YOUR PROGRESSIVE HOME NEWS PAPER FOR OVER HALF A CENTURY

Murray, Kentucky, Friday Afternoon, Feb. 4, 1949

MURRAY POPULATION - 8,000

Vol. XX; No. 195

"Ask The Professor" Offered Tonight By Training School

"Ask The Professor," a two act operetta, will be presented tonight, Feb. 4, in the Little Chapel at Murray State College by the students of the Training School. The curtain goes up at 7:30 o'clock. A repeat performance is scheduled for tomorrow night at the same hour. Mary Virginia Williams and Bill Happton head a cast of 75 actors and singers in the production directed by Mrs. William Lowry and Joseph Darnall. A 14-piece orchestra made up of music practice teachers and college music students will furnish music for the production. Four dance choruses will be in the spotlight during what promises to be an evening of excellent entertainment. Thirty-six singers make up the chorus for the production. The familiar and much-loved operetta is staged against a background of a fashionable girls' school on commencement day with the usual crowd of relatives and friends present to witness the crowning of the Queen and to join the festivities that follow.

The plot has to do with Marydell, the daughter of a poor laundress, who by her charm wins the friendship and affection of all who know her, despite the many difficulties that beset her.

MOSCOW PAPERS HEADLINE US PEACE REFUSAL

Moscow newspapers carried headlines today telling the Russian people that President Truman refused a peace pact between the U. S. and the United States. The four-paragraph dispatch mentioned the fact that the secretary of state Acheson called the Russian request for a peace conference a "political maneuver." It went on to say that President Truman backed up the statement a few hours later. The Russian news article said that observers are inclined to believe the Washington attitude was formed because a peace pact would block the creation of the Atlantic military alliance and halt a program of aggression. President Truman told his news conference yesterday that the United States would only deal with Russia within the framework of the U. N.

LONGEST WAY IS SHORTEST WAY

The longest way round is the shortest way home. Mrs. Beane of Oak Park, a suburb of Chicago, found that out last night. She locked herself out while her husband was hooked up in a short-way round conversation with a man in Johannesburg, South Africa. He didn't hear her door-pounding or phone call since he was glued to the earphone. Finally, she called a neighbor who also was in contact with the Johannesburg man. A few minutes later Mr. Beane heard a clipped British accent say: "I say, old man, Mrs. Beane is locked out and freezing to death. Let her in."

Paris H'way Claims 2nd Kentuckian Within Week

One Kentuckian was killed and another was critically injured just before noon yesterday in a three-way highway wreck about four and one-half miles north of Paris. The man who was killed was Calvin C. Long, 35, a 30-year-old resident of Paducah, Ky. He was taken to the McVoy Funeral Home in Paris where attendants said that all they knew about him was that he was a member of the Veterans of Foreign Wars post in McCracken County, Ky. William Shelby, of near Paducah, was critically injured. He was rushed to Nobles Hospital in Paris. Dr. William G. Rhea said that Shelby was unconscious. He suffered a broken leg and severe bruising on his head and neck among other injuries. The 1938 Chevrolet coupe, in which the Paducah men were riding, reportedly got out of control and ran into a 1942 Ford truck, driven by W. T. Joiner of Hopkinsville, an employee of the Bass Lumber Company. A 1941 Chevrolet that was going

OZARK FISHERIES TO BUILD BRANCH IN MURRAY SOON

The Murray Chamber of Commerce has announced that a branch of the Ozark Fisheries, Inc., of Stoughton, Missouri, will be located here. Construction of 30 tanks is expected to begin within two weeks. Three types of minnows will be marketed by the fishery. Tank trucks with a capacity of 500,000 minnows each will be used to deliver the bait to outlets between Paducah and Camden, Tennessee. The fishery will be operated by Everett Wheeler, of Camden, Missouri, who will establish his residence in Murray.

STATE BUDGETS TO BE CHECKED

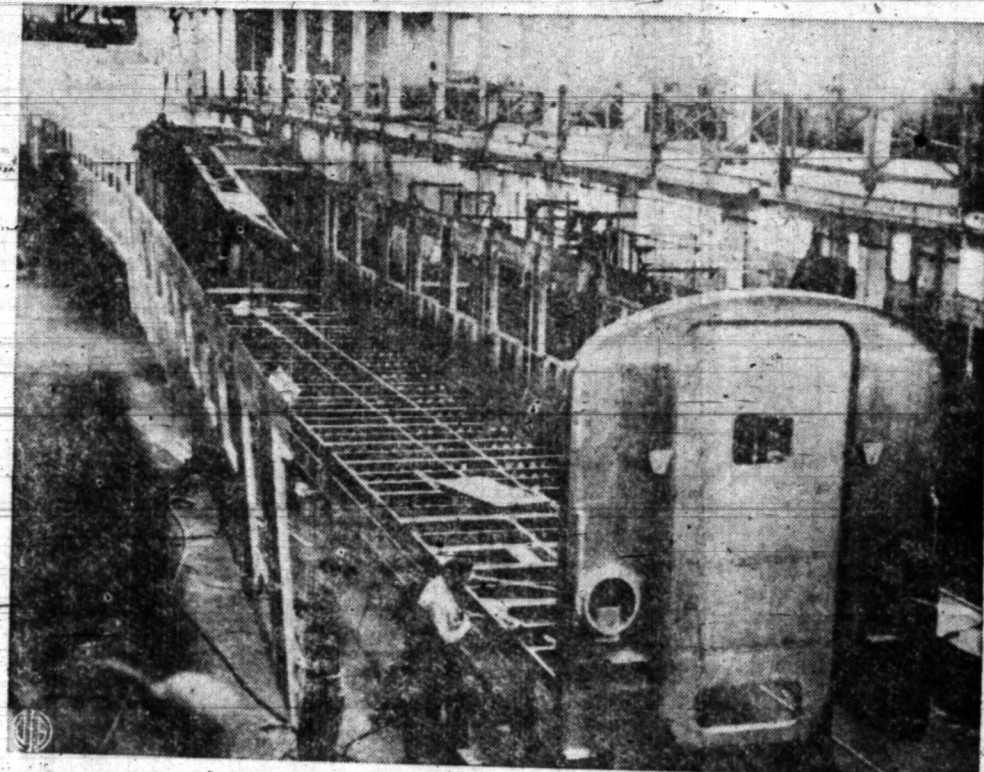

FRANKFORT - The state finance department plans to keep a closer check on budgets of the various state agencies. State budget director Clifford Barnes says a budget analyst has been appointed to keep closer tab on each state agency's financial operations. He says the specialists will examine and evaluate procedures within the various agencies with the purpose of helping them plan and control their expenditures. All expenditures by most agencies must be approved by the state finance department, of which the budget division is a part. The finance department is required by law to reject any purchase not included in the budget set up by the agency and approved by the finance department. Barnes says agencies are staying within their budgets as required by law, but that he wants closer liaison between his office and the other departments. He says the analysts will help plan future expenditures and will represent their respective agencies when the budget is presented to the governor and the legislature. Barnes says three analysts have been appointed and each will be responsible for the budget of about 10 agencies. The three are L. Felix Joiner, Mrs. Alva M. Clatts, and L. Parker Bradley.

GRAIN SLUMP WAS YEAR AGO TODAY

One year ago today a slump in grain prices on the Chicago board of trade gave the nation economic jitters. February fourth, 1948, was the start of an 11-day drop in grain prices. And the grain market nose-dive caused the bearish reactions in the livestock market, in Wall Street and in the prices of retail foods. The drop was checked after 11 days. But although grain prices today are making no headlines, they are lower than they were at the bottom of the slump a year ago.

LIVESTOCK

ST. LOUIS LIVESTOCK - Hogs 6500, fairly active, weights 160 lbs up steady to 25 cents higher than Thursday's average. Light weights uneven averaging about steady. Sows strong. Bulk food and choice 190-220 lbs 20.50-21; top 21; 220-270 lbs 19.20-25; fow 20.50; 270-325 lbs 18 to 19; 140-170 lbs 19 to 20.50; 100-130 lbs 15 to 19; sows 400 lbs down 16.25 to 17.25; over 400 lbs 14.50 to 16; stags 12 to 15. Cattle 500 Calves 400. Meager supply of cattle meeting very slow demand. Few steers offered. Load medium fleshed quality light steers to feeder interests 19.50. Odd lots culler to medium fleshed heifers head in all shades 15 to 20; and light weight yearlings 15 to 20; a few good around 21. Cows dull and dragsy at week's decline. Little done on a few fat cows. Some culler and common beef cows 15 to 16.50; canners 17 to 18.50; bulls slow with bids generally unevenly lower. A few medium to good bulls 11 to 20; culler and common bulls 10 to 18.50; weavers mostly \$2 lower. Good and choice 25 to 35; odd head choice 37; common and medium vealers 20-21; Sheep 300. Undertone weak to lower on lambs but insufficient supply present to make a full representative market. Only about 100 head in all shades. Small scattered lots of wooled lambs 23 down. Market mostly \$1.25 to 1.50; off on all grades of lambs. Extremes \$2 lower for week.

RUBBER-TIRED TRAIN - Being built in Bordeaux, France, this new stainless steel train will run on rubber tires at a speed of 75 m.p.h. between Paris and Strasbourg. Cars are made of a very light and strong type of steel called Duralino.

PLAN TO MERGE CHURCHES MEETS WITH OPPOSITION

CLEVELAND, Ohio - A battle over a proposed church merger is shaping up in Cleveland. The general council of the congregational Christian churches of America will consider today a plan to join forces with the Evangelical and reformed church. If the one-thousand delegates to the two-day Cleveland convention approve the merger, the new denomination will be known as the United Church of Christ. It will have nearly two-million members. Strong opposition is expected by impartial observers say the merger will be approved. Opponents of the plan claim that a 75 per cent affirmative vote is needed to approve the merger. Backers of the plan say only a majority is necessary. The "evangelical and reformed church approved" the merger last year.

DEFENSE PACT IS ALTERED TO DROP OUT WAR CLAUSE

A Canadian official source reports that there's been some changes made in the proposed treaty to cement the defenses of the United States, Canada, and Western Europe. The source says a clause forcing members of the proposed North Atlantic Alliance to go to war if one member is attacked has been dropped from the treaty. Then Canadian source says a new draft of the proposed treaty would divide it up to individual nations to decide whether to go to war if another of the pact is attacked.

JANUARY SETS RECORD OF SORTS

LOUISVILLE - The weatherman says the month of January came near setting some sort of a record, but not particularly a good one. For one thing, only 20 per cent of the possible sunshine was visible during the month. It was the second driest month since records of sunshine began in 1894. Only January 1909 was worse and it had 16 per cent. The month was the sixth wettest on record. It rained on 15 days. During the 1937 flood, there were 19 days of rain in January.

ROBBERY IS OLD STORY

Camden, New Jersey - It was much the same story when Mrs. Edith Sapp, bookkeeper for the Camden Coal Company, phoned police today. Mrs. Sapp said simply it's me again. The police knew what to expect. They arrived prepared to investigate a burglary. It was the 34th time in five years that the company was robbed. This time - the thieves got three dollars in cash, a fountain pen and some office supplies - all looted from the safe. The safe wasn't damaged. The company stopped locking its years ago.

PRODUCE

Butter, 488,904 lbs, market firm. Eggs, 62; 92 score 41 1-2; 90 score 61; 89 score 60. Carrots 90 score 61 1-2; 89 score 60 1-2. Eggs (Browns and whites mixed) 19.74 cases. Market unsettled. Extras 70 to 80 per cent. A 42 1-2 to 43; extras 60 to 70 per cent. A 42; standards 40 to 41 1-2; current receipts 39 1-2; dirties 39 1-2; dirties 38; checks 37 1-2.

LIBEL BILL HEARING TODAY

Pierre, South Dakota - A hearing will be held today on a bill providing that radio stations could not be sued for libelous remarks made on paid political broadcasts. The South Dakota State Senate Judiciary Committee will hear the views of radio stations which support the measure and a newspaper, The Sioux Falls, South Dakota Argus-Leader, which opposes it. The bill provides that libelous remarks ad-libbed during a political speech would not leave the radio station liable to suit. But stations would be required to exercise "due care." And they could be sued for libel arising from any other type of broadcast. The attorney for the South Dakota Broadcaster Association, Ted Woods, says the bill would not re-tribalize broadcasters from responsibility when they are at fault. The editor of the newspaper, says newspapers are responsible for what they print, and radio stations should be responsible for what they broadcast.

KENTUCKY REGAINS TOP POSITION

NEW YORK (UP) - Bowling over their well-regarded rivals like so many tennis, the Kentucky Wildcats have wiped out the stain of the single loss and are back around the top of the race for the National Collegiate basketball championship. Practically forgotten now under a pile of recent, lopsided wins is the 42 to 40 defeat inflicted on the Cats by St. Louis in the Sugar Bowl. So far this week Kentucky has stretched its record to 15 victories against that lone setback by swamping three teams, the latest of them Mississippi last night by a 73 to 47 score. The Wildcats will be back in action on Saturday against Bradley and that figure to be one of Kentucky's toughest games of this season.

HOUSING STATUS DISTORTED, SAYS AUTHOR OF BILL

A Louisiana Democrat charges that a real estate lobby is trying to poison the minds of the American people against public housing legislation. Senator Allen Ellender claims the lobbyists are distorting the housing picture by telling the public the construction would cost 445 million dollars a year for the next 40 years. Ellender, who is co-author of the bill, says it would only cost that much when the building program is at its peak and then the costs would drop.

2 RED OFFICERS FLY TO US FROM IRON CURTAIN

Two A. W. O. L. Russian Army Lieutenants furnished a peek behind the iron curtain this morning when they landed at Westover Field, Massachusetts. Five months ago, after hearing a voice of America broadcast describing the beauties of Virginia, the two flyers took off in a routine training flight and, crash-landed four hours later in the American zone of Austria. When they stepped from an air transport this morning, the lieutenants said their crash-landing was no accident, that they wanted no more of Russia.

SEVEN MISSING IN PLANE CRASH IN CALIFORNIA

The Navy plane disappeared yesterday while flying from a Navy rocket base in the California desert to an airfield at Alameda. The last radio message from the missing ship came from a mountain area where heavy snows and blizzards were raging. It said simply: "On top at 10-thousand feet at Welker's pass." The five scientists are all stationed at the rocket testing base in the California desert.

20 OUNCES OF GOLD TO BE USED ON CAPITOL DOME

All that glitters is not gold - but when the shining dome of the Colorado state capitol is recovered it will be with the real stuff. A group of Colorado miners has some 20 ounces of gold to be used in covering the dome. Miners throughout the state have agreed to make up 40 ounces of gold to give the capitol building a new look. The miners are in Denver for their annual meeting. Their gift of the precious metal ranged from gold dust to small nuggets and bars. A bill is now before the Colorado legislature for an appropriation to pay for refining the gold and having it pressed into ultrathin layers - and for the labor to apply it to the dome. In Hampton, South Carolina, the members of the Hampton Methodist Church are pointing with pride to the shining new dome on their place of worship. The dome glitters in the sunlight - but it isn't gold. The church dome is of copper and it represents the triumph of good over evil. Sheriff Alton Lightsey turned the metal over to the church. The copper came from stiffs seized by the sheriff's staff.

BURLEY STILL SELLING LOW

LOUISVILLE - The Kentucky department of agriculture reports that the 13 markets selling burley tobacco yesterday returned an average of \$8.39 per hundred pounds. The average was 23 cents above Wednesday's price of \$8.77, the seasonal low. The department says 3,722,270 pounds sold yesterday for \$31,425,461. The top market was Richmond with an average of \$44.01 per hundred pounds. Household hint: Here is today's household hint: If cream seems too thin for whipping, try placing the container in a dish of cold water. Leave it there until the cream is well chilled, then put the container into hot water.

Local Boy Scout Drive Get Underway Next Monday

CHARLES MANNING PASSES AWAY AT HOME IN TEXAS

Charles L. Manning 75 of Bryan, Texas, formerly of Murray and the county, passed away Wednesday February 2 at his home. He was stricken with paralysis two years ago and has been confined to his home ever since. He was born at Almo, the son of Dr. and Mrs. J. M. Manning. He taught school most of his early life, being a school superintendent in Arkansas at one time. On moving to Murray he and his children attended Murray State. He moved to Bryan, Texas several years ago where he had lived since then. His survivors include his wife and seven children, four boys and three girls.

WORLD DAY OF PRAYER PLANNED FOR MARCH 4

One month from today, March 4, the women of the Presbyterian, Christian, and Methodist churches will meet in observance of the World Day of Prayer. The hour is 2:30 and the place is the College Presbyterian Church. All women of whatever faith or order are invited, but it has been the custom in past years for the women of the past years to meet together for prayer and meditation on the day which begins the season of Lent. The World Day of Prayer is so called because there is not an hour out of the twenty-four when a body of Christian women are meeting somewhere to offer their prayers for the betterment of all peoples throughout the earth, and to renew their own spiritual experiences. This advance announcement is made in order that the women may begin now to plan to lay aside other duties in order that the day may be truly a time of "refreshment from the presence of the Lord."

FOUR FERRIES IN KENTUCKY ARE CLOSED BY WATER

FRANKFORT - Four ferries in western Kentucky are closed today because of high water. The Elizabethtown ferry across the Ohio on Kentucky highway 287. The Iuka ferry across the Cumberland river on United States highway 60. The Columbus ferry across the Mississippi river. The Cave-in-Rock ferry across the Ohio on Kentucky highway 287. The highway department says the roads used as detours for U. S. highway 60 in Daviess county still are covered by about 10 inches of water. The department says all other roads throughout the state are open. However, a state police road survey this morning shows roads are slick because of rain that is falling almost everywhere in the commonwealth.

Calvert City Victor In Double Overtime Period

An eight-minute overtime period ended in a 44-42 victory for Calvert City last night when Gene McLemore's field goal ended the Murray Tigers' bid to win the unscheduled game at the local gym. Gene Cathey matched baskets in the initial extra stanza to knot the count at 42-all and then the two usually high-scoring aggregations battled for eight torrid minutes under deep pressure before McLemore connected. With three minutes of regular playing time remaining, the Bengals had increased their long-owned lead to 38-30. Capps, McLemore and Tarkington took over at this point, however, and tied the score at 38-38 with a minute left. McLemore hit from the side for the Cats' first lead but Glin Jeffrey retaliated with one of his many successful jump shots to send the score to 40-all and the game went into overtime. The victory virtually climaxed Coach Lucien Cornwell's club's comeback and again stamped it as one of the top teams in western Kentucky. The Murray powerhouse of Coach Preston "Ty" Holland lost no prestige, nevertheless, as they performed brilliantly even in defeat. McLemore and Capps, each contributing an even dozen points to Calvert's scoring column, led the

City Will Be Canvassed By 14 Teams Soliciting Funds

WORLD DAY OF PRAYER PLANNED FOR MARCH 4

National Boy Scout Week, which will be proclaimed locally by Mayor George Hart next Monday to extend through February 12, will be given a spirited send-off in Murray when nearly a hundred executives of the Happy Valley District gather at the Womans' Club House for an early-morning kickoff breakfast at 7 o'clock. The immediate objective of the breakfast will be the marshalling of fourteen fund-soliciting teams which have been organized to canvass the city on Monday. Harry Siedd, chairman of the Scout drive, has announced that a quota of \$1400 has been set as the goal, and has issued an appeal to the community for its cooperation in the campaign. Max Hurt, a member of the council, will speak at the kick-off breakfast, after which the soliciting teams will proceed to assigned sectors of the city. Boy Scout Week will be further observed in Murray on Wednesday afternoon when members of local troops "take over" positions of leadership and management in the town's civic and business affairs. Scouts will be invited to try their enterprise of their choice for about two hours duration. On Sunday, Scouts will attend their respective churches in uniform. Mr. Siedd stated. Throughout the week, special displays will be set up in store windows to give prominence to the activities and work of the local Scout organizations. Murray boasts two troops of its own, one in town and one in the college addition, besides a fully-organized colored troop. There are three other troops in the county, at Almo, Lynn Grove, and Kirksey. The Happy Valley district supports only one paid executive, the chairman stated. The following men will participate in the Boy Scout drive Monday. Team No. 1 - R. H. Lamb, captain; B. E. Divilbiss, Albert J. Kipp, Don, and Vernon Kyle, Donald L. Snyder, Rus Overbey, Shelby Hadden, lieutenants. Team No. 2 - E. B. Howton, captain; Ed Carter, Ecco Gantner, Catalie Cutchin, Fred Faurot, John Robinson, lieutenants. Team No. 3 - M. O. Wratler, captain; Roy Stewart, Vernon Anderson, Fred Gingles, O. A. Adams, lieutenants. Team No. 4 - Preston Ordway, captain; Wayne Rayburn, Hiram Tucker, Jack Kennedy, Dewey Jones, Wells Overbey, lieutenants. (Continued on Page Two)

Friday Afternoon, February 4, 1949.

Right Kind of Publicity

If the phenomenal progress being made by our community can be measured in proportion to the amount of publicity which Kentucky publications are giving the city of Murray, then we must assume that our little town is really growing up.

Murray was featured in the magazine section of the Courier-Journal just before Christmas; it was referred to in the last issue of "In Kentucky" magazine as one of the state's outstanding attractions; and today's issue of the Paducah Sun-Democrat reviews Murray's progress in the following editorial comment:

"Our good neighbor, Murray, boasts of being the fastest-growing community in Kentucky and one of the fastest in the nation. Some enthusiasts say 'THE' fastest. Whether or not the 1950 census substantiates the claim, there can be no doubt it is establishing an enviable record of progress. Nowhere in this area will you find a finer community spirit than exists there now. When the citizenry agrees on a step, it's as good as done."

"Latest indication of this progress is announcement that a branch fishery for the wholesale production of minnows will be started this month. Sales are: Paducah to Camden, Tenn. Perhaps more aware of the potentialities of Kentucky Lake than any city in west Kentucky, Murray keeps an eye peeled for any improvement resulting from the now-famous TVA playground. Now and then its vigilance pays off with something like the minnow business, which—at \$50,000 to 500,000 minnows per dekedered tank truck—promises to involve considerable money."

"We congratulate our neighbors and urge others to the same sort of awareness to be found in Murray. We're not envious. There are plenty of fruits for all on the Kentucky Lake tree. We just want to see them plucked in season."

"We appreciate this kind of publicity, and we hope that Murray will keep on deserving such compliments from its neighbors."

M.D. TELLS HOW TO FEED BABY—Demonstrating the right way to feed a baby—as suggested by the Allegheny County Medical Society—a nurse at a Pittsburgh hospital props the child's head on a pillow at an angle of at least 30 degrees. In this manner, stated Dr. Kenneth M. Day of Pittsburgh, there will be less chance for milk to flow behind palate and into air tubes from throat to ear.

NO BIRD LOVER—At Hialeah Park in Miami, race horse Excelsis tries to show away a visiting rooster. Rancho, which had been welcomed at stables. Now, the cocky cock seems to have other ideas about who's got a right to that perch.

Today In Science

Atomic Powered Bomber—One of the nation's leading atomic experts says the armed forces must develop an atomic-powered bomber in order to be safe.

Brigadier General T. A. Siva, who is in charge of the atomic project at Oak Ridge, Tennessee, told United Press Science Writer Paul F. Ellis that his hope is "It's no use to have a stockpile of atomic bombs unless we have a way to deliver them."

The conventional bomber he considered too slow. The chemically powered superatomic bomber, he said, takes eight thousand pounds of fuel to make a superatomic atomic-powered bomber fly two thousand miles. The atomic engine, he said, is still in the experimental stage, but he believes it will be ready for use in a few years.

In such a bomber, one pound of uranium would provide as much fuel as two million gallons of gasoline. That would mean superatomic speed and unlimited range at once.

Such a bomber also would be able to go beyond the world's atmosphere. It would use the jet-propulsion principle instead of propellers, and the energy would come from a miniature atomic pile carried by the plane.

The big tasks are to develop

means structures of light weight to stand the terrific heat generated, and to develop a light-weight shield to protect the crew from the heat and harmful radiation.

General Siva told the United Press writer he expects to develop such an engine. "But the plane carrying it might not be likely to fly," he said. "It's a very big job, but our present goal is to develop the atomic engine."

A professor at the University of Pennsylvania is using radioactive phosphorus tracers to study fertility of hogs, chickens and rabbits. Radioactive isotopes have been used for fertility tests in plants, but David W. Bishop is extending the research to livestock.

Dr. Bishop said he can't find out much about his experiments as on the radio. "I already have found out just what sperm cells readily absorb the radioactive phosphorus."

He said that in two his experiments probably can be extended into the study of human fertility.

Teen Ager's Sex Education—The teen agers turned the tables on the experts at the Convention of the American Social Hygiene Association.

REAL-LIFE HAPPY ENDING—At the residence of James C. Dunn, Tyrone Power and his wife, Linda Christian, cut their wedding cake at a breakfast breakfast given by the ambassador. The couple was married at the Church of Santa Francesca Romana.

Come to Church

HAZEL CIRCUI METHODIST CHURCH

C. L. Page, Pastor. Wednesday Evening Prayer Service 8:00 P.M. W.M.U. Meeting Third Wednesday 7:00 P.M. and each Fourth Wednesday Afternoon 2 P.M. Brotherhood Meeting first and third Wednesday 7 P.M. Business Women's Circle first

WEST FORK BAPTIST CHURCH E. H. Scherer, Pastor. Sunday school each Sunday at 10 o'clock. Preaching services each Sunday at 11 o'clock and each second and fourth Sunday nights at 7:30. Training Union each Sunday night at 6:30. Prayer service each Wednesday night at 7 o'clock.

KIRKSEY CIRCUI V. B. Dunn. First Sunday—Kirksey 11 a.m.; Col's Camp Ground 3 p.m.; Mt. Hebron 7:30 p.m. Second Sunday—Coldwater 11 a.m.; Mt. Carmel 7:30 p.m. Third Sunday—Mt. Hebron 11 a.m.; Kirksey 7:30 p.m. Fourth Sunday—Mt. Carmel 11 a.m.; Col's Camp Ground 3 p.m.; Coldwater 7:30 p.m. There is Church School at each of these churches at 10 a.m. every Sunday. Your attendance is appreciated.

SPRING CREEK BAPTIST CHURCH J. H. Thurman, Pastor. R.A.'s, G.A.'s, and Sunbeam Band first and third Wednesday 7 P.M. WEDNESDAY COME AND WORSHIP WITH US

Location at Washington yesterday. Four high school and college students gave the association their views on sex adjustment. And in general they thought sex education in schools wasn't adequate. One young man accused parents of promoting sex courses in schools in order to evade the responsibility of giving their children proper sex instruction.

A representative of the Armed Forces told the association that the Army is considering specially prepared cartoon books to spread proper sex knowledge among young troops.

LAKEVIEW COMMUNITY CHURCH The Sunday School at Lakeview Community Church meets each Sunday at 2:30 p.m.

MURRAY CIRCUI R. F. Blankenship, pastor. First Sunday—Goshen 11 a.m.; Lynn Grove 7 p.m. Second Sunday—Martins Chapel 11 a.m.; New Hope, 3 p.m.; Sulphur Springs, 7 p.m. Third Sunday—Lynn Grove 11 a.m.; Goshen 7 p.m. Fourth Sunday—Sulphur Springs 10 a.m.; New Hope 11 a.m.; Martin's Chapel 7 p.m.

OWENS CHAPEL BAPTIST CHURCH L. M. Winchester, Pastor. Preaching services first and third Sunday at 11 a.m. and 7 p.m. Sunday School each Sunday at 10 a.m.

LOCUST GROVE BAPTIST CHURCH George Shaver, Pastor. Preaching services first and third Sunday at 11 a.m. and 7 p.m. Sunday school each Sunday at 10 a.m. under the direction of John Lassiter, superintendent. U. M. M. meets each Sunday at 6 p.m. Thomas Houston, Director.

ALICE ACHESON, ARTIST—Mrs. Dean Acheson, wife of the newly appointed Secretary of State, paints in the attic-studio of her Georgetown home. Alice Acheson is proud of the fact that many people know her only as Alice Acheson and not as the wife of the Secretary of State, Mrs. Acheson is a "third generation painter," for her mother and her father's father were both artists.

Kentucky Belle's News

Mr. and Mrs. Ted Thorn and children, Mary Ann, Harrison and Fay Nell, and E. H. Simmons of Evansville, Ind., spent last weekend with their parents, Mr. and Mrs. J. C. Simmons, North 13th St.

Mr. and Mrs. Ted Thorn and children, E. H. Simmons, Kentucky Belle and husband were Sunday guests of Mr. and Mrs. Jim Simmons of Hazel, Route 2. We also visited awhile with Ole Maud and brother Hatten and Uncle Bud Todd.

Miss Margaret June Carroll was the Saturday night guest of Miss Charlotte Marr of the east side of Murray.

Miss Mary Walker of Hazel was the Friday night guest of her brother, Hubert Walker and Mrs. Walker of West Main Street.

Lucille Tyler of Hazel was in Murray Saturday afternoon on business.

Hattie Belle Lante has returned home from a visit with relatives and friends in Pembroke, Ky.

I was sorry to learn of the death of Mrs. Sam H. Wilson of Hazel who passed away January 26 at the age of 68. She leaves her husband and four daughters, Mrs. Toecoe Paschall, Murray, Mrs. Lottie Bowden, Flint, Mich., Mrs. Make Evelyn and Mrs. Bob Overcast of Hazel. Two sons, Mason and Halton Wilson of Hazel. Funeral services were held Friday afternoon at the Hazel Baptist Church and burial was in the Hazel cemetery. She was a good Christian and a kind neighbor to everyone who knew her. Sleep on Cousin Willie and rest. We all love you and will miss you always, but God loves you best. Weep not Cousin Sam and dear children for Mother is not dead, she is only sleeping and waiting for us all.

A stork shower was given for Mrs. Lucille Buoy of Evansville, Ind., daughter of Kentucky Belle, at the home of Mrs. Mable Hale in Evansville Monday evening, January 17. The honoree received many nice gifts.

Kentucky Belle would like to say hello to my dear sister correspondent, Mrs. Sarah Smotherman of Hazel. I will try to be in your home Sunday.

Well folks, I hope old groundhog won't see his shadow tomorrow, February 2. I always heard that if he did there would be 40 more days of bad weather and I sure don't want that.

Ole Maud, I don't see how I can make the way around there Saturday night as I am not feeling so well and I am working hard. Guess I had better rest. So don't send after me until you hear from me again.

Kentucky Belle's

YOUNG TREASURE HUNTERS STRIKE IT RICH IN IT EASTPORT, Me. (UP)—Every boy's dream of finding buried treasure was realized by a group of Eastport teen-agers.

They located nearly 50 tons of tinplate buried in the sand where it

had reposed since 1916, when a factory was destroyed by fire.

It wasn't too much trouble excavating the tinplate, still tied in bundles, after the property owner's permission was obtained. The

boys sold their treasure at \$13 a ton and whacked up the loot in approved pirate fashion.

CHAPTER TWENTY-THREE

THE inquest was held the following afternoon in the rickety, nondescript little frame building where the Draft Board met, and it seemed that, except for the few bedridden in the town, everybody was there.

Megan made herself keep busy throughout a day that seemed endless. When Annie put middle dinner on the table, she paused a moment beside Megan and asked, "Megan, is Miss Larry coming tomorrow night?"

But Megan did not have to call Laurence for at about four o'clock he came down the road and turned in at the gate grinning at her warmly and happily.

REMEMBER

Remember this—It always takes two to make a quarrel, but only one can stop it.

TELEVISION STAR—Screen actress Marie Palmer, who starred in the first of a new series on NBC Television, Guy De Maupassant's famous "The Necklace," and will be seen in later offerings. Miss Palmer played the devoted young wife, Matilda, who, with her husband, works for years to replace a supposedly valuable necklace they had borrowed and lost. When they give the new necklace to the owner, they find the original had merely been paste.
