some lugs have been sold in this way at from 4 to 6 1/2 cents.

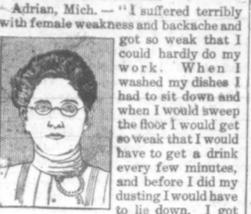

We have had good warm rains over the Western district this week. There have been very beneficial to the crop. There would have been considerable cutting done this week if it hadn't been for the rainy weather. As it is, very little is being done. A good deal of the early tobacco is ready for the knife, but may take the good growth and stand for a couple of weeks longer. The crop has improved a good deal during the past week and we are having just such a crop as is needed, and with favorable conditions from now on, we should have a good deal of good tobacco this season. The crop is irregular and will be mixed, because farmers will not take the pains always to cut the ripe tobacco and cut it to leave the green to mature and

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

WANT PROTECTING LEVEE

People in Fulton County Bottoms Seek Twelve Miles of Earthworks.

Hickman, Ky., Aug. 16.—A number of the people above Hickman in overflowed districts are behind a movement to try to get a levee to keep the waters of the Mississippi off the land lying between Chalk Bluff, Hickman and Moscow. It would be necessary to build about twelve miles of earthwork to a height of twelve feet and solve the problem of handling Bayou de Chien, which the line must cross. The people in that vicinity are taking this matter up vigorously.

NEW BANK PLANNED

Named in Honor of S. H. Dees at Hazel.

Murray, Ky., Aug. 16.—Since the organization of the First National Bank of this place, with T. H. Stokes as cashier, to take the place of the Citizens' Bank, defunct since last winter, news has been received here that all the capital stock has been subscribed to and a charter applied for preparatory to starting a new bank at Hazel, the next largest town in this county, to take the place of the Bank of Hazel which closed its doors shortly after the Citizens' Bank closed last winter.

The new concern will be known as the Dees Bank of Hazel, in honor of S. H. Dees, a prominent banker of this place, who is promoting the new institution. The amount of the capital stock is not known. The new institution will open its doors as soon as all the requisite steps are taken.

HICKORY, R. F. D. NO. 3.

Health in this section is better than it has been for some time. What will be the subject, since the election, like war news, is stale? The holiness meeting conducted by Rev. Tom Copeland and wife, near the home of Clay Lyles, came to a close last Friday night. They are now holding a meeting in Marshall county near New Hope church, after which they will go near Copeland school house, in Graves county.

On Sunday, August 8, Lafayette Haley died suddenly of heart trouble at his home near Hard Money. He had been in failing health for a year or more. Mr. Haley was a member of the Baptist church at Trace creek and is survived by his wife and five children. The interment was at Pilgrims Rest, on Monday following his death.

Oscar Crouch, wife and little daughter, of Memphis are here on a visit to the former's mother, Mrs. Lina Prince.

A protracted meeting will begin at McKendree church August 15th and will be conducted by Rev. S. W. Peoples, and also one at Trace creek by Rev. J. M. Booker, on the same day.

Mrs. A. E. Wraether, of this place is visiting relatives at Brovers this week.

NO CONTEST

Fisher's Race Will Not Be Questioned.

Paducah, Ky., Aug. 16.—The nomination of Jack E. Fisher as prosecuting attorney of the Second judicial district will not be contested, despite the fact that he won by the narrow margin of 17 votes over his nearest opponent, Joe L. Price, of Benton. This information is gleaned from a reliable source today.

The official count having increased Fisher's lead, the two unsuccessful candidates for the democratic nomination are reported to have signified their intention of allowing the nomination to go to the Marshall county man without protest.

Disagreeable Calomel is Yielding to Pleasant Liv-Ver-Lax

Physicians generally agree that the at great cost and peril of their nauseating, unpleasant effects of calomel are due to the unduly violent action it has on the system. For a long while various substitutes have been tried, but it was only recently that the really wonderful remedy, LIV-VER-LAX was prepared successfully by L. K. Grisby. LIV-VER-LAX has all the good, and none of the bad effects of calomel. It is a necessity in every home, always being ready to cleanse the sluggish liver and bile clogged system, with no unpleasant after effects. LIV-VER-LAX is guaranteed to give satisfaction, or your money will be immediately refunded. Insist on the original bearing the likeness of L. K. Grisby. For sale in 50c and \$1 bottles at Evans & Covington's Drug Store.—(Adv.)

MOTHERS BREAD

Is made under conditions that are perfectly sanitary. New equipment, new everything, tile and concrete floor, no flies, no ants, no roaches, and our Bread is shipped in sanitary cartons sealed air tight and they are not returned. Had you ever thought how awfully unsanitary it is to ship bread in a basket? You see them set on the pavement exposed to every dog and disease germ that floats and when they are returned they go in the car with the empty chicken coops.

Whenever you eat Mothers Bread, whether at home or elsewhere, you may know it is perfectly sanitary.

OUR PUBLIC FORUM

Peter Radford
On Church and State

The recent action of one of the leading churches of this nation, in annual convention, demanding that the laymen vote only for candidates for office whose views coincide with those of the clergy on one of the leading political issues, and direct and indirect efforts of other church organizations to interfere with the freedom of the ballot, make one of the greatest perils of this age, and present a problem that should receive thoughtful consideration of both laymen and citizens.

TWO KILLED WHEN TRAIN HITS AUTO

Lexington, Tenn., Aug. 16.—Late Friday night, while riding in his automobile, in crossing the railroad tracks of the Perryville branch of the Nashville branch of the Nashville Railway at the intersection of Hinson street, J. Fielder Boswell and Miss Jeannette Lindenfield, two of the town's most prominently connected and highly respected young people, were killed as the automobile was struck by box cars backing into it. The automobile was literally smashed to pieces and the young man horribly mangled. The

girl was fatally injured, but lived about an hour after the accident, which occurred within a few hundred yards of her home, to which she was carried.

TO THOSE WHOM IT MAY CONCERN

I wish to thank you for your contributions toward a nice monument, \$66.50, erected to our late friend and constable, Dick Tartt, who lost his life in the discharge of his duties February 8, 1915.

I thank you.

J. L. DENT, Secretary, 705 Paul Jones Building, Louisville, Ky.

Louisville, Ky., Aug. 16.—Delegates representing the progressive party throughout the state will hold a platform convention in the auditorium of The Seelbach Monday, August 30, beginning at 2:30 o'clock in the afternoon. The representation of each county in the convention will be based on the vote cast in that county for the Roosevelt electors in 1912.

The call for the state convention, and also the county conventions in which delegates to the state gathering will be selected, was issued by M. J. Holt, of Louisville, chairman of the progressive state central committee, yesterday afternoon, he having been entrusted with the work of preparing the draft. The county conventions will be held Saturday, August 28, beginning at 1 p. m., and one delegate and one alternate delegate will be named for each 300 votes or fraction thereof over 150 cast for progressive electors in 1912.

Candidates of the progressive party for state offices are to be delegates to the convention from the state at large, with power to vote on any question that may arise.

It is provided in the call that the county chairman and county secretary in each county shall act as temporary chairman and secretary, respectively, of the convention in that county until a permanent chairman and secretary are elected.

Representation to which each county will be entitled in the convention follows:

Name	Votes	Del.
Ballard	119	1
Caldwell	296	1
Calloway	325	1
Carlisle	126	1
Crittenden	371	1
Fulton	92	1
Graves	939	3
Hickman	131	1
Livingston	293	1
Lyon	187	1
Marshall	393	1
McCracken	1085	4
Trigg	101	1

The above shows that the 15 counties in the First congressional district gave 4,555 votes to the Bull Moose ticket four years ago. At their convention which is to be held in Louisville on August 28th these counties will be entitled to 18 delegates.

All of the counties are entitled to one delegate except Graves and she has three and McCracken four.

This convention will hardly be attended by very many delegates.

Suching babes may well squirm in their cradles when ministers in convention assembled release the hearts of men and grab them by the throat, for Christianity has broken down, religion has become a farce and the pulpit a failure. When the church substitutes force for persuasion, command for conviction and coercion for reason, the sheriff had as well pass the sacrament, plain-clothes men take charge of the altar and policemen bury the dead, for why a church?

It is as dastardly a crime against government for a minister to undertake to deliver the votes of his parishioners to a candidate, as it is for a ward heeler to deliver a block of votes to a political boss, and both ought to be prosecuted, for the law should be no respecter of persons.

It is as objectionable for a convention of ministers to seek by canonical law to control the votes of church members as it would be for a convention of manufacturers to issue orders for their employees to vote for a certain candidate. Such conduct is offensive to decency, business morals and a crime against society. Any convention, whether composed of saints or sinners, rich or poor, white or black, that seeks to prostitute power and coerce consciences ought to be broken up by the police and its leaders arrested for treason.

A crime by any other name is a crime just the same. An ecclesiastical robe cannot sanctify treason, authority to preach does not carry with it license to become a political ringster, or the right to teach us how to pray give a permit to tell us how to vote. No man in joining the church should sacrifice his citizenship, forfeit his constitutional liberties or subordinate his duty to the state. The earth many times has been drenched with the blood of our forefathers fighting to throw off the ecclesiastical yoke from the state, and the suggestion of a return to these medieval conditions with their horror and their torture should not be tolerated for a moment.

Laws should be passed prohibiting any preacher, or combination of preachers, from delivering or attempting to deliver their membership or congregation to any candidate for office, and suitable legislation should be passed preserving the sanctity of the pulpit from political vandalism. It is as much a menace to church and state for a politician to occupy the pulpit as for a minister to preach a political sermon. He has no more right to preach his politics from the pulpit than a teacher has to teach his politics to his pupils. A preacher cannot make political trickery righteous by usage any more than he can make profanity respectable by practice. It is one of the ironies of fate that a preacher may become a scandal as well as a glory to civilization.

THE TEST OF MERIT

Mayfield People Are Given Convincing Proof.

No better test of any article can be particularly true of a kidney medicine than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Mayfield resident who used it successfully and tells of lasting results.

Read the following:
John W. Summerville, West Broadway, Mayfield, says: "My back often troubled me and at night I felt lame and sore. Frequently I had sharp, shooting pains and finally kidney weakness set in, the kidney secretions being irregular, unnatural and scalding in passage. I got a box of Doan's Kidney Pills and in a short time after using them the pain left. My back no longer felt lame and the trouble with the kidney secretions was removed."

OVER EIGHT YEARS LATER Mr. Summerville said: "I have had no occasion to use Doan's Kidney Pills since they permanently cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Summerville had. Foster-Milburn Co., Props., Buffalo, N. Y.

U. S. WILL NOT STOP WAR SUPPLY EXPORTS

Reply to Austria Insists That Our Actions Neutral.

GERMANY SOLD ENGLAND

Table of Sales Made by Teutons During Boer War Appended.

Washington, Aug. 16.—The State Department last night made public the reply of the United States rejecting views set forth by the Austro-Hungarian government in a recent note contending that exportation of war munitions from America to Austria's enemies was conducted on such a scale as to be "not in consonance with the definition of neutrality."

Though friendly, the note flatly denies the Austro-Hungarian contentions and recalls that that country and Germany furnished munitions to Great Britain during the Boer war, when England's enemies could not import such supplies. It insists that the United States is pursuing a strictly neutral course and adhering to a principle on which it would depend for munitions in the markets of the world if it should be attacked by a foreign power.

"The principles of international law," the communication concludes, "the practice of nations, the national safety of the United States and other nations without great military and naval establishments, the prevention of increased armies and navies, the adoption of peaceful methods for the adjustment of international differences and, finally, neutrality itself are opposed to the prohibition by a neutral nation of the exportation of arms, ammunition, or other munitions of war to belligerent powers during the progress of the war."

Pointing to a "practical and substantial reason" why the United States, aside from the question of principle, advocates and practices unrestricted trade in military supplies, the note declares:

We Are Not Equipped.

"It has never been the policy of this country to maintain in time of peace a large military establishment of stores of arms and ammunition sufficient to repel invasion by a well-equipped and powerful enemy. It has desired to remain at peace with all nations and to avoid any appearance of menacing such peace by the threat of its armies and navies. In consequence of this standing policy the United States would, in the event of attack by a foreign power, be at the outset of war seriously, if not fatally, embarrassed by the lack of arms and ammunition and by the means to produce them in sufficient quantities to supply the requirements of national defense. The United States has always depended upon the right and power to purchase arms and ammunition from neutral nations in case of foreign attack. This right, which it claims for itself, it cannot deny to others."

The United States asserts that it cannot accede to the suggestion that it change or modify the rules of international usage during the progress of a war on account of special conditions, and declares that the idea of neutrality advanced by Austria would "involve a neutral nation in a mass of perplexities which would obscure the whole field of international obligation, produce economic confusion and deprive all commerce and industry of legitimate fields of enterprise, already heavily burdened by the unavoidable restrictions of war."

Attention is directed to the fact that Austro-Hungary and Germany, before the war produced a great surplus of war munitions and sold them throughout the world "especially to belligerents," and that "never during that period did either of them suggest or apply the principle now advocated by the imperial and royal government."

Pointing to a "practical and substantial reason" why the United States, aside from the question of principle, advocates and practices unrestricted trade in military supplies, the note declares:

WAR NEWS AT A GLANCE.

The Germans, according to Berlin, again are sweeping back the Russians. In Northwest Russia, where last week the Russians were reported to be driving the Germans back at points, the Germans now are declared to have resumed the offensive and to have forced the Muscovites back to the northeast, capturing 2,354 men. An attempt at a sortie from the fortress of Kovno was put down and 1,000 additional men were made prisoners.

In Poland the Teutons have made a fresh advance northeast of Warsaw, between the Narew and the Bug, and Berlin declares ground has been gained all along the fronts in the southeast.

Except for the fight for the crater made by the explosions near Bagdad, artillery engagements have been

dominated in the west. The French assert that German attempts to expel the French from this crater have been unsuccessful.

In addition to land fighting Paris tells of a French aerial squadron dropping bombs on German bases near St. Mihiel.

Constantinople reports that attacks of the allies against their right wing near Ar Burnu, on the Gallipoli peninsula, were put down and that Turkish artillery shells directed against Anafortia plain and Seddul Bahr forced a retirement of the allies from the former place and destroyed their bomb-throwing devices on the latter sector.

Fires were started by the shells of the Servians in their bombardment of Semlin and Panscova according to Nish. There has been a resumption of the bombardment of Belgrade and a counter artillery attack by the Servians against Semlin and Panscova.

On the Austro-Italian front no decided gains for either side are chronicled.

WALTER ALLISON SINKING AT HICKMAN

Election Shooting May Result in a Tragedy—Two Men Bound Over.

Hickman, Ky., Aug. 16.—Walter Allison, the man who was so badly wounded in the free-for-all fight last Saturday over the election, the affair occurring at Allison's store a few miles below Hickman at Sassafras Ridge voting precinct, is said to be in a very bad condition and cannot recover. Allison was shot through the back by Bert Wallace as he entered his store door, the bullet going through the lung, missing the heart by a hair's breadth and going through his body, lodging just beneath the skin and has been cut out by physicians. Allison was at first thought to be in a dying condition and then seemed to get much better, getting much worse three days ago.

Bert Wallace, who shot Allison, was killed on the spot a few seconds later, when two others were also wounded.

A preliminary hearing was given Oscar Allison, the man charged with killing Bert Wallace, here, and he was bound over to the September circuit court on a \$2,000 bond in the Wallace affair and \$500 in the affair that happened the night before he killed Wallace, when at a dance he shot Mrs. Rose Burger when she stepped between him and her son and was shot through the right hand and stomach.

In the trial proceedings here Saturday it was not shown whether Oscar Allison killed Bert Wallace or whether his brother, Walter Allison, killed him. Walter Allison was shot in the back by Wallace and it is claimed by some that he grabbed his shotgun and shot Wallace three times. Oscar Allison, in default of his \$2,500 bond, was placed in the jail here to await the September term of circuit court. Oscar Allison was also shot through the arm in the affair by a stray bullet.

TEAMSTERS' STRIKE ENDS

St. Louis Strikers Granted Wage Increase and Better Conditions.

St. Louis, Aug. 16.—The strike of 1,500 transfer company teamsters and chauffeurs, which began here last Friday, was settled last night. The men were granted a general wage increase of 50 cents a week, a reduction of about one hour in the working day and better working conditions.

The settlement was brought about by Father Timothy Dempsey, a Catholic priest, who pleaded with each side on behalf of the welfare of the community. He recalled to them the fatalities of the last teamsters strike in St. Louis nearly 10 years ago.

TWO BALL GAMES SUNDAY

One Mayfield Team Lost While Other Mopped With Bardwell.

The Mayfield baseball team defeated the team from Bardwell Sunday when they crossed bats at the fair grounds in this city.

Bardwell has a very good team and a good pitcher, Jack Patrick, and for the first few innings, he was so hot that Mayfield did nothing but fan the air. Afterwards the Mayfield boys got hot after him and never were in much danger of losing the game.

The score was 10 to 7, and the first game the Bardwell boys have lost since the early part of last year. All of their winning is due to the great pitching of Jack Patrick, who is one of the best who ever toed the rubber in Mayfield.

Will Stevens, who was on the mound for Mayfield did very good work and also fanned a large number of the Bardwell players.

A very small crowd was present which was due to a big game on the hill between Cooksville and Jersey Cream, in which the Cooksville team strengthened by several players from Murray and Hazel, put the panic on the Mayfield boys by the score of 7 to 4. This is one of the first games that the Jersey Cream team has lost this year. Harold Hendley knocked a home run which was the feature of the game.

METHODIST MEETING BEGINS AT FARMINGTON

A protracted meeting began Sunday at the Methodist church in Farmington conducted by Rev. Hall of Kirksey. The singing is being led by Talmage James, also of Kirksey. There is much interest from the start and large audiences promise to attend each meeting.

PADUCAH MAN HITS MAN WITH FIST AND VICTIM MAY DIE

Paducah, Aug. 16.—As the result of a blow from the fist of G. A. Katterjohn, a young brick contractor residing at 520 South Fifth street, T. E. Whipple, a farmer, about forty years old, is lying at Riverside hospital suffering seriously from concussion of the brain. How seriously the concussion may result can not yet be determined, according to Dr. B. A. Washburn, who is attending him. He was unconscious from about 5 o'clock Saturday afternoon until 7:30 Saturday evening. Whipple resides on the Benton road near Sharpe.

According to his own statement to Detective Bob Hicks, who arrested him in the Motel Steam Dye Works, 109 South Third street, a few minutes after his attack on Whipple, Katterjohn struck him to punish him for a gross insult offered a lady in his presence. The affair occurred in the office of the Evening Sun, where Katterjohn followed Whipple after he had committed the offense for which he hit him.

The man's head was injured when he struck the floor of the Sun, as he was floored by Katterjohn's fist. He was knocked unconscious by the blow and was lying on the floor in that condition when Dr. Washburn arrived to attend him and ordered him to Riverside hospital.

Mr. Katterjohn went to police headquarters, where his father, Henry Katterjohn, made bond for him. He was released and recognized to appear in police court Monday morning.

NEW CAFE NOW OPEN ON BROADWAY

Robert Vaughan has opened up a cafe first floor east of the postoffice which will be in charge of Ross Thomas, who has been in charge of the culinary department of the Palmer House in Paducah for nine years. He is an expert at cooking and those who visit this new and modern restaurant may rest assured that they will get only the best and it will be prepared in a way that could not be improved upon. Their bill of fare is being prepared and will consist of many things to be found only in the larger cities.

PHOTOPLAYS.

"For the Love of Money" is the title of the 14th chapter of "The Diamond From the Sky," which is remarkably interesting. The story is now taking on attractive proportions, and Blair and Esther are about to reach the Veronca mines owned by Arthur, who is now known as John Powell. The episode is a thrilling one, especially where the stage coach falls over a high cliff. There will be a thrill in every episode of the "Diamond From the Sky" from now on.

Tomorrow, "The Goddess" is more beautiful than ever and it continues getting more beautiful and interesting with each succeeding chapter. Billie Reeves is also excellent as the "New Butler."

G. Rosenthal, of Paducah, is in the city today.

HUSBAND AND WIFE DECIDE TO DIE TOGETHER. FORMER SUCCEEDS BUT BETTER HALF SURVIVES

As a result of an alleged suicide pact between Will Reed and wife, living in the eastern part of the county, near Golo, the husband is dead. The wife failed to swallow the poison and now survives to tell the tale.

From information received here it appears that Reed and wife on last Friday had a mutual understanding that both should shuffle away this mortal coil by the carbolic acid route. Arming themselves with the poisonous acid, Reed and wife went to a field about 100 yards from their home. Here preparations for a final departure to the evergreen shore were made. They were to take a swallow

of the acid at the same time. The husband kept good his word and gulped down the fatal drug.

Mrs. Reed either became strangled or spit out the drug on purpose. Anyway, a sufficient quantity of the drug did not reach the internal regions to produce death for she is recovering from all ill effects.

They are well-known people of their community and many regret the tragic ending of Mr. Reed.

The deceased is survived by one sister, Mrs. Tom Lyles, living near New Hope church, and four brothers, Tony, Terrell, Der and Richard Reed, living in the eastern section of the county. Burial occurred Friday.

CARD OF THANKS.

To the Citizens of Graves County: I take this opportunity to express my sincere thanks to you for the loyal support you gave me in the primary of August 7th. I feel grateful to everyone that espoused my cause in any way; and to those that saw fit to support either of the worthy gentlemen that opposed me, I have not the slightest ill will toward them in the least. I only hope that I may be able to render the county the kind of service in the next General Assembly that will meet the approval of her people. I intend to use every effort in my power to have the platform upon which I was elected engaged into law. Allow me again to thank you for your support. I remain yours for service. JOHN T. ROACH.

YOUNG HUNTER KILLED

Princeton Youth Accidentally Shot as He Climbs Out of Buggy.

Princeton, Ky., Aug. 16.—John Garrett Davis, the thirteen-year-old son of W. L. Davis, a marble dealer, while hunting Friday afternoon, accidentally shot himself with a rifle, death result almost instantly.

Davis left for the country shortly after noon in company with Edgar Mott, a relative, and Claude Koltinsky to go hunting, and when about two miles from town Koltinsky saw a bird in a field and went after it. Mott followed him, leaving Davis in charge of the horse. A few minutes later they heard him scream that he was shot and on rushing back to the buggy found him breathing his last.

It is supposed that he attempted to get out of the buggy and in some manner discharged the gun, the bullet striking him in the region of his heart.

The following party motored to Mayfield Monday and enjoyed a dinner at Hotel Hall: Julian Choate, of Hickman, Dr. H. A. Gilliam, Mrs. Lena Gilliam and Miss Gladys Gilliam. Jack Stahr, R. V. Putman and U. L. Naylor, of Hickman, were in the city Monday.
