DEMOCRATIC

ALLIES BEGAN GENERAL ATTACK ON 25 MILE FRONT TO-DAY

ALLIED FORCES MAKING GAINS ON NEW ATTACK

(By Associated Press.)

Allied forces this morning began a general attack on a front of about twenty-five miles from Chalnes south to the Oise. At noon advices from London reported important gains had been made at various points, especially in the vital sector south of Lassigny. Unofficial advices report the natural fortress of Lassigny Massif almost within grasp of the French. Further south the French have advanced to the village of Lecon Villeon, virtually on the crest of hills overlooking long reaches of the Oise. If the Allies succeed in carrying the heights south of Lassigny, the enemy will be forced to retire from Roye district, as the Allies will dominate the entire region with artillery from Chalnes northward to the Ancre. The desperate German defense appears to be holding up the Allies.

Only local engagements on Flanders front.

Hard fighting is reported on the north bank of the Vesle, between Soissons and Rheims. Allied airmen are reported harassing the rear of enemy lines unceasingly.

GERMANS EVACUATING TRENCHES

IN BEND WEST OF BAILLY

(By Associated Press.)

London, August 13.—The French launched an attack this morning on the southern part of Picardy battlefield, and, according to reports at noon, are making progress in the valley of the Oise. Germans are evacuating trenches in bend of the river west of Bailly. French are occupying them. To the northwest the French are almost entirely on the crest of Lassigny-Massif, where heavy fighting is in progress. The enemy is reported destroying villages in his rear. Ruins at Peronne are reported burning.

HEAVY FIGHTING AT FISMES

(By Associated Press.)

London, August 13.—Heavy local fighting reported at Fismes, on north bank of the Vesle, where French and Americans are holding the line. The Allies were forced to retire to the south bank of the river. Counter attacks were launched immediately and the Allies are reported to have been restored to their old positions on the north bank.

BRITISH GAIN ADDITIONAL GROUND LAST NIGHT

(By Associated Press.)

London, August 13.—The British have gained additional ground north of Roye and on the north bank of the Somme, says Haig's statement today. The German attack last night in Merris sector in Flanders was repulsed. Local German attack near Fouguescourt, between Chalnes and Roye, was also repulsed.

GERMANS TO OCCUPY PETROGRAD

(By Associated Press.)

London, August 13.—The Germans intend to occupy Petrograd, according to a Helsingfors dispatch to Copenhagen Politkan; says the Copenhagen correspondent to the Exchange Telegraph. Troops are reported being brought forward for this purpose.

WORK OF SUBMARINES CONTINUES

(By Associated Press.)

London, August 13.—The admiralty announces that a British torpedo boat destroyer was sunk by an enemy submarine in the Mediterranean August 12. Seven of the crew were lost.

\$750,000 FIRE

AT MARIANNA, ARK.

(By Associated Press.)

Marianna, Ark., Aug. 13.—The magnificent establishment of Griffin Newbury Company, and eleven other buildings in business district of Marianna, were destroyed by fire this morning. Loss estimated at more than seven hundred and fifty thousand dollars.

Mr. and Mrs. Alvin Wilson, after a trip to Guthrie to visit relatives, have returned to their home in Clinton.

COLORED WOMAN IN JAIL CHARGED WITH STEALING CLOTHES

Willie Jones, a negro, is in jail in default of \$300 bond on the charge of grand larceny. She is charged with stealing clothing belonging to Miss Lura Lewis, daughter of Jack Lewis, amounting to about \$150. Some of the finest clothes of Miss Lewis, were stolen and shoes and other articles have been missing and were found at the home of this colored woman. The woman was arrested Monday afternoon and will be given a hearing in the city court Friday morning. Other goods, which evidently had been stolen home, including a handsome rug which was hidden in bed. The woman was all diked up on the 8th of August wearing one of Miss Lewis's dresses to Paducah. The colored woman had been a cook at the Lewis home.

CITY COUNCIL

The session of the city council last night was very brief, there being but little business before the body.

The proposition of building a gutter on the south side of Broadway from Fifth street to the McGroarty corner was not decided but will be taken up later.

Attention to the bad condition of the bridge on the Pryorburg road near the gravel pit was called by Member McGuire. On motion then by Member George, Mayor Stevens was given authority to have the bridge built if lumber can be secured.

Accounts were allowed as follows:

Washburn, Magness & Adair, clearing out and rebuilding bridges.....\$ 75.25

Dink Rowland, janitor.....1.50

Ramsey Jolper, hauling dead dog......35

S. B. Chester, 10 days in place of Guy Longmire.....20.00

Will Holland, hauling 2 dogs......70

Raymond Hamlet, hauling dog......25

MELONS SMALL BUT HIGH THIS YEAR

Watermelons are high this year like everything else. The town has not been heavily stocked yet on account of the dry weather. Several loads are brought here most every day from the country but the prices are decidedly stiff. Yet the people are buying freely. The drought has injured the crop and will injure it still more if rain does not come soon. This especially true of cantaloupes.

Watermelons are ranging in price from 10 cents to 75 cents. The time honored melon is absolutely unknown and it is a sorry specimen that sells for less than 25 cents. Even those under 50 cents are decidedly off in size though they may be all right at heart. There has been some fairly good melons brought here from the Fuyers Tennessee section. The home grown melons are small and not very attractive.

MUCH TOBACCO YET REMAINS UNDELIVERED

There is said to be much tobacco yet in the country undelivered and can not be brought here until there is a season. There is also a considerable amount hanging in the barns that has not been stripped on account of there not being a suitable season for stripping for the past two or three months. The weed still commands a good price.

LOST HAND GRIP

A hand grip was lost last Sunday between Spence's and Chester's store bearing the name of J. B. Pearson, of Benton. There were some clothes in the grip. Finder will be rewarded if returned to the Messenger office or J. B. Pearson, Benton, Ky.

Wednesday Afternoon

The body of Mrs. Will Landrum will arrive this afternoon from Hopkinsville and will be taken to the home of R. H. Cresson at 8th and South streets. The funeral services will be held from the Cresson home at 8:30 Wednesday afternoon with interment at Maplewood.

Attention, Baptists

Rev. G. A. Leitch, of Dayton, O., will preach at the Baptist church tomorrow Wednesday night. He has been with Dr. Brower of Paducah in a meeting at Sedalia, is a noted singer and revivalist. Sedalia people may come along with him. It is expected that we have a good crowd out to hear him.

JAMES' CONDITION

IS SOME BETTER

Washington, August 13.—Senator Ollie M. James, who is a patient at Johns Hopkins hospital in Baltimore, has a comfortable day yesterday. The condition of Kentucky's senior senator, which was reported favorable, has improved slightly during the last 24 hours.

DR. JOHN D. CLARDY DIES IN OLD AGE

Former Congressman From the Second District Passes Away.

Hopkinsville, Ky., August 13.—Lacking just a few days of being ninety years of age, Dr. John D. Clardy, former congressman from this district, and one of Christian county's wealthiest and most valued citizens, died late Saturday night of infirmities incident to age. For the past few years Dr. Clardy had been incapacitated and confined to his beautiful country home. Recently his condition had grown worse and it was realized that his death was only a question of time.

Dr. Clardy was born August 30, 1828, in Smith county, Tenn., but came to Christian county when a youth. After completing his education so far as possible in the country schools here, Dr. Clardy went to Georgetown College, where he was graduated in 1848, before he reached the age of 20 years. After teaching school a year he began the study of medicine, and after one year in the University of Louisville he went to the University of Pennsylvania, where he received his degree in 1851.

Except for a few years when he lived at Blandville, Ky., and practiced his profession, he made Christian county his home all his life.

"Although he played an important part in politics, Dr. Clardy was not a politician in the usually accepted sense. He was an ardent democrat, and was elected a member of the state constitutional convention in 1890 by a large majority in his county, which normally went republican by a thousand or more. He was an unsuccessful candidate for governor against John Young Brown in 1890.

In 1894 he was nominated for congress by the democrats of the Second district and in the following November was elected to the Fifty-fourth congress. After returning to private life Dr. Clardy continued his interest in all public affairs. He was married in 1854 to Miss Ann F. Bacon of Trigg county. Mrs. Clardy lived until a few years ago when she succumbed to a complication of diseases.

Dr. Clardy was deeply religious and was one of the most active members of the Baptist church. He is survived by two children, F. C. Clardy, who lives near the home place and Mrs. Fannie Prestridge, widow of Dr. John W. Prestridge of Louisville. Mrs. Prestridge is now at her father's home seriously ill with typhoid fever.

SECOND SUFFRAGETTE ASSEMBLY BROKEN UP: 38 WOMEN ARRESTED

Washington, Aug. 12.—Another Woman's Party demonstration in protest against the senate's delay in acting on the federal suffrage amendment was broken up today by the police. Thirty-eight women who participated were arrested. They assembled at Lafayette Square in front of the White House. The women at the police station were released after being instructed to appear in court tomorrow. They returned to the square and were rearrested and taken to the police station and held one hour but were again released.

LEAVES ARE FALLING FROM THE TREES FROM HOT WEATHER

Another indication of the serious extent of the drought is being given here by the trees shedding their leaves. Trees all over this section are losing their leaves in large numbers, these having been turned yellow and dried out completely by the blazing sun. Already the people here in town have begun to sweep up the leaves and have them hauled away or are burning them. The situation much resembles the fall season, except for one important difference, the heat.

ANNA HELD DEAD

New York, August 13.—Anna Held, actress, died here yesterday after an illness of several months.

BYRON HESTER COMMISSIONED CHAPLAIN

Byron Hester son of Mr. and Mrs. R. O. Hester of this city, has been commissioned Chaplain of the United States Army, with the rank and pay, besides that of Chaplain, of First Lieutenant Mounted. Mr. Hester may be assigned to overseas duty in two or three weeks.

He has been attending the Training School for Chaplains at Camp Taylor Louisville, graduating from this school with one of the highest grades; in that he was one of four, out of the two hundred, who, because of near perfect examinations, were selected to grade the papers of the other candidates.

Mr. Hester is the successful pastor of one of the strongest churches in Oklahoma, located in Chickasha, a state college town, with a population of near 17,000. His church will grant him an indefinite leave of absence for the period of the war. As a mark of high esteem the Intermediate Department of his church school presented him with a wrist watch, and the church handed him a check for \$350.00 to be used for his personal equipment. Besides this, he will receive the same equipment adopted and furnished all of the chaplains of the national Christian church, consisting of Corona type writer, field and clinic communion services.

The name of Mr. Hester, as a member of the Executive committee of the state board of Oklahoma Disciples and as Secretary of the Oklahoma state convention will be retained. He will resign as President of the Fourth District of Oklahoma Disciples of Christ. It is Mr. Hester's intention to return to Oklahoma, although he has received tempting offers from other states.

While in Louisville he has been in demand as a speaker in various churches. Among them being the Christian church of New Albany, Indiana, the Edwards church of Louisville, and the First Christian church, of which E. L. Powell is pastor.

After a visit with the parents of Mrs. Hester, in Lexington, Mr. Hester will spend the time allotted for him (a sabbath "on leave of absence") with his parents in this city.

AT THE ST. JAMES

A. M. E. CHURCH

There will be a great meeting at the St. James A. M. E. church, Sunday afternoon at 3 o'clock. Miss Eugenia Parham (white), Mrs. E. O. Lovett (white) of Houston, Texas and Prof. Canon (white), will deliver talks of great interest to the colored people of the city and it is desired that all the colored people hear these talks from those who are interested in our welfare.

The United choirs of the Baptist and Methodist churches have arranged several selections of Plantation Melodies and patriotic songs for the occasion.

The white people of the city who enjoy hearing Negro Melodies will be welcomed at this meeting.

Remember the time Sunday afternoon at 3 o'clock.

Keeping Streets Clean

The brick streets are being kept in an unusual clean condition and it is remarkable how it is done when it is known that there are such few prisoners to be used in that capacity. At Brown, street host, says he is doing the work with three prisoners, but it takes continuous work to do it. Everyone feels grateful to Mr. Brown for the good work he has done.

CHARGES HEARST MET BOLO PASHA 3 TIMES

New York, August 13.—Attorney F. Lewis, 100 Broadway, today cleared up a statement last night that he could show by a series of affidavits that William Randolph Hearst, the newspaper publisher, had received at his home, at the same time, on two or more occasions, Bolo Pasha, who was recently executed by France for treason, and Count von Bernstorff, the former German ambassador to the United States.

Moreover, Mr. Lewis asserted that he was "prepared to show, by many affidavits that Count von Bernstorff was a frequent visitor at the Hearst home at about the time of Bolo's visit to New York in the spring of 1916, when Bolo obtained \$1,625,000 from von Bernstorff with which to carry on the same German peace propaganda in France that Hearst was then conducting in America."

Mr. Lewis claimed that it had been shown "by the testimony of Hearst's Paris correspondent, Bertell, given on the trial of Bolo for treason, that instead of Hearst meeting Bolo 'only once, he met him three times.' These meetings, according to Mr. Lewis, occurred 'when Hearst entertained Bolo at luncheon. Bolo entertained Hearst at Sherry dinner and Hearst entertained Bolo at a theater party and supper.'"

The remains of J. L. Rose, aged 73 years who died Sunday morning at his home on the Husband road from infirmities incident to age, were shipped to Almo, Ky., where the funeral and burial were held Monday afternoon. Paducah News Democrat.

Spurgeon Mayo Wounded
While Fighting With Marines

Spurgeon Mayo youngest son of Rev. and Mrs. G. T. Mayo of Dresden, Tenn. was wounded in action on the western front July 18, according to a telegram from the government today. The wire stated the degree of the wound was undetermined. Mayo is with the marines and has been almost constantly in action since the marines began the work on the western front. He has been in France since the first marines went over. In his letter home he tells of his many experiences with the narrow escapes but always expresses the desire to stay until it is over "over there." Says he saw the American soldier who captured 40 Germans when he returned with them. The prisoners were glad to be in the hands of the Americans. Says he has guarded prisoners whom he had fed and given water and that they say the German fighting men are tired of war; that such is true with all the fighting German soldiers. He gives unlimited praise to the Red Cross; says the work of the Red Cross is much more wonderful than anyone not on the front or at the hospitals can imagine; also gives similar praise to the Y. M. C. A.

Their Medicine Chest For 20 Years

It is characteristic of those who have passed the allotted three score years and ten, to look back over the days that are gone and thoughtfully live them over. I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the latest and best medicines on the market and became convinced that their main fault was that they did not act on the bowels, but that if a man was two hundred and seventy, and did not have a system of the bowels, it was due to the fact that they were not strong enough in their action, some simply acting on the bowels or small intestines, while others would act only on the bowels or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a solid, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I had perfected the formula that is now known as Nature's Remedy, which I truly believe runs farther and does more than any laxative on the market today. The thousands of letters from men and women who have used it, and that the owner of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in it, and I have never been disappointed.

And how as I find my old hearing the age when I must now use the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that such men and women as I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it. It is a comforting thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (No. 1) and will be better, healthier, happier people for it. I hope you will be one of them.

IMPORTANT LIVE
STOCK CONFERENCE

A very important conference of farmers who produce cattle, sheep or hogs, is to be held at the college of agriculture at Lexington on Saturday, August 17, at the call of Dean T. P. Cooper for the purpose of discussing matters pertaining to the production of meat under war conditions.

Every farmer is interested just now in the matter of how many steers, hogs or sheep to feed this fall and winter, what his patriotic duty is and what he may expect in the way of profits.

Mr. C. E. Vance, specialist in meat production in the United States Food Administration, will be the principal speaker. Mr. Vance is one of the large producers of meat animals in Missouri and was chosen to his responsible position in Washington on account of his wide and successful experience as a feeder.

Other men who attended the Federal Meat Producers' Association meeting in Chicago, and who have given the problem of meat production, great study will take part in the discussions.

The purpose of this organization is to make a study of the producers' problems and to aid the administration in formulating such regulations as will be just and fair to both producer and consumer.

Every farmer and stockman in Kentucky is invited and urged to be present. The meeting will be called at 11 o'clock in the University chapel. If the weather is fair the meeting will be held on the lawn at the experiment station farm.

GRAVES COUNTY'S
BANNER WHEAT CROP

Graves county has just harvested a banner wheat crop, one of the largest ever produced in the county. A few farmers made a yield of over 20 bushels per acre, a number better than 25 bushels, while the county as a whole went about 15.

There was approximately four times as much wheat threshed in the county this year as last year, which speaks well for the farmers of this county.

Now what are we going to do about the next wheat crop?

The government is asking for the biggest wheat crop ever grown for 1919. This is absolutely necessary if the war is prosecuted to the fullest.

The administration has made it very plain what the farmer's duty is and none are excused. "Wheat on every farm" is the slogan.

We should begin as soon as possible to prepare for it.

The labor shortage will be against us, but we should remember that to hacco and corn land can be prepared and seeded with very little labor.

A few farmers are saying that it is more profitable to raise other stuff. We have enough professions already. Let's relegate them where they belong and prove ourselves worthy of the sacrifice OUR BOYS are now making for us.

SOW MORE WHEAT than you ever did before; prepare your ground as you have never done before; fertilize a little heavier; guard against every agency that will tend to reduce production, and trust to Providence for the rest—Graves County Council of National Defense.

A Little Blossom
To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates deeply and acts for quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous system. Don't fail to get a bottle of "Mother's Friend" today and then write Bradfield Regulator Co., 414 Lamar Bldg., Atlanta, Ga., for a pretty little book brimful of information for expectant mothers. It is a delight to read it.

Packers' Costs
and Profits

How much do you think it costs—

1. To dress beef, cure hides, and prepare all the numerous by-products?
2. To cool the meat for two or three days before shipment?
3. To freight it to all parts of the country in special refrigerator cars, iced daily?
4. To carry it in hundreds of branch houses, each with its refrigerating plant?
5. And to deliver it to the retailer—sweet and fresh—in less than two weeks after dressing?

Swift & Company did all this for you in 1917 at an expense of less than 2½ cents per pound of beef sold, including an average profit of ¼ of a cent a pound.

Figure for yourself how little effect this cost and profit had on prices you paid for beefsteak.

What to Do When Backache Comes on

"Foley Kidney Pills have done me more good than \$100.00 worth of other medicine," writes Chas. W. Fox of Elmwood, N. Y.

When backache comes on, and it seems as if you can't stand the pain and pressure in the small of your back and sides, do not feel that you must continue to suffer, but get a bottle of Foley Kidney Pills and begin taking them. They usually help from the very first doses.

It is worth a good deal to you to know that Foley Kidney Pills give you just what your system needs to repair the weak sick kidneys. It is their inability to do their work properly that causes your pain and misery. Foley Kidney Pills lend to middle-aged and elderly people the spryness and elasticity of youth. They take away the causes of backache, stiff and aching joints, rheumatic pains and annoying bladder and urinary troubles. Try them today.

Dear Sis:

How is the girl today, I am o. k. I got your pictures a few days ago, sure was more than tickled to get them. They may not have been very good but they sure do look good to me.

How many of the boys have been called from near home now. I got a home paper once and a while but it is so old I can't tell much about what is going on. I am yet at the front don't know how long it will be until we are relieved.

Two pals and I have been camping out by ourselves keeping batch. You can imagine about the time we had we caught \$4 fish Monday afternoon and night. Tell Alex and Locke I thought of them while cleaning fish and wondered if they would not be glad to be in the army if they could only be with me then.

When did you see Anna Mae and does she look as good as ever. Tell Mama I am glad she is able to work. But had rather she had not.

GERMAN PAPERS ASKING
POINTED QUESTIONS

Complaints That Efforts Are Being Made to Hold Back the Truth.

The Hague, August 12.—German newspapers are asking pointed questions concerning reverses in the west, and are caustic in their comment.

A Berlin dispatch to the Post of Munich complains of the attempts of certain German officials to conceal the truth from the people. It says this has done incalculable harm, and is largely responsible for the public bitterness. The dispatch adds:

"The same day that Gen. Ludendorff confessed our strategic plans had failed, Prince Henry of Prussia in a speech at Hamburg said the Turkish attack had just told him he considered the battle on the Marne a German victory. So the German public may choose between Ludendorff and the Turkish attack. It is painful to see private persons in prominent positions like Prince Henry trying to represent facts in a manner at variance with the truth.

"It is ridiculous to suppose that the importance of events can be concealed ultimately from the people."

The Deutsches Zeitung of Berlin declares: "The events between the Somme and the Aisne constitute the first serious defeat of the war."

The newspaper attributes the defeat to the weak morals of the troops of Crown Prince Rupprecht of Bavaria, due to the last Reichstag speech of

former Foreign Secretary von Kuehlmann.

The Socialist Vorwaerts of Berlin calls upon the government to tell the people the truth about the war, saying the expectations of those "who wish to leave the nation through the war like an ignorant child with the stereotyped assurances that 'everything was going splendidly' are unfulfilled.

Wallace Reid Has
Congenial Role in
"The House of Silence"

There are few more popular stars in the screen world than Wallace Reid, who will be seen in "The House of Silence," which is to be shown at the Princess theater today. Mr. Reid achieved fame through his recent support of Geraldine Farrar in "Joan the Woman." "The Woman God Forgot," and "The Devil Stone," in which he appeared as leading man for Geraldine Farrar. In "The House of Silence," he displays his versatility as an amateur detective and with the aid of a hatpin and a woman's purse he discloses the identity of a girl slayer and thus unravels the mystery of a rendezvous for thieves which long has been under police surveillance. In Mr. Reid's support will be seen, aside from Ann Little, a popular screen artist, Adele Farrington, an actress of unusual ability. The story is based upon the novel, "Marcel Levisnet," by Elwyn Barron.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, but he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

RAISE WHEAT

The Kaiser can have no hope of gaining the mastery of the seas, so that even if his armies overrun France and Italy, how does he expect to conquer England and the United States?

This is easily answered. He expects them to quit. As a recent editorial in one of our popular periodicals states, "He hopes there is enough laziness and selfishness, and cowardice in the people of these countries to give the game into his hands. He thinks they will get tired of fighting. He thinks they cannot stand the ruff.

He banks on the chaps who resent having their profits and pleasures interfered with, their diet regulated, on the big capitalist who foretells as much as the law allows him; on the man who will not buy a Liberty Bond when he can get 8 per cent on a mortgage and the labor leader and wage earner who will strike even against the government. To this we may add: "He also banks on the farmer who will not plant wheat because some other less essential crop is more profitable. There are undoubtedly a few farmers who, because they think they have not been fair in the matter of price, have worked themselves up to such a state of self pity, and feel themselves so abused, that they are ready to quit. The thing to do with such men is to send them to the front in France and let patriotic men run their farms; men who are willing to forego profits for the welfare of their country. We must plant every possible acre of wheat this coming year. Only the German sympathizer or the slacker will stop now to consider the question of profits.

If the price fixed by the government is not high enough or not a fair one, the thing to do is to make a strenuous fight to secure the price which is fair. In the meantime, the country will not tolerate the man who refuses to plant wheat unless he is promised a higher price any more than it will tolerate the profiteer in any other business.

CAUGHT GOLD AT PALM BEACH. Southern climate is no protection against summer colds. Helen R. Sanders, 626, 2nd Av., W. CORROBORATION

Of Interest to Mayfield Readers. For months Mayfield citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Mayfield residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of many Mayfield reader:

Mrs. B. F. Bynum, S. Tenth street, Mayfield, says: "For a long time I had pains across the small of my back and in my side. Doan's Kidney Pills were so highly recommended I got some from Evans & Covington's drug store and they soon relieved me. I have had no occasion to use them since. I recommend Doan's to all those who suffer from kidney trouble. (Statement given March 7, 1912.)

On Oct. 27, 1916, Mrs. Bynum said: "I recommend Doan's Kidney Pills to anyone suffering from kidney trouble because the cured me. I consider them an excellent kidney medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bynum had. Foster-Milburn Co., Mrs. Buffalo, N. Y.—(Adv.)

BETHURUM CONCEDES
BRUNER'S NOMINATION

JUDGE PLEDGES FULL SUPPORT TO G. O. P. OPPONENT OF OLLIE JAMES.

Louisville, Aug. 12.—Judge B. J. Bethurum, Somerset, concedes the nomination of Dr. Ben L. Bruner, of Louisville, as the Republican candidate for the United States Senate in the coming fall election. In a letter received yesterday by Dr. Bruner, his opponent in the primary election held August 4 admits defeat, and pledges his loyal support in the campaign against Senator Ollie James, who overwhelmingly defeated W. P. Kimball, of Lexington, for the Democratic nomination.

Dr. Bruner said last night that his figures from 116 out of 120 counties gave him a majority over Judge Bethurum of 3,464. The four counties not yet heard from are Calloway, Logan, Taylor and Rowan. In the First, Third and Ninth districts, respectively. "And I expect to carry all four of these," said Dr. Bruner, who, however, expected that the vote would be light and would add but little to his majority.

Attending to Chickens and Garden

"My neighbors are surprised to see me looking so well, for they thought I would not live to see summer. I had such pains around my heart as to cause me to faint. I knew it came from bloating and pressure of gas in my stomach. A friend in St. Louis told me to use May's Wonderful Remedy and I now feel better than in all my life. I am doing my own work, attending to my chickens and my garden and have cleaned house." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Evans & Covington and druggists everywhere.—(Adv.)

W. W. HAINLAINE RECEIVES
LETTER FROM SON IN FRANCE.

Somewhere in France, July 11, 1918. Dear Father and Mother:

How are you all by this time? I will try to write you all a few lines to let you know I am still living. I haven't heard from home since I left Camp Taylor and that has been about two months or more. I would be much better satisfied if I could hear from you all. These few lines leaves me in the best of health, but not having the best of a good time. I am feeling fine now have just drank a quart of cider, I think I can sleep pretty good tonight for I have been drilling pretty hard today, I guess we will get some real drilling now for a while but I don't mind that, wish we were ready to go to the front tomorrow. It is raining tonight, but don't think it rains much here in the summer time. There is a pretty good crop of grain here this time. There was a hog and cattle show in town today and had some fine hogs and cattle that is about all I have seen that is worth a ———.

The climate sure is fine here not very hot in the day, but cool enough to sleep under two blankets at night. This is a pretty nice country but the towns look old and common the buildings in the town and country are all built of stone and brick, and covered with slate. There are only two wheel wagons drawn by one horse or a yoke of cattle, we took a hike out in the country this afternoon I saw a man plowing with an old wooden plow and a yoke of oxen I also saw another plow being pulled by one man was holding the plow the other leading the horse I don't think I would like that kind of work at all and furthermore I would not live here if they would give me one hundred acres of the best land in France. There are lots of wooden shoes worn here a little strap of leather to hold them on. I haven't seen but one moving machine since I have been here. The country is about one hundred years behind the U. S. A. This country reminds me of what I have heard you say about the olden times. The railroad trains are very small the passenger are built in sections six sections to the coach, and eight people to the section with doors on the side, the cars are coupled to gether with large chains. We have a pretty nice time all of the wine, whiskey and cider we want I would like to send you a quart but it might get sunk in the pond, we were attacked by a U-boat about five hundred miles from shore but it did not get a shot at us there were four shots fired at the U-boat. That is one time I would have felt safer on a little spot of land we were also in a storm before we landed on this side I hope I will not have to cross the pond but one more time, I would like to be back in the states to night but I don't know when that time will come but I hope pretty soon I will come home when the war is over but I am sure not before I will be glad when I can leave this country for I do not like it at all over here. I will close for this time hoping to hear from you all some sweet day, write me often I would be glad to hear from most anyone. Tell everybody hello for me, will write more soon, don't worry about me I will get by all right.

I remain as ever your son.

Lawrence Carter Writes from Camp Shelby to His Mother.

Camp Shelby, Miss. Aug. 6th 1918. Dear Mother.

I will write you a few lines now, while I have a little time have been

very busy and are most of the time, I will try to write you a few lines, every time I can, well I guess you all are well, I am well and getting along the finest kind, has Charlie come home yet you said he was coming home when he got some money, he didn't like there very much. I guess he just got home sick, he would like better after he stayed a while.

He is a little to young to start out that way any way, he had better stay at home awhile longer, you know I never have got a letter from Robert since he went out there, I wrote him a letter, he never did answer it or I never did get it, do you hear from him often I suppose he is getting along fine and like myself don't have much time to write.

Mama I sure will be glad when we leave this place, I am getting tired staying in one place so long and it so hot here I can't hardly stand it I near ly burn up, are you all having much hot weather now? Is the crops very good? I hope so. The crops are very good here to be so hot as it is, how are you all liking your car? I don't guess you could hardly do without it, and guess George is having his time with it, Mama I don't think we are going to France right now of course I don't know where we will go but we are going some where from here I won't be sorry of it either, I am anxious to leave from down here. Mama take care of yourself and don't worry about me, I believe the Lord is with me, and will protect me, May God protect our home while we are fighting for our dear country. I will close, so bye bye, answer soon.

From your loving son,
LAWRENCE CARTER.

Camp Shelby, Miss., July 20.

Mrs. Mackie Courtney.

Dear Friend:

I received your letter today and sure was glad to hear from you and to know you all were well. These few lines leave me all o. k. It is not so warm as it has been. We had a big rain here today and it sure helped us out in our drill. Say you said that you was fixing to come down here. Well don't know much about leaving. But it may be best to wait until next month to come for if we don't leave here this month we will be here a good while. Is has been the talk of us leaving but we can't tell I would hate for you all to come and me be gone.

I am nearly crazy to see you all. For it is so lonesome here in Camp. I know you all will do all that you can to help us boys and you all don't know how us boys appreciate it. And we are always longing for the day to come when we can come back home. If we never get to come back you all may know that we have done all in our power to win this war.

And we will go away happy and thinking of the old folks at home, which puts many sweet thoughts into our minds so you can bet on us doing all we can to win this war. I sure would die before I would let a German whip me.

Well I have gottop the box you sent

DOG TAX MAY SKIP A YEAR

Validity of Act Questioned and Placed Before Attorney General.

Frankfort, Ky., Aug. 13.—It is probable that the 1917 dog tax cannot be collected. At least there is serious doubt and the question has been submitted to the Attorney General's office.

The act of 1918, requiring the licensing of dogs and placing tags on them repeals the statute levying a tax of \$1 on dogs. The dogs were assessed in 1917, and sheriffs now are collecting 1917 taxes; but the dog tax has been repealed and the license does not go on until January, 1919. The question is whether the assessment fixes the obligation of the taxpayer, or whether the abolition of a tax, after assessment and before collection, makes the tax void. As a general proposition the law is being studied carefully with a view to instructing the sheriffs about collecting the 1917 dog tax.

Under the old law the tax was returned to the auditor with other taxes and was not set apart as a fund to pay claims for sheep killed by dogs in the county whence the tax originated, any balance going into the school fund of the county.

Under the new act a license is secured from the county clerk, fees being paid to him, and the fund being kept in the county. The assessor reports on dogs, but it is merely for the purpose of checking with the clerk's report.

All the balance remaining in the Auditor's hands from collections under the old law are turned over to the county fund. This would be the case with the 1917 collections, if they were in hands; but there is a possibility that there will be no dog fund, other than moneys from last year's collections until the license fees are collected in 1919.

LIVE STOCK

(Special Report of the St. Louis Live Stock Market.)

National Stock Yards, Ill., August 13.—Receipts—Cattle, 7,400; hogs, 13,000; sheep, 2,700.

Cattle—While the dry weather is still a big factor in the market, yet the trade was of a more favorable turn than that of last week. Steers of all kinds held steady with the close of last week, while butcher cattle and mixed stuff sold 10¢ to 15¢ higher.

Beef steers, \$7.50@18.50; stockers and feeders, \$7.00@11.25; stock cows and heifers, \$6.25@8.25; yearling butcher cattle, \$8.00@17.00; beef cows, \$8.00@13.00; canners and cutters, \$6.00@7.00. Beef bulls, \$11.00@13.00; sausage bulls, \$6.50@9.50.

Hogs—Strictly good corned hogs topped at \$19.85 today, which is 10¢ higher than a week ago, but the market on these is 15¢ lower than the high time of last week when \$20.00 was established as a new market record. Bulk of the receipts consists of dry weather stuff which is hard to move at unevenly lower prices compared with a week ago. Buyers picking very close for fat these days.

Good to choice 1600 to 250-lbs., \$19.85; rough hogs, \$17.75@18.00; good to choice Northern pigs, 130 to 150 lbs., \$18.25@18.75; 80 to 120 lbs., \$17.75@18.00, with lighter weights ranging from \$12.00 for the poorest up to \$15.50 for best light kinds.

Sheep—Trade active and unchanged. Lambs, \$7.00@17.00; sheep, \$5.00@12.00. Bucks, \$9.00, and kids \$5.00@10.00.

Walter Wright, John Byron, Len Shaw, Hub Waller and others will leave Wednesday morning to entertain Mr. Crook with a camping party. They will take two colored hounds along.

Women Fall Out Over Apples

Magistrate Wm. Kinsey held court at Wingo Monday and what promised to be the most interesting trial was not held. This was where several women of the Hollifield Store neighborhood fell out about some apples. County Attorney F. B. Martin ordered the warrants filed away on the good behavior of the women. It was also understood that they should go home and "kiss and make up," or the charges would be revived and they would be vigorously prosecuted.

NOTICE, HIGH SCHOOL

All examinations for "make-up" work will be given at the high school building Monday morning, Aug. 19, beginning at 9 o'clock. A fee of 50 cents for each subject taken will be collected before the examinations begin. Each student intending to take one or more of the examinations should report same to C. T. Canon at once, stating the subject desired, from whom taken and number lessons taken this summer.

Summer Days are Play Days with a McDougall in Your Kitchen

SUMMER SAVING

of Steps, Time, Energy, Food, Money

A McDougall Kitchen Cabinet is a big saver at any time, but particularly in the summer when days are hot, when steps become miles, and when kitchen work becomes double drudgery.

SPECIAL SALE NEXT WEEK

During this sale you can secure a McDougall without missing its cost. A very small payment will deliver it to your home. Then pay a little each week while it earns its way.

A McDougall is a patriotic possession in the time, food and money it saves. It is a star in your kitchen.

The first kitchen cabinet ever made was a McDougall. The cabinet which still leads in convenience and method is a McDougall. A McDougall is the first and last word in kitchen efficiency.

And, with all this, a McDougall costs you no more than makes which do not combine this prestige and efficiency.

On account of the enormous demand, the number of cabinets the factory can supply is limited, therefore it will be to your advantage to come while the stock is complete. Come before the stock of Auto-Fronts is exhausted.

Come see it. Try for yourself its exclusive Auto-Front and other McDougall features. Your kitchen is incomplete without a McDougall. It takes the heat out of summer days in the kitchen. It more than pays its easy buying way.

Show this advertisement to your husband. He, too, will be interested in the McDougall way of saving steps, time, energy, food, money.

Then ask him to come with you to our store and see the McDougall demonstrated.

Earns its way **McDougall** while you pay
