Knicks Win Eastern Division Semi-final Playoffs Monday

By GARRY KENT
UPI Sports Writer

NEW YORK (UPI) - The New York Knicks, who have never won the Eastern Division, defeated the Atlanta Hawks Monday night, 113-109, in overtime, to take the 3-2 lead in the best-of-seven Eastern Division semifinals. Although the Hawks were leading 99-92 with 27.2 seconds left in regulation, the Knicks finally got the ball out of bounds and, after a successful inbound pass, took the lead with 14.4 seconds left on a 3-pointer by Earl Monroe.

In the Thursday night game the Michigan State Spartans defeated the Kentucky Wildcats 108-96 and eliminated them from the NCAA Tournament. The Spartans, who had never won an NCAA game before this year, will face the UCLA Bruins for the national championship.

FINALS PLAYOFFS MONDAY

Tuesday's Eastern Division semifinals with the Hawks leading 3-2...

The Chicago Bulls, who have been favored throughout the season, are leading the Western Division with a 60-15 record.

The Phoenix Suns, who are 0-91, are leading the Pacific Division.

The Portland Trail Blazers, who are 0-92, are leading the Northwest Division.

The Utah Jazz, who are 0-93, are leading the Southwest Division.

The San Diego Clippers, who are 0-94, are leading the Pacific Division.

The Seattle SuperSonics, who are 0-95, are leading the Northwest Division.
Clothing Unit 4-H
Club Has Party At Home, Miss Treas

Miss Karen Alexander, president of the Murray Chapter of the Kentucky Federation of 4-H Clubs, and Miss Kathy Treas, president of the Calhoun County Homemakers Club, have announced plans for a party to be held at the home of Miss Treas on Monday, April 2. The party, which will be held in conjunction with the Murray Chapter's annual meeting, will feature refreshments and a program of entertainment.

Mrs. J. B. Burkence

An informal Coke party was held at the home of Mrs. Jaya Scott, 4206 Dogwood Drive. The party was sponsored by the Murray Chapter of the Kentucky Federation of 4-H Clubs, and was attended by members of the club and their guests.

Mrs. J. B. Burkence, an active member of the Murray Chapter, and her husband, Mr. J. B. Burkence, have been very active in the club's affairs, and have contributed significantly to its success.

Marjorie Miller, an active member of the club, was in attendance, and was one of the main speakers at the event.

Mrs. Burkence and her husband are well-known for their hospitality, and their home is always open to friends and family.

PERSONALS

Murrays Attend Paducah PEO Luncheon Meet

Miss Jayne Scott, Miss Kathy Treas, and Mrs. John Lilesay, program chairman, presented a most enjoyable program at the luncheon meet of the Kentucky Federation of 4-H Clubs, held at the Murray Club House Thursday afternoon.

The meeting was attended by a large number of members, and was highlighted by a special feature, a fashion show, which was sponsored by the Murray Chapter.

Miss Scott, Miss Treas, and Mrs. Lilesay did a fine job in planning and carrying out the program, and the members present were very pleased with the results.

The next meeting of the Murray Chapter will be held at the Murray Club House on April 10. The program will feature a service of installation of the new executive board, and will include a special feature, a fashion show, which will be sponsored by the Murray Chapter.

New Toma Varieties Available

LEEDS

The new tomato varieties, the "Rapids" and the "Kirksey," are now available in Kentucky greenhouses.

The "Rapids" is a red hatted variety, and the "Kirksey" is a purple hatted variety. Both varieties are said to be resistant to blight, and are expected to do well in Kentucky conditions.

The new varieties are the result of research conducted by the Kentucky Agricultural Research and Extension Service, and are the result of a cooperative effort between the extension service and the greenhouse industry.

The new varieties are expected to do well in Kentucky conditions, and are expected to be a popular choice among growers.

In addition to the "Rapids" and the "Kirksey," a number of other new tomato varieties are also available in Kentucky greenhouses. These include the "Oregon" and the "New Mexico" varieties, both of which are said to be resistant to blight.

The new varieties are expected to do well in Kentucky conditions, and are expected to be a popular choice among growers.

The new varieties are the result of research conducted by the Kentucky Agricultural Research and Extension Service, and are the result of a cooperative effort between the extension service and the greenhouse industry.

The new varieties are expected to do well in Kentucky conditions, and are expected to be a popular choice among growers.
New Tomato Varieties Available

LEXINGTON, Ky. - Kentucky greenhouse growers have several new varieties to choose from that have promise of being more productive and disease resistant than varieties presently being grown, according to Dr. Richard Lee, plant pathologist with the University of Kentucky Agricultural Experiment Station Breeding Program. The new varieties are described below:

**Varieties to Choose From**

- **Rapids Variety**: This variety originated in Canada. It has produced high yields of tomatoes under Kentucky greenhouse conditions and has been marketed since 1978. The variety has large fruit size and is resistant to several important disease and insect pests.

- **Tuckcroes 520 Variety**: This variety, originated in Canada, is leaf mold disease resistant and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Para Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Rarano Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Intrigue Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Iowa Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Ohio Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Tennessee Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Georgia Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Texas Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **California Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Florida Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **North Carolina Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **South Carolina Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Virginia Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Washington Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Oregon Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **California Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

- **Texas Variety**: This variety originated in Missouri. It is resistant to several important disease and insect pests and has shown high yields under Kentucky greenhouse conditions. It is being marketed commercially.

Dear Abby:

Nudity's not her "bag"

By Abigail Van Buren

DEAR ABBY: I am a school teacher who has been happily married for three years. We are expecting our first child, but I am experiencing difficulty with the problem.

Last spring my husband and I visited a nursery and bought several new baby clothes. We bought them all in white and silver. I was so excited I wanted to have them all washed before the baby came. I told my husband that the people there were the friendliest I had ever met. He agreed and said, "Well, my my, what a perfect shop. I can see why you fell in love with them."

I can't go. "That's my problem. I don't know why. Maybe the name of the shop will still get back to my psychiatrist or one of the others who think this is "wrong." Or maybe it's because I was brought up without ever having seen a nude person.

Should I have myself go just to please my husband? Or should I follow my feelings and ask my husband to go somewhere else this summer?"

DEAR READER: Thank you for your understanding. I am planning to write a book about the topic of nudity and the difficulties associated with it. I hope this book will provide some relief and support for those who struggle with these issues. Thank you for your patience and support.

DEAR READER: I am having difficulty with my new-found love of acupuncture. I am feeling some discomfort in my lower back and I have been experiencing some changes in my menstrual cycle. I am feeling overwhelmed by the complexity of the system and I am not sure if I should continue with it. Can you provide any guidance or advice on how to proceed?

Today's Stock Market

New York (AP) - The New York Stock Exchange opened higher Monday in response to the
President's statement on Vietnam, which he gave
the day before. The Dow Jones Industrial
Average rose 17 points, 10 units, to 1,055.22, 
the highest level since April 5. The market's 
open-to-close gain was 1.6%.

The bull market, which began in the
1950s, continued on Monday, with all but one
major sector of the market showing gains. The
consumer products, industrials, and utilities
sectors led the way, with gains of 3.6%, 3.5%,
and 2.3%, respectively. The market's overall
return for the first quarter was 9.5%.

The market's gains were also helped by
the announcement of a large corporate buyback.
AT&T said it would buy back $1 billion in
stock, a move that is expected to boost the
market's overall results.

Persons Are Fined in Calloway County Court

Several cases have been heard in the 
Calloway County Court of Judge Robert C. 
Murray, who presides over the court.

Among the cases heard were:

- A man was fined $200 for 
  possession of marijuana.

- A woman was fined $100 for 
  driving under the influence of 
  alcohol.

- A man was fined $50 for 
  failure to appear in court.

Murray, born with cutout, 
  visited both of these girls 
  to discuss their cases.

Farmers Club

(Continued From Page 1) ...

Amazon, Bob Warren, and Andy Adams of 
  Murray, girls who live in 
  different parts of the town, 
  were present at the hearing.

In a separate case, a man was fined 
  $250 for disorderly conduct.

Chairman of the Farmers Club, 
  Donald Davis, said that the 
  club plans to continue its 
  efforts to help the community.

Furniture & Clothing

Miss Anna Hene

Destroyed in Flood

All the furniture and cloth-
  ing of Mrs. Anna Hene and 
  her daughters, Deidra and 
  Deneeia, were destroyed in a 
  flash flood in their apartment 
  building. Mrs. Hene, who 
  lives near Sedalia, was 
  homeless until Mrs. Hene 
  can have another apartment.
