Revival Drew Large Gathering Last Night

The revival at the First Christian church, under the direction of Bro. A. E. Dubber and his son, Gilbert L. continues to attract great crowds. A great sermon was delivered last evening on the "Cred of the Church." The pastor pointed out that every great organization must have a creed, and every creed worth while is taken from the Bible. The creed of the church is not found on faith, repentance or baptism, but upon Jesus Christ, which teaches us to believe to repent and to obey.

The subject for tonight is "Faith in which the pastor will endeavor to show what it is, how to get it and what to do with it." Dr. Edwards will sing one of his special solos tonight. If you are not attending the Revival, you are the loser. Come out tonight and hear the gospel as preached in sermon and in song. Everybody is most cordially invited to attend. Service begins promptly at 7:30.

ARTIST TELLS OF HIS STRUGGLE FOR HEALTH

Local Man Says Both Himself and Wife Put Tanlac to the Test and Both Were Restored.

"Both my wife and myself have put Tanlac to the test and we call it the greatest medicine in the world," said J. T. Montamat, 1123 Third Ave., North, Nashville, Tenn., artistic sign painter for the Cusick Company. Mr. Montamat has lived in Nashville for nearly thirty years and is highly respected by all who know him.

"Before my wife took Tanlac she suffered so badly from gas on her stomach and heartburn that she often said she felt like she was smothering to death. She actually had to sit up in bed to get her breath.

"Well, in a short time after she

began taking Tanlac her troubles disappeared and she was like a different person. Seeing the good results in her case, I began taking the medicine myself and it soon had me feeling like a brand new man.

"Up to that time I had been tormented with indigestion. I had no appetite and the little I did eat, seemed to do me about as much harm as good. I felt so tired and languid I hated to move around, and was getting in such a run-down condition that it worried me.

"Tanlac acted with me just like it did with my wife, and although that was three years ago we have enjoyed the best of health all along. However, I keep a bottle of Tanlac in the house all the time, and when I feel myself getting run down the medicine soon has me feeling all right again. I am convinced that Tanlac is without an equal. Our friends all know how it helps us and I don't hesitate to tell anyone about it."

Total Assessment of State Goes Over Billion Mark

FRANKFORT, Ky., April 22—Original tax assessments of twenty-one Kentucky counties this year passed the \$20,000,000 mark according to a recapitulation of the first report of county assessors made to the State Board of Tax Commissioners and made up in the office of the board.

There will be some changes in the assessments of these counties, as well as of the most of the other counties of the state, however, as the result of hearings held by the board and orders that the assessments be equalized. The second reports of assessors, carrying the equalized assessments, are now beginning to come into the office of the board.

The total assessment of the state as originally fixed by the county assessors was \$1,854,458,009, not including bank deposits. This will probably be increased by the equalization.

Loses Suit To Stop the Hickman-Graves Project

FRANKFORT, Ky., April 21—G. W. Hatchell lost his appeal from the Hickman circuit court in his suit against the drainage commissioners to discontinue the Brush Creek Drainage District in Hickman and Graves county. The Court of Appeals in an opinion by Chief Justice Hurt held that proceedings under Subsection 49A, Section 2381, will not lie to discontinue a district previous to completion of the project.

Meteor Explodes and Showers Hot Metal Over Georgia City

MACON, Ga., April 21—A meteor passed over middle and southern Georgia yesterday, exploding and showering hot metal as heavy as iron.

The meteor was seen in Macon. It exploded over Cordie and also at Pitts, some distance east of Cordie, and also at Albany, southwest of here.

At Pitts more than a dozen heavy explosions were heard, then as if a machine gun had been pressed into action, a sharp cracking in the air for several minutes and red-hot metal, some pieces weighing six lbs. began to fall. In the wake of the falling fragments was a trail of black smoke. The sky was cloudless. The majority of pieces fell in open fields, and so far as known no one was injured.

A Mysterious Grave Is Found by B. C. Williams

Wednesday morning Bluff Williams, Wesley Smith, and other neighbors of the south edge of town found a mysterious grave in the last years weeds of a nearby field. They went and told Frank McClain about it. They asked him to assist them in opening the grave. The hour was set for one o'clock in the afternoon, when all of the men should gather there with shovels and picks. But Mr. McClain was in a hurry, and insisted that they open the grave before noon. This was finally agreed upon, and the men went to work. According to Mr. McClain, Bluff Williams had ordered the coroner and the policemen and county officers to be present. The digging

and after Mr. McClain had down about four feet he some mysterious bones. The moment grew more intense, as at a time, the bones were brown, and laid aside. The man evidently was of large stature, and had been murdered perhaps six weeks or two months. But all of a sudden Mr. McClain dug out a mule hoof. Then all work stopped. The "dead man" was an old mule.

CAMP ZACHARY TAYLOR AT ABSOLUTE AUCTION

Beginning Monday, April 25, 1921, at 10 a. m.

And continuing day by day until all land, buildings and equipment have been sold. The properties to be disposed of at this sale, represent an outlay on the part of the Government of

Ten Millions of Dollars All of which will be sold, in units, to suit purchasers at The Greatest Auction Sale in History

Sectional view of one of the areas at Camp Zachary Taylor showing character of buildings to be sold.

This Army Camp comprises 2,000 acres of valuable land, adjoining the city of Louisville, together with 2,000 buildings of various sizes, and a vast amount of equipment, such as boilers, plumbers' supplies, stoves, hot water heaters, radiators, electrical equipment, motors, heating and refrigerating plants, etc.

THE BUILDING PROBLEM.

For years building has been at a practical standstill. The high cost of material, especially lumber, and the scarcity of labor have compelled a stoppage in the erection of homes, storehouses, barns, etc. That time has now passed. Workmen have been released by the hundreds of thousands and Camp Zachary Taylor will release lumber and equipment. 68,000,000 feet of yellow pine will be disposed of at this sale and at such prices as bidders see fit to

pay. Come to this greatest of bargain sales and buy what you want at your own figures. Join with your neighbors in making up car lots to save freight rates. A vast number of cedar, white oak, chestnut and creosoted fence posts, water troughs and grain bins will interest every farmer. There are miles of woven wire hog-tight fencing. Two grain elevators, completely equipped with motors, conveyors and chutes.

OUR GUARANTEE

This is an absolute sale. You win or you lose on April 25th. We sell no one privately, but do an exclusive auction business. No set price, no reservation, no by-bidding, no private sale. This has been our motto for the twelve years we have been in business, during which time we have operated from the Great Lakes to the Gulf, and have never failed or refused to sell a single piece of land, or property of any kind, after it was placed under the hammer. You make the price. The Government makes the deed. That's all
