WE ALL KNOW THE STORY OF THE TWO MEN WHO EACH BUILT A HOUSE; ONE BUILD-ING UPON SAND AND THE OTHER, WISER THAN HIS BROTHER, BUILDING UPON THE SOLID FOUNDATION OF ENDURING ROCK. WE ALL KNOW WHAT HAPPENED WHEN THE STORM BROKE. ON WHAT ARE YOU BUILDING?—THE SAND OF RENT RECEIPTS OR THE SOLID FOUNDATION OF YOUR OWN HOME. WHAT WILL HAPPEN WHEN THE STORM BREAKS IN YOUR LIFE?—WILL YOU LEAVE YOUR WIFE AND FAMILY THE BURDEN OF MONTHLY RENT TO PAY OR A SNUG HOME OF THEIR OWN?

You have paid for a home—BUT DO YOU OWN IT? You are now paying rent, whether you own one or not. WHY NOT OWN YOUR OWN HOME? It is a simple matter to arrange for the erection of a home by a plan of monthly payments approximating your present rent. Instead of your money going into the pockets of others, it is going into YOUR OWN -YOU ARE PAYING RENT TO YOURSELF and every cent is being put into your own propertyproperty that is increasing in value each year and which is a source of never ending satisfaction. Why pay an endless tribute of rent for quarters, from which you may be forced to move because of prohibitive rent? You can live in a home of your own built to your OWN DESIGN and embodying every feature of comfort you wish. This satisfaction of home ownership will add amazingly to your happiness from day to day.

No rented housee offers the solid comfort found in a home planned by yourself — You may build of brick, tile, stucco or wood and design each room to suit yourself—You may add or build in these many little features that make a house more liveable and which express your own individual desires for rest, ease and human comfort—You can build a house that is YOURS—one that reflects YOUR personality in spirit as well as in fact—Why not own such a home? You can get the money, the lot, the materials, have your home built and furnished from the undersigned manufacturers, dealers, merchants and concerns. Investigate today—You can start tomorrow. WHY NOT BUILD NOW?

Five and Six-Room Houses can be built for surprisingly moderate sums.

Monthly payments can be made to equal your present rent cost. BUILD NOW!
