German Losses Since War Began Six Million

BRITISH ON OUTSKIRTS OF ALBERT HELD BY GERMANS

German Losses Enormous As Shown In Latest Figures

(By Associated Press.)

Paris, August 16.—Total German losses from the beginning of the war until the end of July, it is understood, are six million, according to morning newspapers. These figures include a million and four hundred thousand killed up to beginning of German offensive in March, from March 27 up to June 17, the Germans are said to have lost a hundred and twenty thousand in killed alone.

(By Associated Press.)

Pacific Port, August 16.—Albert Metin, head of the French Economist Mission and former French minister of labor, died at midnight from a stroke of apoplexy.

New York, August 16.—The Brazilian motor ship Madrugada, 1600 tons, was sunk by a German submarine on the American coast, according to word received in insurance circles. The crew was rescued.

Amsterdam, August 16.—Don Cossacks have cleared the left bank of their opponents and are marching victoriously on to Zeragin, says an official statement issued by Don Cossack staff, received here from Kiev.

Washington, August 16.—Cossacks have persistently refused to recognize the Brest-Litovsk treaty and are implacable in their hostility to Teutons and Bolsheviks. Officials here suggest that the conduct of the Cossacks is significant of support of inter-Allied army, to be received from various factions in an effort to aid the Russians in re-establishment of the eastern front.

London, August 16.—Gen. Haig reports that the British have advanced their line slightly south of Albert in the region northeast of Morlancourt. Local fighting occurred last night in the outskirts of Thiepval wood, west of Thiepval.

American Army in France, Thursday.—American aviators successfully bombarded the railroad yard at Dommary-Barancourt in Verdun and Metz area this morning. Longey, to the north of Verdun and Thiarcourt, was attacked Wednesday.

Paris, August 16.—The war office reports the French made an important advance on two and a half mile front east of Roye in the region of Livvres Les Roye.

George Dillon's Mule Died, But George Still Survives

George Dillon was in the city Friday, notwithstanding the fact that an announcement of his death was published a few days ago. He said he knew it was not true when he heard it, and that he is very much alive. A mule belonging to Mr. Dillon died and the report began to circulate and change hands so often that by the time it reached Mayfield the news had gathered Mr. Dillon into its web and it was reported that Mr. Dillon had passed into the great beyond. Although he is sorry that he lost a mule Mr. Dillon is rejoicing that it was the mule instead of him that had passed away.

SINGING TONIGHT IN COURT YARD

Program Begins at 8 O'Clock. When All Should Be There.

Patriotic Songs, With French National Air, a Feature.

When the reville sounds tonight at eight o'clock let every citizen be in his place in front of the court house ready to salute the flag and to join in singing the National anthem. "The Star Spangled Banner." The program, which has been prepared for the Community Singing this evening is one of unusual interest. Mr. Erve Johnson and Mr. Tom Watson will be on hand with their horns to add enthusiasm and pep to the singing. Mrs. Houston Adams will sing the great song of Clay Speak, "When the Boys Come Home," and Messrs. Lochridge, Crawford Anderson, John Anderson, and Frost will render "The Long, Long Trail." Mr. Lawrence Anderson and Miss Clarke Reaves will direct the singing. A feature will be the singing of the French National Air. Every one is urged to cut the words of these songs out as they appear and paste them into a booklet, or on cards that may be strung together. If the editors of our daily papers are so generous as to give their valuable space for this, surely we should appreciate it enough to keep the words, and use them.

Programme.

- 1 The Star Spangled Banner.
- 2 Keep the Home Fires Burning.
- 3 Marseillaise.
- 4 Solo—When the Boys Come Home.
- 5 Liberty Bell.
- 6 Male Quartet—The Long, Long Trail.
- 7 The Battle Hymn of the Republic.
- 8 What are you going to do to help the Boys.
- 9 America.

Marseillaise.

Ye Sons of France, awake to glory,
Hark! Hark! what myriads bid you rise!
Your children, wives and granddares hoary;
Behold their tears and hear their cries.
Behold their tears and hear their cries.
Shall hateful tyrants, mischief breeding,
With hireling hosts a ruffian band,
Affright and despoil the land,
While peace and liberty lie bleeding!

Chorus

To Arms, to arms, ye brave!
The hero's sword unsheath;
March on, March on, all hearts resolved
On victory or death.

Oh! Liberty, can man resign thee,
Once having felt thy generous flame?
Can dungeons, bolts, and bars confine thee?
Or whips thy noble spirit tame,
Or whips thy noble spirit tame.
Too long the world has wept-bewailing.

That falsehood's dagger tyrant's wield;
But freedom is our sword and shield,
And all their arts are unavailing.

The program tonight is under the auspices of the Baptist choir, with Mrs. Will Lochridge in charge. Next week it will be in the hands of the Presbyterian choir, under the direction of Mrs. Will Robertson. Let every one come and sing.

14 COUNTIES FOR ROAD TAX.

Frankfort, Ky., Aug. 14.—The following counties have voted the 20 cent road tax: Pike, Martin, McCreary, Owsley, Wolfe, Fulton, Livingston, Nelson, Shelby, Henry, Carroll, Owen, Franklin and Grant, according to figures of the recent election filed with the secretary of state.

JUSTICE KINSEY HOLDS COURT AT WINGO

Magistrate W. M. Kinsey held a busy session of court Thursday at Wingo. County Attorney F. B. Martin was present to prosecute the cases and Joe Weeks represented some of the defendants.

Len Cole and wife were tried for breach of the peace by assaulting Tom Hoffield. The jury fined Mrs. Cole \$5 and costs but acquitted Mr. Cole. The charge against Mr. Hoffield was dismissed.

Gilbert and Delbert Futrell, tried for breach of the peace, were declared not guilty by a jury. They were charged with engaging in a fight at an arbor meeting July 11 with two Clapp boys and Major Mason. The other parties had previously compromised their cases.

Snok Watts and Robert Angel were fined \$5 and costs each on the charge of "swiping" watermelons from the patch of Mrs. Wheelers.

Sugar-Saving Sweets

- 1 Select fruit; wash; prepare.
 - 2 Cook until soft; stir.
 - 3 Add minimum amount of sugar or sugar substitutes, as corn syrup, honey, etc., to sweeten.
 - 4 Continue cooking until very thick.
 - 5 Sprinkle by spoonfuls quantity on cold paper.
 - 6 Dry in slow oven; finish drying over kitchen range.
- Note of all kinds can be dried in these cakes, which may be left whole or cut in strips with scissors. Fruit pastes may be made into bars or used as fillings for sandwiches. They may also be brought back with water and used for pie fillings or sauce.

IN CITY COURT

Judge Seth Boaz held city court this morning with Joe Weeks acting as city attorney in the absence of Attorney Carlyle Carter.

Eugene Johnson, colored, was fined \$10 and costs for disorderly conduct on North Eighth street on the 8th of August.

Eugene Waterfield was fined \$5 for disorderly conduct.

Willie Chambers, alias Jones, wife of Gerhan Chambers, waived examining trial on the charge of stealing a lot of clothing from Miss Lura Lewis, and was held to the grand jury in the sum of \$300. In default of bail she was lodged in jail to spend the hot months.

The trial of Jim Guyer, colored, will be held Monday. He is charged with breaking into the home of Will Stephens. There are many witnesses in the case.

Ed Carter Entertains

Ed Carter of the T. L. Stovall & Co. big department store, entertained the force of that big concern at his home in the north part of town with a 6 o'clock dinner. He had a very sumptuous dinner and the table was heavily loaded with everything good to eat which the market affords, which was served with the usual hospitality displayed by his wife and himself, to eighteen persons who attended.

Charged With Cattle Stealing

On the charge of stealing two yearlings and a red heifer from David Adams of Murray, Will Campbell, a young man from Mayfield, and Sam Marshall, an 18-year-old negro from Murray, were arrested at Sedalia Thursday by Deputy Sheriff Clarence Darnell. Deputy Sheriff Ole Donham of Murray, who was hot on the trail, arrested later and took the young men back to Murray to answer the charges. Campbell had just recently moved here from Murray.

FALL OF ROYE FROM GERMANS SEEMS SURE

Paris, Aug. 16, 1 p. m.—Roy is held in vice-like grip by French and stubborn German resistance being crushed. French are slowly encircling the town and it is believed the French advance at Villers Les Roye, will make the fall of Roye inevitable.

RIOT IN TOKYO OVER HIGH COST OF RICE

(By Associated Press.)
Tokyo, Aug. 16.—Ten policemen were wounded severely and many rioters injured in riot at Nagoya over high cost of rice. Fifty persons were arrested at industrial disturbances continue elsewhere.

WOOLEN COMPANY DESTROYED BY FIRE

Stoughton, Mass., Aug. 16.—Three mills of the French and Ward Woollen Co., engaged in government work were destroyed by fire. Loss estimated at four hundred thousand.

OVERSEAS TRIP SAFE AS CHURCH

London, August 16.—This news story is for American mothers. The facts which follow are now permitted to be assembled and presented in this form by Admiral Sims' United States navy staff in London.

When your soldier son starts across the Atlantic he has better than a 4,600-to-1 chance of arriving at his destination safe and well.

Since the United States declared war about 1,400,000 American fighters have come across. The total casualties at sea have been 291. That's only one man lost in 4,600.

Here's another point: That proportion, as small as it is, covers all the men sent across since early in 1917. And every month methods and appliances safeguarding the transports have improved and broadened.

As safe as a church. So the 4,600-to-1 chance which the long-period figures prove does not actually show the percentage today. It's better than that.

500,000 Bayonets, 200,000 Army Mess Knives Ordered

The War Department authorizes the following from the Ordnance Department:

The Ordnance Department has placed orders with Landers, Fray & Clark, of New Britain, Conn., for 500,000 bayonets and 200,000 Army mess knives. The price for the knives, 10 3/4 cents, is the lowest ever paid.

BARBER SHOP CHANGES.

T. W. Parrott has purchased a half interest in the barber shop on West Broadway near the postoffice and it is now owned by Parrott and Pritchard. Mr. Parrott has been on the east side for some time but is now at his old place where he would be pleased to have his friends call and see him.

Mrs. Mary Sellers Doyle is visiting Mrs. Frankie Barton of Sedalia and attending a protracted meeting which is being held there.

THE DAY'S WAR SUMMARY

Crushing Allied Stroke Is Soon Expected at Roye, the Apex of the Salient.

Allied pressure was effectively renewed against the German line in the region of Roye on Picardy front, and while the enemy is clinging determinedly to the town of Roye. Prolonged tenacity of place is doubtful. London last night reported the British lines advanced northwest of Roye. Today Paris reports a French forward movement from two and a half miles. Roye is becoming virtually the apex of the salient, which will soon invite a crushing Allied stroke if the pressure is resumed. The enemy withdrawal movement in Hebuterne sector north of Albert is completed, but it is not yet clear how far the enemy has retired. The Germans still hold Albert but the British are in the western outskirts of the town.

The situation on the Italian front is normal. Twenty-eight German airplanes were put out of action Wednesday on the British front. The British lost fifteen. In the east Allied troops are making good progress southward from Archangel against fairly determined Bolshevik opposition. The British have occupied Baku on Caspian sea.

AMERICAN PROTEST IGNORED BY CARRANZA

(By Associated Press.)
Washington, August 16.—The Mexican government's arbitrary refusal to consider the British protest against oil taxes brought out here today that a similar communication from the United States had been entirely ignored by Carranza.

Government Complained of Mexico's Oil Lands Attitude.

The result was an announcement by accredited representatives of American oil companies, which control the bulk of the Mexican oil fields, that they have decided to ignore Carranza's oil decree.

The executive officers and representatives of the oil companies have been holding meetings in Houston, New York and Washington to consider all phases of the situation. The final resolution was to refuse payment on rentals imposed and the consequent recognition of the very much more vital confiscatory features of the decree.

One effect of the failure to pay the new land rentals will be to throw oil properties open to denouncement, it is declared. This means the Mexican government will be left free to seize the oil fields and production is afforded by the interested governments.

Such a situation has not been overlooked in Germany, it is said. It gives added significance to the recent boast of Albert Ballin, president of the vast German shipping syndicate, and of Herr von Roodemann, the petroleum king, that they possess "definite prospects of exploiting oil fields in certain overseas countries."

NATIONAL DEMOCRATIC CONVENTION OF 1912

The national democratic convention met in Baltimore, Maryland, June 25 and 26, 1912. Ollie M. James of Kentucky was chairman. Balloting for a candidate for President began June 23, and a nomination was reached on July 2.

There were 46 ballots taken. The first, tenth, twenty-fifth, forty-second and forty-sixth (final ballot) are here given. The total vote on the first ballot was 1086. Necessary to choice 724. On this ballot Clark received 440 1/2, Wilson 324.

On the forty-sixth and final ballot there were 1086 ballots cast. Clark received 84 and Wilson 590 which gave him the nomination. Clark only received a majority on one of these votes and then he lacked 100% of getting enough votes to nominate him.

On the forty-second ballot there were 1087 1/2 votes cast and necessary to a choice 725. Clark received 450 and Wilson 494.

On the forty-sixth and final ballot there were 1086 ballots cast. Clark received 84 and Wilson 590 which gave him the nomination. Clark only received a majority on one of these votes and then he lacked 100% of getting enough votes to nominate him.

OUR SOLDIERS' COLUMN. Anyone having news from any of the soldier boys would confer a favor by sending it to this paper for publication in this column. Somewhere in France June 27, 1918. Mrs. Payne Wihlan. Dear ones at home just received a letter from you that was written May 28th was indeed glad to hear from you as it has been two weeks since I heard from you all. I look forward for my letters you see our mail comes in bunches and of course we have to answer in bunches which is very hard but I am not going to wait so long this time to write I wrote you one week ago that being the first in one month I was at the front and could not get paper and impossible to get to the Y. M. C. A. but this time I brought a tablet with me. Sister you asked me to write you as much as I could about my experience I have had over here you all know we boys have been in the great drive the Germans made this spring and I am afraid I could not tell you any more than you already know but will say our boys have the stuff in them that will bring peace and happiness to our dear country of course we boys are anxious to return but to return without victory would be bad and we all had much rather stay and do the job we come over here to do and then some home where we can live in peace and happiness. I have had lots of excitement, have seen the boys go over the top and sister if the people back home could realize the spirit the American soldiers have which at the front they would do any thing they could to bring the Germans to submission and the quicker they do the sooner the brotherhood fathers will be back home I had the opportunity of meeting some of the wounded and each one would laugh and talk about things that happened on the battlefield and I tell you you can never stop a country that is made of such men as our soldiers. I would like to say more but it would be useless I have seen lots of great things and if I could write all of them it would take all my tablet of course you know that I am in the medical department and attached to the infantry so you see I get right in the trenches with them and we boys have a very responsible duty to perform. I will tell you of a little incident that happened not long ago I was a little nervous at the time, we were being shelled and I was out to see if any one was hurt and I met an officer and some other soldiers, the officer asked me where to go and just then a big shell hit near us so I said if you stay here probably you will go to H-. I saw him a few days later and we both laughed about it, we have good officers. Have one from Memphis in one battalion. He found out that I had lived there so we have lots of good talks. He is very good to me buys chocolates and cakes for me just last night he called me and said he had received a big box from the Red Cross at Memphis which contained tobacco, cigarettes and lots of other things, so he gave me some tobacco which was appreciated very much by me, we get lots of tobacco issued to us but you know that isn't like getting it from home. I was very sorry to hear of Mrs. Anderson's death also Mrs. Horton's give each of them my sympathy and tell Jim Horton I often think of him and the good times we have had in swimming. Now Jennie you asked me if I received the candy you sent me no the last I received from you was in February and the tobacco Payne sent me I never received. Yes I received the pictures, they are good the babies are growing fast and old Jerry sure looks good when I looked at his picture I could almost hear him give one of his big laughs the boys tell me about my pictures, I look at them every night and about 8 o'clock they say it is about time Mason is looking at his picture, I keep them wrapped in a silver bag in a folder that just fits my shirt pocket if you asked me to get an order for something from home to eat we are forbidden to do that so we will have to do without the little parcels from home that brought lots of happiness. Now Sis if you fail to hear from the regular don't be alarmed for I am writing every chance I get. Remember me to all my friends, Aunt Ellen and Uncle Archie, family. Write me often for I am always anxious to get letters from you both with lots of love to you all and kisses for the babies. Your brother, PVT. ZELNA MASON. Medical Dept. 26 Inf. A. E. F. From Bernice Clark. U. S. S. Minnesota, 7-28-1918. Mrs. Jane Garnett. Dear Aunt: I will write you a few lines while I have a little time. How are you all getting along by now? I am well and having a good time I went to see Jesse yesterday and found him without any trouble whatever. He looks bad to me but I think it was because he had a cold we had some pictures taken together and will send you one just as soon as I get them. I was sure proud to see him. I was as glad to see him as I would have been anybody. He said Johnnie Martin was in Norfolk working for the Government do you know what they are doing and their address send it to me and I will write to them. Tell Aunt Kate I received her card and was glad to hear and will answer it in a few days. Of course this is for all of you. You can send it to Aunt Kate. Tell Everett if he don't write to me, I am coming and get him. I have written to him twice and tell him he had better write to me before I get mad. Tell Gutherie to write too I got a letter from home the other day and said Miss Ellen was down there. Tell her to write and tell me what kind of a time she is having. Well I will close. Hoping to hear from you soon. Tell both Uncle Toms hello. I am as ever. BERNICE CLARK. U. S. S. Minnesota, 2nd Div. Fortness, Monroe Va.

Seymour, Ind., August 16.—The Brownstown Telephone Company has issued an order prohibiting all German conversations over the lines under its control. Several of the lines extend into territories that are largely German, and some of the subscribers have difficulty in speaking English. There are no exceptions to the rule, however, and when the exchange operator overhears a German conversation she jerks the plugs from the board. Although no positive prohibitory order was given by the Crothersville Telephone Company against the use of German over the telephones, it is understood among the subscribers that they must speak English. WANTED—Clean cotton or linen rags at the Messenger office.

TOBACCO STATISTICS. Total public sales of leaf tobacco on Louisville market from Jan. 1, 1918, to the close of July were 47,094, against 35,494 hogheads sold during the corresponding week of last year. Total rejections from Jan. 1 to close of July were 5,508 hogheads, against 3,811 hogheads rejected during the corresponding months of previous year. Of the total sales this year 43,283 hogheads were burley and 2,811 hogheads were dark tobacco; 588 hogheads were old crop, 46,506 hogheads 1917 crop. The receipts at the market since Jan. 1, 1918, were 42,824 hogheads, against 39,733 hogheads received during corresponding period of previous year. Total stocks held at this market were 7,222 hogheads, against 3,115 held on corresponding date of last year. Stocks increased during July 1,517 hogheads. INCREASED EGG CONSUMPTION. Reports on the nation's egg supplies lately received by the U. S. food administration show that the number of eggs stored in the United States on July 1 was practically the same as on July 1, 1917. With this condition, it is interesting to note that consumption had increased about 17 per cent, indicating that production must also have increased in about the same degree. Imports and exports are a negligible factor compared with the enormous size of the egg trade within the United States. GOVERNMENT CIVIL SERVICE EXAMINATIONS in Kentucky August and September. JUDGE MCKENZIE MOSS HANDS DOWN AN IMPORTANT DECISION AT BOWLING GREEN. Bowling Green, Ky., Aug. 16.—A decision of far-reaching importance in the State was handed down by Judge McKenzie Moss Wednesday, and which if sustained by the Appellate Court, will set a precedent in the new tax law relative to raw material in the hands of manufacturers; and what constitutes raw material to be manufactured into articles of commerce and are free from city taxes. On August 2 the American Tobacco Company filed an injunction suit against H. F. Stovall, City Tax Collector, and the city of Bowling Green, seeking to restrain the Tax Collector from collecting taxes on \$24,000 worth of raw tobacco held by the company on January 10, 1918. The company sought the relief of the court from the payment of \$375 in city taxes on this tobacco contending that the tobacco was exempt from city taxes, the allegation being based on sub-section 2 of section 85 of the recent act, entitled, "Revenue and Taxation Laws of Kentucky," and which reads: "Machinery and products in course of manufacture of persons, firms or corporations, actually engaged in manufacturing and their raw material actually on hand at their plants for the purpose of manufacture." The American Tobacco Company contends a stemmery here and claimed that in stemming the tobacco, the first process of manufacture had begun and hence the tobacco was exempt as under the law. Judge Moss, in substance held that the stemming of this tobacco was not sufficient process of manufacture, and hence the tobacco was subject to city taxes, and could not come under the exemption clause of the new tax law. "A number of similar suits are pending in various parts of Kentucky and Judge Moss' decision is the first relative to this matter. The case will go to the Appellate Court. Elsie Ferguson at the Princess today.

FACES TO THE FRONT. On the 15th of July I stopped at the home of my way to College Station to rest on Sunday, July 21 with a friend who is pastor of the First Baptist Church there. It was not until after we had been in the city for some time that I was informed that a group of farmers, in my own State, had been invited to join the Farmers' Union. I was very much interested in the matter and was very anxious to go because I was a member of the Farmers' Union and I had been a member of it for some time. I was very much interested in the matter and was very anxious to go because I was a member of the Farmers' Union and I had been a member of it for some time.

Woman Thinks She is Privileged to Talk. "If anyone ever had a miserable stomach I surely had. It was growing worse too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for a short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy, and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Evans & Covington and druggists everywhere.—(Adv.)

STAMP OUT SUGAR HOARDERS. Sugar hoarding is a thing which can not be too severely condemned, especially at a time when assurance is given that it is not necessary. It is a patriotic duty on the part of any citizen who knows when hoarding is being practiced to report it immediately to the nearest local food administrator. Since sugar can be so easily hidden away good citizens are all the more duty bound to stamp out this pernicious practice. Local administrators should secure from merchants their heartiest co-operation in obtaining an equitable distribution of sugar, both for the protection of the merchant and the general public.

TAKES HER LIFE BY DRINKING BIG DOSE OF POISON

Wife of Hickman, Ky., Man Commits Suicide in Unusual Manner.

Louisville, Aug. 16.—The body of a woman who ended her life was identified at the hospital as that of Mrs. Frank Von Borries, Jr., wife of the manager of the Mengel Box Company plant at Hickman, Ky.

By drinking three bottles of disinfectant a well-dressed woman, apparently in good circumstances, committed suicide in an alley between Third, Fourth, Hill and A streets this afternoon.

Investigation by the police revealed that she had bought a three-ounce bottle of the antiseptic at the Vetterle Drug Company, Fourth and Hill streets, at 1:15 o'clock.

Police Lieut. Beckham, of the Sixth district, ordered that she be removed to the City Hospital.

She was dressed in a white shirt-waist and skirt and tan shoes. The wedding ring had the date "4-29-1918" inside.

DESCRIPTS SINKING OF U. S. TRANSPORT

20,000-TON TIPPACANOE SENT DOWN WITH LOSS OF ONLY ONE LIFE.

Hopkinsville, Ky., Aug. 16.—Description of the torpedoing of the United States transport Tippecanoe, 20,000 tons, reached here today in a letter from Chief Petty Officer Joseph M. Kelly, to his father, M. D. Kelly.

On Active Service With the United States Naval Forces Operating in European Waters, July 30, 1918.—My Dear Papa: No doubt you have received a notice from the Navy Department in regard to the torpedoing of our ship and our safe arrival in France so this is just a note of reassurance, I am in the best of health and working harder than ever, but enjoy it.

"We were fortunate in having fair weather when we were hit, and it made the day and night spent in the life boats easier, and thanks to the good work of an American destroyer, we were picked up all in good spirits." Cause for Thanks.

"There was only one man lost, which speaks well for the seamanlike manner in which the ship was abandoned. All in all, it looks like the Almighty was good to us, and we have much to be thankful for."

"Don't know whether we will be kept on this side or not. We are all anxious to go back to the United States and get another ship. We sure hated to see our last home go to the bottom, but its all in a lifetime, and all we can ask is to get a chance to pay the dirty dogs back with their own medicine."

"No letter of mine has ever had the pleasure of an introduction to the censor over here, so I had better close. 'Don't write until you hear from me again, as I don't know whether we will stay here or not.' Best regards to all and worlds of love to you and Tom. As ever your loving son, J. M. KELLY."

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is the subject of a splendid external remedy called "Mother's Friend."

Improvise and mend. They tell of relief and comfort of calm peaceful nights, an absence of those distressing twinges, the assurance of expectation, relief from morning sickness, no more of that agonizing weariness, no more of that headache which comes on in such cases, a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you, or write to the Greatfield Chemical Co., 1880 Third Street, Atlantic City, to a very interesting and instructive booklet on "Mother's Friend" and its benefits. It is available to all women, and is a sure and certain aid to the mother and her child.

Cairo Strike Spreads.

Cairo, Ill., August 16.—The spread of the federal labor union's sympathetic strike to the plant of the Peterson Mill & Box Co., making five Cairo plants idle this morning, many others crippled and from 1,500 to 2,000 men and women out, according to figures given by members of the union, were the developments yesterday of the first general strike Cairo has experienced since the great A. R. U. strike over 20 years ago.

Today mill forces were awaiting word from the Singer Manufacturing Company officials at the main office, to whom the matter was referred following a conference held last night. Supt. Windsor stated that he had not yet received word from the officials of South Bend, Ind., to which he reported the matter. The federal labor union now insists upon the reinstatement of the discharged officers of the union and a "closed" shop. The union has grown so large that it is now necessary to meet in a theater building.
