## PARIS WINS FINAL GAME OF LONG SERIES

Paris, Tenn., Aug. 9.—Paris concluded the long 10-game series with Mayfield here today by winning, 4 to 3. Stanfield for Paris pitched an air-tight game, and Mayfield's three runs came from errors of Stager at third, who had an off day. Payne was walked for one of 12 safeties. Four of them went for extra bases.

Box Score.

Mayfield	ab	r	h	p	a
Kirkwood, lf	4	1	0	2	0

## MINERS COME TO TAW IN CLEVELAND MEET

Cleveland, O., Aug. 9.—For a second time the joint interstate conference of coal miners and operators delayed action today to permit the holdout Illinois operators to decide whether they would participate in negotiations that may end the soft coal strike. Adjournment was taken until tomorrow, though virtual decision had been made by union leaders to negotiate a contract with the operators already enrolled in the conference, and who control only part of the coal production of the central competitive field.

The union's policy committee will meet in the morning to pass finally on the question of a prospective settlement which would affect most Ohio mines, as also scattered ones in Western Pennsylvania, Indiana and Illinois, these four states forming the central competitive field. The committee also expects to consider extension of the central field to other parts of Pennsylvania and West Virginia.

Sentiment favoring a settlement with the operators here seemed predominant among the committee members, and was regarded as forecasting approval of the union leaders' decision, which became known after President John L. Lewis of the miners had received assurance from operators in states outside the central fields of their willingness to negotiate contracts on the basis made for that field.

The conference today was brief, adjournment being followed with the announcement that the delay was to permit "certain important operating interests" to decide whether they would join in the negotiations. Word had not been received at that time of the decision of the Illinois Operators' Association in refusing to participate unless the union accedes to arbitration. Mr. Lewis had informed the Illinois operators that he would not agree to their demand for arbitration.

New arrivals among the operators here included Thomas H. Watkins, owner of several big mines in central Pennsylvania, and Harry Olmstead, a representative of Williamson county, W. Va., operators, both of whom said they were here only as "observers."

Although the scale committee of the Indiana Operators' Association had voted against joining the conference, representatives of several operators in the association were among those at the conference session today.

## Junior Agricultural Clubs Will Have An Exhibit August 29-30

The Junior Agricultural Clubs will have an exhibit of their work on August 29-30 at the Farm Bureau. All members are urged to make entries.

One hundred dollars in prizes has been offered by the Graves County Farm Bureau for the following exhibits:

Girls' Clothing Exhibit.  
Exhibit of beginning clothing work consisting of kitchen holder, hand or tea towel, laundry bag, darn on pair of hose, club apron and cap. First prize, \$3.00; second, \$2.00; third, \$1.50; fourth, 50c.

Best individual piece of beginning clothing exhibit. First prize, \$1.50; second, \$1.00; third, 50c.

Best suit of underwear, consisting of three pieces. First prize, \$3.00; second, \$2.00; third, \$1.50; fourth, 1.00.

Best hem patch on garment. First prize, \$1.00; second, 75c; third, 50c.

Best middy suits. First prize, \$2.00; second, \$1.00; third, 50c.

Best wash sack-type dress. First prize, \$2.00; second, \$1.00; third, \$1.50.

Best made over garment. First prize, \$2.00; second, \$1.00; third, 50c.

Best afternoon dress. First prize, \$2.00; second, \$1.00; third, 50c.

Best article for bed room. First prize, \$2.00; second, \$1.00; third, 50c.

Best club record book on clothing from member making exhibit. First prize, \$1.50; second, \$1.00; third, 50c.

Girls' Food Exhibit.  
Light bread (on loaf). First prize, \$1.00; second, 75c; third, 50c.

Soda biscuit (one-half dozen; recipe attached). First prize, \$1.00; second, 75c; third, 50c.

Sponge cake (without icing). First prize, \$1.00; second, 75c; third, 50c.

Pate oatmeal cookies. First prize, \$1.00; second, 75c; third, 50c.

Girls' Canning Exhibit.  
Best exhibit of canning No. 1, consisting of 1-qt. jar tomatoes, 1-qt. jar soup mixture, 1-qt. jar tomato catsup. First prize, \$3.00; second, \$2.00; third, \$1.50; fourth, \$1.00.

Open class, 1-jar either blackberries, string beans, beets, peaches, pears, tomatoes or soup mixture. First prize, \$1.50; second, \$1.00; third, 50c.

Poultry and Live Stock  
White Plymouth Rocks, pen, cock and pullets. First prize, \$2.00; second, \$2.00; third, \$1.50; fourth, 1.00.

Best calf. First prize, \$8.00; second, \$5.00; third, \$2.00.

Best pig. First prize, \$8.00; second, \$5.00; third, \$2.00.

Largest exhibit by club. Special prize.

All clothing and canning entries must be at the Farm Bureau not later than 9 a. m. Saturday, Aug. 26. Food, poultry and livestock entries must be made on or before 9 a. m. Tuesday, Aug. 29.

Reasonable Prices.  
We handle only McGregor Golf Clubs, but can get Wilson's Wright & Ditson's, Harry C. Lee or any other make you desire. Ask our fifth man to go from pictures. That is as certain as time, itself.

HUNT & SON.

## More Than Five Hundred Men Used in Murder Trial

In the selection of the jury to try Sam Galloway, charged with murder, a total of 561 men were used as veniremen and jurors.

At the beginning of the first trial the thirty-five men of the regular panel of the June term of the Graves circuit court were used without the selection of a jury. Then a special venire of one hundred men was chosen from this county. Still no success was had in the selection of a jury and seventy-five men were next ordered from Ballard county. Out of this number eleven men were chosen, and the deputies had to go back to Ballard for fifty more men, out of which to choose the twelfth man. This Ballard jury heard the case and was kept together for many hours, when they were declared to be hopelessly hung, and were released from further service, by the court.

The case was again called with in a few days, and one hundred and fifty men were selected from Carlisle county. Out of this number a jury was finally chosen, and after the beginning of the trial, one of the jurors, J. J. Lucey, was seized with illness and later died at the city hospital here, following an operation for appendicitis.

The final trial was had from a second jury chosen from one hundred and fifty men, called from Carlisle county, and a verdict was returned, giving the defendant seven years.

The public is puzzled to know why it requires five hundred and sixty-one men from which body a jury of only twelve is to be selected.

The cost of bringing the men here from Ballard and Carlisle counties alone will run well into the thousands of dollars.

## FRANK HALL STABBED BY OCIE WEST

News reached the city this morning of a cutting affray which took place in a tobacco patch on the farm of Ollie Simpson, a short distance east of Boydsville, Sunday afternoon.

In a difficulty, it is said that Frank Hall received several knife wounds at the hands of Ocie West. The wounds were painful, but not serious, and were about the head, face and chest.

The cause of the trouble could not be learned today.

Dr. Usher of Sedalia attended the wounded man.

## NEGRO IS SHOT IN CHEST; CANNOT TELL MUCH OF IT

This morning Bob Cavitt, a negro, appeared at the county judge's office and asked that a warrant be issued for another negro named Mills Hayes, who he says shot him in the chest. The difficulty is supposed to have occurred Saturday night at or near a picnic in East Mayfield. It is charged that Mayes, who works on the farm of Claude Bennett, shot Cavitt in the chest. The bullet ranged upward and lodged somewhere in the shoulder without serious results so far.

The local public should be very careful about buying silk hose from strangers, as two or three of them have appeared here with the past few months and have fleeced the people out of hundreds of dollars.

John G. Woolley III.

Granada Spain, Aug. 9.—John G. Woolley, 72, twice prohibition candidate for president of the United States, is suffering from a cerebral attack at a hotel here and is reported in a most serious condition. He was taken ill several days ago and on Monday lapsed into unconsciousness.

A Little Early Today.

The Daily Messenger is printed about one hour ahead of time today due to the fact that there are a number of The Messenger employees who want to take in the Christian church and Sunday school picnic at Dick Ligon's this afternoon.

If you are a member of either the Sunday school or church and read this before six o'clock, don't fail to get to Dick Ligon's in time for supper, for he and Will McGeehe, together with about six others, say they have plenty for all of them.

Injured By a Fall.

Mrs. Shelle Jones was painfully injured yesterday afternoon when she fell and cut her head on an oil stove. It required three stitches to close the injury.

Suit On Settlement.

K. Burnett, Clint Burnett and others vs. Jim Burnett, L. C. Brown and others, is the style of a suit filed in the Graves circuit court for a division of estate. The amount involved in the suit is \$6,437.50.

Suit For Divorce.

W. H. Tucker has filed a suit for divorce from his wife Lella Tucker asking for divorce. In the petition he states that they were married in 1900, and lived together until recently. He alleges abandonment.

Suits Filed.

Brown & Keeling have filed a suit against W. H. Tucker for the collection of a note.

The Exchange Bank has filed a suit for the collection of a note of \$318 from W. H. Tucker.

## "Silk Hosiery Man" Warranted After a Business Visit

Officer Roy Hamlet left on the ten-fifty train this morning with a warrant for the arrest of one R. E. Williams, who is accused of having left Hotel Hall without paying his board bill. He departed, according to the manager, C. T. Winslow, about four days ago. It is likely that other people in Mayfield will have a grievance against Mr. Williams. It is alleged that he appeared here about three weeks ago and represented himself as being a salesman for the Southern Knitting Company. He sold hosiery to both men and women. It is said that he did a big business here among the women as well as quite a number of men, and in each instance collected a good per cent of the price, as "evidence of good faith," on the part of the purchaser.

Manager Winslow communicated with the knitting mills' officials and says he finds that Williams does not represent the company.

It is said he sold about three hundred dollars' worth of goods while he was in the city.

The local public should be very careful about buying silk hose from strangers, as two or three of them have appeared here with the past few months and have fleeced the people out of hundreds of dollars.

## REV. ARTHUR FOX CALLED BY FIRST BAPTIST CHURCH

Twin Cantaloupes.

Mark Hackney, residing east of town, has raised a lot of cantaloupes this year, one of which was a double-header or twins. They are well developed, but are bound firmly together by nature. In order that we might know how good his cantaloupes are, he left not only the "twins" with The Messenger force, but also six other nice ones.

Fine Weather Enjoyed.

The cool weather of the past two days and nights has been very much appreciated and enjoyed by the public in general, after such a sweltering seige, which lasted day and night for more than two weeks.

The air feels like autumn, and it gives more pep to everybody.

Rev. Arthur Fox of Paris, Ky., was unanimously called as pastor of the First Baptist church in this city, at the regular church conference held last evening. Rev. Fox preached here last Sunday and made friends by his acquaintances. He is not only a leader in the pulpit, but he is a leader in all constructive church plans and purposes; he is a leader in the home, in civic righteousness and in evangelism. In his work last year he had more professions of faith and additions than any other pastor in the entire south.

It is not known yet whether Dr. Fox will accept the call to the local church, but the congregation is anxiously awaiting his decision.

## A THOUGHT FOR THE DAY.

Plato, thou reasonest well!  
Else whence this pleasing hope,  
this fond desire,

This longing after immortality?  
Or whence this secret dread and inward horror  
Of falling into naught? Why shrink the soul

Back on herself, and startles at destruction?  
Tis the divinity that stirs within us:  
Tis Heaven itself that points out a hereafter.

—Addison.

Markham's "Man With a Hoe" isn't a circumstance in weeps and wails to the "man with a pick," if we are to judge by the complaints of Jno. L. Lewis, president of the coal miners.

The Louisville First Christian church is going strong after a certain alcoholic soft-drink stand in its vicinity—and the Cunningham joint has discovered that a church has a "kick in it" as well as a soft(?) drink. It is needless to say that ye soft-drink stand may as well hang up its "shaker" and quit.

Mr. Lodge is much more apt to land in a tanner's pit than back in the Senate at the coming Massachusetts primary, that is, "if the straw shows which way the wind blows." What with the agricultural block, the meat-packers and the shoemakers, we don't see any way out for the Senator—and the Lord be praised!

REPUBLICANISM VS. DEMOCRACY.

The difference between Republicanism and Democracy is well illustrated in the comments of the respective women heads of the two parties.

Mrs. Harriet Taylor Upton, vice chairwoman of the Republican National Committee, says, "the candidates of her party won't have to worry about the woman vote. They'll all vote the straight Republican ticket."

On the other hand, Mrs. Emily Newell Blair of the Democratic National Committee, says, "Woman's mission with the ballot is to improve and purify politics, and therefore Democratic women will vote not for the upkeep of the party, but for the general good."

Mrs. Blair says, every Democratic woman is an individual, and that her vote will be cast in the light of her brains plus her emotions, for the individual candidate that looks to the side of human improvement.

It means that women are Democrats by nature, with the inherent desire to choose for themselves, and guided by emotions that make them choose what they conceive to be the best.

Democracy is not tied to a stake—as is Republicanism.

LOST OPPORTUNITY.

We are reminded that—  
"There is a tide in the affairs of men,  
Which taken at the flood leads on to fortune;  
Omitted, all is lost forever—"

By recalling the refusal of Texas to accept as a gift from Samuel B. Morse his invention of the electro-magnetic telegraph in 1838.

The invention was then in its infancy. In fact was unproven, except in Morse's private experiments, and its utility was yet to be demonstrated. Texas, then a republic, and General Sam Houston was president in 1844 the first telegram was sent from Washington to Baltimore after Congress had appropriated \$30,000 for experimental purposes. As Texas had not even yet accepted the proffered gift, the offer was withdrawn in 1845, when Texas became one of the States of the Union.

One by one, England, France, Germany, Norway, Sweden and all Europe adopted the Morse telegraph, and the inventor lived to see it in use on two continents.

TO WHAT DEPTHS?

They say the boot-leggers and moonshiners are operating full tilt and on a large scale among the wounded United States veterans in the government hospital at Daw-

son Springs. Such trafficking is even more despicable than we could imagine a boot-legger could engage in.

But now that it has been officially reported to the authorities, we know that it will be summarily suppressed and wiped out.

But with all that, it is a sad reflection on the degradation to which liquor-dealing will lead men.

A wounded and sick man is easily tempted by his appetite, and the man who would lead him on in his weakness is the lowest—and the meanest.

The two-cylindred, three-wheeled automobile, just put out on the market in Japan by the Jitsuyo Jidasha Company, is the first Japanese invented car, and bears the national characteristic—addity. Its maximum speed is thirty miles an hour. At that rate, the East will never be West.

The Weather.

Louisville, Ky., Aug. 9.—Temperatures were moderate and favorable for growth and farm work. Good Showers in the eastern counties were beneficial locally, but rainfall was slight and of little consequence in other districts. In the extreme western counties there has been no rain for two weeks, and crops are needing rain badly, especially on the hilly upland as far east as Daviess county.

The State exhibits marked contrasts in crop conditions. Corn and early tobacco are good to excellent in the central and southern counties, where they will mature without further rain; but both crops are deteriorating because of drought in much of the northern district, and corn is "drying" in the western dry area. In the northern blue grass section early tobacco is so badly "fired" that it is being cut some what prematurely in order to save it. Further rain is needed to cause complete spreading in most of the State. Late tobacco is doing well in the area favored by rains, but in the dry districts, especially the northern burley section, it is poor and uneven. The dry weather was favorable for starting the curing process, also for preventing the spreading of rust. Late potatoes are growing well in the central and southern counties, but need rain in other sections. Conditions were favorable for thrashing, which was finished during the week; also for cutting and curing the third crop of alfalfa, now in progress. Pastures and gardens continue good in the more favored central sections, but are practically dried up in the hilly parts of the dry districts. Stock water is reported short in the northern blue grass region. Cow peas are generally good, but would be benefited by rain.

SUIT MAY DELAY NORM'L SCHOOL

Frankfort, Ky., Aug. 9.—A friendly suit probably will be instituted to determine how far the powers and duties of the Normal School Commission extend in establishment of the two new schools, Judge W. T. Fowler, law partner of Judge Ed C. O'Rear, chairman of the commission, said last night.

The question was presented to Judge O'Rear following a statement given by W. S. Wallen of Prestonsburg, secretary of the commission, in which he said that the new schools might not be established until the mooted point of "powers and duties" of the commission was cleared up by the 1924 session of the general assembly.

Judge O'Rear and Judge Fowler said the suggested suit reflected no dissent between the commission and the State board of education.

No Ambition to Infringe.

Judge O'Rear said that the commission "has no ambition to infringe upon the authority of the State board of education and no desire to take responsibility beyond the duties imposed upon it."

Judge Fowler said that it had not been decided definitely to file test suit but that this seemed the only way of clearing up the situation.

The question is whether the "establishment" in the law means the commission is merely to select the sites, take title to the land and estate is given, accept the money contributed, and then turn the property over to the State board of education, or whether the commission must erect buildings, equip them, employ faculty and adopt a course of study before turning them over to the board.

Attorney General Charles I. Dawson, who is now out of the city, said a few days ago that in his opinion a fair construction of the law would be that the commission should locate the schools

accept the property and erect the buildings, but that employment of faculty, adoption of a course of study and such matters, rather would fall under the head of management, which is the function of the State board of education.

## PADUCAH CLUB ON ROCKS AGAIN

Paducah, Ky., Aug. 10.—The Paducah baseball club is again in financial straits, and the league has agreed to take over the club and pay all expenses up to Saturday, including back pay for the players, Dr. Frank H. Bassett, president of the league, said last night.

It is understood the club is without funds and that ten days' pay is owing to the players. Mayor F. W. Katterjohn, president of the Paducah club, is out of town, and Secretary K. O. Grassham said last night he could not confirm reports generally known, that the club was about to be withdrawn from the league and disbanded, or that the league had taken it over.

Mr. Grassham said there was some money left in the fund collected several weeks ago.

Manager Fred DeWitt handed in his resignation several days ago, but, according to Dr. Bassett, agreed to remain in charge until August 15.

It will be up to Paducah to maintain the club after Saturday, Dr. Bassett said. The league cannot finance it any longer. Dr. Bassett said he would come to Paducah and lend his assistance in any way possible toward straightening out the situation.

He said it would be a discredit to Paducah, the largest town in the league, to fail to support its club, and that some loyal fans would surely come to its aid.

It is hinted that the resignation of present officials of the club will be asked by a Paducahan, who is willing to take it over, provided enough money can be raised to finish the season and full charge given him.

As it is, the destiny of the club after finishing the series with Paris, Saturday, is unknown.

Calloway Men Assessed Fines For Making Booze

Murray, Ky., Aug. 9.—Presence of the defendant was not necessary to obtain a verdict of Crib Futrell, charged with manufacturing whiskey at the Calloway place. He was fined \$200 and sentenced to sixty days in jail at the opening session of Calloway circuit court. He was present when the case was heard. Mr. Herndon similarly accused was fined \$65 and sentenced to sixty days in jail.

Bill Hart Separates From Wife, He Admits

Los Angeles, Aug. 9.—William S. "Bill" Hart motion picture star, late today issued a signed statement that he and his wife, Winnie Westover, film actress, had separated about three months ago.

Sunburn and insect bites make you unhappy. MENTHOLATUM cools and soothes and gently heals.

Star Route News.

The rain which fell Monday afternoon was appreciated very much.

## YOUNG MOTHER NOW STRONG

Her Mother's Faith in Lydia E. Pinkham's Vegetable Compound led Her to Try it

Kenosha, Wisconsin.—"I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound. My mother had great faith in it, as she had taken so much of it and when I had trouble after my baby was born she gave it to me. It helped me so much more than anything else had done that I advise all women with female trouble to give it a fair trial and I am sure they will feel as I do about it.—Mrs. FRED. P. HANSEN, 662 Symmonds St., Kenosha, Wisconsin.  
A medicine that has been in use nearly fifty years and that receives the praise and commendation of mothers and grandmothers is worth your consideration.  
If you are suffering from troubles that sometimes follow child-birth bear in mind that Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is especially adapted to correct such troubles.  
The letters we publish ought to convince you; ask some of your women friends or neighbors—they know its worth. You will, too, if you give it a fair trial.

## Republicans Won For Reed, Declares Long

St. Louis, Aug. 9.—Breckenridge Long, defeated by Senator James A. Reed for the Democratic senatorial nomination at last Tuesday's primary, today issued a statement saying he will neither ask a recount nor file a contest.

Declaring he still considered himself the choice of the Democrats of Missouri for the senatorial toga, the former third assistant secretary of state declared between 40,000 and 50,000 Republicans, voted in the Democratic primary, "but owing to a defective primary law, there is no legal remedy." Reed's plurality was approximately 6,426.

A number of Long's supporters have urged him to demand a recount, while others have been pushing a movement to put an "independent" in the field and make the race a three-cornered one between Reed, R. R. Brewster, the Republican nominee, and the proposed "independent."

Mrs. W. W. Martin of Fayette, who has been active in Democratic affairs, has been mentioned as the possible "independent." Mr. Long, however, has declared he would have nothing to do with such a movement.

Mr. Long's statement follows: "I consider myself the choice of the Democrats of Missouri for the United States senator. Between 40,000 and 50,000 Republicans voted in our primary and circumvented the expressed will of the great majority of the Democrats who voted."

"Many of my friends have urged me to have the ballots recounted. Some have counseled against it. I have considered all phases of it calmly and deliberately. A recount would not affect the Republican ballot. It was unethical, illegal and wrongful for them to vote in our primary, but owing to a defective primary law there is no legal remedy.

"I have concluded that I will neither ask a recount nor file a contest."

## DOUBLY PROVEN.

Mayfield Readers Can No Longer Doubt the Evidence.  
This Mayfield citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. E. N. Howard, 222 S. 15th St., gave the following statement October 28, 1916: "I think Doan's Kidney Pills have done me more good than any medicine I ever used. My kidneys became weak and out of order from hard work. They were irregular in action and my back hurt so I felt generally miserable. I read of Doan's Kidney Pills and bought some from Evans Drug Co. They helped me. I am feeling better now than I have in seven years."

On December 9, 1920, Mrs. Howard added: "I still take Doan's Kidney Pills whenever I feel in need of a kidney medicine and they never fail to help me right away."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Howard had. Foster Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## I. C. May Clear Its Embargo at Once

Memphis, Tenn., Aug. 9.—Every 15 minutes yesterday a freight train hauling from 75 to 90 loaded cars crossed the Illinois Central bridge at Cairo. These movements will be increased today in efforts to put away with freight congestion put over by connecting lines, say officials.

The hope that a loaded freight train may be sent over the bridge every 10 minutes was pressed yesterday by officials of the road.

In fact, the Illinois Central has handled freight trains so fast over its main line between Memphis and Chicago in the past 48 hours that the embargo governing freight shipments to points north of Cairo may be lifted altogether today.

Conditions on the road showed a big improvement yesterday compared with Sunday and Monday. The road handled from Memphis in 12 hours 426 carsloads of freight north and 718 carsloads south. The Yazoo & Mississippi Valley Railroad brought into its Memphis terminals yesterday 282 loaded cars. Most of them were sent north.

Up to yesterday morning the Illinois Central had succeeded in reducing the number of loaded cars on hand at Memphis from 1,000 to 750. Officials said with another good day chances were favorable for having the present congestions cleared.

L. & N. Open to Louisville.

The Louisville & Nashville is handling all freight over its main line between Memphis, Louisville and Cincinnati, but still restricts business so far as the line from Nashville to Evansville and St. Louis is concerned. No dead freight is handled at all between Memphis and Evansville. This is done because of a heavy movement of coal over those divisions which come under the priority orders from the Interstate Commerce Commission.

While most eastern lines are restricting freight, and are badly congested, the Pennsylvania system and the New York Central lines have improved in the past 48 hours. They are now accepting a good deal from connections.

The C. & O. railroad is probably the worst congested line running east from Louisville, according to reports. Inspectors representing the Interstate Commerce Commission have been placed on this road to see that priority orders are carried out.

So far, there is no congestion on the Nashville, Chattanooga & St. Louis Railroad, nor the Atlantic Coast Line. The Norfolk & Western is merely moving priority freight from any connecting line.

West Bank Lines Hit.

West bank lines are badly congested, but have so far issued no embargoes. The Missouri Pacific is accepting most all freight at Memphis and so is the Cotton Belt. The Frisco is not as clear as these lines, but shows a slight improvement.

So far as the strike of shopmen is concerned, there is a decided improvement reported by the

this afternoon.

New Perfection oven for one  
section stoves at a quarter each.  
LAMKIN.

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have  
Been Eating Too Much  
Meat.

When you wake with back-  
ache and dull misery in the kidney  
region it generally means you have  
been eating too much meat, say  
a well-known authority. Mea-  
forms uric acid which overwork  
the kidneys in their effort to filter  
it from the blood and they become  
sort to paralyzed and soggy. When  
your kidneys get sluggish and clo-  
se you must relieve them, like you  
relieve your bowels; removing a  
the body's urinous waste, else you  
have backache, sick headaches, di-  
zzy spells; your stomach sour  
tongue is coated, and when the  
weather is bad you have rheumat-  
ic twinges. The urine is cloudy, full  
of sediment, channels often go  
sore, water scalds and you are  
obliged to seek relief two or three  
times during the night.

Either consult a good, reliable  
physician at once or get from you  
pharmacist about four ounces of  
Jad Salts; take a tablespoonful  
a glass of water before breakfast  
for a few days and your kidney  
will then act fine. This famous  
salt is made from the acid  
with lithia, and has been used for  
generations to clean and stimulat  
sluggish kidneys, also to neutral-  
ize acids in the urine so it no  
longer irritates, thus ending blad-  
der weakness.

Jad Salts is a life saver for  
regular meat eaters. It is inex-  
pensive, cannot injure and make  
a delightful, effervescent lithia  
water drink. Evans Drug Co.

J. P. Edwards of Memphis is a  
business visitor in the city today.

A few 42 pc. dinner sets left at

special at 15 cents. LAMKIN.

Copper bottom wash boilers we  
have the good kind. LAMKIN.

## RADIO TYPEWRITING IS LATEST WONDER

Washington, Aug. 9.—Typewrit-  
ing in an airplane flying among  
the clouds with radio machinery  
duplicating the letters at a ground  
station miles away and reeling the  
message off in print is a develop-  
ment announced today by the  
navy department as giving to  
naval aircraft "a means of com-  
munication in advance of radio  
telegram and telephone systems  
now in current use."

Success already attained by ex-  
perts working in conjunction with  
the navy, the department asserted,  
assures the practicability of the  
new scheme. That such a develop-  
ment will be of incalculable value  
to all forms of aviation, commer-  
cial and military, follows inevi-  
tably on the heels of the work  
now being done by the navy. It is  
predicted.

A Texas Wonder  
For kidney and bladder troubles.  
Small bottle often cures. Send  
kidneys act bladder. If not sold  
by your druggist, by mail \$1.25  
or sworn testimonials. Dr. R. W.  
Hall, 2226 Olive St., St. Louis.  
Adv.
