THE CONTEST JUDGES.

The following gentlemen have been appointed judges of the contest, who will make the final count and award the prizes as soon after 5 o'clock Saturday evening as the contest manager has the votes issued:

MAYOR C. M. PARKHILL, Chrmn.
MR. W. H. WYMAN,
MR. L. S. SHAW,
Mr. John Coombs of the City National Bank will operate the adding machine.

Mr. Grau has tendered the use of the Princess theater to the contestants and their friends. The votes will be counted on the stage and the results announced to the candidates and the public.

The management of The Messenger believes that there is nothing too good for the ladies in the contest and the many friends of the people and of the young ladies, to give them a good, comfortable place to await the result of the final count. As soon as this is done the announcement will be made from the stage in the theater, the number of votes that each contestant has received.

The automobiles will be standing in front of the office and the winners as announced by the judges will be given these beautiful new machines.

The diamond rings will also be here; the valuable gold watches will also be ready to turn over to the proper ones.

Tally sheets will be printed and each contestant given one, so when the total vote of each contestant is announced it can be put on this sheet and kept as a source of information now and hereafter. We have an excellent board of contest judges, which is a guarantee of an open and correct count. Mr. Shaw takes the place of Mr. Ray, who did not know whether he could be present or not. The contestants can rest assured that with these gentlemen as judges their every interest will be honestly and carefully looked after.

J. B. BURNETT DIED EARLY FRIDAY MORNING OF HEART TROUBLE

Confederate Veteran and
Well Known in County.

FUNERAL AT 10:30 SATURDAY
MORNING AT HOME OF HIS
DAUGHTER, MRS.
WILL WARD.

James Beasley Burnett died at 12:30 o'clock Friday morning at his home at the dormitory, at the age of 76 years, 10 months and 10 days, suddenly of heart trouble, of which he had been a sufferer for a number of years. He was probably the best known man in the county among the older citizens, having served as deputy sheriff many years ago and constable for several years. He served as deputy under R. T. Davis and R. T. Albritton, both dead, during their terms as sheriff.

Mr. Burnett had not been in good health since he fell on the icy walk last December and received painful and serious injuries. He had been improving and was able to be up. He was up Thursday and also had just walked across the room a few seconds before life left his body Thursday night.

Born in Christian county, he came to Graves county with his parents when he was a child. He lived in later years in Kansas for a few years, from 1882 to 1887, returning to Graves county, where he had made his home with the exception of temporarily in Tennessee and Mississippi.

The deceased served in the Eighth Kentucky in the Confederate army and he bore the reputation of being one of the most fearless soldiers under the command of Gen. N. B. Forrest. He served the entire four years in the war. He was in the same company with Major H. S. Hale and J. T. George of Mayfield. He took part in the battle of Harrisburg, Miss., at which time the late R. T. Davis was wounded. Mr. Burnett and Mr. Davis had made an agreement that if one should be wounded during the battle the other was to carry the victim from the battlefield. It happened that Mr. Davis was wounded, and Mr. Burnett, true to his promise, carried Mr. Davis from the bloody conflict. He received a severe "scourge" from Gen. Forrest and the latter and Mr. Burnett came near having serious trouble because of it.

Mr. Burnett is survived by a widow, Mrs. Belle Burnett, four daughters and two sons as follows: Mrs. W. J. Webb and Mrs. Will Ward of Mayfield, Mrs. Manie Hooper of Seattle, Wash., Mrs. Bettie Hooper of Lowes, Rufe Burnett of Chicago, and Henry Burnett of Mississippi.

He was a member of the Christian church and was an Odd Fellow. The body has been removed to the home of his daughter, Mrs. Ward, on West Walnut street, where the funeral services will be held Saturday morning at 10:30 o'clock, conducted by Rev. Howard Brazleton of the First Christian church, assisted by Dr. H. N. Barbee, minister of the First Presbyterian church. Confederate veterans will be the pall bearers.

FOOD AND FEED MEETING CALLED FOR MONDAY AT THE COURTHOUSE

The county farm agent, working in conjunction with the United States Kentucky state department of agriculture, has called a food and feed meeting for Monday afternoon at the courthouse at 1:30 p.m., when ways and means will be discussed to increase the food and feed supply, at least to the extent that we will not be dependent on some other community for our necessities.

One does not realize on first thought how serious the situation really is, but when you stop to consider that present department of agriculture reports estimate our winter wheat crop as being 200,000,000 bushels short, or two bushels for each man, woman and child in the United States, with wheat selling at \$2.25 per bushel, with one million of our able-bodied producers about to be called into the ranks of consumers, for that is what it will mean when our proposed armies are recruited. The South consuming \$1,000,000,000 worth of food and feeds annually that she does not grow, but is grown in the North and West. At the same time the armies of the allies are now our surplus foods in greater quantities than ever before.

With our own nation at war it behooves us as American citizens to come to the front and grow food and feeds for any failure of the allies will mean as much to us as they.

Aside from it being our duty as patriots food is the most necessary of munitions. History will show that more battles have been lost on account of lack of food than from any other cause, so we must have food and feed.

Besides, it is the only safe bet for the farmer, for the demand for food-stuffs is the greatest in the history, and the production has not kept pace with the increase in population by 25 per cent for the last 15 years. We do not advocate the discontinuance of tobacco, but with 80 per cent of our dark tobacco being sold for export and nothing definite in the way of ocean shipping for another year, there is no telling what our tobacco market will be in another year; but if we raise our food and feeds we can withstand any slump in the tobacco market. Grow food and feeds, then make tobacco your surplus crop. The merchants of Mayfield will be asked to close their stores between the hours of 1:30 and 2:30 p.m. Monday and attend this meeting, and every citizen of Graves county is asked to come in to this meeting and find out what the department of agriculture is doing and advocating along this line.

Ready to Fight Again.

E. L. Byrd, who served in the Confederate army in the war between the states, says that he would be only too willing to join the army now and fight the Germans. He says he is yet active and could do a lot of fighting if given a chance, but of course his age would prevent him from enlisting. There were four Byrd brothers to serve in the recent war and every one was injured.

CONDITIONS FAVORABLE FOR FINE SYSTEM OF ROADS IN THE COUNTY

County Judge and Fiscal
Court Doing Much to
Get Them.

From present indications, more permanent roads and bridges will be built in Graves county this year than at any time in the past, if the people give the fiscal court the necessary support and cooperation.

The so-called Federal Aid road is practically a certainty. This road passes through Graves county from east to west. Coming from Benton, it will strike the Graves county line somewhere in Magisterial District No. 8, and will pass through Mayfield and Fancy Farm to Bardwell. The right of way for this road has already been signed up between Mayfield and the Carlisle county line, and petitions for the right of way are now being circulated on that part of the proposed road which lies east of Mayfield. Cash donations are also being secured all along this proposed route and surveys will be begun some time next week.

The fiscal court has also designated the Mayfield and Paducah road and the Mayfield and Fulton road to receive the benefits of State aid, and when these roads are completed there will be a first class highway leading through every magisterial district in Graves county.

It has been the policy of the State road department to limit State aid to one road until it is completed, but in order to secure a more general distribution of this money over the county, the fiscal court has decided that State aid be applied toward the construction of more than one road. Judge Gregory presented this appeal to the Commissioner of Public Roads at Frankfort and that official has given Judge Gregory authority to start surveys on the road running north and south which will pass through Water Valley, Wingo and Pryorsburg to Mayfield, thence on northward through Hickory Grove to the McCracken county line. This concession is made in view of the fact that the Federal road running east and west will require such a large amount of county and State funds on account of the part of the expense of this road which the government will assume.

Petitions for the right of way and for donations on the road running from Fulton to Paducah will be started in the very near future, and as soon as the right of way is procured surveys will be made as rapidly as possible. A bill is now pending in the legislature which will in all probability become a law which will also double the State fund. With the passage of this law Graves county will receive almost twice as much money from the State as she has received heretofore, and it will be but a matter of a short time until Graves county will have a fine system of State aid roads running through every part of the county.

Road building is in its infancy now and we believe wonderful strides will be made in our county within the next few years in the matter of building permanent roads and bridges. The people are waking up to the fact that it pays to build first class roads and permanent bridges, and they intend that our county shall keep abreast with every progressive movement in this direction.

Choate Case Tomorrow.

There was no session of circuit court today, but tomorrow morning Judge Gardner will convene court for the purpose of hearing the motion of B. E. Choate for a new trial. In support of the motion, affidavits have been filed from J. A. Washam, H. W. High, Edgar Elliott, W. E. Nance, G. W. McAlister, Crossland Overby and E. H. Hooker, jurors in the case.

MEDICAL SOCIETY HAS GOOD MEETING THURSDAY

The Graves County Medical Society met Thursday in the office of Dr. G. T. Fuller with the largest attendance for some time and one of the best and most interesting meetings. There were twenty-four present from all parts of the county. An excellent paper on "Complication of Measles" was read by Dr. J. H. Shelton of Mayfield.

A committee was appointed to draw suitable resolutions to be presented at the next meeting, when the society meets again, in regard to those "who can and will not pay," known as the "dead beat."

The society will meet May 31st at Wingo, when the Fulton and Hickman county medical societies will be invited to join the Graves county doctors. On this day there will be a big barbecue, a fine program and a brass band. This is expected to be the banter meeting of the Graves county society.

Officers were elected Thursday for the year 1917 as follows:
President, J. F. Kirksey of Sedalia.
Vice president, G. T. Fuller.
Councillors, J. G. Puryear and J. H. Shelton.
Secretary and Treasurer, H. H. Hunt.

Delegates to the State convention, E. A. Stevens and John L. Dismukes.

BRAZIL WILL SEIZE ALL GERMAN SHIPS

BUENOS AIRES, April 13.—The newspapers print a report that the Argentinean transport Pampa has been sunk by a German submarine. Another report is that the Argentinean sailing vessel Oriana has been sunk by a German raider off the coast of Brazil. There is no official confirmation.

RIO JANEIRO, April 13.—The government has decided to seize all German ships in Brazilian harbors.

Roach and Greene Indulge in Comedy

Frankfort, Ky., April 13.—In the senate, the amendment to the Pickett bank tax bill providing a limit of 60 per cent to bank taxes, which was rejected by the house, came up for consideration and W. F. Bradshaw of Paducah, president of the Kentucky Bankers' Association, made an argument for its adoption.

In the house a bill placing a daily tax of \$100 on race tracks, except at county and state fairs, was argued all morning. An amendment offered by Greene, to tax each jackpot in poker games, and one by Roach, to fix a 10 per cent tax on each crap game, were ruled out as not germane.

Bills offered by Hutchcraft, to levy a tax of 3 cents on each barrel of oil produced, and taxing commissions on par-mutuels 2 per cent, were given their first readings.

A bill fixing a tax of 2 cents on each ton of coal mined 2 cents on each barrel of oil produced and 1 cent on each 10,000 feet of gas was made a special order for Friday morning.

The race track tax bill as amended by Representative Perry, providing a \$500 daily tax on all race meetings at a track within 20 miles of a city of 200,000 and \$200 on all other tracks, except county and state fairs, was passed.

LOYDS BETS 10 TO ONE THE WAR ENDS IN NINETY DAYS

New York, April 13.—Lloyds London, is betting 10 to 1 that the war will be over in ninety days, according to a report in leading Wall Street brokerage houses yesterday.

Early in March some local interests cabled Lloyds, London, as to what they would ask on a policy covering the end of the war by September, and they replied that it was a 50 to 1 shot.

Local insurance underwriters who would know as to whether Lloyds were willing to write policies that the war would end in ninety days at 10 to 1 yesterday asserted that they were not aware of the fact. They were extremely interested in the report, one of the underwriters immediately cabled London and hopes to receive a reply today.

DAILY MARKETS

St. Louis Live Stock Market.

National Stock Yards, Ill., April 13.

Receipts—Cattle, 1,300; hogs, 9,000; sheep, 2,000.

The trade has lacked the keen spirit shown a week ago, and in a general aspect this has resulted in a weaker trend of prices. Fat steers are closing 15¢ to 25¢ lower than last week; yearling butcher cattle 25¢ lower, though the market on stock and feeder stuff, as well as killing cows, has held about steady, this being due to the scarcity of the last two mentioned kinds. The weakness, as mentioned, has also no doubt been due to the rumors of the government control of foodstuff, but this has been rather premature, we believe, and there is no occasion for unnecessary action on part of buyers. However, we think it is only temporary, and are favorably inclined for a better market next week.

Hogs—The hog situation, however, outside of spots on certain days, has shown fairly even tone, and present values compared with a week ago are about steady, though yesterday being \$16.40. Choice hogs, 180 lbs. up, \$16.00@16.40; mixed hogs, 160 lbs. up, \$15.50@16.00; best rough hogs, \$15.40@15.60; half-fat rough hogs, \$11.00@13.00; 120 to 140-lb. pigs, \$13.25@14.75; light pigs, \$10.00@13.00.

Sheep—Trade brisk and strong to a shade higher on lambs, with sheep fully steady. Best wool lambs, \$15.40@16.00; medium to good, \$14.25@15.25; good to choice clipped lambs, \$12.25@12.50; common to best cull lambs, \$10.50@13.50; good to choice fat sheep, \$11.50@12.25; medium, \$8.00@11.00; coppers, \$7.50@9.50; canners, \$5.50@7.00; bucks, \$10.50@11.00. Goats—Choice kids, \$8.50@9.50; 11.50; choice aged goats, \$8.50@9.50.

HAITI IS EXPECTED TO DECLARE WAR ON GERMANY BY MONDAY

Port Au Prince, Haiti, April 13.—Our correspondent has been unofficially informed that President Sastre Dartiguenave will within the next few days address a message to a joint session of congress, asking that a state of war be declared as existing between Haiti and Germany. It can be said authoritatively that the Dartiguenave government wants to assist the United States to the limit of its resources in man power.

Buy Old Iron Furnace.
The old iron furnace at Grand Rivers, Ky., has been sold to J. E. MacAdams of Scottsville, Tenn., and he either will move it to another location or operate it at Grand Rivers. Citizens of Kuttawa are trying to induce him to locate it there, but he is undecided. MacAdams is said to represent capitalists. He also bought a large acreage of iron ore land in Lyon county. The Grand Rivers furnace was built by Thomas W. Lawson of Boston several years ago and operated for a while. It is said that the iron industry will be revived again in that section on a large scale.—Smithland Enterprise.

Man Bites Another and Blood Poison Follows.

Charlie Briggins, residing a few miles west of town, has decided he will not contest physical endurance and moral courage with an antagonist again unless his adversary is duly muzzled. In the course of human events some two weeks ago he was called upon to defend his honor and person against an attack by a Lake county man—rather two of them—and in the process of physical arbitration he was bitten by the enemy on the large finger of the right hand. The immediate injury was negligible, but blood poison developed and it was thought for a while by Dr. Wm. Bright, the attending physician, that the hand would have to be amputated. However, Mr. Briggins' hand is now much better and is in a fair way to recovery.—Hickman Courier.

Bunny's Popularity.

In his speech at the courthouse Tuesday afternoon Dr. Fred Mutchler made this interesting prediction: "Next fall when the hunters go out after game, rabbits will be more sought after than quail for it will be a question of amount of the island for we will be in serious need of by that time and must have. And don't sell off any calves unless it is a Jersey bull calf. Keep all the others and grow them into full size beef. Jersey cattle are selling in the islands for 25c per pound on foot for beef purposes, and it is certain that the United States has received its last importation from there. At this rate a 800-pound Jersey cow is worth \$200 for beef."—Hopkinsville New Era.

The 13-month-old son of Mr. and Mrs. George Mohundro of Milburn died last Friday night of measles. Burial was in the Milburn cemetery Saturday afternoon.—Arlington Courier.

Teachers Elected.
At the last meeting of the trustees of the Arlington school the following teachers were elected: Principals, Prof. Manning, Water Valley; assistant, Mrs. H. L. Cherry; seventh and eighth grades, Carl Graves; fifth and sixth grades, Miss Nannie Glass; third and fourth grades, Mrs. Manning; first and second grades, Mrs. Byrd.—Arlington Courier.

Al Wilson Paroled.
Alvin Wilson was granted a parole from the Eddyville penitentiary at the regular meeting of the prison board in Frankfort last week. Wilson shot and killed Alfred Hendrick on the streets of Cadiz in March, 1910. He was tried at the following May court and given 21 years in the penitentiary and was received at the Eddyville prison in September following. He had served six years last September, but given credit for the good time which the law allows, he served something like nine years of the sentence of 21. We understand that he will go to St. Louis to reside.—Cadiz Record.

Tremendous Sales—The Public's Answer

"Is my product right?" asks the manufacturer;
—"the most efficient, enduring construction?"
—"made of the best materials?"
—"by the most skillful workmen?"
And the public gives the answer—through sales.

The motoring public has given the answer to United States Tires—through sales—sales increases—which are big—continuously big—and growing bigger;—so big, in fact, that they are growing even faster than the amazing growth of the automobile industry. That's the motoring public's answer—that United States Tires—all five types—give supreme service.

As The Clock Ticks

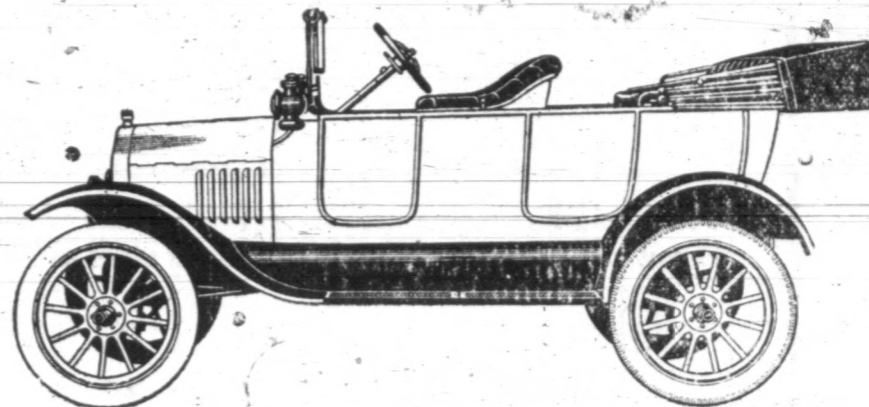

Hours To Minutes---Minutes To Seconds And Then? Five O'clock Saturday Evening.

The supreme moment is at hand. Father Time has his hand at the wheel. The last word has been said—all that the contest manager can do has been done—here is the last count that the judges use to add to their totals.

There are twenty-four hours left and ages for the leaders, minutes and seconds for those that would be winners. For every hour the tide is turning. This morning the leaders are not those of yesterday. And now the doubt is great.

No matter what you have promised—get it. Don't let a single subscription go, for each year will make a world of difference. Maybe it will be the deciding scale. Even a dollar will move your position nearer the top. No matter who you are, no matter where you stand on the list, do not give up the fight. You can afford just one day more of the hardest kind of activity. As the fight is all but over, as you are about to win, DO NOT GIVE UP THE FIGHT. Think of the victories won, the history that has been made, by holding out good and strong just a few minutes longer than the other fellow. And think of the victories that have been turned into defeat by losing faith at the critical moment!

If anyone is to lose through inactivity on the eve of victory, do not let it be you. Make your one decisive stroke and count the last six weeks of work as another rung in your ladder of success.

STAGE ALL SET FOR LAST ACT OF THE MESSENGER CONTEST ON SATURDAY

Contest Manager's Final Count Appears in The Messenger Today—Ballot Box Is Locked—Final Count to Determine Winners.

The final count to be made by the contest manager appeared in last evening's issue of The Messenger. The list will stand as it was printed last night and today until the final count is made by the judges Saturday night. If you have any corrections to be made on the count as it appears today, be certain to do it before tomorrow noon, as after that it will be too late. If you have any votes that you have not got credit for, explain it to the contest manager, and he will be glad to correct all errors.

The ballot box is locked and sealed. The key is in the hands of the judges. And by the way, it is some seal. The box has guarded the interest of millions of votes. The judges will have soon broken the seal that the contest manager so carefully set upon the guardian of the contestants' future, and the final count, which will spell

pleasure and satisfaction to many, will at the same time add further incentive to the woe-begone losers to hasten on their dance of apology.

There still remains the final sprint to be made tomorrow. Without that final spurt those who stand near the top touring cars could not hope for success. And as the last few hours give place to the last few frenzied minutes, the contest manager cannot refrain from repeating the old, well-worn warning, "Do not overlook a single subscription, no matter how small it may be." You cannot afford it. As the end approaches, do not let your energies abate.

Bring Them In Early.

Again—get your subscriptions in early in the day. Don't wait until the last minute. And above all things, if you have anything to ask the contest manager about, or if you have anything to look up, do not wait until the last minute, for there is going to be something to do the last few hours and the contest manager won't have time to do anything but to issue votes the last few hours. So, if you wait until the last hour or so, do not expect to have the contest manager answer any foolish questions or to settle any dispute regarding your votes. All such questions will be gladly attended to at any other time. Bring in your report early.

District Number One.

This district includes the city of Mayfield. The contestants in this district will receive three prizes: A Ford touring car, a diamond ring and a gold watch.

District No. Two.

This district includes all territory outside of the city of Mayfield. The contestants in this district will receive three prizes: A Ford touring car, a diamond ring and a gold watch.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. "Heavy." Note how they feel "loggy" and brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

"Arms and The Woman" Feature at the Princess Today.

This strong drama brings a powerful story to a stirring climax in which a woman is torn between her love for her husband and her brother and her and whether she will sacrifice the man she has married, the boy who is her nearest relative, or her country. Mary Nash is Rozika, the beautiful girl who, gifted with a golden voice, emulates to America where her street singing attracts the ear of David Trevor, the president of a great munitions corporation. He has her voice cultivated and eventually marries her. At the height of her happiness, Rozika realizes for the first time the nature of her husband's business and she knows that her ne'er-do-well brother Carl has been sent by an archaic brotherhood to blow up the factory. What will she do?

GREAT REJOICING BY RHEUMATIC CRIPPLES

If So Crippled You Can't Use Arms or Legs Rheuma Will Help You or Nothing to Pay.

If you want relief in two days, swift, certain, gratifying relief, one-half teaspoonful of Rheuma once a day. If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be free from Rheuma from your druggist today. Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of Rheumatism—an enemy that conquers it every time. Judge John Barhorst of Ft. Loramie, Ohio, knows it. He was walking with crutches; today he is well. It should do as much for you; it seldom fails. Rheuma is sold with a guarantee by Evans & Covington.

WAR-TIME CALL FOR 500,000 VOLUNTEERS ISSUED BY THE U. S.

Washington, April 13.—The war department prepared today to issue instructions to recruiting officers, which will be in effect a call for 500,000 volunteers to fill up the regular army and the existing units of the national guard.

All recruits enlisted since the declaration of war and those to be enlisted hereafter will be notified that they will be discharged at the close of the war, putting them in the status of war time volunteers.

A total of 4,355 men already have been enrolled in the regular army who will come under such a status. This number of recruits was accepted during the first ten days after the passage of the war resolution.

Analysis of the pending administration bill as it affects the regular army and the national guard shows that provision is made for the absorption of 517,868 volunteers. Of these 161,519 will be needed to fill up the regular army and 296,349 for the national guard. As 150,000 men must be withdrawn from these two services within six months to train the first 500,000 increment of the selective conscript army, their places must be taken by that number of additional volunteers.

By this plan while absorbing the volunteer spirit of the country, the feasibility of depending entirely upon volunteers will be demonstrated. Army officers are certain that it will show congress, where there are some doubts of the selective plan, that conscription is necessary to maintain an army adequate to meet the present situation.

WHAT WEAK WOMEN NEED

We Have It in a Remedy Containing the Three Oldest and Most Famous Tonics.

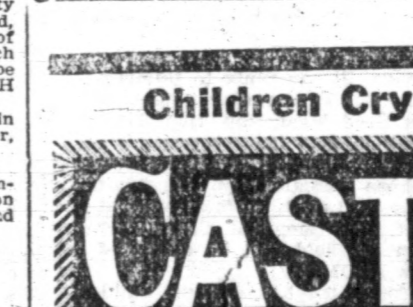

Vinol contains the oldest and most famous tonics known to medicine, viz., beef and cod liver peptones, iron and manganese peptones and glycerophosphates.

That is why Vinol is such a wonderful remedy for "weak, run-down" persons, feeble old people, delicate children, and to restore strength after sickness. Read this testimony:

Savannah, Ga. "I was weak, nervous, run-down, had no appetite, and could not sleep. I had tried medicines without any benefit, and one day the nurse asked me to try Vinol. I did so and it made me feel like a new woman. It has restored my strength and I can do all my own housework. I would not take anything for the good Vinol has done me." Sarah White.

We return money in every such case where Vinol fails to benefit the purchaser. Evans & Covington, Mayfield, Ky. Also at leading drug stores in all Kentucky towns.—(Adv.)

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn.—"I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."—Mrs. O. M. KEMAS, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, old feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration about an operation I would always be an invalid, but I told him I would wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so glad I got this medicine. I feel as though I should have recommended it to others and they have done so."—Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
