FRENCH ARMY OFFICERS AT PATRIOTIC DEMONSTRATION SATURDAY

EDITORIAL.

TOMORROW, THE GREAT DAY.

One year ago Saturday the United States declared war against Germany. Many people have criticized the administration for being too slow in the preparation for this great struggle. The finite mind of the ordinary citizen is too weak to understand what it is to prepare for a great war with a great empire three thousand miles away.

When we look back only twelve months and comprehend the efforts made by our government and the work it has done in preparing to save the liberty of this country, we are appalled at its success.

Tomorrow begins the drive for the Third Liberty Loan for Three Billions of Dollars.

The people now are just beginning to wake up and realize the great importance of all moving together in the interest of human victory.

Graves county has in many respects been a little slow to respond to her patriotic obligations, but from what we see and know of the enthusiasm of our people, tomorrow will be the beginning of a great day on which our people will begin to show their patriotism by the liberal purchase of "Liberty Loan" bonds.

Graves county is going to do her duty. The people have the money and they are going to spend it for these bonds. We believe they can be relied upon to do so.

We are delighted at the energy displayed in this great move by the young business men and patriotic citizens of Mayfield and Graves county.

When the figures are added up Saturday night, we believe that the showing of the liberality and patriotism of our people will be far beyond what it has ever been before.

We believe that everybody will be astonished at how readily bonds will be purchased and how loyally our people will respond to our nation's call.

There are thousands of people in Graves county who are able under the present conditions to purchase bonds now, who never thought they could do so before.

Let a great work be done tomorrow. Graves county's quota is \$197,350. We are inclined to believe every dollar will be subscribed in less than ten days.

ROAD TAX DEFEATED.

The Messenger usually becomes enthusiastic on all important public questions, but this time it concluded to state in a few words what it thought best on the "Road Tax" proposition.

About 4,000 votes were cast in this election. Of these, 2,249 voted against this road tax. We are very much surprised to find so many people in a county that needs roads so badly and that without any special consideration of their taxes, who would vote against a proposition that is so vital and so important to the welfare and being of the citizenship of Graves county.

The time is at hand, with the vast increase of travel and the vast increase in the production of our country and the great importance of good roads, that this question was not studied by the citizens of the county, with more interest than what it was.

These questions, of course, have to be discussed and the people will eventually become better informed and become more familiar with their needs and their advantages and it will be more true and single, seems to us not be long, no doubt, until the voters of this county will be sorry that they let such an opportunity pass.

THE SIGNS OF THE TIMES.

People who become informed and keep abreast of the times are beginning to learn what a great struggle this country has in order to save democracy in most of the nations of Europe as well as in this country.

The German idea of government of society and of the liberties of the people are so different from ours that it will become necessary, before this war ends, to spend every dollar we have and spill every drop of blood that it will require, to save the millions of American people, as well as England and France, from the tyranny and oppression of the rulers of the German empire.

We must spend our money, we must shed our blood, we must furnish provisions for those who have offered their lives upon the altars of their country.

ROUTE OF PARADE WHICH STARTS 8 A.M.

The city is decorated today with flags from one end to the other, in honor of the launching of the third Liberty loan, which begins tomorrow. The parade, which will start at 8 o'clock, will be on the special train at 7 o'clock and will remain until 11:15 a.m. On this train will be officers from the allied armies now fighting Germany who, with other noted speakers, will deliver addresses tomorrow morning. The speaking will be on the north side of the courthouse square and it is predicted that the largest crowd of people seen here in years will be in Mayfield.

Mayor E. A. Stevens has proclaimed a half holiday for the occasion and all stores will close and work be stopped during the four hours the distinguished visitors are here.

A brass band of 54 pieces, composed of soldiers from Camp Taylor, will be on this train and will be in the parade. Every automobile owner is not only requested to join the parade, but is drafted by the committee and each one is expected to be on hand in front of the courthouse at 8 a.m. There are several hundred autos in Mayfield and everyone is expected to be in the parade, which will be the longest ever seen in this end of the state before.

The parade will start at 8 o'clock on Seventh street, west of College, west on College to Tenth street, north on Tenth to Broadway, east on Broadway to Third, south on Third to W. L. Hale's residence, thence west to Sixth street, thence north on Sixth street to the residence of Lucian Smith, west to Seventh street, thence south to the courthouse.

Body of Hawk Gregory Buried in Wingo Cemetery

The body of Hawk Gregory, who died Tuesday in Dallas, Texas, arrived at Wingo Thursday evening at 6:15 o'clock on the Whiskey Dick and was buried immediately in the Wingo cemetery with Masonic ceremonies. The body was accompanied by his two sons, Charles and Clay Gregory. The deceased, besides the two sons, is survived by a widow, who remained in Dallas. J. G. Gregory of Polk, Tenn., a brother of the deceased, met the party at Memphis and accompanied them to Wingo.

Hawk Gregory had lived at Pryorburg for many years, where he had been engaged in business. He left his family about two months ago for Texas on account of his health. About two weeks ago while walking on the streets of Dallas a load of lumber fell from a wagon and Mr. Gregory was struck by one of the pieces of lumber, breaking his leg. Blood poisoning developed. He was 54 years of age and leaves many friends in Graves county.

Open Democratic Headquarters April 10

Senator S. R. Glenn returned home Tuesday from Louisville where he attended a joint meeting of the state Central and Executive Committees at the State Hotel Monday night. It was decided at this meeting to open permanent Democratic State Headquarters on April 10.—Lyon Co Herald.

DAILY MARKETS

Louisville Live Stock.
Louisville, Ky., April 5.—Cattle.—Receipts 200; active, unchanged. Hogs, 1,900; 10c lower; tops \$17.50. Sheep, 10; steady, unchanged.

In order to save it. Get into the spirit and to our love of country and let us never stop until victory is ours.

We will soon begin to know what war means. The sale of the third Liberty Loan bonds and the near call for 1,500,000 new men for the army will lead us to believe that we are getting into a war that will soon tax our best energy and our pocketbooks. Our contention must be won and the sooner the better.

THE ARMY LOVE.
It is said the beginning of this war was a new and peculiar love has affected millions of our young people. The "army love" is said to be the strongest love that has afflicted the young people for many generations. The young man or the young woman, whether married or single, seems to be more true and single, seems to be the love of a sweetheart or wife, while the love of a sweetheart or wife at home remains as strong as death. No doubt it is true that the army love is the strongest love of all.—Calver City, Times.

Mrs. Bryant Williams Died Friday of Pneumonia

Mrs. Nannie Williams, aged 47 years, wife of Bryant Williams, living near Hopewell church east of Mayfield, died at 4 o'clock Friday morning after five days' illness of pneumonia. She is survived by a husband and three children. Tommie, Elsie and Henry Williams. Also three brothers and two sisters, as follows: J. L. Holmes, H. Holmes, Amos Holmes of Mayfield; Mrs. Barbara Hefflin of near Wadesboro, North Carolina. She was a member of the Baptist church and funeral services will be conducted Saturday afternoon at 2 o'clock by Rev. A. H. Murphy. Burial in the Honeycutt graveyard.

Ninety Years Old Today

A. T. Murphy, one of the county's oldest and best known citizens, is ninety years old today. He was born April 5, 1827, in Anson county, near Wadesboro, North Carolina. He left his native state in 1836, the day Van Buren was elected President of the United States. He located in Deatur county, Tenn., when he came to Graves county. He is a Free Mason and a Baptist, has been married two times and has nine children living. Mr. Murphy is now hale and hearty and enjoying better health than for several years. His hosts of friends hope that he may see many more birthdays.

Examining Trial Is Waived by Bolton

Paducah, Ky., April 5.—The examining trial of Joe Bolton, charged with the murder of his wife, Lucy Bolton, was waived yesterday afternoon by his attorneys, and he was held to the grand jury without bond by County Judge James M. Lang. Bolton moaned and groaned while he was in the courtroom and carried out his plea of insanity. When his children entered the courtroom Bolton leaped to his feet and ran over and embraced them.

WINGO IS SHOWING LIVE SPIRIT AGAIN

Jim Grayum of Wingo was at the city Friday and stated that Wingo was booming again. The Wingo Telephone company was rebuilding the line and would soon be in operation. He also said that a dry road, store had been opened by Henry Chandler of Mayfield and it was not necessary to leave there to buy a spool of thread. Also he said the city lockup was still there but the key to it had been lost. In speaking of the new time of Mr. Grayum said several farmers have come to Wingo this week expecting to get in the bank at 3 o'clock, but having failed to arrive at the time, Mr. Phillips being there an hour too late.

Dr. Pat Hendley Injured

Dr. Pat Hendley was run over near his home in South Mayfield Thursday by an automobile and his knee and thigh painfully injured. The machine belonged to C. D. Bryant's grocery. Dr. Ben Hendley of Farmington, a brother, is attending the injured physician.

Gravel King Buys Bonds

Dr. H. H. Hunt has received an invitation from the Graves county board of agriculture to attend a cotton plantation meeting at Wayside, Miss., on May 7. Mr. Jeffrey in the letter said burrah for the Liberty bonds and he hoped Graves county would do her part. He said that he had already bought three one-thousand-dollar bonds and was going to buy every time Uncle Sam called for it. Old Newt is certainly delighted with the kind of patriotic spirit. Newt failed to send Dr. Hunt a ticket for the trip and hence he will not go.

AGAIN, SEED CORN

The board of agriculture has gotten together a car load of seed corn which will be shipped Saturday to the farmers of Scott county, Ky. The corn in this load came from about 25 farmers of this county and contains about 600 bushels. The farmers of Payette, Bourbon and Jessamine counties are also asking the farmers of Graves county for seed corn. Most all the varieties are asked for, but most test at least 90 per cent germination. The farmers who have good seed corn should feel their duty to help these counties with this problem, besides the prices they are offering is enough to justify your time and trouble in selecting. Test your corn and have it ready for these counties.

This Settles It.

Washington, April 4.—The "ch" in Gen. Foch's name is soft. You pronounce it as you do the "ch" in "Josh." The "o" you pronounce somewhere between the "o" in dog and the "o" in top. You probably can't get that right unless you are French. But don't say either "Foch" or "Foke."

FRENCH AND BRITISH DRIVE GERMANS BACK AND CAPTURE SEVERAL IMPORTANT POSITIONS

CREMATED BODY OF CHILD BURIED NEAR FARMINGTON THURSDAY

Daughter of Jeff Phillips Meets Horrible Death When Home Burns.

Mr. Phillips Suffered Severe Burns About Face, Eyes and Neck.

Wilmington Phillips, aged 4 1/2 years, daughter of Jeff Phillips, was burned to death at 11:30 o'clock Thursday morning when the home was destroyed by fire. Mr. Phillips, who was badly burned about the face and neck, was in the city Friday morning for treatment by Dr. E. A. Stevens. His burns are quite painful and serious. His body is badly injured by the intense heat, also badly injured by the flames.

Mr. Phillips was a short distance from the house attending to a horse that had just been cut on a wire fence. Mrs. Phillips built a fire in the kitchen range and went to assist Mr. Phillips, leaving the child asleep on a couch in the kitchen. She had been in the kitchen but a short time when they heard the crash of the kitchen roof falling in. They at first thought it was an explosion. There was a gallon can containing some coal oil in the kitchen but it is not thought this had anything to do with the fire. The presumption is that the flames originated from the fire.

When Mr. and Mrs. Phillips first observed the fire the kitchen was in a mass of flames and all they could do was stand by and see the house and all the contents consumed. Mr. Phillips rushed to a window, broke the glass and entered the kitchen in search of his child. He felt his way through the blinding smoke, feeling on the couch and about the kitchen but could not locate the child. He was so enveloped with the flames, smoke and heat that he fell exhausted to the floor but finally crawled to the window and made his way out. It was not until the fire had spent its force, the roof had fallen in, that the cremated body of the child was found. When the walls and roof fell the body had been burned to a crisp, and rolled out from the red-hot coals of the fire.

Mr. Phillips moved to this house, which is on the Jess Bennett place, two miles southwest of Farmington, a daughter of Mr. Bennett.

The remains of the child were buried late Thursday afternoon at Bethany church near the home.

There was no insurance on the property destroyed and this will be a sad blow and misfortune to Mr. and Mrs. Phillips. Their many friends have already begun to assist them financially and otherwise.

James Stunston Writes From Houston, Texas

Houston, Texas, March 30, 1918. Dear Mr. Lemon: I suppose you thought I had forgotten you, but I most certainly have not. I have been intending to write to you time and time again but have neglected doing so. I hope you will overlook my negligence, as it is one of my greatest characteristics.

I am getting along fine in school now. We have just finished our second term exams and believe me! I am taking a rest at present. We have three terms in the school year and it is necessary to pass each of these exams to continue our work. So far I have gotten through all right and have high hopes of passing the finals in June. We are getting a taste of army life now. We have camps, tentacles every morning before breakfast and drill after breakfast. One morning in each week the drill period is devoted to a class in military science and tactics. We have been unable to get army rifles because there is such a demand for them for the soldiers, but the government has sent us wooden guns modeled after the regulation army rifle. We are getting some good effective drilling from these, though. As we are members of the U. S. reserve officers' training corps, the government is under obligations to give us a rebate on our uniforms, but as yet we have not received it. This is accounted for, though, by the government's lack of funds, etc., with which to equip the army and the cantonments.

I have been out to Camp Logan several times and believe me! they are getting ready to "go get the Kaiser." There are 30,000 men out there and they are training with a will.

I also went out to Ellington aviation field the other day and after waiting around a couple of hours I was able to get a pass into the field. I saw seventy-five or a hundred airplanes on the field, in the hangars or flying overhead. Everything is activity out there and they are getting ready to show the Kaiser that there are some birds in the U. S. as well as in Europe. Here's hoping they will succeed, and I know they will.

Well, Mrs. Lemon, I am like "Pie-face" Hodges. I wish I had some of your good lemon pie or angel food cakes.

With best wishes, I am,
Your friend,
JAMES STUNSTON.

Latest War News

(Special to Daily Messenger.)

(United Press.)
LONDON, April 5.—(Special to The Messenger.)—British forces pressed back their positions east of the village of Bretonne, eight miles east of Amiens, with heavy fighting. Haig reports the British maintaining their positions between Luce and Somme but heavy fighting prevails.

SECOND DRAFT COMING.
WASHINGTON, D. C., April 5.—(Special to The Messenger.)—President Wilson is preparing the second draft of American fighters and is expected to issue a proclamation this week notifying 800,000 registered men to hold themselves ready for the first call under the second draft. One hundred and fifty thousand men is expected to be started moving by the last of this month.

WASHINGTON, D. C., April 5.—President Wilson is preparing to add fresh words of encouragement to Russia in his address to be made tomorrow at Baltimore, driving home the fact that the President-counseled lately with Charles R. Crane, who has studied the conditions in Russia.

PARIS, April 5.—(Special to The Messenger.)—French forces drove the Germans back in the neighborhood of Moreuil, recaptured several important positions south, the French official communiqué said today.

PURCHASE BONDS, IS PLEA MADE BY STATE'S GOVERNOR

Kentucky Executive Issues Appeal and Proclaims a Half-Holiday.

Frankfort, Ky., April 4.—Gov. Stanley has issued the following proclamation proclaiming a half holiday in honor of the third Liberty loan drive:

"To the People of Kentucky, Greeting:—Whereas, in this fight for the liberation of mankind, the life and effort of every lover of liberty should be consecrated to this great cause, preserved thus far at so rightful a loss of life and treasure, and to be maintained unto the end no matter what the cost, that in a better and brighter day our children and our children's children, secure from the menace of Prussian outrage and Prussian oppression, may enjoy that happiness and that freedom for which we must be prepared at this hour to give all, since neither length of days nor hoarded gold can be of value to the political vassal or industrial slave, and

"Whereas, this fight must go on unto the end, the freemen of this country will, I have every assurance, welcome any request as an opportunity to be of instant service.

"Now, therefore, I, A. O. Stanley, governor of this commonwealth, do set apart Saturday, April 6, as Liberty Loan day, and declare it a half holiday, with the request that it be appropriately commemorated by the people of this commonwealth, that they assemble at such public meetings as may be called in their midst for the purpose of holding discussions of this vital question. I sincerely hope the people of this state will liberally respond to the call of their country.

"In testimony whereof, I, A. O. Stanley, governor of the commonwealth of Kentucky, do hereunto set my hand and caused the seal of the commonwealth to be affixed at Frankfort this 3d day of April, in the year of our Lord, one thousand nine hundred and eighteen, and in the one hundred and twenty-sixth year of the commonwealth.

"By the Governor, "A. O. STANLEY."

"JAMES P. LEWIS, Secretary of State."

"E. MATT KARR, Assistant Secretary of State."

Can the Kaiser

Streamers were placed across the streets in the business district this afternoon bearing the words: "Buy Liberty Bonds; Help Can the Kaiser." Under each letter of the last paragraph was a tin can, making the streamer quite unique and appropriate.

Names of Delinquents Reported to Local Police Authority

The names of the following selective draft delinquents have been reported by the local board for Graves county to the sheriff and police authorities:

1831 Jack Kenille, Mayfield, Ky.
1840 Ernest Kelly, Mayfield, Ky.
2130 Ben Frank, care of J. B. Frank, Bethel, Tenn.
2143 Joe Brown, Mayfield, Ky.
2382 John Williams, Wingo, Ky.
2417 Wesley Gray, Wingo, Ky.
1734 Clayton Forest, Mayfield, Ky.
1622 Reuben Kelly, Shelbyville, Ky.
1938 William Frank Jordan, care county jail, Memphis, Tenn.
2148 Robert Lee Butler, Water Valley, Ky.
2411 Walter Webb, Dukesford, Tenn.
2464 Ernest Roy Yates, R. 3, Fulton, Ky.

W. S. COOK, Member of Local Board A.

April 5, 1918.
Anyone knowing anything about any of the above parties will do them a favor by advising them to report to local board at once.

**MAYFIELD WOOLEN MILLS
OF MAYFIELD, KENTUCKY**
Manufacturing Pants Direct From Raw Wool to the Finished Garment. All Executed On Their Premises. Employ 650 People—The Largest Manufacturers of This Kind in the United States.

Kentucky is no better known or more widely famed abroad for its product of beautiful women, thoroughbred horses and fine whiskey than by the celebrated guaranteed Mayfield brand, manufactured only by the Mayfield Woolen Mills of Mayfield, Ky. The renown of this business extends throughout the entire country. Mayfield pants, known everywhere by the "Sheep" trade mark, enjoy an enviable reputation, and over 10,000 merchants selling them testify to their superiority over all others. For over half a century this business enterprise has been building its reputation and how well it has is evidenced by the fact that it is in-
trenched, is evidenced by its constant growth, and its thousands of satisfied customers. Originally established in 1860, the business has succeeded by manufacturing honest cloth from the raw wool and converting it into the latest and newest models in pants. The first consideration has always been to make honest merchandise by a strict adherence to principle. Success has been attained and long-established principle. The Mills reads more like romance than fact. This plant is today one of the greatest industrial concerns in the State and the largest plant of the kind in the United States. The company has resources of nearly \$1,000,000 and employs between 600 and 650 people, and consumes 400,000 pounds of wool annually in the manufacture of pants from the raw wool to the finished product.

The Mayfield Woolen Mills is under the management of H. J. Wright, president. O. T. George, treasurer, and M. J. Wright, general manager. Every department has its trained and experienced foreman, under whom are hundreds of skilled workers who work ten hours a day, and the plant has operated uninterruptedly for many years, year for invoicing and repairs. The plant occupies a full city block. The buildings and machinery being modern and up-to-date and no concern is better equipped to manufacture its product. The buildings are two stories in height, steam heated and electric lighted from their own splendid power plant, and are subdivided into various departments such as wool storage warehouses, dye houses, scouring and drying rooms, carding and spinning rooms, weaving rooms, cutting and sewing, finishing and pressing rooms and scores of other departments. The growth of the business has necessitated the construction of two handsome two-story pressed brick daylight additions in the past year. Established in 1860 with 8,488 square feet of floor space, it has increased to 130,000 square feet—ONE HUNDRED AND THIRTY THOUSAND SQUARE FEET OF FLOOR SPACE devoted

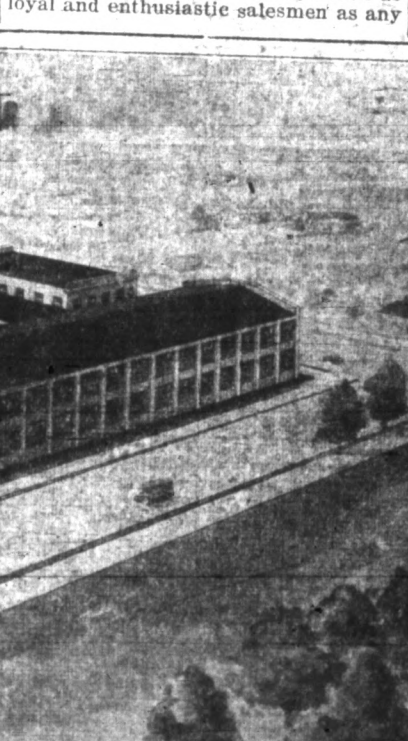

entirely to the converting of RAW WOOL into the finished PANTS. New and improved machinery is constantly being added, the policy of the management being to keep abreast of the times in the manufacture of their output. To one familiar with a plant of this kind, it is an interesting experience to be shown through the various departments where hundreds of busy workers are employed.

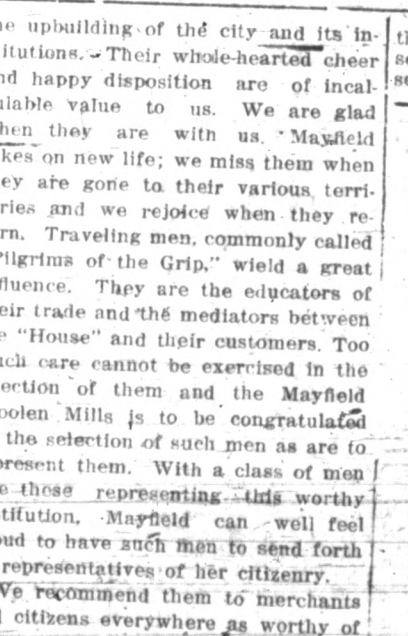

The weave-room contains 76 broad looms with a capacity of 15,000 yards a week or 750,000 yards a year. The daily production of this concern represents from 2,000 to 2,500 pairs of pants, or 200 to 250 pairs every hour. The payroll of the company amounts to over \$6,000 per week, while the sales the "past year" reached nearly \$1,500,000. The company secures its wool from East India, Australia and other foreign ports, besides using a great deal of domestic wool. The output of the company is sold in forty states, from the Dominion Line on the north to the Gulf, and from the Atlantic to the Pacific. Twenty-seven as loyal and enthusiastic salesmen as any company can boast represent the sales force.

It is a distinction to be classed as the largest concern in the country manufacturing pants from the raw material, and such a splendid business could not have been built up in a few years. It has taken a half century of honest dealing and many thousands of dollars spent in advertising the famous "Sheep" brand to firmly establish and prove the superiority of "Sheep" brand pants to all others. All good merchants everywhere have heard of and most of them have handled with increasing profit this celebrated pants, the pants that have made Mayfield famous and the Mayfield Woolen Mills so prosperous. We take off our hats to a concern which has achieved so fair a reputation and built up so splendid an enterprise. This sketch conveys a fair impression of the enormous plant and business of the Mayfield Woolen Mills, which is a prominent factor and chief supporter of the community in and around Mayfield. Long may it live and prosper.

pride of such an institution as the Mayfield Woolen Mills, she should be doubly proud of her traveling men. They are good, live citizens and a great asset to the community. They are alive to every public interest, ever on the right side and for the upbuilding of the city and its institutions. Their whole-hearted cheer and happy disposition are of incalculable value to us. We are glad when they are with us. Mayfield takes on new life; we miss them when they are gone to their various territories and we rejoice when they return. Traveling men, commonly called "Pilgrims of the Grip," wield a great influence. They are the educators of their trade and the mediators between the "House" and their customers. Too much care cannot be exercised in the selection of them and the Mayfield Woolen Mills is to be congratulated on the selection of such men as are to represent them. With a class of men like these representing this worthy institution, Mayfield can well feel proud to have such men to send forth as representatives of her citizenry. We recommend them to merchants and citizens everywhere as worthy of

their trust and confidence. The Messenger wishes them a prosperous season.

them on the road be men of character and force, as well as men of exceptional ability in salesmanship. A review of the list of salesmen representing the mills shows them to be largely Mayfield men; men of affairs, prominent and influential in the business and church life of the city. As an index to the character and leadership of these men, three of them are superintendents of their respective Sunday schools, and another is slated for election. They are a splendid body of Christian gentlemen, always at the forefront of every good work for the upbuilding of the community and using their great enthusiasm and influence to advance the cause, not only of the big institution which supports them, but the town, the community, the State and Government—leading the way in drives for the Liberty loans, Red Cross and YMCA work.

While Mayfield should indeed be proud of such an institution as the Mayfield Woolen Mills, she should be doubly proud of her traveling men. They are good, live citizens and a great asset to the community. They are alive to every public interest, ever on the right side and for the upbuilding of the city and its institutions. Their whole-hearted cheer and happy disposition are of incalculable value to us. We are glad when they are with us. Mayfield takes on new life; we miss them when they are gone to their various territories and we rejoice when they return. Traveling men, commonly called "Pilgrims of the Grip," wield a great influence. They are the educators of their trade and the mediators between the "House" and their customers. Too much care cannot be exercised in the selection of them and the Mayfield Woolen Mills is to be congratulated on the selection of such men as are to represent them. With a class of men like these representing this worthy institution, Mayfield can well feel proud to have such men to send forth as representatives of her citizenry. We recommend them to merchants and citizens everywhere as worthy of

their trust and confidence. The Messenger wishes them a prosperous season.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. H. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

THE F. F. DALLY CORPORATION, LIMITED, BUFFALO, N.Y.

ONLY POWERFUL MEDICINE WILL END RHEUMATISM

It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twinges for 20 weeks. Rheuma is strong enough, and mighty and powerful enough to drive rheumatic poisons from your body and abolish all misery or money back. Druggists everywhere are authorized to sell Rheuma on a no-cure-no-pay basis. A bottle contains 15 days' treatment at a cost of only five cents a day, and after you take the small dose as directed, once a day for two days you should know that at last you have obtained a remedy that will conquer rheumatism.

For over five years throughout America Rheuma has been prescribed by broad-minded physicians and has relieved thousands from agony, pain and despair. Get a bottle at once for trial from

EVANS & COVINGTON.

FINE SEED CORN

Boone county White and Iowa Gold Mine, hand-picked, nubbed and shelled, \$5.00 per bu. Germination guaranteed. Some of this corn yielded 12 bbls. per acre. A. J. SANDERS, Farmington, Route 1.

FOR SORE THROAT, COLD ON CHEST

Mustardine Subdues the Inflammation and Eases the Soreness Quicker Than Anything Else On Earth.

Pay only 25 cents and get a big box of Begy's Mustardine which is the original substitute for the old-fashioned mustard plaster and is made of strong, real, yellow mustard—no substitutes are used.

It's known as the quickest pain killer on earth, for in hundreds of instances it stops headache, neuralgia, toothache, earache and backache in 5 minutes.

It's a sure, speedy remedy—none better for bronchitis, pleurisy, lumbago, and to draw the inflammation from your sore feet there is nothing so good. You get real action with Mustardine—it goes after pain and kills it right off the reel. Yes it burns but it won't blister—it doesn't give agonizing pain a slap on the wrist.

It does give it a good healthy punch in the jaw—it kills pain. For sale by Evans & Covington, Druggists Mayfield, Ky.

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. B. S. Hunt. (Adv.)

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples; a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Don't Cough All Night

It weans down your strength, racks your nerves, keeps yourself and all the family from sleeping. Besides, you can easily stop it with

Foley's Honey and Tar.

A standard family medicine of many years standing for la grippe and bronchial coughs and colds, tickling throat, hoarseness, stuffy, wheezy breathing and for croup and whooping cough. Its effect on the inflamed lining of the throat and air passages is quickly felt and very soothing.

Each bottle, 50c. Sold everywhere. Coughed continually and at night could hardly sleep. Foley's Honey and Tar relieved me, and now I sleep soundly.

B. S. HUNT.

HE CAN REST FINE NOW.

"I suffered greatly from kidney and bladder trouble," writes F. B. Fairbank, 55 Grand River Ave., W. Detroit, Mich. "Had to get up six or seven times during the night. Foley kidney pills have worked wonders and I can recommend them as the best medicine I have ever taken." Tonic in action; quick, sure. B. S. Hunt. (Adv.)

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

CABBAGE PLANTS

I don't pay postage or express but will deliver them at Mayfield. Remember I have the home of the pure bred, no other. J. J. LEGATE, Mayfield, Ky. Route 1, Farmington Exchange.

THE GREAT WAR HAS MADE CIGARETTES A NECESSITY.

"Our boys must have their smokes. Send them cigarettes!" This is a familiar appeal now to all of us.

Among those most in demand is the now famous "roasted" cigarette—LUCKY STRIKE. Thousands of this favorite brand have been shipped to France. There is something homelike and friendly to the boys in the sight of the familiar green packages with the red circle.

This homelike, appetizing quality of the LUCKY STRIKE cigarette is largely due to the fact that the Burley tobacco used in making it has been "roasted." It's "roasted" was the "leg" that made a great success of LUCKY STRIKE in less than a year. Now the American Tobacco Co. is making 15 million LUCKY STRIKE Cigarettes a day.

A good part of this immense production is making its way across the water to cheer our boys. The Red Cross has distributed

House Robbed at Night

The residence of G. O. Stone, in the suburbs of the city was robbed on Saturday night last. Mr. Stone was away from home at the time, having gone to Milburn to spend the night. When he returned Sunday he found his house completely torn up, drawers, chests and trunks having been ransacked and the contents scattered over the floor. The thieves evidently were in search of money. All of Mr. Stone's private papers, including his deeds, were gone and he has as yet been unable to account for any of them. Mrs. Stone is visiting in California, and Mr. Stone does not have any idea of how much goods are missing, although it is possible that the loss will be heavy. Bardwell News.

FUNERAL SERVICES

Of Mrs. Jackson, Two Children and Mrs. Courtney. Killed by Storm.

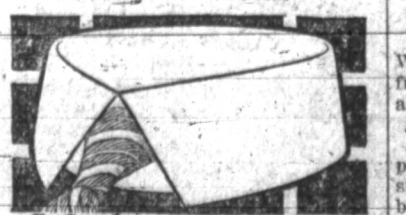

(Fulton Leader.)

Mr. and Mrs. W. H. Winsett, just east of town, attended the funeral services of their relatives, Mrs. Robert Jackson, two small children and an aunt, Mrs. Della Courtney, who were killed when their home northwest of Clinton was blown away in the storm late Tuesday afternoon.

It was a most terrible and pathetic scene. Mr. Jackson was in Clinton on business and was not able to return home before the storm. When the family realized the fast approach of the disastrous-looking cloud, a young man about 18 years of age who was employed by Mr. Jackson on his farm, left the house accompanied by three small children, to hide in a ditch nearby. He, with two of the children, reached the hiding place and was uninjured. The third child, a little boy, was blown some distance and found later in a garden badly but not seriously injured and will recover.

The entire house was swept away. Mrs. Jackson and Mrs. Courtney were killed instantly and were found lying together some distance from the house. The two children, a baby girl aged 17 months and son aged seven years, lingered until 12 o'clock that night and died within five minutes of each other.

The funeral services and interment were held at Spring Hill church yesterday afternoon.
