## C. A. YATES.

C. A. Yates publishes a card, announcing himself a candidate in today's paper for justice of the peace in Magisterial district No. 3. It is his purpose to see all the voters possible in his district and lay his claims as a candidate before them. Read his card and give Mr. Yates the consideration due his candidacy.

Justice L. F. Morgan of District No. 6 was in the city Monday and said to a Messenger reporter that he had been very strongly solicited to become a candidate for representative of Graves county for the next general assembly of Kentucky, but owing to the health of members of his family and other things, he had not yet made up his mind to become a candidate, but if he does he will announce right away. Mr. Morgan is an excellent gentleman, and should become a candidate will no doubt be a strong factor in the race.

## CARLYLE CARTER.

This splendid young attorney offers himself today in the Messenger for city attorney of the city of Mayfield. He is a son of Mr. Lon Carter, a prominent grocerman of the city; he was graduated in law school and has been in the practice of law since his return from college.

He has made up his mind to give his life to the profession of law and as is common, whenever circumstances permit, young lawyers like Mr. Carter are usually assisted from the beginning of their practice by being elected city or county attorney.

After serving the city four years, it places a young attorney on the road to success and in this way it aids many young men to become prominent and eminent lawyers.

Mr. Carter has no enemies, so far as we know, in this city, and his host of friends will be delighted to know that he is aspiring to this office, which is a very important office for the people of Mayfield. An energetic, able and honest city attorney has much to do with the progress and advancement of a city. The new city attorney will have im-

## WHAT SELECTIVE ARMY DRAFT BILL MEANS TO THE NATION

Estimated It Will Give an Army of Approximately 2,000,000 Well Trained Officers and Enlisted Men by Next Spring—Another Test of the Volunteer Sentiment Will Come in Conference Fight Over Mexican Border Patrol Duty Amendment.

Washington, D. C., April 30.—Here is what the new selective draft army law, approved by congress, means to the nation:

Every male citizen in the United States, regardless of his physical condition or occupation, whether married or single, if he is within the age limits set by the law, must register on the government roll. The President will call upon them to do this by public proclamation immediately and will at the same time announce the registration officials, who will probably be postmasters, revenue officers and other federal officials, throughout the country. Severe penalties are provided for non-compliance.

The minimum age limit is 21 years. The maximum is not yet fully determined. It will be somewhere between 27 and 40 years, to be determined by conferees of the house and senate. The number from each state will be apportioned according to population. Out of those who register the government will at once select 500,000, and President Wilson is authorized to select 500,000 more whenever he desires to do so.

These men, after registration, will be exempted: Legislative, executive and judicial officers of the United States and the several states, persons belonging to religious organizations whose creeds are against war, and preachers of any religious denomination.

Furthermore, the President may in his discretion exempt or draft for partial service, customs house clerks, persons handling mails, workmen employed in arsenals, navy yards and armories, persons engaged in industries necessary to the maintenance of the military establishment, pilots and mariners of vessels, persons having dependent families and all persons who are morally or physically deficient.

### ARMY OF 2,000,000 BY SPRING.

The new law also authorizes the President to raise by the volunteer system, and for the war only, enough men to raise the regular army to 287,000 men and the national guard to 625,000 men.

The law, it is estimated, will give an army of approximately 2,000,000 well trained officers and enlisted men by next spring. Boys less than 21 and more than 18 years old probably will be allowed to volunteer and will be accepted if physically fit.

A vigorous fight over the age limitation of those liable to draft will be waged in conference. The senate went on record in favor of drafting the young men between the ages of 21 and 27 years, while the house went to the extreme and fixed the maximum age limit at 40 years. While each branch of congress will insist upon its own age provisions, there is considerable talk of striking a compromise by accepting 35 years as the maximum age.

President Wilson is expected to take a hand in the argument before it is over and it is believed that whatever age limit he is likely to suggest, upon the recommendation of the general board of the army, ultimately will be adopted by congress. The minimum age limit of 21 years, not being in dispute between the two houses, will remain as it stands. Members of the house are strongly entrenched in support of maintaining a high maximum limit so that there will be no cry against a "young man's war." The original age provision of 19 to 26 years, recommended by the army board, was based upon careful calculations to strike at an average age most suitable for service. That the final maximum age will be somewhere between the 27 years approved by the house and 40 years appears probable as a compromise.

### VOLUNTEERS FOR MEXICAN BORDER.

Another test of the volunteer sentiment will come in the conference fight over the senate amendments authorizing the President to accept four volunteer divisions and three regiments for Mexican border patrol duty. The former amendment, adopted after a patriotic appeal on behalf of Theodore Roosevelt, undoubtedly will be dropped in conference. Two of the three members of the senate conference to be appointed, Senator Chamberlain and Senator Francis A. Warren, republican, of Wyoming, voted against the amendment offered in the senate. The other, Senator Gilbert M. Hitchcock, democrat, of Nebraska, who was one of the volunteer leaders in the fight, voted for the amendment. With the house on record overwhelmingly opposed to the proposal to allow Mr. Roosevelt to raise a volunteer force, the chances for final adoption of the amendment are decidedly unfavorable. The other minor differences between the two bills will cause no delay, although the house may balk at accepting the senate prohibition amendment.

important things to look after, because during his administration it will be necessary for him to prepare himself to meet the emergencies that may arise. The Messenger takes pleasure in commending Mr. Carter to the democratic voters of the city.

## GERMANY FACES CRISIS AS AMERICA PREPARES

Decisive Political Step Will Be Reached Tuesday.

### CAN KAISER HOLD OUT?

Germany Must Survive Her Antiwar Demonstrations.

Washington, April 30.—The most decisive political step of the general war against Germany will be reached Tuesday, state department officials confidently believe. On the outcome of the threatened general strike of food producers and munitions workers in Germany on May Day will depend whether Germany must bow to defeat at an early date or will be able to fight on for months longer.

Officials admitted today that should Germany survive the anti-war demonstrations planned by the German populace on May 1, the empire will be able to fight for a far longer time than is generally believed in America. This belief was based upon official reports upon conditions in Germany from Switzerland, Denmark and France. The unrest in Germany and the dissatisfaction with the present conditions has reached its climax, the reports state. If German officials can pass safely through this crisis they can continue another year of war. In the meantime, Germany's submarine will probably continue to play havoc with the shipment of foodstuffs and munitions this government is to furnish the entente allies.

The present political condition in Germany has been largely brought about by President Wilson's war address to congress, the state department has been officially advised. Reports show more than 300,000 copies of the message in which the President showed "the United States has no quarrel with the German people" themselves have been translated into German and dropped behind the German lines by French, British and American aviators on the war front.

These copies have been distributed among the civilian population in a large extent by socialists and other anti-war organizations. It has been learned, and are said to be in large

measure responsible for the sudden acceleration to the sullenness of the German people against the government.

The admittedly difficult situation of the German cabinet at present is causing deep interest among officials here. The situation has been talked over informally between state department officials and members of the French and British commissions.

### Received His Blanks.

Dr. G. T. Fuller has received blanks from the War Department to fill out as a physician, preparatory to entering the medical department of the army. This law requires physicians from 25 to 35 years. Dr. Fuller very graciously notified the department he was over 60 years of age and therefore not eligible.

### MANY OYSTERS HANDLED.

To give an idea of the oyster business in Mayfield during the season of from November 1 to April 1, the George Wade cafe on the east side alone bought oysters to the amount of \$36.55. This does not include the oysters that were purchased by Mr. Wade from other dealers when his supply had become exhausted, and it is estimated that he has handled about \$500 worth. The total amount handled in Mayfield during the season would amount to several thousand dollars.

### MEETING HIS FRIENDS.

Dr. J. C. Sullivan, who is now located at the Hopkinsville asylum as one of its physicians, was in the city Monday, shaking hands with his many friends. He is very much pleased with his new location.

## If You Love Yourself, Family or Town, Then Clean Up

Clean-up days come Wednesday and Thursday of this week, and on this annual occasion many loads of trash are hauled away and the city is left in a beautiful and healthful state. The city will haul off the trash if it is left in front of the premises. Those who love good health, sanitation and a clean city should begin now to pile up all trash and refuse so that the wagons can get it.

### Eight Cases Dismissed.

County Health Officer J. L. Dismukes, has the small-pox situation well in hand and thinks there will be no more cases to develop. He has dismissed eight cases as well in the past few days, three at West Plains, three near Burnett's Chapel and two near Clear Springs.

## C. A. Yates Announces For Justice of Peace

To the Voters of Magisterial District No. 3:

After numerous solicitations by my friends and neighbors, and after canvassing practically all of our district, I have decided to enter the race before the democratic primary at the August, 1917, election for the nomination of justice of the peace of this district.

In making this announcement I realize that I am a candidate for one of the most important positions in your county. Your fiscal court, as a member of your fiscal court, bears the same relation to the finances of your county that a director does to the finances of a bank. Thousands of dollars are expended each year and unless this money is expended wisely and economically the people are burdened with taxation and no permanent good results to them. As a member of your fiscal court, I will do all I can to improve the roads and bridges of our county, and to build as much permanent road in our district as it is possible to do without going in debt. I shall try to secure for the Third district as much money as is expended in the other districts of the county—not for the purpose of always securing an exactly equal division—but because of improvement, which is necessary not only for the benefit of our district but for the whole county.

Each contract let by me shall be completed according to the plans and specifications before I shall receive same or shall recommend that the contract price, shall be paid day-by-day. While I shall insist upon a strict and rigid enforcement of the criminal law, I propose to give each man brought before me upon a criminal charge a fair and impartial trial, according to the law and the evidence. If elected, as a public official I shall have no favorites, but to the utmost of my ability in transacting public business I shall know no friend or foe, but shall deal out even-handed justice to all.

Practically my whole life has been spent in your town. If you believe me worthy and think that I can make you a first-class official you will appreciate my support and influence more than I will. Thanking you for past favors and courtesies, I am, Truly yours, C. A. YATES.

## Popular Young Man Enters Race For City Attorney Of Mayfield

Carlyle Carter.

### TO THE DEMOCRATIC VOTERS OF MAYFIELD

#### TO THE VOTERS OF MAYFIELD:

I hereby desire to announce myself as a candidate for the office of attorney for the city of Mayfield, Ky., subject to the action of the Democratic primary to be held August 4th, 1917.

Although the office of city attorney is not so exalted as to be coveted by older and more experienced lawyers nevertheless, it affords a vast experience and opportunity to a man young in the practice of the law. And as the duties of this office require a man trained in the law, I feel in asking your indorsement, that you should have a knowledge of such qualifications as I may possess.

After finishing my preparatory studies in the West Kentucky College, formerly of this city, I entered the State University of Kentucky, spending six years at that institution. The latter three of which I devoted to the study of law and graduated in 1915

from the law-school of the State University of Kentucky. In the same year, having been admitted to practice, by an examination held under Judge Reed at Paducah, I entered into the practice of law, being connected with the firm of Robbins & Robbins until September, 1916, when I was appointed assistant county attorney to Mr. F. B. Martin, which position I now hold.

I am a Democrat by heredity as well as choice, all my relatives having been rightly loyal to the party since the Civil War. I have lived in Mayfield practically all my life, having moved from Paducah, Tenn., at the age of four years, and feel that, I am personally acquainted with the majority of the people of Mayfield.

In exercising their suffrage in favor of anyone, I realize that the public demands efficient service in return, and I pledge you, in case I am elected, to strive to the extent of my ability to make you a creditable official.

Hoping that I may be able to talk individually with you all, I am, Very truly, CARLYLE CARTER.

### NO CHANGE IN PRICE of ICE CREAM!

But owing to the increased cost of everything that goes into ice cream, we will have to discontinue the serving of ice cream soda (so-called Fluffs). We are forced to keep up our high standard of ice cream, which we intend doing. The only difference is we cannot sell 5-cent fluffs. B. S. HUNT.

### Business For Sale, Beginning May 1st

I will sell my grocery business, in whole or part, consisting of a general line of groceries and patent medicines, etc. Anyone wanting a good location in a paying grocery business will do well to see me at once. J. M. EVANS, Farmington, Ky.

### I. O. O. F. Notice.

All members of Mayfield Lodge 151 are requested to be present this (Monday) evening at 7:30 o'clock to assist in conferring the initiatory on the candidates who could not be present last Friday evening. Members who took the initiatory Friday evening are entitled to sit in this degree and are urged to be present. L. D. MORRIS, N. G.

### Police Court.

In police court Monday morning, Charley Sills, a well known young white man of the city, was held to the grand jury under a bond of \$300 on the charge of assault and battery. He was charged with striking his wife Sunday. Jess Wright is charged with cruelty to his children, and on account of absent witnesses, the trial was continued to Monday, May 14. Raymond Massey, colored, aged 15 years, was charged with drunk and disorderly conduct and the case transferred to the juvenile court.

### LOST

Lost or taken off of arm, Sunday, a small size gold watch bracelet, with full monogram M. E. P. on back. Finder will please return to Mrs. Will Frisette or to Messenger office and receive reward.

### Doctors' Notice.

There will be a meeting of all the physicians in the county Thursday night at 7:30 o'clock at Dr. Fuller's office. Business of importance and all doctors of the county are expected to attend. H. H. HUNT, Sec.

### TREASURY STATEMENT.

Washington, April 29.—Condition of the United States treasury: Net balance in the general fund, \$147,851,227. Total receipts, \$5,836,605. Total payments, \$3,167,671. The deficit this fiscal year is \$160,324,827, and a deficit of \$50,593,783 last year, exclusive of Panama, Canal and public debt transactions.

### AND SO IT GOES.

"Well, well! The Hartford Herald is boasting of the sale in that county (Ohio) of corn at \$9 per barrel, raised on land worth \$6 per acre. It says, too, that the corn was sold to Davies county parties who owned land valued at \$200 per acre."—Shelby Record. In Graves county, the other day a load of corn of six barrels was sold for \$50 instead of on land assessed at \$7 per acre but really worth \$25. And so it goes in these war times.

### TRAVELING MAN SAYS ZEPPELIN KILLED 800 IN LONDON

R. E. Day of Paducah, a traveling salesman here this week, said that a recent Zeppelin raid on London killed 800 persons, but that the fact was suppressed from publication by the British censor. Mr. Day returned to this country from London last December. He gave many interesting aspects of life in the British capital under present conditions, and said that the town was practically in utter darkness at night as a protection from air attacks.—Elizabethtown News.

### PINK DOGWOOD BLOSSOMS.

The first pink dogwood blossoms that many have ever seen were brought to The Messenger office Monday morning. They were taken from a tree north of the city, and those who have seen them say they never saw any of that color before.

VOLUNTEER PLAN IS LOST IN BOTH HOUSES BY BIG MAJORITIES

Senate Approves President's Plan by 81 to 8.

HOUSE VOTES 397 TO 24 Houses Differ on Ages of Men Subject to Draft.

Washington, April 30.—The administration war draft bill passed the house late Saturday night by a vote of 397 to 24. On the roll call the house rejected the volunteer army proposal by a vote of 313 to 109, an even greater majority than that by which the amendment had been eliminated from the bill earlier in the day on a teller vote in committee of the whole.

On objection of Chairman Fitzgerald of the appropriations committee the \$3,000,000,000 appropriation provided for carrying the bill into effect was finally stricken out by the house by a vote of 351 to 25, and it was agreed that the committee should bring in a separate measure Monday to finance the raising of the war army. The senate passed the bill by a vote of 81 to 8.

Washington, April 28.—By an overwhelming majority both the senate and house passed late tonight the administration bill to raise a war army by selective draft.

The final roll calls brought into line behind the bills many senators and representatives who had fought for the volunteer system until routed by the decisive defeat of volunteer amendments earlier in the day in both houses.

The senate, which had voted down the volunteer plan 69 to 18, passed the bill by a vote of 81 to 8. In the house the vote against the volunteer plan was 313 to 109 and that by which the bill itself passed was 397 to 24.

As passed by the senate the measure provides for the draft of men between the ages of 21 and 27 years, while in the house measure the age limits are fixed at 21 and 40. This and lesser discrepancies will be threshed out in conference early next week so that the bill may be in the hands of the President as quickly as possible. The war department already has completed plans for carrying it into effect.

Senators who voted against the bill were: Democrats, Gore, Hardwick, Kirby, Thomas and Trammel; republicans, Borah, Gronna and LaFollette. Total, 8.

Senator Vandaman of Mississippi, democrat, was excused from voting at his own request. He did not give a reason.

Will Increase Soldiers' Pay.

The representatives who voted in the negative were: Republicans, Bacon, Hayes, King, LaFollette, Lunt, Lee of Minnesota, Mason, Noland, Powers; democrats, Burnett, Church, Clark of Florida, Claypool, Crosser, Dill, Dominick, Gordon, Hilliard, Hudleston, Keating, Sears, Sherwood, Sisson; prohibitionist, Randall; socialist, London.

Both senate and house adopted amendments just before the final roll calls which would greatly increase the pay of enlisted men during the war. The house provision would make their pay \$30 a month, and that approved by the senate would fix it at \$29 a month. The present pay is only \$15.

In the house at the last moment Chairman Fitzgerald of the appropriations committee objected vigorously to the appropriation of \$3,000,000,000, carried in the bill for the expenses of the new army, and the section finally was stricken out entirely. Mr. Fitzgerald declared that to place this vast sum in the hands of the secretary of war would make of congress a "mere automation," and promised that if the section were voted down the committee would provide funds promptly in a separate measure.

Among the amendments adopted in the senate was one which would permit Col. Roosevelt to recruit a volunteer force for service in France. A similar proposal had been rejected by the house. Speaker Clark, democratic leader Kitchin and Chairman Dent of the military committee, who had favored the volunteer system, all voted for the draft bill on the final roll call. Republican Lender Mann also was recorded in the affirmative, as was Miss Rankin, who previously had voted with the volunteer advocates.

No Liquor for Soldiers.

Among the more important amendments adopted in the house was one empowering the President to exempt from the draft in his discretion persons engaged in agricultural work; another would require each state to furnish a quota of men apportioned according to population, and still another provides that "no bounty shall be paid to induce any person to enlist" and that "no person liable to military service shall hereafter be per-

mitted or allowed to furnish a substitute for such service."

In the senate there was a long debate over the proposal to prohibit the sale or possession of intoxicating liquor during the war. Several amendments were adopted, including one to make it unlawful to sell or give liquor to officers or men in uniform or to members of congress or other officials, and then the senate reversed itself and adopted a substitute simply forbidding the sale of liquor to soldiers in uniform and giving the President wide discretionary authority to make other prohibition regulations.

An amendment by Senator Curtis stipulating that men subject to draft, who voluntarily present themselves, shall be recorded as volunteers, was accepted by Chairman Chamberlain and went into the bill.

Another long debate was evoked over amendments by Senator Thomas and Senator LaFollette to exempt from conscription those having "conscientious objections" to military service. Both were defeated without a roll call, and the bill's exemption proposals, left unchanged.

WAR WHISKY TAX WILL PROBABLY REACH \$2

INCREASED POSTAL RATES, WIRE AND EXPRESS ASSESSMENTS PLANNED.

Washington, April 30.—The subcommittee of the ways and means committee that is preparing the rough draft of the war revenue bill is nearly ready to make its recommendations to the full committee. The results of a full week's work embrace the following conclusions: To increase the tax on straight whisky from \$110 to \$2 a gallon. To increase the tax on rectified whisky at least 25 cents, and perhaps 40 cents a gallon. To increase letter postage from 2 cents to 3 cents. To tax each telegraph and telephone call of 15 cents, and upward 2 cents. To add 3 per cent to railroad freight bills. To tax all express shipments 10 per cent. To increase second-class postage rate on the zone system.

The subcommittee of the ways and means committee is made up of Representative Kitchin of North Carolina, chairman; Ralley of Illinois, Dixon of Indiana, Fordney of Michigan, and Longworth of Ohio. Although its plans for raising the additional revenue to assist in financing the war with Germany are tentative, it is generally agreed that the recommendations of the subcommittee will not be materially changed when they are considered by the full committee.

The war revenue bill will be reported to the house some time next week.

The Mayor's & City Health Officer's Proclamation.

In keeping with our annual custom, we proclaim May 3rd and 4th as clean-up days. The City Council has agreed to furnish wagons as usual to haul off all trash, rubbish, tin cans and all other unhealthful and unsightly accumulations, if the householders will pile same in the alleys and streets where it can be loaded. The first of May is the time for all hogs to be removed from the city limits; also all open closets to be thoroughly cleaned and kept clean. We trust all will enlist in this clean-up campaign, and that after the first week in May we will have a clean and healthful town to live in, and that the officers will not have the unpleasant duty to call anyone's attention to their failure in not making their own private premises a decent place to live.

Remember, the City Health Board has the power and the inclination this year to enforce this request and we expect to use every effort to look after the careless and indifferent.

Remember, the city is spending no small amount of money to assist you in disposing of the filth on your premises, and we can expect nothing less than your hearty co-operation.

tion lies south of Appy and runs almost to the outskirts of Gavrelle. The Britishers went into the fray with their usual intrepidity. The Germans resisted strongly, but King George's men would not be denied and soon drove out the defenders of the position and entered it. Counter attacks launched by the Germans were unavailing and at the close of the day the British were in full possession of their new gain and in a precariously better position than previously for a continuation of their offensive eastward toward Douai.

When dawn broke over the battlefield Sunday it found the Canadians holding tenaciously to Arleux-en-Gohelle, which they had captured Saturday in a thrilling battle. Their night had not been a restful one, for the Germans threw a heavy counter attack against them that required hard work to put down with rifle and machine gun fire, a task which, however, the Canadians successfully accomplished and inflicted heavy casualties upon the Germans. Berlin admitted the loss to the Canadians of Arleux-en-Gohelle and to other parts of Field Marshal Haig's army of Oppy and positions near Gavrelle and Roeux, which are characterized as "advanced positions." The German war office adds, however, that except for Arleux all positions were regained and that the British suffered extraordinarily heavy losses. Since recommencement of the offensive Saturday the number of prisoners taken by the British has materially increased, nearly 1,000 Germans having been sent to the prison cages back of the fighting line up to Sunday evening.

Although unofficial advice as to the effect that Roeux is the scene of a titanic struggle, the official reports make no mention of the fact. From the bend in the line northeast of Soissons well into the Champagne the air resounds with the roar of the big guns of the French and Germans. There is still little infantry activity throughout the region, although northwest of Rheims the French have gained considerable ground in an isolated attack and taken prisoners.

WAR NEWS AT A GLANCE.

The three-mile stretch of territory from Arleux-en-Gohelle to Gavrelle is still the scene of great battles for supremacy between the British and the Germans, and in them the British continue to hold the advantage. Another trench system—a barrier to the forward march of Field Marshal Haig's forces toward Douai—has been taken over a front of a mile in most sanguinary fighting. The new posi-

**SICK WOMAN HAD  
CRYING SPELLS**

Restored to Health by Lydia  
E. Pinkham's Vegetable  
Compound.

Enhant, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bobbed. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to my mother 'I guess I will have to die as there is no help for me.' She got me one of your little books and my husband said I should try one bottle. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS LANGMUIR, Box 88, Enhant, Pa.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

**MONEY-MAKING  
OPPORTUNITY IN  
GILPIN-EUREKA**

Opportunity never knocked harder at your door than it is doing today in this announcement. The progress of the world, whether at war or peace, depends upon the mineral producing industry. Without gold, silver, copper, lead and zinc, where would the world be today?

If you want to make money, safely and quickly, select a good, established mineral producing company. Purchase some of its stock at the initial offering price. Put One Hundred Dollars or more in it. Salt the stock away and await the interesting and profitable developments, with an opportunity to double your money.

The Gilpin-Eureka Mines Co. is selling a limited amount of its Treasury Stock at the special price of fifty cents per share (par value \$1-per-share) for the purpose of doubling its present output and for other expansion. The Gilpin-Eureka is an established and producing gold, silver, copper, lead and zinc property at Central City, Colo., 40 miles from Denver. The main shaft is down 690 feet below the surface in rich ore bodies, increasing with depth. Adjoining mine is working 1800 feet below surface and has produced \$10,000,000.

Senator A. E. Stricklett of Kentucky is president of the company. HIGHEST BANKING AND OTHER REFERENCES. The stock is being rapidly subscribed. A limited amount only is for sale at the special price of fifty cents per share; can be purchased on installment payments, one-fourth down, balance in 3 monthly payments. Act today or pay a higher quotation. Send in your subscription at fifty cents per share for any number of shares desired or write today for free illustrated folder and Expert Mining Engineer Report, just completed by the well known firm of Isbell & Simonson.

**NEVADA LEADS  
IN RECRUITING;  
VERMONT LAST**

Indiana Stands Third on Army  
List While Kentucky Is  
Nineteenth.

**FOUR OVER 40 PER CENT**

Washington, April 30.—Nevada led all the states in proportionate recruiting for the regular army between April 1 and 24 by contributing 94.4 per cent of her war quota, which is based on approximate population. War Department reports showed Oregon, Indiana, Utah, Illinois and Kansas ranked next, with percentages of 89.3, 48.6, 40.7, 28.3 and 27.9 respectively.

Vermont made the poorest showing, with a percentage of 2.5, while other low states were: Delaware, 2.9; Maryland, 3.8; New Mexico, 4.5; New Hampshire, 5.6; and North Dakota, 5.7. Illinois gave the largest actual number of recruits, 3,192, and Pennsylvania was second with 2,841; New York contributed 2,677 and Indiana 2,465. Recruits accepted numbered 22,110. The total quota desired April 1 to raise the army to its war strength of about 300,000 was 183,898. These figures do not include the men who have joined the national guard.

CLYDE POUTLER.

This lecture, which will come off on Friday night, May 4, at the courthouse, by Clyde Poutler, is given in the interest of charity.

NO OTHER GRAY  
HAIR RESTORER  
IS GUARANTEED

Here is the one safe, clean, healthful and certain way to restore the natural color to gray or faded, lifeless hair—the one method in perfect good taste and accepted by America's foremost people.

Q-Ban Hair Color Restorer will bring all your hair back to its original, even shade, and it will be rich, glossy, lustreous and soft. For women, Q-Ban means hair of real beauty. For men and women, Q-Ban means the look of vitality, health and youth.

Simply apply Q-Ban like a shampoo. Surely, wet your hair with Q-Ban Restorer. Your hair will gradually and evenly return to its natural, uniform shade. Beware of imitations. Beware, too, of dangerous dyes and chemicals.

Q-Ban is all ready to use. It is guaranteed to be as harmless as the pure air. It is sold under guarantee of "satisfaction or money back." It is the only guaranteed preparation for the purpose. It costs only 50¢ for a large bottle, at Evans & Covington's, and all good drug stores, or write Heasig-Ellis Drug Co., Memphis, Tenn.

Try Q-Ban Hair Tonic, Q-Ban Liquid Shampoo, Q-Ban Toilet Soap; also Q-Ban Depilatory (odorless) for removing superfluous hair. Send for free illustrated book of lectures, "Hair Culture." This tells how to take proper care of your hair. Write today. —(Adv.)

**KEEP LOOKING YOUNG**

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to 'feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

**MUSCLE SORENESS RELIEVED.**

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles; they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief; easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than musky plasters or ointment, it does not stain the skin or clog the pores. Always have a bottle handy for the pains and aches of rheumatism, gout, lumbago, sprains, bruises, stiffness, backache and all external pain. At your druggist's. 25c.—(Adv.)

**Catarrhal Deafness Cannot Be Cured**

Local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is catarrhal deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circular free. All Druggists. The Catarrh Cure. J. C. HENNEY & CO., Toledo, O.

**KENTUCKY SPLITS VOTE.**

Washington, April 30.—When the house, on a teller vote, by almost 3 to 1 decided for the President's selective service army plan, Kentucky split her vote. The whole vote was 279 to 98 for the President's bill. Kentuckians voted as follows: For Selective Service—Sherley, Barkley, Kincheloe, Cantrill and Rouse. For Volunteers—Helm, Fields, Powers, Lanzley and Thomas. Miss Jeannette Rankin, who wired to her constituents that she "had not found anyone against the volunteer system" after seeing almost two "hate" acts against the system, joined the "hate" band of volunteers and voted with the majority. Speaker Clark, "Uncle Joe" Cantrill, and Chairman Padgett also voted for a great demonstration followed the vote.

## Brands Recent Story OF DR. HANSON AS FALSE

Paris, Tenn., April 30, 1917. Editor Mayfield Messenger:

In a recent issue of The Messenger and under the caption, "Dr. J. H. Hanson, who created excitement as Mormon preacher at Farmington 40 years ago, is dead," appeared a sensational and slanderous article. There being no name signed to it, we know not who is the author, but whoever he is he is either woefully ignorant or the facts concerning this people or else has little regard for the truth and would not disdain to slander the dead. Believing the editor of Mayfield's leading paper to be a lover of truth and an advocate of fair play, and in justice to the many friends and relatives of Dr. Hanson, who reside in Graves county, Ky., besides some 600 or more adherents to the faith of Dr. J. H. Hanson living in Graves and surrounding counties of Kentucky and Tennessee, I therefore ask for space in your valuable paper to correct this misleading and slanderous article. First, Dr. J. H. Hanson was in no way connected or associated with the Mormons of Utah, but was a representative of the Re-organized Church of Jesus Christ of Latter-Day Saints, whose headquarters are at Lamoni, Iowa, as stated by the "Frederic Leader." Dr. Hanson resided for a number of years in Brigham Young. Prejudice ran high and many false rumors were circulated. But time, the great arbiter of Truth, has served to enlighten the minds of the people till it is well known fact to all but a few who prefer to remain ignorant, that the Latter-Day Saints of Graves county, Ky., of whom Dr. Hanson was a representative, is in no way connected or associated with Mormonism, but have always denounced the "evil" practices of Brigham Young and his followers. The old story of the raising of a dead man is one of many such yarns circulated in the past to slander an innocent people, and the publishing of this old yarn in The Messenger could serve no purpose only to arouse prejudice. I challenge the proof of such a thing having ever occurred in Graves county or anywhere else, as to that matter, it is a base falsehood made out of whole cloth. And if (as stated in The Messenger) there were "thousands of citizens congregated themselves to slay the 'miraculous' event," we might be able to secure a dozen names of those present and who would verify the statement. Will they be forthcoming? The writer of the article does not say who made the analysis of the does say "the preachers were in dispute afterwards and left for other parts." etc. This is also deny. Elder Hanson was married to Anna E. Turnbow near Farmington (Mayfield), and lived in Graves county for a number of years, and taught several schools in the county and was a respected and honored citizen. The "Frederic Leader" will stand corrected in this. The doctor never lived in Mayfield, but resided near Farmington, Ky., for 10 years or more, and was always ready to defend his religious views; but no one attempted to meet him in public discussion. But some would resort to vile stories such as the one referred to above, to prejudice the minds of the people. But withal, there are seven large congregations within a radius of 75 miles of Mayfield who adhere to the faith of Dr. Hanson, and a church of about 200 members near Farmington, where Dr. Hanson formerly resided; another in Graves county, near Lynnville, of 175 members; all respected and loyal citizens of the county, many of whom are subscribers to The Messenger. I respectfully submit the above in refutation of the article referred to, hoping you will publish it and thus vindicate the truth. Yours for truth may prevail. J. R. McCLAIN, Paris, Tenn., R.F.D. No. 5.

## THE TEST THAT TELLS

It's the Test of Time—Many Mayfield People Have Made This Test.

Years ago this Mayfield citizen told in a public statement the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Mayfield reader demand more convincing proof? It's Mayfield testimony—it may be investigated. Mrs. B. F. Bynum, S. Tenth street, Mayfield, says: "For a long time I had pains across the small of my back and in my sides. Seeing Doan's Kidney Pills so highly recommended I got a box from Evans & Covington's drug store and they quickly relieved me. I have had no occasion to use them since. I am glad to recommend Doan's Kidney Pills to all those who suffer from kidney trouble, for they do all that is claimed for them." (Statement given March 7, 1912.) On Oct. 27, 1916, Mrs. Bynum said: "I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble because they cured me. I commend them an excellent kidney medicine." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bynum has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

## WAR NEWS AT A GLANCE

British troops, in a desperate attempt to turn the northern wing of the Drocourt-Queant line, have advanced on a front of nearly 10 miles and captured the village of Arleux-Engohelle, nine miles west of Douai. The most violent fighting marked the battle and successive German counter attacks made at heavy sacrifices failed to check the British. To the Canadians, conquerors of the famous Vimy ridge, fell the work of capturing Arleux, two miles from the Drocourt-Queant line, and east of the Vimy ridge. In a brilliant assault the Canadians took the village. German counter attacks failed to move them,

## SAFE MEDICINE FOR CHILDREN.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children, as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.

## AMERICAN AVIATORS AGAIN OUTCLASS GERMAN AIRMEN

Paris, April 29.—American aviators again have emerged victorious from a battle in the clouds with German airmen. It was learned here today. The heroes of the encounter were the Willis Haviland of Minneapolis and Charles C. Johnson of St. Louis, who are under the command of Lieut. William Thow. Flying together in separate machines, the two Americans encountered a group of German airplanes. Haviland forced one enemy craft to an altitude of 4,000 feet where he engaged it. After a spirited fight, the German machine, riddled by machine gun fire, collapsed and fell. Almost at the same time Johnson had a desperate battle with another German machine which he put to flight, evidently in distress. Its fate was not determined. Several other German aircraft refused battle.

## BOTH SIDES WRANGLING OVER TAX BILL

Washington, April 30.—Unofficial accounts of the work of the house ways and means subcommittee framing the war tax bill have aroused something of a storm among both democrats and republicans. Democrats are understood to be divided on the proposed income taxes, particularly the rate on incomes of more than \$100,000, while republicans threaten trouble over the subcommittee's plans for taxes on excess profits and incomes. They also promise to make a fight for tariff legislation to raise part of the \$1,500,000,000 or more to be provided during the coming year.

## U. S. PROSECUTOR IS AFTER CHICAGO MAYOR

Chicago, April 29.—Mayor Thompson today found himself deserted by the men upon whose support and cooperation he once counted for the success of his administration. These men—leading bankers, manufacturers and merchants—announced their radical disapproval of the mayor's anti-attarances and especially his refusal to issue an invitation to Field Marshal Joffre, and the members of the French commission. Blow after blow was directed against the mayor during the day, but the climax came with the avowed withdrawal of many leading men from the mayor's committee—the advisory board named by him early in his administration to co-operate in advancing the city's welfare and arousing "Chicago spirit." The business men said William Hale Thompson no longer represented that Chicago spirit of which he was once one of the leaders in promoting.
