The Board of Regents of Murray State University met on August 2, 1968, at 1:00 p.m., in regular quarterly session, in the Board Room of the Administration Building. The following members were present: Mr. Wendell P. Butler, Chairman, presiding; Mr. O. B. Springer, Mrs. Lochie Hart, Mr. Bill Powell, Mr. Joe M. Whittle, Dr. Charles E. Howard, Dr. W. G. Read, and Mr. Spencer Solomon. Mr. E. G. Adams was absent.

Also present were Dr. Harry M. Sparks, President, Mrs. Patsy R. Dyer, Secretary of the Board, Mr. M. O. Wrather, Executive Vice President.

The invocation was given by Mr. Wrather.

Minutes of the Meeting of the Board held on June 20, 1968, Approved

Mr. Springer moved that the Minutes be approved as received. Mr. Powell seconded and the motion carried unanimously.

Agenda

President Sparks presented the following Agenda:

ACTION ITEMS

11. Resignations

Recommendation: I recommend that the resignations be accepted.

DISCUSSION AND ACTION ITEMS

VI. Resolution Authorizing the Execution of Loan Agreement for Project No. 5-3-00036-0, General Classroom Building, Amount $1,319,000.

VII. Contract No. TV30970A with Tennessee Valley Authority for Personal Services, Project Land-Between-the-Lakes.

VIII. Contract with Corvette Lanes, Inc. for Bowling Classes, Health and Physical Education Department.
IX. Report of the Committee on Credits and Graduation.
X. Report on Homecoming - Mr. Solomon.
XI. Report of the Thomas P. Norris Student Loan Fund.
XII. Report of the National Defense Student Loan Program.
XIII. Reports of the Business Manager.

OTHER MATTERS
A. Designate Dr. Charles Homra Chairman of the Department of Psychology rather than Acting Chairman.
B. Increase Off-Campus Supervising Teachers pay from $6.00 to $8.00 per credit hour.
C. Bones Resolution for Surplus Property for James B. Shrewsbury.
D. Student Health Insurance Plan for 1968-69.

Resignations, Accepted
Dr. Howard moved and Mr. Whittle seconded that the Board accept the resignations of the persons listed in the Agenda. Motion carried unanimously.

Leaves of Absence, Granted
Mr. Powell moved that the Board grant leaves of absence to those requesting leave as stated in Item III of the Agenda. Mr. Springer seconded and the motion carried unanimously.

Sabbatical Leave Cancelled for Vernon Shown
Mr. Powell moved that the sabbatical leave for 1968 previously granted to Vernon Shown, Director of University School, be cancelled at the University's request and with the concurrence of Mr. Shown. Mr. Springer seconded and the motion carried unanimously.

Adjustments in Salary, Approved
Mr. Powell moved that the Board approve the adjustments in salary for the people listed in Item IV of the Agenda and authorize the payment thereof. Mr. Springer seconded and the motion carried unanimously.

Employment, Approved
Mr. Whittle moved that the Board authorize the employment of persons stated in Item V of the Agenda. Dr. Howard seconded the motion and the roll was called on the adoption with the following voting: Mrs. Hart, aye; Dr. Howard, aye; Mr. Powell, aye; Mr. Whittle, aye; Mr. Springer, aye; and Mr. Butler, aye.

Resolution Authorizing the Execution of Loan Agreement for Project No. 5-3-00036-0, General Classroom Building, Amount $1,319,000, Adopted

WHEREAS, there has been filed with the U. S. Commissioner of Education by Murray State University (hereinafter called the "Applicant") an application for a loan under Title III of the Higher Education Facilities Act of 1963 to assist in the construction of:

A new General Classroom Building, with necessary equipment, exterior utilities and site improvements.

and the U. S. Commissioner of Education has tentatively offered to make the requested loan and has transmitted for consideration a proposed Loan Agreement, dated as of July 15, 1968; and

WHEREAS, the proposed Loan Agreement has been duly examined and considered in accordance with all applicable rules of procedure and legal requirements, and made a part of the records of the Board of Regents (herein called the "Board") of the Applicant; and

WHEREAS, it is deemed advisable and in the interest of the Applicant that the proposed Loan Agreement be accepted and its execution authorized;

NOW, THEREFORE, BE it resolved by the Board of the Applicant that the proposed Loan Agreement be and the same hereby is accepted without reservation or qualification.
BE IT FURTHER RESOLVED That Harry M. Sparks, President of the Board of the Applicant be and he is hereby authorized to execute the Loan Agreement, on behalf of the Applicant, and Patsy R. Dyer, the Secretary of the Board of the Applicant be and she is authorized to attest the execution of the Loan Agreement and the proper officials of the Applicant are hereby authorized to take such further action as is necessary to provide for the construction of the project, and to consummate the loan.

Mr. Whittle moved that the foregoing resolution be adopted. Mr. Springer seconded and the roll was called on the adoption of the motion with the following voting: Mrs. Hart, aye; Dr. Howard, aye; Mr. Powell, aye; Mr. Springer, aye; Mr. Whittle, aye; and Mr. Butler, aye.

Contract No. TV30970A with Tennessee Valley Authority for Personal Services, Project Land-Between-the-Lakes, Approved

THIS AGREEMENT, effective June 10, 1968, made and entered into between Murray State University, whose address is Murray, Kentucky, hereinafter called "UNIVERSITY," and the Tennessee Valley Authority, hereinafter called "TVA,"

W I T N E S S E T H:

IN CONSIDERATION of the mutual covenants hereinafter contained, the parties agree as follows:

1. University agrees to render services to TVA by assigning two of its students for an eight-week period beginning June 10, 1968, to Land-Between-the-Lakes with their major assignments in the Rushing Creek Camping and Day-Use area. The students will participate in a work-study program consisting of a field phase under the supervision of TVA's Camp Manager and an academic phase to be supervised by an instructor of the University. Each student shall work five days a week with off days to be scheduled between Monday and Thursday of each week. Detailed arrangements for the activities and schedules of the students and instructor from the University shall be agreed upon by TVA's Operations Manager for the Land-Between-the-Lakes and the Head of the Department of Health, Physical Education, and Recreation for the University, and these officials shall otherwise act for their respective principals in the administration of this contract.

2. TVA agrees to compensate University at the rate of Three Hundred Dollars ($300) per student for the eight-week period; and Two Hundred Dollars ($200) as an administrative fee for the said period. Payments shall be made on or about June 30, 1968; and August 4, 1968, for services rendered to date upon receipt of invoices from the University.

3. The term of this agreement shall begin with the effective date hereof and end with August 4, 1968.

4. No member of or delegate to Congress or resident commissioner or any employee of TVA shall be admitted to any share or part of this contract or to any benefit that may arise therefrom.

IN WITNESS WHEREOF, the parties have hereunto subscribed their names as of the day and year first above written.

MURRAY STATE UNIVERSITY
By: /s/ Harry M. Sparks

TENNESSEE VALLEY AUTHORITY
By: /s/ B. M. Hasken
Chief, Employment Branch

Mr. Powell moved that the foregoing contract with the Tennessee Valley Authority be approved by the Board. Dr. Read seconded and the motion carried unanimously.

Contract with Corvette Lanes, Inc. for Bowling Classes, Health and Physical Education Department, Approved

This AGREEMENT is made and entered into this the first day of July, 1968, for a period of one year, by and between the Board of Regents of Murray State University, Murray, Kentucky, hereinafter referred to as the University, and the Corvette Lanes, Inc., of Murray, Calloway County, Kentucky.

WITNESSETH:

WHEREAS, both parties are desirous of cooperating in a plan to provide instruction in bowling as a part of the total offerings of Murray State University, and

WHEREAS, Murray State University does not have bowling lanes, and

WHEREAS, the Corvette Lanes, Inc. has agreed to participate in this program as follows:
1. Corvette Lanes, Inc. has agreed to provide facilities including balls and shoes as well as lanes and score books according to a schedule agreed upon by the Chairman of the Department of Health, Physical Education, and Recreation, and the Manager of Corvette Lanes for the Fall Semester 1968-69, beginning September 20, 1968, and ending January 23, 1969, and for the Spring Semester 1968-69, beginning February 7, 1969, and ending May 29, 1969.

2. It is further agreed that the University is not to pay anything directly to Corvette Lanes, Inc. but each student enrolled for this course will pay a fee of $12.00 per semester to Corvette Lanes, Inc.

3. An effort will be made to schedule the students four to the lane. However, it may be necessary, in order to accommodate the students, to schedule not more than three students to three lanes. It is further agreed that Corvette Lanes, Inc. will allow each student to bowl fifty (50) minutes per class meeting not to exceed two (2) lines per student.

4. In the event a student enrolled for the course in Bowling, finds it necessary to drop the course, refunds will be in keeping with the following University regulation: A student who withdraws within two (2) weeks after the initial registration date may receive a refund of 75% of his registration fee; from two (2) to four (4) weeks, 50%; from four (4) to six (6) weeks, 25%. No refund will be made after six weeks from the first day the class meets. The refunds will be made directly to the student involved.

This AGREEMENT shall become effective the first day of July, 1968, but actually signed on this 19th day of July, 1968.

WILLIAM THOMPSON SLOAN
BETTIE LOUISE SMITH

For those students applying for graduation as of August 31, 1968, we recommend that their degrees be granted, provided they meet all requirements pertaining thereto.

Sincerely yours,
/s/ Wilson Gantt, Chairman
Committee on Credits,
Certification and
Graduation

Mr. Springer moved that the Board approve the Report of the Committee on Credits, Certification, and Graduation, and authorize the conferring of degrees and the presentation of diplomas to those meeting the requirements on August 2, 1968.

Mr. Powell seconded and the motion carried unanimously.

Report on Homecoming

Mr. Solomon presented a report on the activities planned for Homecoming which is scheduled for October 26, 1968. The theme for the Parade will be "Victory Starts with Sparks."

Report of the Thomas P. Norris Student Loan Fund, Approved

Mr. Powell moved that the Report of the Thomas P. Norris Student Loan Fund be received and approved. Dr. Howard seconded and the motion carried unanimously.

Report of the National Defense Student Loan Fund, Received

Mr. Springer moved that the Report of the National Defense Student Loan Fund be received. Dr. Read seconded and the motion carried unanimously.

Reports of the Business Manager, Approved

REPORT OF P. W. ORDWAY, BUSINESS MANAGER,
TO THE PRESIDENT AND BOARD OF REGENTS OF
MURRAY STATE UNIVERSITY
July 25, 1968

The following report is submitted for the information and consideration of the President and Board of Regents of Murray State University.

Current General Funds

| Net Receipts | $ 8,303,805.71 |
| Net Expenditures | 8,030,228.00 |

Prepared by
/s/ James A. Rogers
Assistant Business Manager

Mr. Powell moved that the Reports of the Business Manager be approved as received. Mr. Whittle seconded and the roll was called on the adoption of the motion with the following voting: Mrs. Hart, aye; Dr. Howard, aye; Mr. Powell, aye; Mr. Springer, aye; Mr. Whittle, aye; and Mr. Butler, aye.

Annual Report of the President including the Annual Report of the Business Manager, Approved

THE PRESIDENT’S ANNUAL REPORT
FOR
FISCAL YEAR 1967-68

Board of Regents
Murray State University
Murray, Kentucky 42071

Gentlemen and Mrs. Hart:

I am pleased to submit to you the Annual Report of the President for the year 1967-68. Much of the credit for the achievements of this year go to Dr. Ralph H. Woods who served as President for the first half of fiscal 1967-68. The University has shown great progress under his leadership, and it is with pleasure that I submit to you the accomplishments through this Annual Report.

ENROLLMENT

All records for enrollment were broken in the beginning of the Fall Semester when 7,018 students were enrolled. There were 6,418 undergraduates and a record enrollment of 599 graduate students. During the Spring Semester, the total enrollment was 6,637 which was an increase of 10% over the previous Spring Semester.

* For Annual Report of the Business Manager, see pp. 74-77.

The Summer School Enrollment at University School from Kindergarten through the twelfth grade is 335.

Study Centers

Study Centers were conducted at Morganfield, Paducah, Clinton, Cadiz, Hopkinsville, and Madisonville. Nine classes were taught at Morganfield, eleven classes were taught at Paducah, two classes were taught at Clinton, one class was taught at Cadiz, one class was taught at Hopkinsville, and thirteen classes were taught at Madisonville.

Enrolled in these classes were 315 graduates, 501 undergraduates, 14 auditors, for a total of 830 people. The Madisonville enrollment ranged from 11 in Business 201 to 39 in Political Science 141. The total number served at Madisonville was 338.

Correspondence Courses

The active enrollment for correspondence courses as of June 30, 1968 was 423. The total number of enrollees served during the year was 784. There was a gain in active enrollment from 342 in June 1967 to 423 in June 1968.

Science Institute

During the summer of 1968, Murray State University is operating its twelfth Institute. There is a total of 97 people enrolled from 20 different states.

The following people were promoted from Assistant Librarian to Assistant Librarian and Instructor:

Betty Bowden  Library
Mary Belle Overbey  Library
Lilly A. Williams  Library

New Faculty for 1968-69

A total of 65 new faculty members have been employed. All of our positions are relatively complete.
THE GRADUATE SCHOOL

This being the first full year of the operation of Murray State under the organization of a University, there were 226 new graduate courses added to the various departments of the Graduate School. Five new graduate degrees were developed. They are a Master of Arts in Teaching Foreign Languages, a Master of Science in Economics, a Master of Arts in Spanish; a Master of Arts in Communication-Journalism. The Graduate School also made provision whereby a student could renew his provisional teaching certificate by doing additional work whereby a student might obtain a Rank 2 salary advance by completing 30 hours without being awarded a Master of Arts Degree. The University made provision during this year for a six-year program of graduate work which granted 30 hours beyond the Master's degree for teachers, school leaders, and guidance counselors. Twenty-three research grants were awarded the Graduate School in the amount of $18,618.86. The Institutional Studies and Research Committee formulated policies for the use of financial resources to encourage research among the various disciplines and promote the publication of research findings. Eighty-eight graduate assistantships were awarded during fiscal 1967-68. Of these, eighty-one were employed under the University program and seven under the Federal Work-Study Program.

Our library services have been greatly enhanced through the employment of Mr. Charles F. Hinds as Director of Libraries. A consultant team under the organization of Dr. Augustus Kuhlman prepared a five-year plan for library development. The library staff was increased by ten in number. The stacks have been opened to the students and the library hours were increased to 87 hours per week to allow the students more time for reading and research. A microfilm carrier was purchased during the year and all microfilms were placed in the Special Collections Division. During the year, the library purchased 4,453 back issues and 6,071 rolls of microfilm were bought on the recommendation of the faculty. The Library subscribes to and has available over 1,560 periodicals or serials. Last year 22,309 volumes were added to the total collection of the University which is now over 142,000 volumes.

Military Science

In the school year 1967-68, forty-four officers were commissioned, fourteen of which were selected for regular Army commissions. The Rifle and Pistol Teams, coached and sponsored by the ROTC detachment, received national recognition for the second year in a row; however, this time the distinction was for winning the National Rifle Association National Intercollegiate Rifle Team Championships in both the conventional and international division. One member, Mr. Robert C. Arledge, was the National Intercollegiate Rifle Individual Champion. The ROTC Pistol Team was ranked as number two in the country in the National Intercollegiate Pistol Team Championship-Conventional.

The Pershing Rifle Drill team gained national prominence by being number two at the Illinois Drill Competition. They also won first place trophies in the Regimental Drill Competition. Not only did the Pershing Rifle Company participate in drill competition but they also performed exceptionally well at two funeral ceremonies, furnishing the pall-bearers and the firing squad. On campus this organization regularly functions as traffic controllers at special and sporting events.

The Murray State Farms have earned an income of $64,422.61 during the fiscal year 1967-68. The income from eggs was $8,276.27, from hogs was $12,439.27, from milk was $33,003.49, from tobacco was $1,754.70, and the income from cattle and calves was $7,026.82. The remainder of the earnings came from garden produce, show premiums, poultry, and other minor sources.

STUDENTS

Achievement

The following table shows the distribution of grades for the Fall Semester of 1966, the Spring Semester of 1967, Fall Semester of 1967, and the Spring Semester of 1968.

The Freshmen Orientation program has been strengthened to meet the need of the ever-increasing number of freshmen who enroll each fall semester. This has been done by the three-day orientation program at the beginning of the fall semester, by having the freshmen register first, and by having a weekly meeting of all freshmen for their first semester in the fall.

Athletics

The athletic program at Murray State was very successful this past year. The women's track and tennis teams were undefeated in dual matches, the baseball team was second (western division), the track team was second, the basketball team was conference co-champions, the tennis team finished fifth, cross country finished seventh, golf team finished seventh, and the football team tied for seventh place in the Conference. This year soccer was formally approved as an intercollegiate sport.

The Murray State University Athletic Hall of Fame installed four new members, Mr. Norman McKenzie, Mr. Woodrow Simmons, Mr. Cecil Kent, and Mr. Tommy Wells. Significant steps were taken toward finalizing construction plans for the Roy Stewart Academic-Athletic Facility. Mr. William Cornell was employed as Track Coach during the past year.

Men's Housing

The men's residence halls presently have a capacity for 1,846 men. During the 1967-68 school year there were far too many vacancies. The percentages of occupancy per month were as follows:

<table>
<thead>
<tr>
<th>Month</th>

</table>

This group of figures show that something has to be done in the men's residence halls. It was decided in a group meeting on June 21, 1968 that Hart Hall would of necessity have to be converted into a girl's dormitory. Then, to avoid having too many beds for girls it was decided to re-convert Clark Hall into a men's dormitory. This gave the girls 266 additional beds that they badly needed.

Women's Housing

During the fall semester of 1967, 1,790 girls were housed by placing three girls in a room in Woods Hall and Wells Hall. In the spring semester of 1968, 1,576 girls were living on campus. At the present time we have 1,950 applications for the fall semester of 1968. Hart Hall will be occupied by girls this fall and will house 548 girls. Clark Hall will be turned back to the boys. The ten house directors employed last year have remained and one has been added to the staff.

Married Housing

Married student housing is very much in demand. The housing office has a waiting list of 140 or more families for this coming fall semester. We normally have 25 or less vacancies each semester. There could have been many more people on the list, but we began to discourage people when we reached a total number of 100. There is hardly any hope for anyone to get into our new units unless they have been on the waiting list for at least a year.
STUDENT FINANCIAL AID

Scholarships

For the fall semester of 1967, there were 76 Board of Regents Scholarships awarded. There have been 81 Board of Regents Scholarships awarded for the fall semester of 1968. There have been 15 Alumni Scholarships awarded for the coming school year. Many of the Departments and organizations on campus provide special scholarships.

Thomas P. Norris Loan Fund

The Thomas P. Norris Student Loan Fund is the one most commonly used. Additional funds added to this lending service are greatly needed and the members of the Concessions Committee unanimously agreed that surplus funds should be transferred into this fund for the use of needy students. Figures listed below are from the ledgers of the Thomas P. Norris Student Loan Fund for the fiscal year ending June 30, 1968.

- Loans made during fiscal year 1967-68: $12,220.35
- Collections made on principal on loans: 7,548.10
- Collections made on interest on loans: 104.73
- Transferred from M.S.U. Concessions Fund: 5,000.00
- Series "C" Bond - Lock Box at Bank of Murray: 5,000.00
- Clipped Coupons from bond for the year: 125.00
- Balance on deposit in Bank of Murray, June 30, 1968: 5,134.40

National Defense Student Loan

The National Defense Student Loan Program continued to be Murray State University's largest and most effective loan program. As of June 15, 1968, 817 borrowers were loaned $494,000 for the period July 1, 1967 through June 15, 1968. This is an increase of 93 borrowers (13%) and $23,650 (6%) over the 1966-67 year. The average loan for this year was $531.21.

Educational Opportunity Grant Program

The 1967-68 academic year was the second award year for the Educational Opportunity Grant Program. This program of direct grants permits eligible students to receive a non-obligating award of funds, based on exceptional financial need and evidence of academic or creative promise. As of June 30, 1968, a total of $154,550.00 was granted to 307 students for the year. Murray State received $76,300 in 1966-67 and $155,200 for the 1967-68 which was an increase of 103% in funds. Grants ranged from $200 to $800 per year, with an academic incentive award of $200 given to those students who were in the upper half of their class during the preceding year.

Federal Work-Study Program

The Work-Study Program is a program of employment in which the student, particularly one from a low-income family, is compensated for the number of hours he works for Murray State or for an eligible off-campus agency. In addition to the financial rewards, students develop proper skills and attitudes toward work.

In the summer of 1967, four off-campus projects were operated. Murray-Calloway County Hospital employed three students, Murray City Park Board employed five students, Four Rivers Boy Scout Council employed two students, and the Benton Hospital employed one student. Off-campus hourly rate of pay was $1.25 to $1.50. In June of 1968, one off-campus project was operating at the Murray City Park. The Four Rivers Boy Scout Council will have a program with one employee on July 1, 1968. The on-campus employment permitted 379 students, as of June 15, 1968, to work sometime during the year. A total of 251 students were on the May, 1968 payroll.

Nursing Student Loan Program

The Nursing Student Loan Program has increased at a rapid pace for several years. This year 76 borrowers received $53,300. The average loan for the year was $701.32. This year's activity indicates 32 more students received $19,150 more money than in the 1966-67 year. This is an increase in student borrowers of 73% and an increase of 57% in funds advanced for the 1967-68 year.

Nursing Educational Opportunity Program

This program operates with direct grants in which the student receives a non-obligating award of funds based on exceptional financial need and evidence of academic or creative promise. This is a new program and this was the first year for Murray State to participate with the first award being made in the spring of 1968. Grants ranged from $100 to $800 with a $100 academic incentive award being given to eligible students. A total of 45 students received $16,425 on this program for the year.
Cuban Student Loan Program

Four Cuban students participated in this program during the year and were granted a total of $4,500 during the year. The Student Financial Aid Office administers the entire program with the exception of repayments. These are made directly to the Federal Government by the Cuban borrower.

Guaranteed Student Loan Program

This program has been and continues to be a major source of assistance for Murray State students. Over 1,000 applications have been processed during the school year which is an increase of 60% over last year. On this program, banks, credit unions, and savings and loan associations are the lending institutions. The Student Financial Aid Office furnishes information and assists students in seeking this type of financial aid. The Office certifies the student's scholastic standing, major, home address, classification, and expected date of graduation. The Coordinator of Student Financial Aid recommends the loan and works closely with each lending agency. The maximum loan request is $1,000 to $1,500 for undergraduates and $1,500 for graduate students. The Guaranteed Loan Program will definitely be an asset to the University with the increase in registration fees.

Student Health Service

During the past year, there were 13,343 student visits to the Student Health Service. There were 450 students confined to bed in the Infirmary for a total of 805 patient days. There were 1,398 meals served in the Infirmary. During the school year, 842 immunization injections were given. There were 124 T. B. skin tests administered and 306 individuals received chest X-rays at the mobile unit. The following physical examinations were conducted: football, 89; basketball, 19; cafeteria workers, 197; and Upward Bound, 127.

Dr. E. L. Kalb became the first full-time physician for the Student Health Service. Dr. Charles Clark continued to serve part time as the physician for the Athletic Department. Dr. Clark is in attendance at athletic events and travels with football and basketball squads.

Alumni Association

The event that was most important to the Alumni Services during the past year was that of moving into the new Administration Building. The Alumni quarters are adequate and the Alumni Board Room is indeed a very fine meeting room. The Alumni Association purchased a large conference table as well as a serving cart for the meeting room. As our alumni rolls increase, we find it more difficult to maintain accurate addresses on all our people. Our total scholarship contributions during the past year were $7,665. This year we awarded sixteen scholarships of $500 each. This represents an increase of $100 per scholarship over last year. Miss Evelyn Linn, a graduate of the class of 1926, received our "Distinguished Professor Award." During the year, alumni club meetings were held in Washington, Louisville, and St. Louis.

Placement

Our Placement Service continues to attract more students seeking positions and more employers seeking employees. The major increase is occurring in business and industry. This year for the first time two major colleges actually visited our campus, and the University of Wisconsin called about one of our graduates and employed him. One of the most significant developments in Placement is that it is becoming a year-round job. More business organizations are visiting the campus, more teachers are resigning to enter business or go into the armed forces, and now every month has become a heavy placement month. One hundred and twenty school systems and 74 business, industrial, and governmental agencies visited our Placement Office.

Murray State University Foundation

During this fiscal year, the Foundation acquired Federal tax exempt status. This achievement has opened the door to many new opportunities of service to Murray State University. This is the first year we have had full-time employees for the Foundation. The growth and development of this organization has made this necessary. The following is a list of the various projects and their total budgets handled by the Foundation during the past year.

<table>
<thead>
<tr>
<th>Project</th>
<th>Budget</th>
</tr>
</thead>
<tbody>
<tr>
<td>National Science Foundation</td>
<td>$217,480.00</td>
</tr>
<tr>
<td>Upward Bound</td>
<td>$406,667.00</td>
</tr>
<tr>
<td>NDEA</td>
<td>$421,136.00</td>

</tbody>
</table>
Total of all Federal and State Grants $1,045,283.00
Total private grants 16,180.34
Total trust funds 54,080.53
Total student funds 122,801.40

Field Services

A total of 5,645 high school students were contacted, representing 218 high schools. Seventy-eight high schools were visited. Many high schools were visited an average of three times during the year. One hundred forty-seven college career day and night conferences were attended. Approximately 955 catalogs, 8,085 admission forms, and 7,000 "Look" bulletins were mailed to prospective students. A total of 159 Murray State Shields were given to school libraries.

Public Information

The Public Information Office during the past year
A. Took a major step forward through the employment of a full-time University photographer.
B. Sent 230 general news and feature releases to news media throughout Kentucky and neighboring states.
C. Sent 1,261 hometown releases about accomplishments of students and faculty members to news outlets throughout the United States.
D. Sent stories on all students graduating or listed on the honor roll to hometown media throughout the country.
E. Produced four issues of the Murray State Alumnus.
F. Circulated 14 issues of the Murray State Newsletter to faculty and staff members.
G. Prepared nine monthly advertisements for the KEA Journal.
H. Served as a link between the University and the press.

Sports Information

News stories concerning Murray State athletic teams are mailed to all area newspapers and many other newspapers and press associations throughout the United States almost every day from the time football practice begins on September 1 until the spring sports are completed in late May. In addition to these general news stories, scores of stories on individual athletes are mailed to hometown media during the regular school year. Stories are also done on all athletes who sign grants with Murray, those who make all-star teams, and those who receive individual awards, such as Most Valuable Player. Many of these stories are accompanied by pictures that have either been taken or supervised by the director. All major media that cover Murray are supplied pictures of individuals on the athletic teams before the season begins. These are supplemented by feature pictures throughout the year. Several film features for Paducah television station, WPSD, were done this year and this service will be expanded next year by supplying more film stories and by adding the Nashville stations to the circulation list.

SECURITY DEPARTMENT

A security department has been brought into effect at Murray State University and it has been needed for several years. At the present time, the officers are not deputized by the county, state, or city government. We have applied for the officers to be deputized under the State of Kentucky, and it is hopeful that this will receive action at an early date.

SCHOOL OF APPLIED SCIENCES AND TECHNOLOGY

Agriculture

The Agriculture Department expanded its graduate program by adding 23 new courses at the graduate level and admitted 46 students to the newly created program of a Master of Science Degree in Agriculture. The new Agriculture-Engineering Building was completed during the year and was occupied during the spring semester. Forty-one students were granted the Bachelor of Science Degree in Agriculture and all were placed in splendid positions. The Mid-South Poland Hog Show and Sale was held in the Livestock Pavilion along with numerous other stock shows.

Home Economics

There were 1,548 students enrolled for home economics for the school year of 1967-68. Of these, 79 were enrolled in graduate classes. An evaluation program was carried on, and the methods courses were reorganized in a manner to provide greater continuity with the subject matter offerings to students. Three new staff members were added and Miss Ruby Simpson retired after 22 years of service in the department. Continued growth and quality of instruction, curriculum improvement, and student-teacher relationships were achieved.
Industrial Education

During the year, the name of the Industrial Arts Department was changed to that of the Department of Industrial Education. One of the highlights of the year in the Industrial Arts Division was the Institute in Electronics which was held in the summer and federally funded through a grant of $36,000. There were 24 electronics teachers representing 14 different states who participated in the program. The Vocational-Technical Teacher Education Division was implemented during the year. The purpose of this division is to provide pre-service and in-service training to teachers in the area vocational and technical schools in the state. Programs for both the Associate-in-Science Degree and the Bachelor of Science Degree were approved. Enrollment increased in both the undergraduate and graduate divisions of the Department. By the end of the summer, some 50 students will have completed their bachelor's degree in Industrial Education and 14 students will have been granted the Master of Science Degree in Industrial Education.

Nursing

The Baccalaureate Degree Program in Nursing enrolled the fourth class in September, 1967. The total enrollment for the four years increased to 189 students. Four new courses were added, and provision was made for school bus transportation between the University and the hospitals in our area. A visit was made by a committee representing the National League for Nursing for accreditation. After a self-evaluation had been submitted to them by the faculty, the National League for Nursing Board of Review met on April 26, 1968 and notified the Department of Nursing that action will be deferred for accreditation for two years. This deferral allows the Department to continue under the "Reasonable Assurance of Accreditation" status until the spring of 1970. A highlight of the year was the Dedication of the Nursing Building in honor of Dr. Ora K. Mason on November 5, 1967. Twenty-one graduating seniors received the School of Nursing pin on May 26, 1968.

SCHOOL OF ARTS AND SCIENCES

Biology

Several new courses were added for majors and minors, an undergraduate curriculum in Wildlife Biology was approved, and a program for the Master of Science Degree in Wildlife Biology was established. The Department continued its Mussel Fishery Investigations and the Fishery Research on Green River and Kentucky Lake.

Chemistry and Geology.

Three students completed the Master of Science Degree in Chemistry during the year and three more will receive this degree in August. Plans are being made for improvement of the terminal general chemistry courses, and a new text has been adopted which will emphasize the cultural and philosophical aspects of chemistry to a greater extent. Our Professional Chemist program continues to grow and more students are participating in it. Again this year, a senior student was selected as one of about 50 for honorable mention for the Chemical and Engineering News Merit Award. Dr. Walter E. Blackburn was promoted to the Dean of the School of Arts and Sciences and Dr. Pete Panzera replaced Dr. Blackburn as Chairman of the Department of Chemistry and Geology.

Communications-Journalism

Dr. L. J. Hartin was employed as the Director of the Division of Journalism. A complete major was offered which leads to the Bachelor of Arts degree and a Master's degree in Journalism was organized and approved.

Communications--Radio-TV

The Radio and Television Division continued with its present offerings which will be increased when the TV Tower at Farmington is provided by the Kentucky Television Authority.

Communications--Speech

There has been tremendous growth in the Speech Division of the Department of Communications. We had 200 majors and minors which necessitated the installation of more intermediate courses. Sixteen graduate students were enrolled and ten sections of basic speech were taught by graduate students. Numerous programs were given in high schools with demonstration debates, and the Reader's Theatre gave 25 programs for civic groups. A monthly television program was produced on WFSD-TV.
Brochures were prepared by the English staff during the year which describe the Master of Arts in English and the Master of Arts in Education with an English emphasis. Three individuals will earn the Master of Arts degree in Education with an English emphasis and two with a Master of Arts degree in English this summer. Specific orientation was given the teachers of sophomore English in an attempt to provide unity in the courses and to make provision for stand-by lessons for instances of absence of the instructors. This will be the last year in which English 100 will be offered. Our studies have shown that the freshmen are generally better prepared in English composition than they were eight or ten years ago, and the differences in instruction in English 100 and 101 can no longer be justified. For the second consecutive year, the number of Ph.D.'s in the Department has increased.

Fine Arts-Art

The new Bachelor of Fine Arts program has been approved and implemented during the year of 1967-68. Eight applicants were accepted for this program. The number of students enrolled in art classes was over 1,000, and facilities were taxed beyond working conditions. At least 249 art majors pursued diplomas under one of our three programs. The Art Division again cooperated in presenting the Annual Fine Arts Festival. The Art Division for the first time taught Recreation 235 (Arts and Crafts) for the Physical Education Department. A Grant of $4,250 was made to the Art Division by the Kentucky Arts Commission for the purpose of designing, building, and circulating a weaving exhibition.

Fine Arts - Drama

A thirty-hour major in Drama was approved, and the curriculum will now provide for a major and a minor in Drama and a major in Speech-Drama. Three dramatic presentations were made during the year, and the supervision and presentation of student-directed one act plays was held in May. Our second repertory company of eighteen members is presenting You Can't Take It With You and The Curious Savage at the Kenlake Amphitheatre. These productions are being underwritten by the State Department of Parks and the University.

Fine Arts - Music

For the first time, students were enrolled on a full-time basis in the graduate program working toward the Master of Music Education degree. A full program of concerts and recitals were carried on throughout the year involving both the students and faculty. Campus Lights, in its 31st year, was presented to record audiences; and $2,000 in music scholarships, derived from the income, have been awarded to freshmen who will be enrolled next fall. Three nationally known artists and organizations were brought to the campus through the activities of Civic Music Concerts. Our faculty continued their individual professional achievements in writing for performances and directing during the 1967-68 school year. Mr. Richard W. Farrell, Chairman of the Department of Fine Arts was chosen as President-Elect of the Kentucky Music Educators Association.

Health, Physical Education, Recreation, and Athletics

The Master's Degree in Health, Physical Education and Recreation was initiated during the 1967-68 year. Mr. Jere Stripling was employed as Assistant Football Coach in April of 1968. Our cooperative program with the T.V.A. Land-Between-the-Lakes project and also the Kentucky Fish and Wildlife Commission project at Camp Currie were conducted. A study was conducted and initial steps were taken to restructure the departmental organization. Plans have been made to create Divisions of Health and Safety, Physical Education, Recreation, Athletics, and Graduate Studies.

History

During the year, the History Department faculty of 17 members rewrote the course descriptions in the catalog, and increased the hours required from 27 to 30 for a major in History. The History Department graduated its first Master of Arts candidate at the spring Commencement in 1968. Sound beginnings were made for improving the library holdings for History in the University Library by the establishment of priorities for the acquisition of major research items and the establishment of a special collections department. Numerous publications were made by the professorial staff of the department under the supervision of Dr. Kenneth Harrell who had assumed the position as Chairman of the Department for the past year.
Mathematics

The Department of Mathematics employed three additional Ph.D.'s for the coming year. Three new courses were added in mathematics and the undergraduate major and minor programs were revised and strengthened. Professor Evelyn Linn was named "Distinguished Professor" at Murray State University for the 1967-68 school year.

Modern Foreign Languages

Master of Arts in Teaching programs were added in French, German, and Spanish. The Zeta Upsilon Chapter of Sigma Delta Pi, national honorary in Spanish, was installed on April 23, 1968. A distinguished lecture series was initiated on an annual basis with Dr. D. Lincoln Canfield, past President of the American Association of Teachers of Spanish and Portuguese, as our first speaker. A new course called Masterpieces in Translation was added in each language being offered. Graduate level programs were strengthened significantly.

Physics

The undergraduate offerings were expanded by the addition of an engineering physics major. This program was designed to meet the advancing scientific and technological needs of industry with emphasis on local area requirements. Computer programming courses using the IBM 1130 were offered by the Department for the first time in September of 1967. Six students completed the Master of Science in Physics degree. Discussions were held with the Department of Physics and Astronomy at the University of Kentucky concerning the establishment of a joint doctoral program in Physics. The Physics faculty has been increased to 11 full-time members. Two major research instruments, a two million volt particle accelerator and a Cary 14R spectrophotometer, were purchased for installation in the specially designed research laboratories in the new Science Addition. This year 5 staff members had articles published or accepted for publication in the various physics journals. Dr. Bridwell and Dr. Maddox participated in research supported by federal grants.

Social Science

Several new graduate courses have been added to the Geography curriculum, and we now have several students working on the Master of Arts in Teaching. Six graduate students cooperated under the direction of Dr. Matthai and Mr. Irwin to make an Agricultural Land Use Survey of Calloway County. One new course was added in Philosophy, and the curriculum was enlarged to provide for an undergraduate major. An additional faculty member has been employed to begin work in September of 1968 in the Philosophy Division. Dr. Sheeks had two essays accepted for publication. The most noteworthy event in the past year in Political Science is the retirement of Dr. C. S. Lowry who has served the University as Chairman of the Department of Social Science and Professor of Political Science for 43 years. Seven new courses were added to the Political Science curriculum to give our majors and minors a wider selection of study specialization. The number of majors in Sociology was increased to 80 during the 1967-68 school year, and one new course was added to the curriculum. The Social Science Department moved into new quarters in Weather Hall.

SCHOOL OF BUSINESS

Accounting and Finance

Student enrollment increased from 2,199 to 2,272 in the past year with 246 of this number majoring in Accounting and Finance. Four new faculty members were added during the year, and an Honorary Accounting Society was chartered during the year.

Business Education and Office Administration

A course in Data Processing for Educators was added to the Business Education offerings. There were 430 students enrolled in areas or majors in Business Education. There were 91 students enrolled in the two-year program in Business Education, and 45 students are in the process of working on their Master of Arts in Education (Business Education).

Economics

The enrollment in the Department of Economics of the School of Business increased 6.1 per cent in 1967. After adding a major in Economics in 1966-67, a Master of Science degree in Economics was added this year. To initiate this program, 10 new courses were organized at the graduate level. Four Ph.D.'s were employed during the year and one staff member remains on sabbatical leave to work on his doctorate. Dr. Giles and Dr. Mathis continued their research on the Status of Economic Education in the High Schools of Kentucky. Dr. Thompson is on leave this summer doing research on price-responsiveness of burley tobacco production.
Management

One of the major programs in the Department of Management was to improve the faculty. Four new terminal degree people were recruited and several faculty members have upgraded their skills in mathematics and quantitative methods so that they may keep abreast of modern management techniques. The Department was quite active in helping industry in Western Kentucky by offering educational programs directly to supervisors and other management personnel. The Department had 3,184 students enrolled during the school year 1967-68 which was an increase of 11.4 per cent over the preceding year.

Marketing

Enrollment in the Department of Marketing was up 33 per cent this year. Several of the members of the faculty of the Department continued their work toward the terminal degree. A Marketing Club was formed and was affiliated with the American Marketing Association. The Marketing Department continues to have the highest rate of growth in enrollment of any department in the School of Business.

SCHOOL OF EDUCATION

Education

The Department of Education employed five new faculty members having completed their doctoral degree. Five federally funded programs were operated during the school year: training program for 70 teachers of Head Start, an eight-week summer program for 120 high school youths, a Multi-media Utilization Workshop for 50 teachers, a developing program for Paducah Junior College, and a training program for teachers of the mentally retarded. The high point of the year was the removal of the provisional status of accreditation by the National Council for Accreditation of Teacher Education and the granting of full accreditation for the preparation of elementary and secondary teachers at the bachelor's level and administrators, counselors, and supervisors at the master's level.

Library Science

One new course was added to the Department of Library Science this year: Audio-Visual Instructional Materials. A full-time teacher was added to the Department and 16 graduate assistants were assigned to strengthen departmental services. There were 18 Bachelor of Science degrees granted and 6 Master of Arts degrees earned in Library Science.

Psychology

Eighteen new courses were added to the offerings of the Psychology Department during the school year. Seven of these courses were at the graduate level. Twenty-six undergraduates and four graduate students were enrolled in the Speech and Hearing program. A master's degree program was approved in the Department of Psychology. There was a seventeen per cent increase in enrollment over the 1966-67 school year, and the instructor-pupil ratio was increased to 35:1. A $15,000 grant was obtained from the U. S. Office of Education for two persons to work in the Speech and Hearing Institute.

University School

The University School made plans to discontinue services of grades 7-12 by the summer of 1970. During the year, our National Forensic League Chapter won the trophy for being the most Outstanding Chapter in Kentucky. A film study was initiated as a part of the English program in grades 8, 11, and 12.

IMPROVEMENTS IN PHYSICAL PLANT DURING 1967-68

The Maintenance and Operations Department under the leadership of Mr. James Armbruster completed the following projects during the 1967-68 school year.

1. Built new steam tunnel from the Heating Plant to Wilson Hall.
2. Built two new dugouts for the Baseball team.
3. Completed the erection of the 40' x 80' Quonset Hut.
4. Built storage compartment for acetylene and oxygen tanks for the Department of Industrial Education.
5. Re-roofed older sections of the Health Building
6. Renovated Dean Nash's office in Wrather Hall for Dr. Mofield.
7. Re-roofed two houses on the University Farm.
8. Re-worked the coal handling equipment at the Heating Plant.
Under the supervision of Mr. Amos Tackett, the Grounds Department completed the following projects during the year.

1. Landscaped the Livestock Pavilion, the Agricultural Engineering Building, and set out 30 four-inch trees throughout the campus.
2. A new Football Practice Field was constructed.
3. Lawns on the campus were reestablished by sodding and seeding.
4. Storm sewers were constructed west of Wells Hall, in the valley at the North end of 14th Street, to 15th Street from Hart Hall, and on Chestnut Street from 15th Street to 16th Street.
5. The Baseball Field was renovated and a new fence installed.
6. The parking lots in Orchard Heights were resurfaced and a new parking lot was constructed and surfaced on the corner of 16th Street and Hamilton Street.

BUILDINGS COMPLETED DURING THE 1967-68 SCHOOL YEAR

1. Administration Building
2. Agricultural Engineering Building
3. Hester Hall
4. Addition to the Electric and Steam Distribution System

BUILDINGS NOW UNDER CONSTRUCTION

1. Addition to the Science Building
2. Renovation of the President's Home

NEEDS AND PLANS FOR ADDITIONAL PHYSICAL FACILITIES

1. Addition to the Fine Arts Building--The final plans for the Fine Arts Building have been completed and the contract will be awarded during the month of August, 1968.
2. General Classroom Building--The plans will be completed in July and the contract is to be awarded in early October.
3. Academic-Athletic Facility--The plans for the facility have been completed and the contract should be awarded sometime before the end of the year.
4. Women's Dormitory #6--The plans have been completed, and the loan for construction has been approved. The contract should be awarded by October of 1968.
5. Renovation--Plans are being made for the reconstruction of Wrather Hall, Wilson Hall, and the classroom section of University School.
6. Expansion of Student Union Building--At present, a study is being made to ascertain the possibilities of expanding the Student Union Building, or to construct an additional building to supplement services now being provided in the Waterfield Student Union Building.

ESTIMATED GROWTH

According to the best estimates, Murray State University expects 7,480 students for the fall of 1968. The enrollment projection for 1975 is estimated to be 9,775.

STATE APPROPRIATION

The appropriation request submitted to the Division of the Budget of the Department of Finance and to the Council on Public Higher Education for 1967-68 was $7,533,635.00. In December, it was necessary to cut the appropriation in the amount of $151,000 which gave us an appropriation for 1967-68 of $5,197,220.00.

The request for the 1968-70 biennium was submitted for an appropriation of $8,015,785.00 for 1968-69 and $9,914,464.00 for 1969-70. The Governor's recommendation which passed the Legislature was $6,214,220.00 for 1968-69 and $8,152,050.00 for 1969-70.

FINANCIAL REPORT FROM THE BUSINESS MANAGER

Attached herewith is a financial report from the Business Manager which serves as a part of the President's Annual Report. (See pp. 74-77)

EXPRESSION OF APPRECIATION

May I express to each Board member my sincere appreciation for the contributions you have made to the formulation of more effective policies for the operation of Murray State University. We have had a great year, but we look forward to even a greater year in 1968-69.

Respectfully submitted,
/s/ Harry M. Sparks
President

HMS: fma
Mr. Springer moved and Dr. Howard seconded that the Annual Report of the President including the annual report of the Business Manager be approved as received. The roll was called on the adoption of the motion with the following voting: Mrs. Hart, aye; Dr. Howard, aye; Mr. Powell, aye; Mr. Springer, aye; Mr. Whittle, aye; and Mr. Butler, aye.

Dr. Charles Homra named Chairman of the Department of Psychology

Mr. Solomon moved and Mr. Powell seconded that Dr. Charles Homra who has been serving as Acting Chairman be named Chairman of the Department of Psychology. Motion carried unanimously.

Increase in pay for Off-Campus Supervising Teachers; Approved

Mr. Springer moved that the Board approve increasing the pay for Off-Campus Supervising Teachers from $6.00 per credit hour to $8.00 per credit hour effective September 1, 1968.

Dr. Howard seconded and the roll was called on the adoption of the motion with the following voting: Mrs. Hart, aye; Dr. Howard, aye; Mr. Powell, aye; Mr. Springer, aye; Mr. Whittle, aye; and Mr. Butler, aye.

Donee Resolution for Surplus Property for James B. Shrewsbury, Adopted

Mr. Powell moved that Mr. James B. Shrewsbury, Director of Research, be authorized to act for the Board in acquiring Federal Surplus Property. Mr. Whittle seconded and the motion carried unanimously.

Student Insurance Proposal for 1968-69

President Sparks presented the recommendation of the Insurance Committee regarding the proposal for the Student Insurance program for 1968-69, as submitted by Higham, Neilson, Whitridge, & Reid, Inc., and represented locally by Purdom & Thurman Insurance Agency, with the following changes from the 1967-68 proposal:

(a) addition of a clause eliminating liability when the student collects under the automobile medical payments provision of an automobile policy;

(b) elimination of the $50.00 non-confined expense provision;

(c) increase in annual premium from $24.00 to $26.00.

After considerable discussion, Mr. Whittle moved that the Board authorize the President to investigate the Student Insurance proposal with the cooperation of the Insurance Committee and to act on the best possible solution to the problem. Mr. Powell seconded and the motion carried unanimously.

Inauguration scheduled for Monday, October 21, 1968

Mr. Wrather stated that plans are being made for the inauguration of Dr. Sparks on Monday, October 21, 1968.

Johnson, Depp, and Quisenberry employed to provide Campus and Utility Maps

President Sparks stated that the Department of Finance, Division of Engineering has suggested that we update our campus and utility maps. He further reviewed a proposal submitted by Johnson, Depp, and Quisenberry of Owensboro, Kentucky, and recommended that this firm be employed to update the campus and utility maps.

Mr. Powell moved and Dr. Read seconded that Johnson, Depp, and Quisenberry be employed to update the campus and utility maps for an estimated cost of $6,750.00, and further authorized the expenditure of approximately $3,000.00 for property surveys by this firm. The roll was called on the adoption of the motion with the following voting: Mrs. Hart, aye; Mr. Powell, aye; Dr. Howard, aye; Mr. Springer, aye; Mr. Whittle, aye; and Mr. Butler, aye.

Johnson, Johnson, and Roy employed to update Master Campus Plan

Mr. Springer moved that the Board authorize the employment of Johnson, Johnson, and Roy, Landscape Architects, Ann Arbor, Michigan, to update the Master Campus Plan for an estimated cost of $6,000 plus $1,000 for preparing brochures.

Mrs. Hart seconded and the roll was called on the adoption of the motion with the following voting: Mrs. Hart, aye; Dr. Howard, aye; Mr. Powell, aye; Mr. Springer, aye; Mr. Whittle, aye; and Mr. Butler, aye.
Meeting Adjourned for Commencement

Mr. Springer moved that the meeting be adjourned in order that members of the Board may line up for the Commencement procession. Mr. Powell seconded and the motion carried unanimously.

Chairman

Secretary
