OCCUPATION TAX COMING

City Council Will Probably Adopt it Next Monday Night.

TO NAME SUPERVISORS

Committee Named to Buy Additional Property for Maplewood Cemetery.

The city council met Monday night and several important matters were brought up for consideration. Mayor Stevens presided. Chief of Police Roy Hamlet filed his report for March.

Repairs on the street roller, it was announced, would be completed this week and Members Bryant and Lewis were named as committee to employ a driver for it. It is likely that Fire Chief Gibson will operate the roller.

The old tin cans and other rubbish, it was stated, has been removed from North Eighth street.

An occupation tax will soon be in force provided the council adopts the ordinance. One is being prepared and will be voted on at the next meeting.

The board of supervisors will probably be selected at the next session. A committee composed of Williams and McGuire are to see about buying additional property for Maplewood cemetery.

The council ordered the 29th Century sign, near Mrs. Slaughters on South Sixth street, moved as objections to it being there were filed with the council. Chief of Police Hamlet was notified to see that it was taken down.

April 22, 23 and 24 were named as "clean up" days. It was ordered that four men be employed to work on the streets, assisting Walter Russell, chain gang boss. Prisoners have been scarce and it is necessary to get more men if the streets are kept clean.

Bids for wagons on the three clean up days will be received by the city clerk and the contract awarded at the next meeting.

Claims were allowed as follows:

ALL READY FOR THE BIG GAME

Newspaper Boys Expect to Beat City Officials to a Frazzle.

Chief of Police Roy Hamlet, manager of the city official baseball team is gathering his men together for the contest against the newspaper men tomorrow. Of course he has not the slightest chance to win but thinks so and that will enthruse him enough to tackle the bunch of old time warriors. Each team has first basemen of about the same size. Councilman Morgan Williams and Jess Anderson and they of course think they can stand guard as well as the faithful "Booker" Gault, who in his palmy days, could not be beat. The game will be called about 4:30 p. m. and will go for five or seven innings, or just as soon as the officials yell "call rope" which of course they will do after the second inning. Judge Seth Boaz picked out right field, thinking he would not have to do any work but here is where he reckoned without his host, for the paper boys have some fingers that would make Home Run Baker, Hans Wagner or Ty Cobb tuck their heads in envy. A new ball and bat has been bought but the next thing is gloves for most of the men will want the officials on both hands, especially the officials. The officials line up is as follows: Claud Yarbrough—Catcher. Carlyle Carter—Pitcher. Morgan Williams—First Base. Hugh Gibson—Second Base. Roy Hamlet—Third Base. Will Skinner—Shortstop. Seth Boaz—Right Field. Emmett McNelly—Center Field. Russell Maxwell—Left Field.

Marie Walcamp—Princess Tomorrow.

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

A New Light Peeping Over the Horizon of Civilization

In 1824 when the arrangements were made to construct the first railroad at Killingsworth, England, all the forces of incredulity that IGNORES; the conservation that HATES; the ridicule that MOCKS what is new, were brought to bear to oppose George Stephenson's great invention.

At the early age of 17 Stephenson became a fireman and engineer. In his work in the mines Stephenson saw the need of locomotives to take the place of horse-drawn trams that were run on modern rails.

It has always been the case, since time memorial, PIONEERS introducing something NEW into the world for the uplifting of humanity and fighting for it, have always been criticised, ridiculed, mocked and persecuted.

The news comes to the Messenger that Mrs. Gus Pentecost, a highly cultured, beautiful young married woman at Cottage Grove, Tenn., was almost instantly cured by Dr. Spalding, chiropractor, at Mayfield, who has been coming to our town for nearly two years.

The story of this woman's recovery reads like the stories of miraculous healing of ancient days. Mrs. Pentecost's former home where her mother still lives, is Wingo, Ky. Mrs. Pentecost was taken down sick some time last summer. Her family physician pronounced her case very serious. After being confined to her bed for five weeks she was removed to her former home in Wingo where she was put under medical treatment at that place.

After being in the treating room ten minutes she told her husband and mother she felt better; that the pain was all gone and right then and there she got up and walked into the reception room without help and the number of people who were present when she first came in and inquired for Dr. Spalding were astonished to see her walking without help and to hear her say that the awful pain was gone.

the land they MOCKED and scoffed at him and finally crucified him, and spit on him while he was hanging on the cross. The greatest honor that can be conferred on man is: "To die fighting for a good cause."

The pioneers for Chiropractic have been criticised, hounded, persecuted and thrown in jail. FOR WHAT? For healing the sick, after all other remedies had failed. Lifting up suffering humanity and causing light to shine into homes, banishing sorrow, misery and unhappiness.

The days of persecution will soon be relegated to the past. A new light is PEEPING OVER THE HORIZON OF CIVILIZATION. Thirty-five million people in the United States of America are discarding drugs and are turning to NATURE'S WAY FOR HEALTH.

Nature is perfection, and works in many peculiar ways to attain it. Unless prevented by accidental conditions it does attain a high standard of perfection. In man this means health.

What causes disease. It must be an interference. Sever the roots of a tree and it will slowly starve and die, because the sap is shut off. Man's life force may be likened to the sap of the tree. If the nerves cables are compressed where they branch from the backbone, due to one of the vertebrae slipping out of place, the life power is shut off and disease sets in, in those organs that should be fed through the nerves. This injury to the nerves can be corrected and healthy conditions restored by

SPALDING'S SYSTEM OF SPINAL ADJUSTMENT. Chiropractic is not magic. It makes no pretense of restoring life when the Divine spark has vanished, but Chiropractic can often restore even after other methods failed.

MRS. GUS PENTECOST. LITTLE GIRL PARALYZED FULLY RESTORED TO HEALTH BY DR. SPALDING.

To Whom It May Concern During the fall of 1913 I took my little daughter, Laura, to E. S. Spalding, a Chiropractic physician of Cairo, Ill., for adjustment. She had been paralyzed for about one year and could neither walk nor talk and could not support her weight on her poor little wadded limbs. After six months' adjustments my little daughter was restored to health. She can now run and jump and play the same as other normal children. I would not take \$10,000 for what this Chiropractor has done for my little daughter, T. D. NORRIS.

MISS LULA HILL, DEAF 11 YEARS, HEARING RESTORED BY DR. SPALDING.

To Whom It May Concern: During the fall of 1913 I had E. S. Spalding, the Chiropractor of Cairo, Ill., to call and see my daughter, Lula, who had been suffering from total deafness for about ten years. I had lost all hope of my daughter's hearing being restored. After two weeks' adjustments my daughter's hearing was fully restored, and has remained so ever since. She can hear the slightest sound. I will ever feel grateful to this Chiropractor for what he has done for my daughter.

TATER DAY AT BENTON DRAWS BY THOUSANDS

Largest Crowd Yet Attended the Annual Marshall County Attraction.

CANDIDATES ARE GALORE

Seed Potatoes Go Fast and Much Buying and Trading in Live Stock.

Monday at Benton was one of the biggest days of the year and on this day thousands go there to meet friends and enjoy the day. It has been known for years as "hoss and tater" day and from indications Monday the day is growing so famous that the town is hardly large enough to hold the great throngs that visit there. It was conceded that the crowd was as large as any ever attending the big singing which has always been the chief drawing card of Marshall county. The day was typical of spring and the roads were never better, therefore it furnished an ideal opportunity for the farmers to go for a day's outing. Sweet potatoes were not there in such large numbers as in the past, but that is not the attractive feature anyway. The people go just to be going, mostly from habit, and from the fact that day is set apart by hundreds as a day of meeting all their friends of the county in one day together.

The best stock that the county affords is always to be seen on this day and even some of the worst of West Kentucky is generally there. There were stock dealers from every section and much trading and selling took place.

The crowd was on their good behavior for there never was seen a happier bunch of 5,000 people, every one joyous of the day and thankful of the prosperity and good health they were enjoying. It seemed more like a reunion of relatives or dear friends than anything else. The merchants did a good business while the eating houses were right in the swim being almost unable to wait on the great number. Mayfield people were there running refreshment stands and working in restaurants.

Other Notes Picked Up. X. Pace and Sidney Hooper were kept busy in the Cornwell restaurant on the south side and soup was made by the barrel and served as fast as it could be taken out. Hardin Cornwell was there with his family and the entire family of a half dozen or more were working while Hardin sat back all dressed up and looking wise and pretty.

There was profound regret in the death of Judge R. L. Shemwell, for many years one of the leading citizens of Marshall county. He had been ill for the past month or more with kidney trouble. He left two sons and six daughters, two of the latter being in Washington. "Bob" Shemwell bore the distinction of being the biggest man in Marshall county and for a number of years tipped the beam at over 300 pounds.

Julius Harris and Clyde Copeland are still running a barber shop and after moving to a number of houses are located on the south side where Julian says he will probably remain. He has been a barber there for thirty or more years and the business men had him imported from North Carolina to take the job. He knew just about as much about handling a razor as the proverbial cow would about a china store. It did not take him long to become an expert.

The many friends of Dr. C. E. Howard, who formerly lived at Pryorsburg, will be sorry to learn of his failing health. He has been ill for some time and is unable to leave his home. It is hoped by everyone that he will improve and soon be out again.

There is a movement on foot in Benton and in the county to have the annual Southern Harmony singing on the fourth Sunday in May, but it will be a memorial service and singing in honor of the late J. R. Lemon who started the singing in that county more than thirty years ago. It is proposed that the program consist of several addresses and the singing of his favorite old time songs.

A familiar figure from Graves county was John Henry Alcock from Clark's river, who, it was discovered could drink as much Coca Cola as

he could hot soup and chile. He had a big time and was accompanied by Luke and Hiram Alcock and Bernard Ray.

Many of the farmers who are subscribers to the Messenger, stated on account of reading the advertisements of the Mayfield merchants of the bargains offered, that they were coming to Mayfield to do their spring trading.

Lee Thompson, living south of Benton, became a subscriber to the Messenger and also subscribed for the paper for his only uncle, J. Astbury Thompson, living in Bogetta, Texas, who left Marshall county for the west over forty years ago. Lee has been farming on the Solon L. Palmer farm north of Benton for thirty years and has paid enough rent to have bought a fine farm.

Dr. Eddie Riley, D. A. Riley, Willie Gallimore, Earnest Derrington and John Ridings, of Golo, were there.

Representative W. G. Dycus said that he was a candidate for re-election and thought he would have no trouble in winning. He is opposed by Dr. Travis of Lyon county. Mr. Dycus made a good man in the legislature and is a straight, conscientious official, always doing what he thinks is the best for his people. He is a safe man for the place and no better selection could be made.

J. B. Jeffrey, of Gilbertsville, was one of the happy men on the ground and he is one man who took the bankrupt law and paid everything he owed dollar for dollar. He worked in the railroad shops at Paducah for several years and with this money he paid all his debts. He is a nephew of W. N. Jeffrey, the former "Gravel King" of Mayfield.

Leonard (Pete) Nelson, arrived Monday morning from Sheffield, Ala., where he has been doing government work for several months.

C. R. Short, formerly of Graves county, was among the big crowd.

Pinus Jones, of Hardin route two, became a subscriber to the Daily Messenger and of course he and family will be happy. He is a prosperous farmer and has a son named Jesse Willard, born and named on the day of the big fight when Jack Johnson was knocked out.

Several candidates were present and they did not lack for men to whom to hand their cards or ask for support. Among them were Judge Carroll, for governor; L. E. Foster, for superintendent of public instruction; Mayor Burns, of Paducah, for railroad commissioner; J. A. Goodman, for clerk of the court of appeals, and Josh Catlett, for railroad commissioner. Judge Carroll made a short talk in the court house.

Congressman A. W. Barkley was there and had an opportunity of meeting hundreds of his friends.

Phillip Thompson, of Paducah, mixed among the crowd doing what he could for Mr. Goodman, for clerk of the court of appeals.

There was much speculation as to where the Cherry vote for governor would go. He was almost solid in that county and since the withdrawal of Cherry most of the vote will go to Tom Rhea, on account of being a West Kentucky man, while some will be divided among Black and Carroll.

L. C. Starks, of the Hardin Enterprise, was a busy man, but was not exerting himself for his paper as much as talking to the men and women. He is very popular in that county and is publishing a dandy good paper.

The grand jury which was in session for two weeks did not find a single bill for failure to pay dog tax or for not working the roads, although it is said that such bills were expected. The people generally say it is such a good county that there was no cause for finding any indictments.

W. T. Vaughan, Frank Pryor, Bob Casey, Lee Lockhart, Dick Ligon, Norman Farley and others from Mayfield, were taking in the day.

They Hit the Spot.

D. McMillen, Volunteer Fireman's Home, Hudson, N. Y., writes: "Foley Kidney Pills are like a stream of water played on a fire by firemen. They hit the spot, put out the fire and relieve the pain." Foley Kidney Pills cure rheumatic pains, backache, bladder and other symptoms of kidney trouble.

SWEETEST AND MOST HEALTHFUL CORN MEAL

Meadows Milling People Searched for Years for Best Method of Cleaning Corn.

Get your corn meal from Y. J. H. Lancaster, Wingo, Ky., who makes meal from the latest improved Meadows Mill. The Meadows milling people have searched for many years for the best method of cleaning corn, and grinding the best, sweetest and most healthful corn meal. My Meadows corn meal is now equipped with their new patent weavel spout, which takes out of corn all weavel dust and other trash, before corn is ground into meal. My Meadows mill also blows the meal out instead of turning it out. A cool blast of air is drawn into the mill and over the stone burrs, which keeps them cool. This blast of cool air also keeps a uniform temperature inside the mill and absorbs the heat produced by the friction when grinding. The long investigation and expensive experience of these people in effecting these methods of cleaning corn and grinding it into the best and most healthful meal has cost thousands of dollars.

We believe that separating the weavel and other objectionable matters from the corn before it is ground in the meal is one of the greatest improvements for health of people that has ever been invented.

Thanking you for your liberal patronage for past years, and trusting to be favored with your future business, I am yours very truly,

Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—poisonous poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and vitality; robs them of their vigor and energy. Biliousness, bad liver, nervousness, blinding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach.

Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating; sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach.

Pleasant-tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess hurtful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it!

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

Prepare to Build Murray's New Hospital

Victor L. Berger Is On U. S. Pay Roll

Murray, April 7.—F. W. Wood and E. C. Munn of Washington, D. C., arrived in Murray Saturday in the interest of the Murray Surgical Hospital. Mr. Wood, who drew the plans for the Columbian Union Hall and Washington Sanitarium, will design the new building, which will have 25 or 30 rooms. This added to the present building of 15 rooms with the new sun porches and porticoes will give the management the necessary room to care for the patients. The present building was so inadequate to the needs that many patients could not get rooms in the hospital.

Mr. Munn will be the new manager and his wife, now preceptress in a Washington girls' school, will be the matron. Drs. W. C. and R. L. Mason are the operating surgeons of the hospital, which has been established about twelve years.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in the last 100 years. It is Catarrh of the Bladder, which is greatly influenced by constitutional conditions. Requires constitutional treatment. Hall's Catarrh Medicine has been found to cure Catarrh of the Bladder by destroying the foundation of the disease, giving sufficient strength to enable the patient to sustain and assist nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for sample of testing medicine. Address: J. C. CHENEY & CO., Toledo, Ohio. Sold by Druggists.

Washington, April 7.—Although convicted of disloyalty and under sentence to the federal penitentiary, Victor L. Berger, Socialist congressman from Milwaukee, will draw his pay. A check for \$625, representing a congressman's salary for the month of March, was made out and mailed to Mr. Berger Thursday by Robert B. Gordon, sergeant-at-arms of the house.

"I have no option in this matter," explained Sergeant-at-arms Gordon, "as the house alone has jurisdiction over the qualification of its members. Mr. Berger was elected to congress for the term beginning March 4, 1919, and this has served one month. The check for this has been mailed to him."

How long Mr. Berger will be permitted to enjoy the salary and perquisites of a congressman is problematical for leaders of both the Republican and Democratic factions in the house have declared he will not be permitted to take his seat when congress meets. There will be an investigation, and if a majority of the members hold the facts warranted Berger's conviction his seat will be declared vacant and a special election to fill it called for the Milwaukee district.

Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; expands lanes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradfield Regulator Co., 467 Lamar Bldg., Atlanta, Ga. for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone, and thoughtfully live them over. I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—that was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and which was due to the fact that they were simply acting on the upper or small intestine, while others would act only on the lower or large intestine, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first touch the liver, then act on the stomach and entire alimentary system. If this was accomplished, but medicine would produce a mild, but powerful stimulation of the waste without the usual sickening sensations, and make one feel better at once.

After experimenting with hundreds of different formulas, I at last perfected the one now known as Lewis' Compound. I only believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right in the use of Lewis' Remedy as a mild, but powerful, even though he may have used it for twenty-five years, never has to increase the dose. My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Lewis' Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Lewis' Remedy for ten, fifteen and twenty years, and how they and their children, and grandchildren have been benefited by it.

It is a comforting thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Lewis' Remedy (N. B. Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

Maxwell— A Car of Assured Reliability

THE reliability of every Maxwell is assured by the volume produced. One model quantity production involves the investment of millions of dollars in special machinery, plants, laboratories, etc., before a single car is produced.

Therefore, the basic design must be right—right beyond any question—before this special equipment is installed.

And after production starts absolute accuracy in every part must be assured to prevent delays, wastage, hand-labor—things we can't afford.

No tools are too expensive—no precautions too elaborate—to assure this result.

This was our original plan and it has been consistently followed in producing the 300,000 Maxwells now on the roads of the world.

It is the reason why of Maxwell reliability—economy—uniformity.

A car made right to begin with saves you many a dollar even after you buy it.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

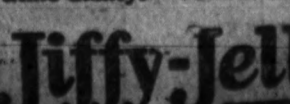

Musterole is a clean, white ointment made with oil of mustard. It is for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often proves so satisfactory).
