WHOLE GERMAN POSITION AT SOISSONS AND ON AISNE ENDANGERED

FRENCH DRIVING ENEMY BACK IN DESPERATE FIGHTING, BUT NO DETAILS AVAILABLE TODAY

(By Associated Press.)

German forces holding vital sector between the Oise and Aisne rivers were hurled back over a ten-mile front this morning by the French, according to reports reaching London, which stated that French troops penetrated the enemy position to a depth of two miles. The attack was the continuation of an assault made northwest of Soissons Sunday night and the whole German position at Soissons and on the Aisne is said to be endangered. No details of the fighting yet available.

Unofficial dispatches also report significant success was achieved by the French from the Oise northward to past Roye. The line now appears to be close to the important town of Lassigny. Roye apparently is now enveloped on three sides. Meanwhile Allied pressure on Flanders sector continues. The old Lys salient is being rapidly flattened out. Allied forces in Vladivostok have been re-enforced by arrival of the second American transports. Czecho-Slovaks engaged in heavy fighting with Bolshevik forces north of Vladivostok.

GERMANS WITHDRAW TO CHEMIN DES DAMES

(By Associated Press.)

London, August 20.—The French tenth army attacked again this morning on a front of ten miles between the Oise and Aisne and reached a maximum depth of two miles, according to a dispatch from the battle front received at noon. The French advance endangers the whole German position at Soissons and on the Aisne. It is possible the Germans will withdraw to Chemin Des Dames.

The French have captured Bracquemont woods and occupied the greater part of Bouvraignes, besides making progress to the southeast of Beauvraignes, according to advices.

100 KILLED IN FOOD RIOT IN PETROGRAD

(By Associated Press.)

London, August 20.—One hundred persons were killed and wounded in a veritable battle between Lettish Guards and rioters during a food disorder in Petrograd, according to Amsterdam dispatches to Exchange Telegraph.

The dispatch, which quotes Petrograd advices by way of Berlin, says after the city was without food for two days a procession of workmen marched through the streets shouting "Down with the Germans! Down with Kremlin!" The battle occurred before the Smolney Institute. Martial law is proclaimed in Petrograd.

Watermelons Brought \$34.41 to Red Cross

(By Associated Press.)

Morris Gray's little patch of melons brought \$34.41 into the Red Cross fund. Remember this little patch of melons was not raised for the market, but Morris raised it only for the use of the family and his friends, and as he was called before the melons ripened, his father promised him that he would sell what he could, and put the proceeds into the Red Cross fund, and this is the result.

Mr. Gray tells us that he had a card from Morris Monday, written from Nashville while on his way from Camp Taylor to Alabama, and while stopping over there the Red Cross folks treated them royally to cream and cake.

Mr. Gray had a letter also from his son Herman at Camp Sherman, Ohio, that he was expecting to be sent at once to the coast. Mr. Gray also had recent information from his oldest brother, James Gray of Trig county, stating that his youngest son was killed in France on the 29th of last month, and that he has two or three other nephews already in France and perhaps others on the way.

New Election Commissioner
James L. Sherrill has been appointed a democratic election commissioner to succeed George Covington. Mr. Sherrill is a good democrat and an honest, fair man, and no doubt will make a good and satisfactory commissioner.

KILLED BY LIGHTNING

A bolt of lightning from almost a clear sky at Protemus, Calloway county, Monday at noon killed Mr. James, a middle aged man, who is survived by a widow and children. His father, John James, who is a well known citizen, was in Mayfield Monday and rushed home on being informed of his son's death. The deceased was a nephew of Etta James of Lynn Grove, who is well known in Calloway and Graves counties.

Paducah Baker Fined \$600

Paducah, August 20.—A fine of \$600 and suspension of his business from 8 p.m. today until 8 p.m. Thursday, August 22, constitutes the penalty administered against Frank Kirchoff, a baker at 118 South Second street, for alleged violation of the rules of the food administration. This announcement was made Monday by J. K. MacDonald, food administrator of McCracken county. This is the heaviest penalty that has been assessed against a Paducah violator.

The rules require that a large percentage of wheat substitutes be used in making bread, and Kirchoff's bakers have had considerable trouble in adjusting the large and complicated business to the new rules, the food administrator announced. Experts from the baking division of the food administration have co-operated with Kirchoff in reorganizing his methods along the new lines and he is now said to be using the full amount of substitutes required. The fine will go to the Red Cross.

The Bright-Hobbs Case Heard Before Commissioner

The case of Charles Bright and Theodore Hobbs of Fancy Farm, was heard before the federal commissioner in Paducah today. They are charged with receiving money from Mrs. Eugene Gostley under the promise that a discharge would be secured for her son from the army. The charge against Hobbs was dismissed while final action in Bright's case was set for August 27. The commissioner intimated that the evidence against Bright was light and would probably be dismissed provided he would return the \$65 which he is said to have received from Mrs. Gostley.

W. S. Foy represented Hobbs, who is very low of Bright's disease and was not able to attend the hearing.

SUBMARINES LAND MEMBERS OF CREW

Survivor of Steamer Jennings Recognizes Raider's Officer.

Washington, August 20.—Information furnished by officers of vessels attacked by German submarines along the American coast has strengthened the belief held by several experienced officials here that the enemy raiders have had communication with persons on shore and may even have landed members of their crews in an effort to secure reliable information. The navy department officially refused to endorse the belief though admitting the possibility.

Positive claim that he met in a New York saloon an officer from the submarine that sunk the steamer O. B. Jennings is made by the first officer of that vessel, according to one story reaching the department. The recognition between the American and German is said to have been instantaneous, the latter making his escape when the American appealed to a brother officer accompanying him for confirmation of his belief.

Red Cross Workers, Attention

All knitters are asked to turn in finished socks at once that they may be inspected, labeled and numbered. All over the country socks are being returned to the chapters because they have not the kitchener toe. That makes it necessary for the inspectors to change every pair that is not properly knitted which takes much time. 2nd knit at once all sock yarn you have on hand where there is enough for a pair of socks. Graves county will have only about 750 pairs of the 1000 pairs assigned to us because Cleveland has been unable to furnish sufficient yarn. Material for the quota is being cut as fast as received by the cutting committee. The G.P.'s Chemise will be in the hands of the auxiliaries at an early date. Material for Boys' shirts is in transit. Material for Aprons has not yet been shipped.

We notice in many papers that Red Cross knitters will not knit for awhile. Cleveland instructs the Chapter to pay no attention to these reports. All Chapter instructions come from Cleveland. We continue to work as before until instructed by headquarters to quit and such instructions will at once be shipped as a shipment of 395 is being held up on account of a half dozen still out.

IN NICK OF TIME

Deputy Sheriff Cartwright Arrives to See Stranger Putting Rope Around Horse's Neck.

While walking through the woods in the Viola bottom lands late Monday Deputy Sheriff Bennie Cartwright observed a man putting a rope around a horse and as Mr. Cartwright approached and yelled the man suddenly collapsed and said he was only seeing how old the animal was. The animal belonged to Mr. Cartwright and he says had it not been for taking a stroll through the woods to look at his corn crop the animal would probably have been missing.

The man, who is a stranger in this country, gave his name as William Henry and his home as New Hampshire. He was brought to Mayfield Monday night and lodged in jail on the charge of horse stealing and his trial set for Wednesday morning. Mr. Cartwright ordered the man to depart down the railroad track, which was about 20 feet away, and while the stranger was making haste, Officer Cartwright rushed to his home nearby and procured a shotgun and soon overtook the fleeing man. The stranger was slow about raising his hands but finally decided that Mr. Cartwright meant business and accompanied him to Mayfield.

Dear Friends:

While sitting and thinking of home and my friends, I thought I would write a few lines to let you people know how I am getting along in my new home. I am with my uncle now and he is a grand old fellow. He feeds good and make all the boys work. I have been on guard for 24 hours at the Base hospital I had 30 prisoners 27 white and 3 black. I have not been on the parade grounds but once. I had a good lot of training at the barracks. I have not been out on a hike yet. I think I will be transferred to the Engineers service. And if I am transferred it won't be long before I will go to France to work on railroads and bridges. I hope to be of real service to the French and American countries. In the near future, O what the people has been saying of the camps is untrue it is not so hard as most of the people say it is, but I would rather be at home with my wife for I am all the dependent she has but is all through life no man should worry because this is his war everyman should help his country and fight for his freedom and liberty. I was on the parade grounds Monday morning and it was the prettiest sight I ever saw and music while we were drilling was some hot stuff and I know my stuff.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Mayfield Homes. Hard to do housework with an aching back. Brings you hours of misery at leisure or work. If women only knew the cause—that backache pains often come from weak kidneys. "Don't's Kidney Pills are for weak kidneys. Read what a Mayfield citizen says: Mrs. A. W. Greene, 213 S. Fifteenth Street, says: 'About six months ago my kidneys became disordered from working too hard about the house. My kidneys acted irregularly and annoyed me. I had sharp pains in my back and dizzy spells, when black spots floated before my eyes. A friend told me of Don's and I got a box at Evans & Covington's drug store. They made my back feel much better, regulated my kidneys and benefited me immensely.'"

ONE BAD SOLDIER GETS WHOLE CORPS CONFINED

Louisville, Ky., August 29.—Because nobody will tell the identity of a soldier who Saturday night took a government automobile away from the camp and brought it back in a badly damaged condition the entire quarter-master's corps at Camp Zachary Taylor is confined to quarters. The order confining the men was issued by Captain Conger, camp quartermaster. The soldier who took the automobile away from the camp, did so without permission of the quartermaster. The automobile may have been used for "joy riding" purposes, it was returned to camp early yesterday morning. There are about 350 men affected by the confinement order. The men will remain confined until somebody tells who took the automobile, Capt. Conger says.

DAUGHT COLD AT PALM BEACH

Dizzy—Wrecked His Automobile

"Two years ago my stomach trouble got so bad that I was almost constantly filled with gas. This made me very dizzy at times. Last fall I was almost overcome with one of these dizzy spells while driving my car, and ran it into a telephone pole, badly wrecking the car. A friend recommended May's Wonderful Remedy for my trouble. Since taking the first dose I have steadily improved, and feel better now than ever in my life. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Evans and Covington and druggists everywhere.—(Ady.)"

Watoga, Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes for a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last two weeks, and was so weakening, and my health was awful. My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children. I have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. REUNION

J. W. Usher's Children, Grandchildren, Relatives and Friends.

This large concourse of people assembled at the residence of the host, about nine miles east of Mayfield, known as the T. J. Jones farm, who was the father-in-law of said host, to celebrate his anniversary, which marked his 66th milestone, August 14, 1918. Mr. Usher is rather a remarkable man in many instances. A man of broad, liberal views on state and national propositions, always taking the moral side of every proposition that presents itself for his investigation. A leader in church, education and politics in his community. On the occasion of his birthday he made a timely talk to his children, which was indeed an inspiration to all of the hearers. His effort was to inculcate good religious truths in their minds and so live that when they were ready to dress for the grave they may have the evidence of the certainty of having made their salvation sure, which would enable them to have their final reunion over the great divide.

REV. JOHN T. MYERS

To Resume Duties as Pastor First Methodist Church Sept. 15th.

Announcement was made at the morning service of the Methodist church Sunday that Bro. Myers would resume his pastoral duties here Sept. 15. A leave of absence was granted Bro. Myers by his official board on May 15, of four months, that he might recover his health. It is gratifying to his congregation and many friends in Mayfield to know that he will be able to complete his year's work here. The record of Bro. Myers' achievements as pastor here is an enviable one. The church has been built up and strengthened spiritually as well as numerically. The handsome new church and parsonage now being erected will be a monument to his untiring and faithful service. Bro. Myers is greatly loved by his congregation and the people of Mayfield, and it is hoped that he may soon be fully restored to his usual strength and vigor and return and dwell among his people. Bro. J. G. Evans, who has been so satisfactorily supplying the pulpit during Bro. Myers' absence, will continue to serve the church until the pastor's return. This is published to correct a report published in a local paper that he is no longer pastor of this church. A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the best thought should be given to the mother's health. This is an external remedy gently applied over the stomach muscles. It expands naturally without exertion. It removes from the system those infectious bacteria which are responsible for much of the pain incident to the period of expectancy. It relieves the distress such as morning sickness is avoided. All prospective fathers should see to it that their mothers are provided with a bottle of "Mother's Friend." The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates deeply and acts quickly and splendidly in a most gratifying manner and reflects a physical betterment to the nervous disposition of the "Princess." Today and then write Bradford Regor, a pretty little book "Friend of Infants" for expectant mothers. It is a delight.

To Whom It May Concern

I desire to say to my friends that the real estate firm of Jones & Wallace has been dissolved by mutual agreement. We have divided our contracts, each taking his own list, and after separating the lists, I have sold those assigned to me, together with all my interests in said firm, to the Mayfield Land Company. Knowing them to be very live wires and deserving men, I trust that all parties from whom I have secured property to list will be well pleased with this transfer. I promise you that your interests will be well taken care of. Thanking you for your patronage and for all kindnesses and courtesies, I remain, yours very respectfully,

BAND GREAT FEATURE

Thaviu Has Been Secured By The State Fair

The sixteenth annual Kentucky State Fair to be held in Louisville the week of September 9-14, will boast in Thaviu's Band of forty musicians one of the greatest musical organizations ever appearing at a State Fair. The Thaviu organization is made up of forty splendidly trained musicians who are arrayed in military regalia and accompanying it is a coterie of solo artists of international repute, together with a galaxy of ballet dancers who are said to be tapershooer wonders and fully up to the corymbes support of Pavlova, Genee or Ruth St. Denis. Thaviu's Band was one of the sixteen great organizations which played

at the Panama-Pacific Exposition, and it was the only one commissioned to play a return engagement. As a traveling organization it has visited all the principal cities of the United States and has invariably received a contract for a return engagement. Thaviu himself is a musician of the widest culture and training and his leadership is demonstrated by the merit of his musicians' performance. His programs are made up of selections appealing to cosmopolitan tastes and are of a kind to delight crowds with tastes as diverse as that of a State Fair.

AUTO POLO AT FAIR

Popular Sport For Visitors to Louisville During September

Something New in Entertainment Line — Is Thrilling and Exciting From Start to Finish.

"Auto Polo" is announced as a star feature of the amusement attractions of the sixteenth annual Kentucky State Fair, to be held in Louisville the week of September 9-14.

This game will be an entire innovation to State Fair visitors, and is heralded as one of the most unique, exciting and absorbing contests ever offered at the Kentucky Fair or any other celebration of like character. The entertainment consists of a nerve-ringing, wildly exciting battle between polo experts who are mounted in especially constructed automobiles instead of on polo ponies as of yore. Playing the game in addition to managing a careening, space-eating automobile is a proposition calculated to keep spectators on the qui vive of excitement and suspense, and the game in its present form rather tends to make the pony-played polo look like child's play.

The polo contacts will take place every night of the Fair in the big 1500, 000 Hippodrome Building and every afternoon in front of the race track grandstand.

The game is said to be one which has created a furore in the sporting world, and few can watch the curious 12-constructed automobiles "turn-tur" at critical periods of the game and ride themselves immediately by reason of their build, without being on their feet with excitement during the better part of the game.

The great \$10,000 five gaited saddle horse stake which was introduced at the Kentucky State Fair last year and will be a feature of the sixteenth annual Kentucky State Fair this year focuses the attention of the horse world on the state. The event consists of a sensational struggle for championship honors among the stallions on Monday night, the mares on Tuesday night, and the geldings on Wednesday night, while the grand championship of the world is fought out between mares, stallions and geldings on Saturday night of Fair week.
