WASHINGTON, April 19.—An Italian regiment already is in France and
for might wing of Allied armies, the Italian embassy announces.

(By Associated Press.)

LONDON, April 19.—Six German divisions, engaged in the
attack on Givenchy-St. Venant sector, attacked northern part of Lys
yesterday and this morning. Battle area on South Kemmel also re-
pulsed onslaughts. The statement says there is no change in the
situation on the entire British front during the night, which was com-
paratively quiet except for artillery activity.

The British are standing firm before strong enemy attacks on the
front north of Arras, while southeast of Amiens the French drove
the Germans back in the region of Castel. The heaviest fighting is
occurring on the northern front, on the southern side of the salient
from St. Venant, west of Merville to Givenchy. The Germans are
using ten divisions of about 137 men each. This eleven-mile front
capture of most of the Messines-Wytschaete ridge by the Germans
does not seriously weaken the British positions, as Haig outwitted
the enemy by withdrawing his lines northeast of Ypres in this region.
The Germans are now floundering in the mud, while efforts to turn
the British line south of Ypres by taking Kemmel Hill failed, with
severe losses.

East of St. Venant and near Givenchy the enemy attacked, suf-
fering large casualties.

Berlin, for the first time since the northern operations began,
announces the situation unchanged.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound, which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZAVLINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 835 West Race Street, Portland, Ind.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing, vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipation, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Today And A Generation Hence

The flight of time makes us think of the future. The baby of today reflects

what greatness may be acquired when he grows up. And any influence that brings relief to the expectant mother is the first and greatest of obligations. There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helper, a daily nurse, to a host of women. Applied externally, it soothes the nerves, relieves the pain, and brings about a healthy condition. There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hands, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and nightly rest. It is indeed "Mother's Friend." Get a bottle today or any day. The wife of a soldier, the mother of a sailor, the mother of a man in the service of the most enterprising and valuable little back ever produced. It is worth writing for.

Never Put a Croupy Child to Bed Without Giving a Dose of

Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, then quiet sleep.

Mrs. T. Neurener, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough." B. S. HUNT.

FOCH'S ARMY 7,000,000

General Foch will command the largest single army under one man in all history.

The French have under arms nearly 4,000,000 men. The English army in France is at least half of that number. America will very shortly have 1,000,000 men on the battlefield.

There will be 7,000,000 soldiers under General Foch on one front and moving in the same direction.

Hindenburg does not have that many in one line or in any one army.

Napoleon's largest army was 600,000 and he never had over 1,000,000 soldiers in uniform in his empire.

Grant had 1,050,000 under his command during the last year of the civil war.

Wellington's largest army was under 100,000.

Von Moltke did not have in any one army in the Franco-Prussian war a quarter of the troops now obeying the commands of Hindenburg.

THE TRUTH ABOUT ECZEMA AND PILES

Thousands and thousands of people, says Peterson, are learning every week that the 30 cent box of Peterson's Ointment will relieve itching, burning, and the painful itching of the rectum.

I had Eczema for many years on my head and could not get anything to do it any good. I saw your ad and got one box and I owe you many thanks for the good it has done me. There isn't a blotch on my head now, and I couldn't help but thank Peterson, for the cure is great. Mrs. Mary Hill, 420 Third Avenue, Pittsburgh, Pa.

I have had itching piles for 15 years and Peterson's is the only ointment that relieves me, besides the pain seems to have gone. A. B. Rager, 1127 Washington Avenue, Racine, Wis.

Use Peterson's Ointment for old sores, salt rheum and all skin diseases. It banishes pimples and blackheads in less than 10 days and leaves the skin clean, clear and pleasant to look upon. Druggists guarantee it.

RHEUMATISM IS A WEATHER PROPHET

More Prevalent Than for Many Years

Sudden Changes of Temperature are an Immediate Cause.

When rheumatism fastens on an individual, he generally knows what the trouble is. The inflammation, soreness, pain, swelling joints and backache, with loss of appetite, plainly indicate rheumatism. Physicians differ as to the disease, but all agree that rheumatism is caused by poison getting into the system. Cold and moisture, with sudden changes of temperature, cause aggravated attacks and intense suffering. These demand quick action. It is needless to suffer; get from your druggist a bottle of Rheuma. It will give you two weeks' treatment at a cost of only five cents a day, and two days' use will prove you can be quickly relieved of your trouble. Rheuma is a specialist's prescription which gives relief in all forms of rheumatism. It brings swollen joints down to normal, reduces the pain, and restores the whole system without the least injury to the heart. Rheuma is sold with a guarantee by EVANS & COVINGTON.

An official photograph of the club with which the German armies "finish off" wounded soldiers. 32,000 of these were recently captured by the Italians.

The Destruction of Civilization

This is in grim reality what we are fighting this war to prevent. The club pictured above—from an actual official photograph—might be the weapon of a savage cave man of five thousand years ago. It is, in fact, the weapon with which German soldiers finish off the enemy wounded who have fallen on the battlefield—on the

battlefield on which American boys are fighting.

There is only one answer to make to such methods—the defeat of the German Armies. America has taken up the sword to give that answer. Our Army is in France to help win this war on the battlefield—that civilization may be safe, that America may be safe.

Take Your Part in America's Answer to German Savagery

The Third Liberty Loan is your opportunity. It is the most direct blow that can be struck at German military supremacy. It is the most powerful aid that can be given our soldiers in France. It means rifles and helmets and gas masks; the best protection for our men from German brutality. It means big guns and shells and airplanes—and VICTORY.

Invest TODAY in bonds of the Third Liberty Loan and save the lives of American soldiers.

If you can't pay cash for your bonds, you can borrow a part of the money at your bank, using the bonds as security; or, you can buy them at your bank on easy partial payment plan. It is no trouble to buy Liberty Bonds—it is no trouble to pay for them. See your banker today.
