3. Recommendation for Coordinator of Allied Health Programs

I am recommending the appointment of Mr. Ray L. Dunn as Coordinator of Allied Health Programs at an annual salary of $16,500, effective January 15, 1975. Mr. Dunn, an alumnus of Murray State University, is presently serving as Coordinator of the Health Occupations School of the Madisonville Area Vocational School.

4. Proposed Policy for Public Service Leaves of Absence

(This policy complements the Faculty Leave Policy adopted in 1969 which was designed "to promote the professional growth and effectiveness of its teaching, research and administrative personnel.")

"Murray State University recognizes that its faculty and staff, as all citizens, may wish in the fulfillment of civic responsibilities to seek public office, to serve at the request of a public official, or to assist in the election of a public official.

The University will grant a professional public service leave of absence, without renumeration, for any employee seeking public office or assuming a major position in a political campaign. Such a request will need to be forwarded to the Board of Regents prior to the commencement of such activity.

In addition, the University will consider requests for leaves of absence for either appointed or elected public service on an individual basis. The nature of the public service, the length of the requested leave, and the needs of the University will be considered by the Board in responding to such requests."

5. Military Science Minor

I recommend that the Board of Regents authorize offering a baccalaureate minor in Military Science. This program has been carefully studied and will be administered under University guidelines and auspices, by the Department of Army, Reserves Officer Training Corps.

6. Executive Session

Review of four requests for a full hearing before the Board:

- Professor V. R. Shelton
- Professor May B. Simmons
- Professor L. Charles Ward
- Professor Maura Yoo
December 12, 1974

Dr. Mark Cunningham
Faculty Representative
Board of Regents
Murray State University
Murray, Kentucky 42071

Dear Dr. Cunningham:

The Faculty and academic community within the University are concerned over several events which have been announced in the past weeks. These concerns are in the areas of academic programs, student welfare, and faculty welfare. It is the purpose of this letter that you, as Faculty Representative to the Board of Regents, be informed of the sentiment of certain faculty members and professional organizations.

The concern over academic matters related to the "University Year for Action" program where participating students can be awarded 30 semester hours of credit for a year of field work. This is clearly an academic matter and yet there has been no discussion nor approval by the Curriculum Committee or Graduate Council, committees charged with evaluating new programs and maintaining academic quality.

The concern over student welfare is related to the disposition of several international students from their dormitory rooms during the Thanksgiving and Christmas holidays on the premise of conserving energy by closing the dormitories. Yet, members of the basketball team were housed in the dorms during the Thanksgiving period. It seems that those who should be prime recipients of University services, i.e., the students, are being treated in a manner that indicates little concern for their welfare.

The faculty matter is related to the proposed hiring of a Director of Allied Health Services, a person with a master's degree, at a salary of $16,500. At a time when the University budget is reported to be strained and faculty positions being reduced, a new faculty position has been created. This seems to be inconsistent with the financial restraints and secondly, it seems to be at odds with faculty salaries for non-doctoral persons.
These are examples of recent events on the campus which illustrate a lack of concern by the administration for the opinions and knowledge of the faculty in areas where it has primary concern. Such events can only serve to inhibit productivity, squelch initiative and enthusiasm, and foster low morale, and create suspicion.

1. Recommendation for Chairman of the Department of Agriculture

I am recommending the appointment of Dr. James T. Thompson as Chairman of the Department of Agriculture at an annual salary of $21,800.00 effective June 1, 1975. Dr. Thompson, an alumnus of Murray State University, is presently serving as Associate Professor of Animal Science in the Department of Agriculture at Illinois State University.

2. Authorization of part-time student purchase of $36 Student Activity and Incidental Fee

Full-time students pay each semester $36.00 for a Student Activity and Incidental Fee. This fee payment entitles full-time students to use of the Student Health Service, admission to athletic events, a copy of the Shield, and admission or discount rates to student concert activities. The Board is requested to approve extending this fee purchase option to part-time students.

3. Elimination of Sex Discrimination in Housing Fees

Title IX of the Civil Rights Act prohibits sex discrimination in housing fees. The only problem at Murray State University is the $15.00 fee to support security services in the women's residence halls.

The Board is requested to authorize the extension of security services to the men's residence halls with total costs to be equally borne by all residence hall residents.

In the Spring 1975 term, this cost would be $10.00 for all residence hall students—representing a $10.00 increase for male students, and a $5.00 reduction for female students.

In subsequent terms this cost will be built into the residence hall room rates, annually approved by the Board.

Chairman Howard declared the Board in Executive Session for the purpose of discussing the proposed Policy for Public Service Leaves of Absence as it pertains to two individuals presently employed by the University and for the purpose of discussing a recommendation for the Chairmanship of the Department of Agriculture.

Executive Session ended and the Board recessed for lunch.

Policy for Public Service Leaves of Absence, Adopted

Mr. Long moved that the following Policy for Public Service Leaves of Absence
as amended be adopted:

Murray State University recognizes that its faculty and staff, as all citizens, may wish in the fulfillment of civic responsibilities to seek public office, to serve at the request of a public official, or to assist in the election of a public official.

The University will consider granting a professional public service leave of absence, without remuneration, for any employee seeking public office or assuming a major position in a political campaign. Such request will need to be forwarded to the Board of Regents for approval prior to the commencement of such activity.

In addition, the University will consider requests for leaves of absence for either appointed or elected public service on an individual basis. The nature of the public service, the length of the requested leave, and the needs of the University will be considered by the Board in responding to such requests.

In no event shall such leave exceed one year, but shall be subject to extension on a year to year basis. Individuals granted subsequent leaves (beyond the first year) will be given every consideration for reemployment at the end of the leave period in his former capacity or in some other capacity for which there is a need and for which he is qualified.
