The Women of District 51 Prove Their Patriotism By Buying Liberty Bonds

On last Wednesday afternoon, April 8, the ladies of district No. 51 met and appointed a committee to sell Liberty bonds in the Woman's Liberty Loan campaign, with Mrs. John F. Sullivan as chairman. These ladies began their work at once and as the men had all bought bonds of the men's committee, they had only the women to work upon. However, by Friday afternoon, their sales had reached \$1,050. It is useless to say district 51 is going over the top. This shows what the women can do.

believe me, we sure did have some tired boys when we got back to camp, for it is almost summer here and, believe me, it is some hot. Say, old boy, I don't know when we will go to France, but we don't think it will be long, for I think they need us boys over there. I don't know just how the other boys are, but if they are like myself we are ready to go. Say, tell all of my friends that us boys can be good or be bad, but I hope they try to be good boys. Say, Carliss, when you get grown you must join the army, for it will make a man out of you, for it sure has of me. Say, but I sure will know how to appreciate home and you will, too, if you ever join. It is cloudy and raining now. Say, Carliss, be a good little boy and I will come back again. Good luck, so I will close as Baker. There, so by-by. From

by centralized direction the allied armies under Gen. Foch means a policy of "blow for blow." It is held certain that Pershing's offer of American troops is in full accord with President Wilson's views.

New proof that the German drive was forced by internal conditions in the Central empire was received in a dispatch to the embassy saying workmen in Austria had refused to live on fat and potato rations. Early peace is considered as the only means of remedying the situation. If Germany loses now, difficulties will be increased, says the dispatch.

Rev. Dean Preached In Mayfield Sunday

Rev. J. S. Dean of Fulton preached here in the Christian church Sunday and Sunday night in the absence of its pastor, Rev. J. J. Castleberry, who is away at Glasgow in a revival. Rev. Dean preached two good sermons, which were very much enjoyed by the members of the Christian church. He is well posted in the scriptures and has a very good delivery, all of which makes his sermons very interesting. He made a good impression on the congregation. A beautiful solo was sung at the noon hour by Mr. Pritchard of Fulton.

United States Rule No. 14, covering poultry dealers, which prohibited purchase and sale of hens and you have been amended to end the books you have enjoyed since 1912. Not read again. You can give some of the books you like best books you would like to keep.
They will like them too. Beautiful buildings have been erected at twenty-four large camps and hundreds of thousands of books are needed. And don't pass out any books with rackets backs unless you get a bottle of LEP's glue and try your hand at doctoring them. It is on the principle of giving to the poor a garment but tattered and unneeded.
Now, say, folk, since I am "kinder, sinner, in a way" responsible for the success of this movement in Mayfield (Water Valley has donated hand-somely), I am again acting as a sort of megaphone through The Messenger to make the call clear. We must ship the books next week, so bottle any selfishness that may be lurking and conserve in your heart all the generosity that may be floating loose and

We have planted that old flag, upon the soil of France.
And all the kings and kaisers are watching it a-quake.
Awaiting and a-wondering its beauty there to see
Upon that sodden field of blood—the banner of the free.
But Pershing's hosts are rallying there where the embattled nations meet—
And Old Glory never yet has known dishonor or defeat.

GERMANS MAKE SEVEN ATTACKS WITH HEAVY LOSSES OF MEN

(By Associated Press.)
London, April 15.—(Special.)—It is officially announced that the Germans have made seven attacks on the Merville sector in the northern battle front, with heavy losses to the enemy. The British lost Neuve Engise. Southwest of Bailleul the Germans temporarily penetrated the British positions but were driven out by counter attacks.

GERMANS SPEND THOUSANDS OF LIVES IN FAILURE TO BREAK THROUGH THE BRITISH LINES

(By Associated Press.)
Fighting heroically in hand-to-hand engagements, the British have checked the German drive in the region west of Arras. This effort of the enemy, like the one of Picardy, seems almost definitely stopped.

The Germans have spent thousands of lives in their reckless efforts to break through the British lines without success.

The German storming troops were hurled against the American sector south of Verdun Sunday, but were beaten back by the American infantrymen. After hot fighting the enemy withdrew with a loss of nearly 100 men. Northwest of Toul the enemy has not repeated the attacks which cost them 400 casualties last week.

Gen. Haig's battered divisions are offering desperate resistance to the Germans about Neuve, Engise and Bailleul. Neuve and Bailleul changed hands several times but is now held by the Germans. It is an important and strategic point, as one of the outposts on the Meuse ridge.

On the remainder of the front in Artois the situation remains unchanged. The Germans' attempt to attack Apex salient at Merville was dispersed by artillery fire.

In Flanders and on Meuse ridge there is no further action. No activity is reported at Picardy.

SENATOR STONE DIES

BURIAL WEDNESDAY AT NEVADA, MISSOURI.

Washington, April 15.—Senator William J. Stone of Missouri, chairman of the senate foreign relations committee and for many years prominent among democratic leaders, died here Sunday, after a stroke of paralysis suffered last Wednesday.

Senator Stone suffered the stroke while on a street car on his way to the senate office building. A slight cerebral hemorrhage affected his left side, rendering him helpless, but he did not lose consciousness, and a few hours later rallied and began to talk about getting up. His family and friends were very hopeful until yesterday, when there was a decided turn for the worse.

Sunday there was a second hemorrhage and the senator fell into a state of coma. Death came at 4:30 o'clock in the afternoon, but the physician made no announcement until an hour later because twice before the patient's pulse had become so weak that the family thought the end had come.

A Kentuckian by nativity, born May 7, 1848, Senator Stone removed to Missouri, where he graduated from the Missouri University and was admitted to the bar in 1869. He immediately began to manifest an interest in political affairs, and in 1873 was prosecuting attorney of Vernon county.

He married in 1874 and has three children.

Official Washington was learned from war duties today to attend the funeral of Senator Stone. Services were conducted by the chaplain of the senate this afternoon. The body will lie in state at the Missouri capitol until Wednesday when the burial will take place at Nevada, Mo.

United States Rule No. 14, covering poultry dealers, which prohibited purchase and sale of hens and pullets, has been amended to end at midnight on April 19, 1918. Poultry may therefore be bought and sold on Saturday morning, April 20, 1918, but not before that time.

There is a growing shortage of wheat flour and all patriotic citizens are urged to continue the use of potatoes and to use as little wheat flour as possible. In no case should more than 1 1/2 pounds per week be used by each person. There is no change in the amount that may be sold. The public should not get excited over "grapevine" changes, as I will give the new rulings out as fast as they are sent out by the government.

ONE WEAK SPOT

Many Mayfield People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night. Backache is often from weak kidneys.

In such cases kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills. Mayfield people recommend the remedy.

Mrs. J. H. Brown, 232 W. South street, Mayfield, Ky., says: "Some time ago I suffered from backache. I noticed the pain when I did work which caused me to bend, or exert myself. A member of the family had used Doan's Kidney Pills with good results and I decided to try them. They did me a lot of good. I have a fine opinion of Doan's because they have never failed to help me when my back has ached."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brown had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Adv.)
