**SIXTY MILES OF GRAVEL ROADS.**

The fiscal court has contracted for the building of about sixty miles of gravel roads in this county for this year. It will cost at least forty thousand dollars to build these roads, the county appropriating twenty thousand and the citizens along these roads contributing about twenty thousand to assist in building the roads.

This is a great movement on the part of the fiscal court, and by the time the year 1916 passes away there will be so many good, substantial road improvements in this county that even our own citizens will hardly know what has happened.

Since the court and the people are so liberal in trying to build good roads, the citizens along these routes should be liberal in setting their fences back in order that the roads may be made wider and of more use and value to those who travel them as well as the property along the sides of these roads. What does it matter about a few feet of ground, when by giving it, it would beautify the farms and homes along the line and increase their value so very much?

Let the people be liberal and assist in widening and straightening the roads, and when this is done it will benefit everybody and by so doing enhance the value of property, and the children following the present generation will be glad that their fathers were so liberal and generous-hearted when the time came for building gravel roads in the various sections of this county.

WELL-KNOWN LADY  
PASSES AWAY

On March 7, at 2:30 o'clock, Mrs. Bettie W. England of the south part of the county passed away at the age of 76 years. She was born in Buckingham county, Virginia. Her aged husband, four daughters and one son are left to mourn their loss. Mrs. C. K. Crawford of Calloway county, Walter England of Paducah, and Misses Effie and Hattie England, she also leaves two sisters and three brothers, Mrs. W. B. Shepard of Rival, Va.; Mrs. Ben Foster of Cumberland county, Va.; E. B. Guthrie of Paducah, Ky.; J. B. Guthrie of Richmond, Va.; Thomas and Forrest Guthrie of Buckingham county, Va.

The burial took place at Martin's Chapel, near Murray, Calloway county, Ky., her pastor, Rev. Rudd, officiating.

She was a lovely Christian character.

PROMINENT PHYSICIAN  
IN SERIOUS CONDITION

Dr. G. F. Weeks of Water Valley is seriously ill of catarrh of the stomach. A trained nurse has been sent from Paducah to take charge of the case. Dr. Weeks retired from practice several years ago. He was the first physician to receive a medical diploma from Vanderbilt University and has practiced in and around Water Valley for the past forty years, enjoying the best of health until last year. He has a host of friends throughout this county who will be sorry to hear of his illness.

MAYFIELD COUPLE  
ELOPE TO TENNESSEE

Ernest Lancaster and Miss Vera McGregor eloped Wednesday morning to Duketown, Tenn., where they were joined in wedlock. They are both well known in Mayfield and have many friends. Mr. Lancaster is at present working at the Mayfield Woolen Mills. Raymond Hamlet carried them to Duketown in a Ford.

FISCAL COURT LETS  
CONTRACTS TO BUILD  
SIXTY MILES ROADS

The greatest interest now prevails among the people of Graves county for good roads, according to the number of petitions presented and donations before the fiscal court, in session here Tuesday. The court let contracts for 60 miles of gravel roads, scattered in all portions of the county, which was more than ever let out before. The roads to be graveled are divided in every magisterial district in the county, and while the county will pay \$20,000, the citizens have subscribed an equal amount. There will be other roads let at the June meeting of the fiscal court. The bidders Tuesday were less in the north part than in the south sections and yet remaining, said Judge Gregory, which can be used for road purposes in the north, and it is expected that there will be more bidders at the next session.

MORE PARTS OF STOLEN  
MACHINE ARE FOUND

Several other parts of the stolen runabout of Stanley Jones has been found. Wednesday morning Mrs. Doubledin and daughter, while walking near Mayfield creek, discovered an automobile tag license on the bank near the edge of the water. Chief of Police McNitt was notified and then an investigation followed in which the windshield, fenders, lights and top were found under the Walker bridge on the Backsburg road. This is a different bridge from where the bed of the auto was found a week after the machine was stolen from South Sixth street. About all that is left now of the machine is the engine and running gear, and it may be found later.

HIGH PRICE FOR TOBACCO

G. W. Shemwell, over near Symsonia, this county, refused to sell his tobacco at the low prices given early in the season, but as soon as this last advance in prices took place, being a good farmer, he sold his leaf at 8½¢ and his lug at 4¢.

He was in the city Wednesday with a big, broad smile on his face and a pocket full of cash. We are always glad for the farmers to get good prices for their tobacco.

VILLA LEAVES MAIN BODY OF  
TROOPS; TAKES TO HILLS

In Hiding Almost Unattended, Mexico City Reports.

DISCREDIT DEATH REPORT

Believed Ruse Framed to Mislead His Pursuers.

MORE AMERICANS KILLED

Mexico City, April 11.—Francisco Villa has left the main body of his command and is hiding almost unattended in the Sierra Mountains of Chihuahua, according to information given out at the War Department today.

The last of his retreating force passed through the Town of Cuahuitlan, Chihuahua, yesterday, in their flight toward the mountains. They were closely pursued by forces of the de facto government, who hope to capture the band and locate their leader.

For this purpose 4,500 reinforcements have been ordered to the scene by War Minister Obregon. These troops, including cavalry and infantry, will close in on four sides in the region where Villa is said to be hiding. The War Department expresses great hope of the early capture of the bandit chief.

El Paso, Texas, April 11.—Panchito Villa has not been killed nor did he die of his wounds at Santa Ana, as the Carranzistas would have the gullible Mexican peons and the State Department of the United States believe.

Santa Ana is on the ranch owned by the Hearst estate. Letters made available here by the manager of that property today show conclusively that Villa escaped to the south after the Guerrero fight.

The wily bandit leader is rapidly negotiating the mountain passes of Durango. His original plan to join Canuto Reyes and proceed to Durango City has not been changed, according to the reports here.

The Seventh cavalry advance guard is believed to be well south of the Chihuahua state line now. They have at least advanced so far as to be entirely out of communication with Parral.

Gen. Pershing pushed southward from Cuahuitlan this morning. He has reported to Gen. Funston that he will be at Satevo tonight. This means that the commander of the expeditionary forces has abandoned the idea of utilizing the railroads for the present at least.

The military authorities on the border say the theorists in Washington may have devised a mental plan by which the long line of communication can be maintained, but they know of no practical method here.

Supplies are still being shipped to Columbus and Casas Grandes in great quantities, but the censorship prevents the telling of the remainder of the story.

Say Ruse of Carranza.

The yarn about Villa having been killed was accepted here only as a last desperate effort on the part of First Chief Carranza to get the United States troops to withdraw. For two weeks he has been telling his military commanders that the Americans were about ready to turn back.

The majority of the officers have remained loyal, but the hungry soldiers in the garrison have deserted in such numbers as to leave but little more than the skeleton of the original force in the State of Chihuahua.

In defiance of Consul Andres Garcia and without the knowledge of that official, Gen. Gayra, the Carranza commander at Juarez, conducted a lit-

REPORT MAY BE RUDE.

Aviators Who Made Reconnoiter Say Villa Still in Flight.

Columbus, N. M., April 11.—Lieuts. H. A. Dargue and E. S. Gorrell of the aero corps, returning here today from a flight to San Antonio, Chihuahua, 330 miles south of the border, said that reports were current among the natives in the vicinity of Santa Ana that Villa was dead of blood poisoning, caused by his wounds.

Santa Ana is 70 miles southwest of Chihuahua City. Other reports indicated that Villa was in flight, closely followed by American troops, south of Parral and near the Durango border.

Military authorities recognize that reports of the bandit chieftain's death may be another ruse to throw the American off what has been termed "a hot trail," but no tendency is manifested to belittle the report, the aviators said.

"There seems no doubt that Villa was wounded," said Lieut. Dargue, "conversations with natives and with physicians having convinced me that he was shot through both legs."

REPORT HIMSELF

Columbus, N. M., April 11.—The report that Francisco Villa is dead of blood poisoning resulting from the wound he is supposed to have received in the fight with Carranza soldiers at Guerrero, was the chief topic of discussion in Columbus tonight. There was much speculation as to whether the "fox of the Sierras" had not himself spread the report in an effort to throw his pursuers off his trail.

Lieuts. Dargue and Gorrell, who brought the report to Columbus after a 330-mile flight from San Antonio, a short distance above Satevo, said that the natives of Southern Chihuahua placed great faith in its students here of Mexican warfare and particularly of Villa tactics, recalled, however, that time without number in previous campaigns the bandit leader has caused himself to be reported wounded in order to mislead his enemies.

WOUNDED, NOT DEAD.

El Paso, Texas, April 11.—Because Francisco Villa is known to have been alive and able to ride a horse when he passed east of Parral last Friday on his way to Durango, the reports that reached here today that he had died of blood poisoning were not credited in either American or Mexican official circles. There is no longer any doubt that Villa was wounded in the knee at Minaca by Anders Reahaz, the father of the girl he tried to outrage, but all reports of this incident agree that the wound was slight. However, Villa has long been a sufferer from blood disease, and it is conceded that even a slight wound might result fatal, especially when he has had no time to receive proper medical treatment.

The weak part of the story that was reported to Gen. Pershing through his aviators is that, Villa is known to have reached the neighborhood of El Oro, in Durango, a point many miles from any place American troops have been. No reliable news could have been brought out of this region, it is believed, in so short a time, and in the absence of something like reliable confirmation the report of Villa's death is being discredited for the present. The movements of the punitive expedition in the field are more veiled in mystery than at any time since Gen. Pershing crossed the border. The belief that Gen. Pershing had pushed a base south of the Northwestern railway in order to support the cavalry that reached the outskirts of Parral was dissipated today when it was learned that the quartermaster's department is working on a local firm to ship cars of oats and hay over the central line to Chihuahua and then

out to the western bases at San Antonio and Santo Tomas. From these points supplies are being taken by mule train to the advance cavalry column, but this column, according to Mexican authorities, has been pulled back from Parral to the great mesa 20 miles north of the city. If this is true, the pursuit of Villa into Durango has come to a halt for the time being.

### EDITOR REFUSED TO BREAK PROMISE

Accepted Jail Sentence for Contempt Rather Than Make Public Woman's Name.

London, Ky., April 12.—Russell Dyche, owner and publisher of the London Sentinel, who also owns a controlling interest in the Pineville Citizen and the Harlan Enterprise, was sent to jail here the second time by County Judge L. W. Brown for contempt. Last Saturday he was fined \$3 and sent to jail for six hours for refusing to disclose the name of a woman who he stated had told him she saw Thomas Gregory sell whisky to John Blyrie near the government building in this city. Mr. Dyche refused to give her name, he said, because he had promised her that he would not.

Mr. Dyche was brought out of jail late Saturday, and upon his second refusal to disclose the woman's name he was ordered released, but was ordered to appear back before the Judge Monday, which he did.

Upon his continued refusal Monday he was fined \$3 and sent back to jail for six hours more. After he had been in jail for some time he sued out a writ of habeas corpus, which was tried before Circuit Judge William Lewis. Judge Lewis decided against Mr. Dyche and he was ordered back to complete his six-hour sentence.

A friend of Mr. Dyche telegraphed to Mrs. John R. Boreing, who is now at Dawson Springs, Ky., for permission to give her name as Mr. Dyche's informant and before he had been taken back to jail he received a telegram from Mrs. Boreing authorizing him to give her name to the judge, which he did. This brought Mr. Dyche's imprisonment to an end.

### LOST POCKETBOOK

Monday morning somewhere on my route, I lost a pocketbook containing a one-dollar bill and about six dollars in silver, and also some receipts and papers with my name on them.

This money was in a purse and the finder by returning it to me will be rewarded.

Be honest and bring it to me as soon as you find it.

### OF CHRISTIAN AMERICA

was held in Panama, the most important religious gathering ever held.

These Latin American countries, for some reason, have been left out of these conventions in the past and little attention paid to moral, social or physical needs, as they exist today.

On all commercial lines the aim is to expand, reach out, for the opportunity to better trade conditions; it is a vast field for activities along business lines.

Our Christian forces should be no less active in gaining a place to plant the standard of Christ for expansion of his world-wide work, and peaceful methods.

The term, "Latin-America," is used to embrace Porto Rico, Cuba and the many countries south of the Rio Grande. Spanish and Portuguese who settled this large scope of country, and the spirit of conflict, not with the idea of liberty and freedom, as in North America.

This area of country is populated by whites, and about an equal number of Indians, mixed white and Indians, mixed white and negro, and Indian, mixed Indian, Japanese, Chinese and other immigrants, numbering eighty million. About one-fourth or a little more know the doctrines of Christ as taught in this country.

Those governments have a system of education supposed to fill all requirements but until recently under exclusive control of one organization. The higher institutions are atheistic and lacking in faculty and students. The women of these countries have a larger proportion of homemakers than those of Europe, so in the United

States it would be a great blunder not to provide for this imperative need.

Christian training for young women who must train for service, to be equally prepared to work with educated men. The membership in Latin countries is not yet acquainted with the Bible, or any other sacred book. Daily study is needed, with God to interpret, if He is given the chance.

The need of more and still more consecrated men and women cannot be told, especially among girls in both home and school; above all a place for social life, as custom keeps them in seclusion.

Another need is literature that will elevate morally as well as spiritually. The country is flooded with the cheap novel and all kinds of skeptical books. It is hard to find a Christian book in the stores. Different Christian denominations would do well to have publishing plants and work on lines for the young students in the schools, that should be permitted with the spirit of Christ, not merely intellectual.

There are all sorts of people in the world, including the childless wife who hires a maid to attend to her Poodle so she will have time to address Mothers' Club meetings.

These Reformers are queer fish. They will admit that a marble Venus is Artistic and Uplifting, but they will raise Cain if a clean, healthy, well-built girl wears a low-necked waist.

When Father gets home about 1 a. m. after spending six dollars in sundry and various Boozie Bazaars, the only argument he has left is that if Mother would put the children to bed right after supper they wouldn't wear out so much shoe leather and he wouldn't have such a hard time making both ends meet.

### MILEAGE PROBLEM APPEARS AT CAPITAL

Senators Appearing as Impeachment Court May Have to Pay Railway Fare.

Frankfort, Ky., April 12.—Mileage for senators, coming to Frankfort to serve as a court of impeachment and returning to their homes, may not be allowed unless Attorney General Logan can find some warrant of law for it. State Auditor R. L. Greene said that he can find no authority for allowing the mileage.

This is not a special session, Attorney General Logan said, but a continuation of the last session, and the fact that they did not go into the trial of the impeachment charges at that sitting, but postponed it until Monday, does not change the relation of this convention of the senate to the regular session. There is no precedent for the situation as far as he knows, Gen. Logan said, and as such cases seldom get into court there appears to be no decision to guide the auditor.

"I have not had time to investigate thoroughly," said Gen. Logan, "and I hope there will be found some legal way to allow the mileage, but I cannot say now."

Now, if you have anything above mentioned that you really want to sell, come and list with us and we will sell for you. Let us help one another. Why should we be selfish? Let us be friends; do good one to the other; live and let live is our motto. Don't forget our long experience in this business; don't forget that we will do our best to please you at all times and give you what you are looking for and what you want.

We are yours for business at all times.

### WAR NEWS AT A GLANCE

Without pause, the German crown prince, taking advantage of the evacuation of the Bethincourt salient by the French and the occupation of that position by the Germans, has thrown several divisions against the new French line, but so far has been unable to break that line at any point. The bombardment of the whole front west of the Meuse is of increasing intensity on both sides.

Germans moving down along the Haucourt-Bethincourt line attacked the French positions south of the Forges brook. Here they had to face the full fury of the French guns, which cost them heavy losses. The French front along the strategic sector extending from Le Mort Homme to Cumerlees remained unmoved and further attempts to assault were arrested by the French curtain of fire.

The French still hold their positions in the Callette wood, which has been the scene of heavy fighting, and against which German attacks have been directed daily.

The last remaining mine crater taken recently by the Germans from the British at St. Eloi has been recaptured by King George's men, who also were able in their attack to establish themselves in German trenches running southwest from the crater.

From the Dvina river to the lower Stripa there has been sporadic fighting between the Germans and the

Russians. Considerable activity by the armies of both sides also has been shown. Near Komora, in the Pripiet marsh region; a German attack launched by means of boats, broke down under the Russian fire, while on the lower Stripa the Russians captured a German trench and held it against counter attacks, inflicting heavy casualties on the Germans.

In Asiatic Turkey the Russians have penetrated to the region of Diarbakra, Armenia, while in the district of Bitlis several Turkish attacks have been repulsed. South of Lake Urmia, the invaders apparently are coming up with the Turkish main forces, the latest official report announcing that in engagements fought with large numbers of Kurds the Kurds were supported by Turkish infantry.

In Mesopotamia the British in their attempts to relieve their compatriots besieged at Kut-Ej-Amara, attempted to break the Turkish lines, but failed, according to a British official communication.

The Italians have penetrated advanced Austrian trenches in the Tonal road near Sperone and have set on fire with their guns the town of Coldonazzo in the Sugana valley, Vienna reports. Otherwise, on the Austro-Italian front there have been only bombardments.

Six British and two neutral steamers—one of the latter a Norwegian and the other Spanish—have met with disaster as the result of mines or torpedoes. Five of the vessels had been in the American trade.

### ARE YOU PREPARED?

No man living knows what the business, political or social conditions will be six months later.

It is up to everyone to prepare for what may happen.

If every farm family will raise the food they need for the next twelve months, and raise the feed needed by the farm animals for a year, the prosperity of the South will be insured, no matter what the financial condition, or the price of some particular crop.

Practice this yourself, then talk to your neighbor and get him to follow this safe way, because by so doing it makes everybody safe and independent.

P. S.—If you are interested in this preparedness campaign, call or write Mayfield and Graves County Commercial Club, Home phone 200, Cumberland 100.

### Iowa Gold Mine Seed Corn.

This is surely the best variety of corn I ever saw; deep kernels, extra filler at butt and tips, golden yellow, with dark velvet red cobs, and much larger in size than Willis; 80 ears will shell a bushel. I had 13 acres last year that made 150 bushels, and no man ever saw a barn stalk in the field. Hand-picked, nubbed and shelled, \$2.00 per bu., and if any man will bring corn (yellow or white) to my crib that outclasses mine, my bushel is free. A. J. SANDERS, Farmington Route 1.

## ANOTHER FUGITIVE HAS BEEN CAPTURED

TELLS HOW IMPRESSION WAS  
MADE OF HICKMAN JAIL  
KEYS.

Hickman, Ky., April 12.—Lester McClain, another of the prisoners who escaped from jail on last Monday night, was caught at Lynville, Ky., and has been brought back here, making two of the four who escaped that have been caught. Nothing has been heard so far of Lonnie Johnson, the murderer of Chester Stowe, the prisoner they are making most efforts to catch. McClain was in the same cell with Johnson, and was in jail on the charge of hog stealing. He states that an impression of the main jail keys was made by them on a bar of soap, from which impression they made a false key.

## THE CAUSE OF ANAEMIA.

It is universally known that iron is a very important element of the blood, and lack of it is the direct cause of run-down conditions and anaemia. It

may interest our readers to know that Druggist J. F. Wilson, of this town, has in Vinol a reliable, constitutional remedy for such conditions. Vinol supplies iron to the blood in its most soluble state, then there's the nourishing properties of beef peptone and the medicinal curative extractives of fresh cod livers, without oil, all dissolved in a pure native tonic wine. That's what makes Vinol so successful in overcoming run-down and anaemic conditions.—(Adv.)

## STATE POLITICS

(By Will S. Kaltenbacher in Louisville Times.)

That "there's nothing to it" but the Stanley-James program in the coming state convention was the opinion of the large majority of democratic state senators and politicians gathered at Frankfort yesterday for the opening of the Judge Williams impeachment trial. On all sides it was agreed that Senator James had voiced the sentiment of the great body of Kentucky democrats when he said that of right Gov. Stanley should preside over the convention, and who could urge the objection to Judge Charles A. Hardin for head of the state committee? They also endorsed Senator James' plea for harmony in the state convention and denounced any attempt of anti-administrationists to disrupt the party and create discord and dissension in the ranks. The stand of Senator James, it was agreed, had put to rest the schemes of the trouble-makers.

**Glenn May Sidestep.**  
Since State Senator Seldon R. Glenn of Edgemoor has accepted appointment on the state tax commission at the hands of Gov. Stanley, it is reported that he will not seek the place of delegate from the First congressional district to the democratic national convention, for which he had announced his candidacy and had many assurances of support from all over the district. While Senator Glenn has given no indication of his retirement from the race, it is said that at the proper time he will side-step and allow the honor to go to another democrat.

**First District "State."**  
Well-posted politicians in the First district, having in mind the probable retirement of Senator S. R. Glenn from the race for delegate, say that the two representatives from the First district to the St. Louis convention will likely be Col. James R. Lemon, editor of The Mayfield Messenger, and Pres. Atwood, sheriff of Trigg county. It is generally conceded that Herbert Carr of Fulton will be re-elected executive committee man, and that Judge W. A. Berry of Paducah will again be chosen the First district member of the democratic state central committee.

**Ninth for Stanley.**  
According to State Senator Charles D. Arnett of Morgan county, the Ninth congressional district will send a Stanley-James delegation to the democratic state convention. "The democrats of the Ninth district," said Senator Arnett, "know perfectly well the many obstacles Gov. Stanley had to contend with, as well as the machinations of the enemies of the present state administration, and they will rally to his support in the county conventions and send delegates to the state convention who will help him carry out his program for party harmony and success in November."

**Hiles to Announce This Week.**  
State Senator J. B. Hiles of Bracken county, who is attending the special session of the senate trying the Williams impeachment, says his formal announcement as a candidate for the democratic nomination for congress in the Ninth district will be made in the newspapers of the district this week. Senator Hiles has made a preliminary visit over the district to get the "lay of the land," and he says he was much encouraged by what he saw and heard. He picks Congressman W. J. Fields of Carter county as the one he has to beat.

**Montgomery to Run.**  
State Senator Charles P. Montgomery of Casey county announces that as soon as the impeachment trial in which he is now engaged is concluded, that he will make his formal announcement as a candidate for the democratic nomination for congress in the Eighth district, against Congressman Harvey Helm, the incumbent. The impression has gotten out that since Representative George L. Pickett of Shelby county accepted appointment on the state tax commission, he would not enter the congressional race, and until Senator Montgomery concluded to "cut in," it was thought probable that Congressman Helm might have a clear field for re-nomination.

**How Vacancy Will Be Filled.**  
The death of James H. Spradlin of Prestonsburg, member of the democratic state central committee for the Tenth district, creates a vacancy which according to the party law must be filled by the action of the county chairman of the Tenth district, after ten days' notice is given for such meeting by the remaining state committee man, who is J. K. Wells of Paintsville, member of the executive committee. The party law further provides that if, after such notice, the county chairman fails to elect Mr. Spradlin's successor, that the vacancy may be filled at a joint meeting of the state central and executive committees. It is expected that the county chairman will promptly select a successor to Mr. Spradlin. Kentucky C. O. P. Line-Up.  
An "empty" out by a wine state to

publican politician, Fankbanks will get 18 of the 26 delegate votes of Kentucky in the republican national convention and the rest will be at the disposal of Frank Hitchcock, the New York republican leader, to be cast as he directs, most probably for Justice Hughes of New York, for President. According to the estimate, the Fankbanks strength is made up of the four state at large votes, two each from the First, Second, Fifth, Sixth, Seventh and Ninth, and one each from the Fourth and Tenth districts. The "Hitchcock" delegates are classed as those from the Third, Eighth and Eleventh districts and one each from the Fourth and Tenth.

**Diskin In for Delegate.**  
While the democratic scramble in the Sixth congressional district is not yet made up, Lawrence Diskin of Newport, commonwealth's attorney of Campbell county, is already in the field as a candidate for delegate to the national convention and he is said to have the backing of the party leaders for the honor. There is also said to be a movement to retain Internal Revenue Collector Charlton B. Thompson and W. M. Hind of Covington as the members of the state central and executive committees, respectively.

**Ignorant of Party Law.**  
Some papers, entirely ignorant of the party law, have "eliminated" Judge Charles A. Hardin of Harrodsburg from consideration for chairman of the democratic state committee because he holds an office, and say he must resign from the circuit bench to assume the party leadership. There is not a word in the party law that would prevent Judge Hardin or any other officeholder from accepting the state chairmanship or membership on the two state committees, the only provision remotely bearing on the subject being that any member of the state central or executive committee who may become a candidate for a state office vacates his place on the committee.

## APRIL

Silently, swiftly,  
She comes this way:  
Sweet, sunny April,  
With heart so gay.  
Beautiful April,  
In green and gold,  
The Old Year's darling  
In joy we behold.

Open the windows,  
Set white the door,  
She heralds the springtime,  
Winter's reign is now o'er.

With a lace work of green  
She fringes the trees,  
With a handful of sweets  
She wakens the bees.

She calls to the crocus:  
"Tis time you're up."  
She fills with fragrance  
The jonquil's deep cup.

She puts on each violet  
Its little blue cap;  
She wakens all nature  
From her long winter nap.

O April, dear April,  
Clad in green and bright gold,  
You thrill us, you fill us  
With beauty untold.

**TOBACCO RECEIPTS HEAVY.**  
Clarksville, Tenn., April 12.—Today has been a busy day in tobacco circles, both the loose floor men and independent dealers report heavy receipts. However, it seems that a greater part is delivery of purchases made at the barns. The pricing houses are running full blast, giving employment to hundreds. Prices were quite as strong as last week. There is a more general air of optimism on the tobacco market than has been shown at any time during the season.

## Oliver Chilled Plow

It is a fact and it is being demonstrated every day that for all conditions of plowing, OLIVER CHILLED METAL gives by far the best satisfaction. It is the most economical for the progressive, up-to-date farmer to use in tilling his ground, and good plowing means good crops.  
OLIVER CHILLED PLOWS will wear longer, scour better, and do more and cleaner work, with the same amount of draft, than any other plows in use.  
They are furnished in a great variety of sizes and styles and every possible requirement can be successfully taken care of.  
We carry at all times a complete assortment of OLIVER PLOWS and REPAIRS and will be only too glad to explain to you in detail, the many reasons why

## PHOTO PLAYS.

"My Lady Inoc." which is showing at the Princess today, has all the thrills and suspense of the detective story, but with the added interest that charming Hazel Dawn lends by a wealth of beauty in the role of Neil Carroll. It is a mystery film plus the touch of romance and the dash of comedy that make it by far the best production in which Miss Dawn has yet appeared on the screen. For the sightings of this story, Director Sidney Olcott took the company to St. Augustine and Jacksonville, Florida, in order to give the play the exquisite back grounds to which it is entitled.  
The Barton Holmes Travel-Picture for today is very interesting. It shows our future army officers in the making at work and at play in "A Day With the West Point Cadets."  
Tomorrow is Triangle day. The Keystone comedy on this program is a side splitter from beginning to end. Ford Sterling (Hilly) is featured in it.
