President's Report.

August 11, 1925.

To the Members of Board of Regents,
Murray State Normal School.

Honorable Members:

I submit the following for your consideration:

Rules for Dormitory.

In accordance with your direction, I submit tentative rules for the organization and management of the employees of Wells Hall, Exhibit A. You will note that I have provided for four members of the dormitory staff.

a. Adviser or Dean of Women, who shall be responsible for the discipline, and who shall be the responsible head of the dormitory.

b. House Director or Matron, who shall be responsible for the general oversight and care of the building.

c. The Dietitian who shall plan menus and advise in reference to preparation and serving of meals.
d. The Manager of Dining Service, who shall be responsible for the business management of the dining service.

The reasons for these divisions will be set forth in the discussion.

I recommend the following:

a. That rules be adopted either at this or the next meeting of the Board relative to dormitory.

b. That members of the faculty be designated to fill three of positions mentioned above—Mary W. Moss, Adviser of Women, the position she now holds; Mrs. Annie H. Young, Dietitian, provided she is appointed director of Home Economics; Edward Filbeck, Manager of Dining Service. The Board can have the advantage of the experience of each of these persons during the period of organization of the personnel of the dormitory.

At a later date, other arrangements can be made, if it is deemed advisable to do so. Two of the members of faculty mentioned above, Miss Moss and Mr. Filbeck are perfectly willing to be relieved from special duties mentioned above at the pleasure of the Board.

✓ c. That only a House Director or Matron be employed from persons other than members of faculty at this time, and that she enter upon her duties not later than September 1, 1925.

Budget Expenditures.

I submit financial report for July, 1925 showing budget allowances and expenditures, Exhibit B. The Rules provide for payment of bills for all contracts including salaries awarded by this Board when approved by the President. It is my understanding that the President is authorized to approve for payment certain other bills, provided a budget has been provided by this Board for that purpose. But in order that the minutes may be definite on this point, I make the following recommendations:

a. That the President be authorized to pay all bills not in excess of the budget allowance for the following items: Printing, binding and stationery; postage, freight, express and cartage; traveling; telephone, telegraph and messenger service; renewals and repairs; sewage, light and water (already given power to purchase coal); advertising; miscellaneous supplies; library; expenses Board of Regents; interest.

b. That he be authorized to approve for payment from the salary fund the wages of any substitute teacher, or other temporary employee which he is authorized to appoint.

c. That he be authorized to approve for payment from the "Student Fund" bills incurred for the purpose for which this fund was created, provided the total amount expended in any one year does not exceed the receipts.

d. That he be authorized to approve for payment, bills for books and supplies purchased for the book store, provided that amount does not exceed the receipts from sales and value of stock on hand.

e. That he be authorized to approve for payment bills for food and other supplies for dining hall and cafeteria, provided the amount does not exceed the receipts and value of supplies on hand.

Power to bring Suit against Forbes Hig. Co.

✓ The leaks in the roof of the Administration building have not been repaired. When there is a hard rain, the water comes down by buckets. The penter has fallen in places and is discolored in others. Numerous requests have been made to the Company to make repairs, but so far, no repairs have been made. I recommend that this Board pass such resolution as it seems proper in order that legal proceedings may be brought against Forbes Hig. Company and their bondmen, if this roof is not repaired promptly.
Power to Buy Additional Equipment.

Be it resolved that the Administration Committee be authorized to purchase additional equipment for the Home Economics and Physical Education departments as follows.

From the very nature of the case, we shall find that we have omitted something from the necessary equipment of Women's Dormitory or the Administration building or both.

I, therefore, recommend that a committee be given power to purchase equipment as follows:

For Home Economics Department not to exceed $2500.00
For Physical Education Department not to exceed $1000.00.
For Miscellaneous Equipment for Dormitory and Administration Building
not to exceed $1000.00.

Respectfully,

J. W. Carr,
President.

The President's report received and made a matter of record and recommendations to be considered later.

The Board recessed at 12:00 for luncheon.

The Board reconvened at 1:00 P. M. All members present.

Budget Expenditures.

Moved by Mr. Thomas, seconded by Mr. Wilson, That the recommendation of the President relative to budget expenditures be approved. Carried.

Moved by Mr. Thomas, seconded by Mr. Wilson, That the Attorney General of Kentucky be ordered and directed to bring suit against Forbes Mfg. Company and its bondsman to secure proper reparation for damage done to Administration building by reason of a leaky roof and to require it to put said roof in proper and good condition, and in the event that the Attorney General cannot give his personal attention to this litigation, then he is requested to approve the employment of counsel for that purpose by this Board. Carried.
