THE DAILY MESSENGER

VOLUME XIX—No. 279. Twelve Pages Today.

MAYFIELD, KENTUCKY, TUESDAY EVENING, APRIL 1, 1919.

Seventy-two Columns.

DEMOCRATIC.

WILL HOLD ELECTION TO DECIDE SCHOOL BOND ISSUE

A meeting of the Board of Education was held last evening at the office of W. J. Webb. The executive committee appointed at the meeting recently held at the Christian church, met in conference with the board.

The board voted unanimously in favor of the erection of a new high school building, but postponed final action until a meeting to be held Saturday, April 5th, as it was not fully advised as to the law governing the holding of such elections.

The board feels sure it can raise the money by a bond issue when same has been approved by an election.

Details of calling the election, and law under which it may be called, the only matters yet to be decided by the board.

U. D. C. SESSION IN LOUISVILLE

Movement for \$50,000 Fund for Soldiers is to Come Up.

By Associated Press. Louisville, Ky., April 1.—Delegates from approximately thirty-eight states are attending the opening session today of the twenty-ninth annual convention of Daughters of the Confederacy here. Matters to be brought before the convention for action include proposal to launch a movement for fifty thousand dollars endowment fund for reconstruction work among the returned southern soldiers from world war.

BULLETINS

By Associated Press. Louisville, Ky., April 1.—Frank M. Gettis, banker, widely known in the south, died at his home here last night.

By Associated Press. Stuttgart, April 1.—The bourgeoisie counter strike was started here in reply to a general strike of workers. Shops are closed and railroad postal services suspended.

By Associated Press. Philadelphia, April 1.—The former investigation shows only four workmen were drowned in yesterday's accident at Harrison when a platform from which fifty men were viewing the launching of a ship toppled over. All fell into the water but all were rescued except four.

By Associated Press. County Judge W. V. Gregory performed the ceremony Tuesday afternoon at two o'clock in his office during marriage of T. J. Puckett, of Tennessee, to Mrs. Lula Burt, of Graves county. They are well known people.

By Associated Press. Herbert Mulligan, of Cleveland, Ohio, killed his wife, Sunday night for Tusculum, Ala., in response to a message announcing the death of his brother who was killed by his brother. A dispatch from Tusculum tells the following story of the tragedy.

Tusculum, Ala., April 1.—Admission: bottled in bond from \$3.50 to \$4 per quart, by the case it ranged from \$32 to \$40.

TOM BREWER DIES IN MARSHALL COUNTY. Tom Brewer, one of the best known men in the eastern part of the county, died at his home in Marshall county, near the Graves county line, Tuesday morning at nine o'clock of cancer of the face. He was 70 years old and lived ten miles east on the Clark river.

Mrs. Milligan at once notified the sheriff's office. The woman was taken to the county jail by Deputy Sheriff Campbell and given a comfortable room in the living apartment. From her statement it appears a case of justifiable homicide.

Their 17-year-old son, Earl, was sleeping in an adjoining room and was awakened by the shot. He stated he had been expecting that one or the other would be killed but that he thought it would be his mother.

There is another child, a daughter, Mrs. Leon McKinney, 19 years old. Milligan was a motorman on the trolley line between Tusculum, Sheffield and Florence and had been for the past 15 years. At the present time he was in charge of the baggage and express car between Sheffield and Florence, and when killed was preparing to go to Sheffield and take his car as usual. He was about 40 years of age and his wife probably 38. They came to Tusculum and Sheffield from near Pocahontas, Tenn., where both had relatives.

Mrs. Milligan seems greatly grieved and repentant, but from her statement and her demeanor it seems to all to whom she repeated the harrowing details that it was clearly a case of self defense. Attorney A. H. Carmichael of Tusculum has been employed by the defendant to represent her at the preliminary hearing.

By Associated Press. Chicago, April 1.—A municipal election is being held today with six candidates in the field for mayor, after one of the most bitter campaigns in the history of the city. Riotous scenes marked the close of the campaign in central district of the city last night when police had difficulty in controlling the candidates for mayor are William Hale Thompson, Republican; Robert M. Switzer, Democrat; MacClay Hoyte, Independent Democrat; John Fitzpatrick, Labor; John M. Collins, Socialist; Adolph S. Carm, Socialist Labor; both men and women voting. It is estimated seven hundred thousand votes will be cast.

By Associated Press. Paris, April 1.—President Wilson explained today that he was willing to accept his share of the responsibility for the peace conference delays. He carefully points out that due to any single country or its representatives. President declared emphatically, however, the time for talk virtually is finished and now is time to show results.

At Graham will return home tonight from the Great Lakes training station, at Chicago.

Both Named Francis Marion. F. M. Tynes, of Clear Springs, and Sheriff F. M. McCain, both bearing the same front names, met in the sheriff's office Tuesday and enjoyed a while talking over old times as they had known each other for many years. Mr. Tynes was born and reared near Eggers's Ferry in Marshall county and moved to Graves county in 1871. He moved back to this county in 1876 and returned to this county in 1878 where he has since lived and is now one of the county's best and prosperous citizens.

Miss Davis died at her home near Pottsville Monday afternoon and was buried near there Tuesday. Boss Brewer is spending the day in Paducah.

Two loads of tobacco were sold Tuesday on the Mayfield market, one at \$21.75 and the other at \$22.75.

By Associated Press. Washington, April 1.—Secretary Baker has approved the request of the British military authorities in Turkey for permission to arrest James Spohr and wife on charges of treason. Spohr is a naturalized American. They probably will be brought to the United States for trial.

By Associated Press. Washington, April 1.—Monday—Feeling of apprehension over the lack of progress on peace treaty persists in American circles although it is stated in authoritative quarters that differences, which have arisen have not reached the status of a deadlock. The principal difficulty is found in settling upon reparations according to the new method of payment suggested by French delegation which was presented before council four Saturday. The frontier question, it is said, now turns on in securing military safety along the Rhine.

Archangel, April 1.—Monday—The Bolshevik artillery was subjected by allied railway front and positions south of Odessa to the heaviest bombardment in many weeks yesterday. Meanwhile the enemy is moving considerable forces through the woods, indicating an attack may follow soon. West of Odessa the allied artillery is still shelling Bolshevik positions. A number of explosions occurred there Saturday. The weather is mild.

AMENDMENTS SUGGESTED BY ROOT MAY BE ACCEPTED

MEAT PACKERS ARE RELEASED FROM THE FOOD CONTROL

By Associated Press. Washington, April 1.—Meat packers were released from food administration control today under a proclamation signed by President Wilson. It is stated that food administration, by the president's action, released packers from the supervision of every kind, including restriction upon margin profits.

CLOSED DOWN AT MIDNIGHT

The J. H. Wilson Tobacco Company on West Broadway closed its business at midnight Monday in response to orders from the government to close out the stock. This is a mail order concern and has been doing an enormous business. For the past several days a force of 20 hands have been working day and night filling orders. Monday being the last day orders by the thousands were filled, totalling eight thousand pounds. A postal employee has been in the factory during the last rush, cancelling stamps, as nearly all of the packages are sent by parcel post. A man from the local express company has also been there preparing the shipments that went by express and all these packages were sent direct to the depot where such a great pile of paper boxes more than the trucks would hold, ready for shipment.

FOR EARLY CONVOY.

By Associated Press. Washington, April 1.—Troops assigned for early convoy announced by war department today including hundred and fourteenth engineers and train of thirty-ninth division including Mississippi and Arkansas guardsmen.

By Associated Press. Paris, April 1.—President Wilson explained today that he was willing to accept his share of the responsibility for the peace conference delays. He carefully points out that due to any single country or its representatives. President declared emphatically, however, the time for talk virtually is finished and now is time to show results.

HOW THE MESSENGER GETS WORLD NEWS

Readers of The Messenger regard
daily in their homes or offices
throughout the world with exact
impartial and interesting accounts of
happenings here, there and every
where, possibly often wonder at the
means by which these results are ob
tained and how a paper in the local
field obtains a report of the daily
doings of the world as comprehen
sive as that available to the greatest
papers in the largest cities on the
continent.

The answer is contained in the
caption, "By The Associated Press."
These few words, to the initiated,
mean that in addition to the high
class reportorial staff known to the
city, The Messenger has another
staff composed of the keenest and
best newspaper men in the world;

a staff that instead of being con
fined to one city is world wide in
its territory; that can, and does re
port on the spot the action of a city
council a hundred miles from here
and the deliberations of a peace com
mission sitting half a world away;
that is on duty twenty-four hours in
the day on the Mexican border and
the Arctic circle; that is as much at
home in the tropical jungles of a
front line trench as any official or
lawyer in his office.

"By The Associated Press," seen
in these columns, reflects the co
ordination of more than eleven hun
dred newspapers of the United States
in a mutual association by which
each individual paper becomes the
servant of all, and all the servants
of each.

The great metropolitan publications
with their enormous staffs and facili
ties, are at the service of the small
town daily. The small daily is also
greater in the service of the great
publications. Each places at the
disposal of the other, through the
medium of The Associated Press, the
important happenings of its locality.

In addition through its member
ship in The Associated Press, each
member paper has also the service of
numerous correspondents in other
lands, some of them employees of
news agencies with which The As
sociated Press has working affilia
tions, and others, staff men of The
Associated Press itself.

As a member of this great co
operative organization and under the
caption "By The Associated Press,"
The Messenger is able to place be
fore its readers each day the cream
of the world news, with absolute as
surance that fast and not fancy,
truth and not falsehood, is being
printed.

THE CROSS-THE-OCEAN AIR RACE

Tension is at a high pitch in Wash
ington over the coming flight of aero
planes across the Atlantic. It is the
determination to win at all hazards
and every ounce of energy is being ex
pended by the Navy Department to
have machines men and every
thing in tip-top shape so that the mor
ent right opportunity and weather
conditions permit there will be no
hitch anywhere. While much of the
government's plans have been made

public, there is considerable secrecy
upon the part of Navy officials as to
many features that are hoped will act
as a surprise to those in charge of
similar work for the other govern
ments participating in the race. The
cross-the-ocean air flight is a live topic
of talk in the Nation's Capital.

Maxwell—a car improved each day

THERE is nothing like doing one thing year
after year because it always results in doing
the thing well.

This is the underlying thought in every Maxwell.
It is why 300,000 Maxwells have been built on the
original chassis plan. Each day this car grows bet
ter. Each day it is improved somewhere.

There never has been a radical change in design.
There never has been a departure from the original
idea.

Still there have been more than 1000 improve
ments made in this car since the first one was built.

Every time a chance was seen to make it better
the improvement was made.

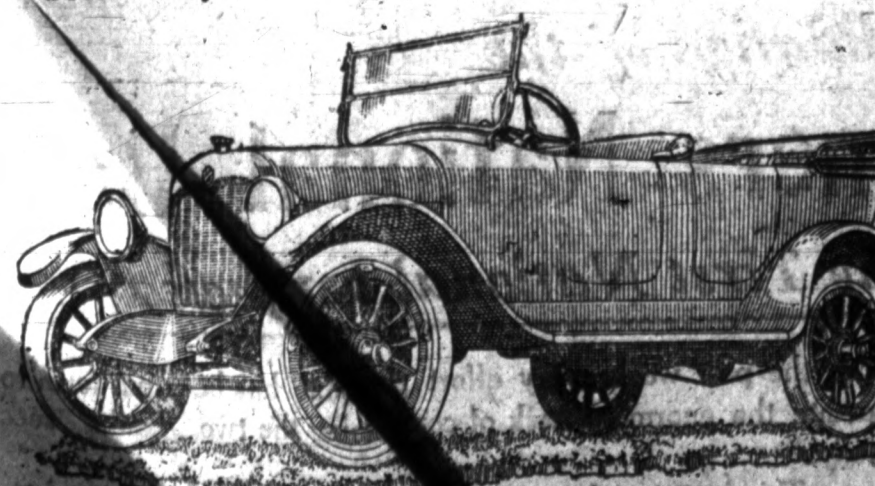

That's why a Maxwell runs on and on in almost
endless mileage; why it grows better as it grows
older; why it stands the moods of the careless driver.

No one has ever criticized the Maxwell on the
grounds of reliability.

No one can criticize it on the grounds of good looks.

For there have been 24 recent improvements in
its appearance.

See the Maxwell today and then get your check
book ready.

features of acid-stomach often it literally starves in the midst of plenty. People with acid-stomach know what their trouble is. They know how much their strength is sapped. They know how their food may be, or may not be, digested. They know that their stomach cannot do its duty. Instead of digesting the food, it merely passes it on to the intestines. It is EATONIC. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the food out of the body—in fact you can fairly feel it work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repeating, that awful bloated, lumpy feeling after eating, and other stomach troubles. Send all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort, without fear of distressing after-effects. EATONIC does not relieve you, it will not eat you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a fair trial this very day, and see how much better you will feel.

MEETING AT CUBA

Wednesday Night, 8 p. m. (new time.)
There will be a meeting at the school house at Cuba, Wednesday at 8 p. m. (new time.) The county agent will conduct the meeting. A series of interesting stereopticon slides will be shown. These will relate to important farm topics. The women will be interested in this meeting and are invited to attend.

KEEP UP PREPARATION

A first class seed bed for corn or tobacco is about half the cultivation necessary. Perhaps it means more, because the cultivation of a crop after it begins to grow depends very largely upon the condition the soil is in when the seed goes into the soil.

Nothing will pay bigger dividends than the constant use of the disc harrow both before and after the ground is broken. A good team and a sharp disc harrow will do more toward a good crop than is usually understood. When the surface of the soil is thoroughly pulverized with a disc before it is broken, it allows the dirt to settle perfectly into place against the subsoil, allowing the moisture to rise easily.

"GIVE 'EM L"

The three "R's" of our forefathers, have been supplanted in the farmers' vocabulary by the three "L's" meaning Livestock, Limestone and Legumes. So when a farmer incorporates any of the above into his farming practices he is merely giving "Em L."

ARE YOU IMPROVING YOUR POULTRY?

Why not fall in line with other farmers and get better poultry. It cost no more to feed pure bred poultry than mixed stock. We all know they lay better and mature quicker. One dollar per setting of 15 eggs, is within the reach of every farmer or farm woman. Your county agent will be glad to get the eggs for you, get in touch with him at once.

GET THESE RIGHT NOW.

The busy farmer has very little time right now for reading. However, there are times even when the farm work pushes hardest, when a bulletin is as handy as can be because some question must be answered at once. The College of Agriculture has lately issued several bulletins, which ought to be in every farmer's home for ready reference. Here is a list of them with just a suggestion of what they contain.

"The Home Vegetable Garden," Circular No. 67.—Is built for the person who gardens in Kentucky. It is out of the ordinary because it has several very unusual tables which can be consulted for the time. It taken the common vegetables to mature, for information about the common garden insects, the damage they do and their control, and for the identification of plant diseases and methods of curing them.

"Alfalfa," Circular No. 70.—Should be in great demand as the growing of this wonderful plant has increased enormously in Kentucky during the past few years. In Pendleton county, where sweet clover has prepared the soil for alfalfa, thousands of acres of alfalfa clothe the hillsides. "Elements of Beekeeping," Circular No. 69, is a handy little bulletin both for the person who has never handled bees and for the old beekeeper. It is timely because spring is here and the bees are busy.

"Asparagus," Circular No. 68, should be of great interest because gardens were so carefully tended last season. Every home garden ought to have at least a small asparagus bed for early spring use.

Any or all of these bulletins can be secured by writing to the College of Agriculture at Lexington or your county agent will furnish them.

P. M. Copeland, of Wingo, has one of the L's to his credit, anyway, a 55-ton car of limestone just received and this means the other two soon clover hay and stock to eat it. The same can be said of C. L. Gregory, Mayfield, route 7.

HAVE YOU PLANNED FOR THE PIGS?

A patch of rape and oats sown now will mean pasture for the pig in six weeks. You cannot grow pigs on corn alone. This is a sure and quick pasture. Try it. One bushel of oats and five pounds of rape to the acre. One acre will provide for 12 or 15 fifty pound pigs.

WATCH AND SPRAY.

Do you realize that it will soon be too late to give those trees the clean up spray? It must be done before the leaves put out. Why not do it today? It is inexpensive and will insure you good fruit. Lime and sulphur is what you should use. Before you apply the spray, prune your trees. It will pay you many times over.

Just received by express, 2-bales of Tobacco Canvas, 5c and 6c per yard. T. L. STOVALL & CO.

Statement By Department Agriculture on Handling of the Wheat Guaranty

Several statements have recently appeared in daily and grain trade papers indicating that the Department of Agriculture is anxious to take charge of the work carrying out the guaranteed price of the 1919 wheat crop. These statements misrepresent the attitude of the Department of Agriculture.

The Department of Agriculture, after this country entered the war, took the position that emergency food activities of a commercial nature should be directed by an emergency agency, and therefore participated in framing the Food Control Act giving the President power to create such an agency.

The food administration and its Grain Corporation were set up under the act and they have handled the wheat guaranties from the beginning. The Secretary of Agriculture has assumed until recently that these agencies would, without question continue to handle the wheat until the emergency passed and the law ceased to be in operation. He still believes that it would be desirable for the grain corporation to continue to function and close out the matter. The corporation has gained much valuable experience during the war and should be able to deal with the problem as effectively as any other establishment. The recent Wheat Guaranty Act seems to contemplate that this agency would continue to act. Among other things, it authorizes the President to use any existing agency or agencies and to utilize any department of the Government, including, of course, the Food Administration Grain Corporation. It would be difficult for any other existing agency now to set up the requisite machinery, especially in view of the short time intervening before the 1919 crop movement begins; and even if it were to undertake to do so, some embarrassment would undoubtedly result, because two agencies over a part of the period, would be dealing with wheat.

The task is one of great magnitude and the time is short. The Secretary of Agriculture recently cabled to the President, pointing out the necessity for immediate action and urging that the present machinery, that is, the Food Administration Grain Corporation, be maintained and utilized. As a matter of course, if the President should designate the Department of

The Secretary of Agriculture has assumed until recently that these agencies would, without question continue to handle the wheat until the emergency passed and the law ceased to be in operation. He still believes that it would be desirable for the grain corporation to continue to function and close out the matter. The corporation has gained much valuable experience during the war and should be able to deal with the problem as effectively as any other establishment. The recent Wheat Guaranty Act seems to contemplate that this agency would continue to act. Among other things, it authorizes the President to use any existing agency or agencies and to utilize any department of the Government, including, of course, the Food Administration Grain Corporation. It would be difficult for any other existing agency now to set up the requisite machinery, especially in view of the short time intervening before the 1919 crop movement begins; and even if it were to undertake to do so, some embarrassment would undoubtedly result, because two agencies over a part of the period, would be dealing with wheat.

The task is one of great magnitude and the time is short. The Secretary of Agriculture recently cabled to the President, pointing out the necessity for immediate action and urging that the present machinery, that is, the Food Administration Grain Corporation, be maintained and utilized. As a matter of course, if the President should designate the Department of

WINGO SUPPLEMENT TO THE DAILY MESSENGER

VOLUME XIX—NO. 279.

MAYFIELD, KY. APRIL 1, 1919.

DEMOCRATIC.

DO THE WINGO PEOPLE LIKE THE MESSENGER

Saturday morning Scott Lemon and Bryan Lemon, two of the publishers of the Daily and Weekly Messenger journeyed to Wingo, to see for themselves how the people of that section liked the Messenger.

It certainly was a pleasure for them to be in a town where they all took the Messenger and said so many good things about it.

They were busy from the arrival in the city until their departure writing advertisements, selling new subscriptions and renewing old ones.

Among the number who had their paper renewed and new subscribers were:

W. R. Dunn, E. S. Russell, Y. J. H. Lancaster, H. K. Hayden, E. S. Russell, W. W. Waggoner, T. E. Grant, W. M. Waggoner, W. P. Emmerson, W. B. Jackson, P. E. Austin, E. D. Mullins, Dudley Holmes, A. B. Beadles, Mrs. Della Campbell, J. S. Byrn, T. B. Stark, W. E. Winslow, T. E. Johnson, Coron Owen, J. B. Puckett, Barney McCuan and many others.

WINGO LOCALS.

Miss Mary Austin is confined to her room at Wingo with the flu.

B. H. Mitchell, of Mayfield, was in the city yesterday.

Jack Thorpe and Ned Lochridge, two well known mule buyers from Mayfield, were in the city Saturday attending the W. H. Luther mule sale.

Jim Bill Green, of Mayfield, was in Wingo Saturday selling goods.

Henry Chandler, of Mayfield, was in Wingo Saturday looking after his interests in this city.

Bryan Lemon, of Mayfield, was a pleasant visitor in Wingo Saturday.

A. B. Beadles, carrier on Wingo route 2, is authorized to collect subscriptions for the Messenger from any person in Wingo or on any rural route.

Mr. Beadles is a hustler and no doubt can save many subscriptions a trip to the Messenger Office.

Successful Sale at

Wingo on Saturday

J. D. Covington, of Wingo, sold at auction 16 head of horses and mules in Wingo Saturday for W. H. Luther the stock dealer in that city. The prices brought proved to be satisfactory to the owners as well as the purchasers.

New Location for

Wingo Methodists

The Methodist congregation at Wingo have secured the Humphreys building in that city to hold their services, since the Methodist church was destroyed by fire there some time ago.

Rev. Lamb, of Mayfield, is the pastor and seems to satisfy the Wingo people very well.

The average for this Sunday school has been about 35 during the past year, but they hope to build it to 100.

Martied in Wingo.

L. W. Odom, a prominent farmer, and Mrs. Ollie Morgan, of Wingo, were married Thursday at the home of Henry Copeland in West Wingo.

J. B. Grayson and John Carter, who attended the wedding of Mr. Odom 40 years ago, were present at this wedding. Miss Maud Byrns, presided at the piano.

Constable Jesse Shelton

Busy at Wingo Saturday

Constable Jesse R. Shelton, of District No. 3, was in Wingo Saturday distributing the notices of the Supervisors, notifying the different persons to appear before the Board of Supervisors in Mayfield at the court House by April 8th.

Mr. Shelton has 355 notices to serve in District No. 3.

Wingo Soldier Arrives

From Overseas

News has reached George E. Charlton, that his son J. B. Charlton who has been overseas has reached Camp Mills, New York. Another son Lloyd Charlton still remains in France. Mr. Charlton expects them both home real soon, and a square meal awaits them upon their arrival home.

Wingo Poultry King

Back At Work

Everett Wood, who has been in the army for some time and was recently discharged, is back at work as manager of the M. B. Holmes Poultry concern.

Mr. Wood is a hustler, and knows "his stuff," and from the way he was buying in Wingo last Saturday looked as if he would soon have the most poultry in that part of the county.

Carl Wyatt, his chief assistant, is on the job, with a bunch of paper money in one hand, and a hammer and nails in the other.

New Presbyterian Church For Wingo People Soon

The Presbyterian congregation at Wingo and the citizens together have begun work on the new Presbyterian church in that city. Mr. Wortham, the contractor, has not stated when it would be completed, but it is expected to be at no distant date.

Rev. Rudolph is the pastor.

Dr. Flint Writes

To Wingo Friends

A letter has been received from Dr. B. Flint at Moxelle, Miss., stating that his farm was in good condition, and that his practice was as good as could be expected. Claud Waggoner, of Wingo, who is in Moxelle with him, is in good health and getting along fine.

Mail Order Poultry

Man Buys Small Lot

Of Poultry in Wingo

About ten days ago one of the Chicago mail order houses sent a man to buy poultry in Wingo, and after an extensive advertising campaign these men came to Wingo to get the business, but upon their arrival they found out that only seven pounds of chickens were to be bought there. They soon left. It is not known when they will return to Wingo again.

Why Potatoes Fail to Bottom Out

All Tops and No Tubers: A Significant Sign.

Many a potato patch which appears its foliage in most promising fashion throughout the summer proves sadly disappointing at digging time.

It is true that good potatoes can not be produced without good tops; but luxuriant tops do not always mean fine potatoes. "Running to tops," as the experienced grower calls it, has a most significant meaning. Potatoes grown on soil treated with manure alone frequently show this tendency.

Excessive foliage at the expense of tubers ordinarily means that too much ammonia (nitrogen) has been used in proportion to the phosphoric acid and potash present; or rather, that too little phosphoric acid and potash have been used in proportion to the ammonia, since it is indeed seldom that too much fertilizer is used on potatoes. Maine growers frequently use a ton or even more to the acre.

As a general rule, when potatoes fail to "bottom out," or run to tops rather than tubers, it means that more phosphorus and potash, particularly potash, should be used.

Wingo High School is Best in the County

The Wingo High School, which has held the reputation among the school teachers and citizens in Graves county for some time being one of the best schools is certainly that is a credit to any community.

The teachers and pupils meet Saturday just the same as any other days. There are about 300 pupils in attendance at this school, of which about 100 board in and around Wingo and drive to school, owing to the distance.

There is about 7 more school weeks, before the term ends, at which time 17 will be granted diplomas.

Prof. E. A. Smith, principal of the High School Department is considered one of the best teachers and managers in the county, having been at the head of this institution for the past 10 years. His assistants in the High School department are Misses Maxie Mullins and Francis Jones.

The Grammar school is under the supervision of E. P. Austin, who also has charge of the Preparatory Department.

The Intermediate Dept. is under the supervision of Misses Clara Fowler and Bessie Austin.

Miss Vida Parrish has charge of the Primary Dept.

Miss Lillian Peebles, also has a class in piano and voice. This school also has a class in typewriting, and several pupils.

The citizens of Wingo are proud of this school, and most every citizen lends his best efforts to that end. Money is contributed and every thing possible done to make it a success, and it certainly is.

The Wingo School building was erected in 1912 at a cost of about \$15,000.

Wingo Druggist Fills

10,000 Prescriptions

During the last four years the firm of E. D. Mullins & Co., have filled 10,000 prescriptions, which we think is a record for a drug store not located in a city.

Dug Mullins, who has charge of this department, has had 14 years experience and satisfaction as well as skill, accompanies each prescription. Dublin and Cuba, besides men of other towns nearby have most of their prescriptions filled in Wingo.

Who is Dave Jackson,

Of Wingo, Ky.

He is a real estate dealer of Wingo. He is manager of the hotel of Wingo.

He is one that can really give you a square meal for 50 cents. He is also a farmer, in fact he is a very busy man.

If you care for country ham, when in Wingo, visit the Jackson Hotel, and there you get exactly what you want to eat. Remember the price, which is the main thing, only 50 cents. We have often heard of the meal that Dave Jackson, put on the table for 50 cents, but Saturday was the first time that we have ever had a chance at one of them. He raises everything that goes on his table.

Wingo Girls Work

For High School

Quite a number of good looking Wingo girls, were very busy getting up subscriptions for the purpose of putting a new curb around the High School last Saturday, but for some reason or other they failed to ask the Messenger solicitor for a subscription which he would kindly donate on his next visit to Wingo.

o'clock a. m. and 5 o'clock p. m.,
expose to public sale, to the highest
bidder, at the court house door in
Mayfield, Graves county, Ky., on a
credit of six months, the following
described property in Graves county,
Ky., viz:

"About 44 1/2 acres of land, more or
less, it being the east one-half of
the north 1/2 of the N. E. Qr. of
Sec. 13, T. 2, R. 2 east and including
about 3 acres off of the east end of
the west one-half of said quarter
and section, bounded as follows: Be-
ginning on north line of said quarter
at Joseph Finner's and George
Marine's corner and running south to
the woods and fence, thence south
with picket fence making said fence
the line to the center of the May-
field and Murray road; thence east

in the middle of said road until it
gets opposite of Ed Barrett's and
D. C. Turner's N. E. corner, being
the same land conveyed to T. F.
Glass and J. G. Glass by J. K. and
J. W. Bridges by deed of date, Sep-
tember 25th, 1908, of record in deed
book No. 52, page 489, in the office
of the Graves county court clerk.

Also, about 18 acres, more or less,
of land off of the west end of the
north 1/2 of the N. E. Qr. of Sec.
12, T. 2, R. 2 east and bounded as
follows: Beginning at Joseph Fin-
ner's and Geo. Marine's corner in the
north line of the above described
quarter and running south to the
fence at woods; thence west with
said fence to the corner of woods
and fence; thence south with picket
fence to the center of Mayfield and
Murray road; thence east in center
of said road until it gets to the north
corner of the J. I. Shockey place and

Well, Hogs Have Some Limit

One morning last week Don Scott's
wife told him to stop the hogs. Some
time later she noticed that the hogs
had not had their stop. She called for
him again but he failed to answer, so
she takes the stop herself to the hogs
and poured it over to them, but they
would not touch it, just to smell of it
and walk off. She called her son out
there and told him the hogs were sick,
they would not drink their stop. He
said, "No, pappie" fell in it a while
ago, I guess that is the reason."—Ful-

Walk-Over

It's unfortunate that this can't truthfully be said of all medium-priced shoes
this year—BUT IT IS TRUE of these grades in WALK-OVERS!

The style pictured is an example of the real value we're giving in high
shoes. The same in oxfords.

Here is a medium-priced shoe that is built for wear as well as style. It
will keep its shape—you can depend on that.

We have it in mahogany and in black—a leather that takes a beautiful
polish. Come in and see how good a shoe this price will buy.

Stock Now \$1.00

¶ We're away over the \$200,000 mark!
We've received checks for stock from States as distant as New York and Texas! ¶ Investors are judging the value of the stock of the Louisville Mansfield Lead and Zinc Company by the record of the Kentucky Mansfield Lead and Zinc Syndicate. That company, already in operation, paid a monthly dividend of 2% in January and 3% in February. The officers and directors of both companies are chiefly the same gentlemen and the newer company has been organized to do just what the other is doing but on a larger scale. ¶ Its holdings are greater, consisting of four tracts of 40 acres each in the Mansfield District, right where the Mother Lode of the great Ozark Lead and Zinc fields comes nearest the surface. We've proven our holdings by drilling. We're already sinking the first shaft for our first mill!

BOLSHEVIST MENACE THREATENS BIG WAR

Paris, March 31.—Peace and war still hang in the balance. Naturally the people who have just defeated the world's greatest militarism are not prone to recommend arms against whatever ails the world. The news from Budapest is conflicting. Some reports picture Bolshevism going through the regular stages in Russian style, while others indicate pacific intentions on the part of the Hungarian soviet government, including such an attitude towards the Roumanians. The opponents of Bolshevism expound on the imperialist character of the new doctrine and declare that unless the allies fight the radicals they will be attacked. Others say it is as useless as establishing a mili-

tary barrage against measles. Nevertheless the French socialist press reports the shipping of large quantities of artillery towards Roumania and reinforcements for Odessa. The truth is that unless the Bolsheviks attack the allies there will be no general mobilization against them.

MURRAY, ROUTE ONE.

Prof. R. R. Emmerson, of Graves county, who taught a class here in instrumental music, returned to his home at Pilot Oak Sunday. Blessed art thou Prof. Reece.

Rev. John Story moderated at the minister's meeting in Hazel Friday. Evangelist Ira Douthitt, of Henderson, who was reared near Sedalia will conduct a big meeting at Dresden and Murray Cross Roads, second Sunday in August under the big Christian tent.

Miss Ruby Cochran went to Murray Saturday to have a tooth extracted but all three of the dentists were too busy to pull the tooth, which was a blessing in disguise.

May success and victory radiate the pathway of T. P. Oliver of Calloway for representative and H. H. Cherry of Bowling Green for governor of Kentucky. They have lined up against the abominable whiskey traffic.

GUM WANTS TWO TEACHERS

Interest in the Schools There is Reported on the Decline.

DICK KALER IS TRUSTEE

Farmers Out of Feedstuff and Compelled to Buy.

(GUM SCHOOL HOUSE.) The eleven months old little daughter of John Crouch was buried at the Puryear graveyard last Sunday afternoon at 2 o'clock. The child had been sick for several weeks with bronchitis and pneumonia.

Dick Kaler has been qualified as trustee in this district to succeed Claude Heath, who wouldn't accept the nomination that he received last fall. Two wide-awake, experienced and energetic teachers are wanted for this district. Education for the past few years seems to be on the decline, as there seems not to be much interest amongst the teachers, patrons or pupils. I would like to know what is the cause of this and who is to blame for it?

W. W. Wraether of Akron, Ohio, visited the family of W. Y. Wilkerson a few days last week.

Pender Hicks and two little children and daughter Miss Mertie Hicks and Rev. Clay Lyle and family visited Floyd Keeling and wife near Hardmoney last Saturday night and Sunday.

J. T. Murphey has been doing some surveying in this neighborhood.

Jack Owens, Hubert Hopwood, Claude Rutherford and Fred Prince went to Paducah one day last week after a wagon load of feedstuff. There isn't scarcely a man in this community but what has had to buy most of his horse feed.

Several from this community attended the singing at Spence's last Sunday afternoon.

The infant of Mr. and Mrs. Brantley Burkhardt was buried at Sand Hill one day last week.

Miss Ruby Williams is visiting relatives in Paducah this week.

The stork visited the home of Mr. and Mrs. Steger a few days ago and left them a boy. They have decided to call him Hugh.

Dave Morgan, who has been sick for the past several days, is able to be up again.

Your correspondent and family visited Mr. and Mrs. T. F. Boaz last Sunday, it being the latter's 72nd birthday. This is certainly one home where visitors are always made to feel welcome. They received a hearty invitation from their son and his wife, Mr. and Mrs. G. S. Boaz, of Franklin, Tenn., to come and spend the summer with them. They haven't decided whether to accept their invitation yet or not.

L. C. Wilkerson is able to be up again after several days illness of bronchitis and pleurisy.

John Wilkerson and wife of the Viola section have completed their new bungalow with the exception of wall papering it. They aim to have the papering done right soon.

A son was born to the wife of Odelle Farmer a few days ago.

Dick Kaler has five acres of tobacco land broke.

Big Lawsuit Filed In Federal Court;

Paducah, Ky. April 1.—The largest sum of money involved in any lawsuit that has been before Paducah courts in many years if not in the history of local courts was filed in United States court Friday afternoon by Attorneys Wheeler & Hughes representing Gage & Company, Memphis cotton brokers who are seeking to recover \$180,000 from Chester Bondurant, a prominent planter and cotton dealer of Fulton county. It is alleged in the petition that the plaintiffs advanced Bondurant certain sums of money on cotton stored in warehouses at Memphis and that the sale of the cotton lacked the amount sued for, \$180,000, of bringing the amount of such advances. The big slump in the price of raw cotton was responsible for Bondurant's losses. The case will probably come up for trial at the April term of Federal court.

DRAFT BOARDS THROUGH

Clerks and Employees of Draft Boards Go Off Government Payroll.

Washington, April 1.—All clerks and other employees of local draft boards throughout the country went off the government's payroll last night at midnight. March 31 was set as the date for winding up the affairs of the boards forming the machinery through which America's war army was raised, but final reports have been received from only a few states. Offices of the boards will be closed, as their work is finished, but the members retain their official status until they are released formally by President Wilson.

FOLSOMDALE.

Jim Horner of Viola, died the 21st and was buried at Oak Grove.

Mrs. Mamie Barkley is confined to her room on account of indigestion.

Mrs. Isa Tinsley of Paducah, was the guest of her father, J. A. Wilkins of Viola this week.

B. P. Alexander, Boy Ray, Oscar Ray and Alfred Alexander went to Dublin to see their uncle, Tobie Ray who is at the point of death.

Mrs. Royd Whitt received a card from her son, Jay Ragdale, saying he had landed safe on this side. He has been in France 12 months.

Alvie Nicholson is doing delivery tobacco. His crop brought him six hundred dollars.

Edd Ford of Paducah, was in this neighborhood buying milk cows this week.

Mr. and Mrs. Fred Taylor of Paducah, were the guests of the former's parents, Mr. and Mrs. Gus Pace Sunday.

Claude Baldree's children of Paducah, has the measles. They are at their grandfather's, Rob Baldree's.

THE SAYINGS OF LUKE M'LUKE

We once knew a woman who sued her husband for a divorce on the ground of incompatibility because he wouldn't argue with her.

A married man does things that his wife wants him to do. But that is no sign that he wants to do them.

The Huns are looking to another tag when they will kick the lining out of Uncle Sam and get even with him for throwing a monkey wrench into their machinery. Well, by der time dot tag comes there will be bridges across the Atlantic and tunnels under it and we can lick the Hun every Wednesday in the week. Also every Saturday, Thursday, Monday, Sunday and Tuesday in the week.

A fellow tried to knock on a man to see because the man failed because he was too ambitious and took in too much territory. And then fellow who was knocking the man was a bird who had failed because he didn't have nerve enough to try.

Even if it looks like something a circus horse wears in a parade, don't knock the hat your wife trims for herself. The old girl is saying you fifteen or twenty bucks, and even if the hat is a scream, remember that Jack is Jack.

After Father has debated earnestly on the Great Questions of the Hour, Son will quit doing his night work

long enough to ask father the difference between latitude and longitude. And father will tell son not to bother him, because Father doesn't dare admit that he doesn't know the difference.

We have tried it, and take it from us, putting your foot on the rail in front of a bar doesn't make a soft drink taste any stronger.

A wife often asks a husband at the breakfast table how he got that hole in his pants pocket. But, somehow or other, she never asks him how he got that hole in his sock.

And what has become of the old-fashioned man who had to spit in the back of his box when he shined his own shoes in the morning?

A fool is a man who uses a big word when a little word would express his meaning just as well.

The reason why you and your wife have never had any fights since you were married is because if you throw a rock into the river the rock would bounce back and hit you.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle; so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the ailments so common to women, why not give Cardui a trial? Recommended by many physicians. "In use over 40 years. Begin taking Cardui today. It may be the very medicine you need."

Former Mayfield Girl Celebrates Birthday

The Athens, Georgia, Banner contains the following account of a birthday party given by Miss Elizabeth Gidley, granddaughter of Jim Cloy, of West Broadway:
"A beautiful party of Saturday afternoon was given by Miss Elizabeth Gidley at the home of her parents, Mr. and Mrs. Ed Gidley, on Barber street. The happy occasion was in celebration of the lovely young hostess' eleventh birthday. A profusion of yellow and white spring flowers embowered the attractive rooms, where games were played and the notable occasion made merry. After which the guests were invited into the dining room which was transformed into fairyland with the artistic arrangement of flowers and yellow and white burning candles. The handsome birthday cake was the attractive adornment of the lovely table, sent by the hostess' grandmother, Cloy, from Kentucky—beautifully embossed with eleven sparkling candles. Delicious refreshments were served which repeated the color motif of gold and white."

CROLEY NEWS.

The shower Sunday evening rushed the people to their homes before the roads were wet as the roads, were in fine shape to run their cars. The flu seems to be on a stand still as there are no new cases in our vicinity. There were about 30 cases last week.

Mr. and Mrs. Tuck are very much grieved over the loss of their dear little girl. She was taken ill with the flu about ten days ago. All that could be done did no good. She died on last Saturday night and was buried Sunday. Sad as it is, but we must all soon follow and rest in the sweet bye and bye, and go to the place our dear Lord has prepared for us. To the father and mother weep not for the Lord knows best. Now prepare to meet her. All that took the flu last week are better at this writing. Clay Parrott has moved in his new bungalow. You just ought to see him smiling.

Dick Carter will begin his new barn the last day of March.

Mrs. Eva Carter has ninety little chicks, and two incubators setting each containing 140 eggs.

Mrs. Ruth Vanpool set seventy turkey eggs last week.

Byron Moultrie motored down to Clinton Saturday afternoon.

Mrs. Ruth Vanpool went to Clinton Saturday afternoon shopping.

Mr. and Mrs. Edd Bratton spent Saturday night with Mr. and Mrs. Bazz Pool.

The youngsters gathered in at Dick Carter's, on Saturday night to hear their new victrola. The music was fine. They also had good music on the piano. All had a jolly good time.

Will Price received news from his son, Richmond, who is in Oklahoma, stating he was just getting up from smallpox and was taken very ill with appendicitis. They are very much grieved about him. He will have him brought home as quick as possible.

Dick Carter had twenty-seven head of hogs vaccinated on last Thursday for cholera.

HORRORS OF BAD BLOOD.

"All maladies of racking torture qualms joint racking rheums, fierce catarrhs, intestine stone and ulcer cholera, pangs, malarious, dropsies, asthma, phthisis, moping melancholia, moonstruck madness, what miseries?"—Milton.

This is the state of man or woman suffering from poisoned blood. Read what the U. S. Dispensary and other authoritative books say in regard to the ingredients entering into "Number 40 For The Blood." "Employed in diseases of the glandular system, in blood poison, mercurial and lead poisoning, rheumatism, catarrh, constipation, diseased liver, kidneys and spleen. Under its nodes, tumors, sores, ulcers, mucous patches, copper colored spots and scrofulous enlargements disappears as if by magic." Insist on "Number 40," made by J. C. GONE FOR GOOD

Results That Last Are What Appeals to Mayfield People.

Kidney sufferers in Mayfield want more than temporary relief. They want results that last. Results like Mrs. Bynum tells about. Her's was a thorough test. Six years ago is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine?

People here in Mayfield have shown the way. Read the story of Mrs. B. F. Bynum, 8 Tenth St.—She says: "I've a long time I had pains across the small of my back and in my side. Doan's Kidney Pills were so highly recommended I got some from Covington's Drug Store and they soon relieved me. I have had no occasion to use them since. I recommend Doan's to all those who suffer from kidney trouble." (Statement given March 7, 1912.)

On October 27, 1916, Mrs. Bynum said: "I recommend Doan's Kidney Pills to anyone suffering from kidney trouble because they cured me. I consider them an excellent medicine." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mrs. Bynum had. Foster-McBarn Co., Mfrs., Buffalo, N. Y. adv.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much vigor as you did when in the prime of youth. Keep your body in good condition, that's the secret. Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Get the GOLD MEDAL Haaslem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haaslem Oil Capsules are imported direct from the laboratories at Haaslem, Holland. They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped many to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three pills.
