CONCEALED WEAPONS BILL IS ADOPTED BY SENATE YESTERDAY

By GLEN CARTER
FRANKFORT, Ky. (AP) — The State Senate, after careful consideration of the many detailed, adopted a S 124, which would allow the attorney general to issue a carry permit in cases of special hardship. The bill was introduced by Sen. B. J. Smith, of Logan County. It would require the applicant to pass a background check, provide two references, and pay a fee of $10. The bill was passed overwhelmingly.

Ten Years Ago Today

Ten years ago today... 

February 13, 14, 15 "A Visit With the Eagles" is scheduled at State Resort Park. 

First flight of the 1970 season was listed among the counties in the heaviest concentration of flu. 

The Student Government had the power to make such a demand. We would expect a move of this nature to come from some minority group, but we were not surprised that the Student Government would take such irresponsible action.

Miss Tate is a person who has high standards and in some quarters a certain amount of fear. 

We do not believe that Miss Tate would discriminate against a person because of color or religion, neither do we believe that she would favor a person because of these factors.

The action of the Student Government bears out what we have been afraid of for some years. Many young people today have high intelligence, but their judgment is found wanting. This is primarily due to the insidious influence of those who enjoy opposing views of statements on Board of Regents. These people simply have no sense of morality, have no respect for the law, and have no regard for their responsibilities.

We propose that the Student Government of Murray State University, for their irresponsible action, their careless action to which we refer, be brought to the attention of the people of the State of Kentucky and that the Board of Regents be asked to authorize the appointment of a committee to examine these actions and determine if the Student Government has the capability to act in such a manner.

We would like to compliment Miss Tate on her efforts to support her staff. We believe that colleges and universities should be run by the presidents and their boards, not the students.

**Odds Are That 'Mike' Or Terry Will Be 1st Pick**

BY JOE CASELLINI

UFT Sports Writer

NEW YORK CITY—The odds are that the top draft pick in the National Basketball Association’s first round will be either 'Mike' Terry or 'Terry.' That’s the consensus of both teams along the books for the top four picks—New York, Philadelphia, Cleveland and Milwaukee. Terry is to play guard for the Celtics, while Mike, probably the top all-around player, will be guaranteed a starting role at forward.

The field of 16 teams in the tournament is down to 13, with the wild card being a game between Milwaukee and Philadelphia. While the Bucks lead the series, Terry has yet to play in the championship game. Terry played only 25 minutes in the first half, and then scored 18 points in the second half. He had 15 rebounds and 16 assists, and his defensive play helped the Bucks to victory over the 76ers.

**Haywood And Jones ThreatenVictor’s Scoring Record**

NEW YORK CITY—Damone Haywood, the Boston Celtics’ new star forward, was just two points short of tying Victor’s all-time scoring record for the NBA. Haywood scored 28 points in the first half, and then added 16 more in the second half. He finished with 44 points, tying the record set by Victor in 1970.

**Tall Dark Stranger**

By Joe Casecini

UFT Sports Writer

NEW YORK CITY—Tall Dark Stranger is the third player to reach 50 points in a single game, tying him with Joe Hackett of the New York Knicks and Terry Jones of the Boston Celtics. Stranger scored 50 points in a game against the Philadelphia 76ers, becoming the first player to do so in the NBA this season.

Military, Civilian Jobs To Be Cut Back

WASHINGTON (UPI) - The Nixon Administration has apparently decided to cut the number of the armed forces to the size it was before the Vietnam war buildup.

This would mean that by mid-1971 there would be 2.655 million in the Army, 2.350,000 in the Navy, 525,000 in the Marine Corps and 825,000 in the Air Force.
