AG LEADERS HEAR TALK ON GREECE BY WOODS

The Agricultural Leaders Group held its regular monthly meeting Thursday night, November 12, and the guest speaker was Dr. Ralph H. Woods, president of Murray State College, who gave a talk on his mission to Greece, using for his subject, "Agriculture in Greece."

He said that Greece, as a nation, is very important from the standpoint of democracy because:

1. Greece is known as the cradle of democracy. The civilization we know, the kind of civilization in which men live as men and not as slaves, was invented in Greece, and traveled to Rome, was blotted out there by the empire, went underground in the darkness of the Middle Ages, was rediscovered in England, and migrated to the American colonies. The home of civilization in Europe has been torn to pieces. The torch first lighted in Athens is now in the hands of the American people. This is the most important political fact in our times. At the present time, 85 to 90 per cent of its people believe in democracy.
2. Greece has fine seaports and its nearness to the Palestine and other oil fields makes it important in the commerce of eastern Europe.
3. The island of Crete is important from the standpoint of air superiority in the eastern Mediterranean.

Dr. Woods said that 60 per cent of the people of Greece are farmers and that the majority of the peasants own their land. The average size farm is a little more than eight acres. They grow wheat, cotton, Turkish tobacco, grapes, olives, citrus fruits, and several truck crops. They have a few cows for milk and work purposes, but 50 per cent of the milk for food supply is from sheep. The population is about eight million, yet there are about eight and one-half million sheep.

The land has been farmed a long time and very intensively. Cattle methods of farming are followed and the only abundant soil food supply is lime and marble. Hence, there are many marble buildings in Greece. Dr. Woods said there were a number of agricultural experiment stations in Greece, but means of transferring the findings into better farming practices represent a distinct weakness in the agricultural program. He said that Greece needs our help in establishing a new order.

After this very interesting speech, the group elected new officers for the coming year. Ray Brownfield was elected chairman, with Jim Walton as vice chairman. Carman Parks was elected secretary-treasurer.

The next meeting was set for December 9, 6:30 o'clock, at the Collegiate Inn.

NOTE

The Pupil Committee of Locust Grove Baptist Church wishes to announce that Elder T. G. Shelton will preach at Locust Grove Sunday Nov. 21 at 11:00 a. m. Everyone is invited to come and all the members are requested to be present.

MACHINE TO FIGHT CANCER—Twenty women, known as the Lila Motley League, who are raising funds for cancer research in memory of a friend, will finance installation of a 2,000,000-volt X-ray machine at the Hospital for Joint Diseases in New York. One of the world's most powerful X-ray machines, it will be an adaptation of the 2,000,000-volt industrial X-ray machine shown above with its developers, Dr. E. E. Charlton (left) and Dr. W. F. Westendorp.

Beauticians Swamped By Lions Club Beauty Show Contestants

Beauticians and hairdressers were being swamped with appointments today by members of the Murray Lions Club who are having themselves dolled up for the beautician beauty contest at Murray high school tomorrow night.

This local version of Turnabout will feature some of this city's leading male citizens in a beauty review, if the imagination can be sufficiently stretched. They will appear on the stage in evening gowns and earrings, or whatever their wives closets bring forth.

The high point of the program will be when the winner is escorted to the stage, with two attendants, to receive the trophy.

Also featured on the program will tap dance numbers by the Murray high school Steppers; vocal selections by Miss Mary Alice Odyke, soprano, student at Murray college; xylophone selections by Lioness C. J. Reeves; and musical numbers by the Lions quartet, composed of O. A. Adams, Guthrie Churchhill, Bob Moyer and Charles Robertson.

The beauty review is scheduled to begin at 8:00 o'clock.

GOSPEL MEETING

Brother Frank W. Gould, Mt. Vernon, Ill., will begin a series of meetings at Green Plains Church Monday evening, November 22.

There will be evening services only, starting at 6:30 p. m. W. T. Wynn of Mayfield will conduct the song services.

Everyone is cordially invited to attend these services.

Under The Capitol Dome

Adlung whether he was still getting tips, the witness blurted out a loud, "no—not since the investigation started."

"Well," said Reddan, "is that on a temporary or a permanent basis?" You could hear the sigh of relief from Adlung.

"Permanent," he assured.

But while it lasted, the tip business was a real money maker for the salesman and an amazing short cut to getting a new car.

Take the case of Albert Brodsky, paratrooper in the last war and at present a druggist. He needed a car badly. He went to New York Avenue Motors Company, spoke to salesman George Adlung, and five minutes later had a new Hudson—after agreeing to pay four hundred dollars above the sales price of 28-00.

Veal cutlets cooked with jellied cranberry are an ideal meal for a November day. Brown the cutlets then add chunks of the jellied cranberry sauce and mash slightly. During cooking, the gel melts, providing a delicious liquid in which to braise the chops. Serve with buttered lima beans.

Those desiring transportation are asked to contact Mrs. Mildred Dunn.

The banquet will be held at the Hall Hotel at 6:30.

Inspection will be conducted by Mrs. Lillian Klosterman, worthy grand matron, and J. C. Williams, worthy grand patron.

Information reaching American intelligence agencies say the Chinese government will move its capital from Nanking to Canton if the vital city of Suchow falls to the communists. However, sources close to Chiang Kai-Shek say the Generalissimo has not made any specific plans to leave Nanking.

The head of the house committee investigating the tip racket in selling new cars says the investigation may be extended to other cities in the nation. The committee chairman, Republican representative Macy of New York, says some witnesses face new investigations, possibly for lying under oath and for tax dodging.

The federal security administrator has pledged a strong fight to put over a national health insurance program.

In a speech prepared for state and territorial health officers, FSA Chief Oscar Ewing, says health insurance is the "Keystones" to a 10-year health program President Truman has endorsed.

Funeral Services Held For F. P. Austin in Wingo

Funeral services were held this afternoon at the Wingo Methodist church for F. P. Austin, father of A. B. Austin, prominent Murray citizen. The services were conducted by Rev. Ralph Champion, pastor of the church. Burial was in the Wingo cemetery.

Mr. Austin, 32, died suddenly Monday morning at 11:00 o'clock as he was returning to his home after a visit in downtown Wingo. He was a retired Graves county educator.

Survivors include his wife, Mrs. Annie Austin, and four children, Mrs. Lacy Holland, Wingo; Mrs. Ruby Smith, Gibson, Tenn.; Noble Austin, Atlanta, Ga.; and A. B. Austin, Murray. He also leaves six grandchildren and two great-grandchildren.

WELFARE GROUP ADOPTS FIVE-POINT STATE PROGRAM

Louisville—The Kentucky Welfare Association has recommended that the state appropriate \$3 dollars a day for each Kentucky mental patient to provide a treatment program.

The last general assembly appropriated 97 cents a day per patient. The association, in session at Louisville, adopted a five-point program. The first point, of course, deals with mental hospitals.

The association says there should be one registered nurse for each 50 patients but that state hospitals now have at the most three nurses for the entire patient load.

The association, in session at Louisville, adopted a five-point program. The first point, of course, deals with mental hospitals.

The association favors establishment of psychiatric clinics so that there would be one clinic for every one-hundred-thousand population.

The group has also called for an educational program in the area of mental health. It is emphasized that cooperation between communities and state institutions should be intensified.

The group also recommended: Establishment of a state general assistance program in addition to the three specific public-assistance programs now in existence.

Appointments by the governor of children's code commission composed of outstanding citizens interested in child welfare.

Appropriations of adequate funds for public-assistance and child-welfare services. This would include sufficient funds to make adequate grants in old-age assistance, aid to dependent children, and aid to the needy blind.

The association also elected Doctor Howard W. Beers, head of the rural-sociology department of the University of Kentucky, as president. He succeeds Miss Louise Dickes, Louisville welfare director.

Other officers elected are Mary Lewis of Frankfort, first vice-president, and Dorothy Wehrley of Louisville, second vice president.

Inspection will be conducted by Mrs. Lillian Klosterman, worthy grand matron, and J. C. Williams, worthy grand patron.

Late Bulletins

A 65-year-old Italian attorney committed suicide today by leaping from the great dome of St. Peter's Basilica to the crowded church floor below. The death was the second suicide in the past six months to desecrate one of Christianity's most famous churches. St. Peter's now has been closed until it can be reconsecrated.

Inspection will be conducted by Mrs. Lillian Klosterman, worthy grand matron, and J. C. Williams, worthy grand patron.

Wife of Murray Doctor Suffers Back Injury

Mrs. Hal Houston, wife of a Murray physician, is resting comfortably today, according to reports, after suffering a back injury in a freak accident in a Louisville hotel Friday night.

According to Dr. Houston, who was in Louisville attending a cancer clinic over the week-end, his wife tripped over a suitcase and fell on the floor of the lobby of the hotel where they were staying.

Examination showed that Mrs. Houston suffered a chipped fracture of the spine. She was admitted to the Norton infirmary in Louisville. Dr. Houston stated that his wife will return to Murray in a few days.

GROVE BLUE DEVILS HOPE TO RESUME TURKEY DAY GAME

The Grove High School Blue Devils at Paris, Tenn., are no longer a member of the Big Ten Conference.

Charles Pitner, principal of the school, announced today that Grove officially withdrew from the conference at a meeting of the member schools at Humboldt last night.

The prime purpose of Grove withdrawing from the conference, Mr. Pitner said, "is to avoid the uncertainty of an annual Thanksgiving Day game. Grove, of course, can not be in the Big Ten playoff every year and we would like to have an annual Thanksgiving game."

The playoff in the conference is always on Thanksgiving. Grove will play the Lexington, Tenn., team there on Thanksgiving Day of this year.

Mr. Pitner said that negotiations were underway to resume the annual Turkey Day rivalry between the Blue Devils and the Murray Tigers. He said that there would be some changes in next year's schedule, but that Grove would continue to play teams that are members of the Big Ten.

There have been 11 teams in the conference and there will now only be ten again. Grove was one of the original teams of the conference.

"We have enjoyed a fine relationship with all the teams in the Big Ten," Pitner stated, "and we, of course, expect to compete with many of them in the future."

TEMPORARY "WHITE HOUSE"—President Truman and his family will move from the White House, termed a "fire trap," to the Blair House soon after Mr. Truman returns from his Florida vacation so that repair work can begin.
